Arrest of Colored Gamblers from this City in South Carolina.

Three colored men, who gave their names as Ellick Flander, of Wilmington, Henry Williams, of Goldsboro, and Isam Brown, of Wilmington, have been arrested for attempting to dupe the good people of Timonville, S. C. Their game was to drop a small ball and an accomplice to come along and to pretend to find it. Attracting a crowd they would offer to bet the bystanders that they could not open it, finally duping the poor, ignorant laborer out of his earnings. One of the party was arrested by the Town Marshal, while the other two escaped on the train, but they were subsequently arrested at Florence, as we learn from a Timonville correspondent of the Florence Pioneer, and returned to Timonville and lodged in the Guard House. They were afterwards taken before a Magistrate, who found them guilty of gambling and fined them \$10 or ten days on street work each. They were next arrested on a warrant for robbing Mr. Thomas Jordan of \$78 at Darlington, South Carolina, some six weeks ago. The trial took place before Trial Justice Jacey and the Pioneer says he will send Ellick Flander and Henry Williams to Darlington jail, while the council will hold Isam Brown until they hear from the Wilmington authorities. This interesting trio attempted to dupe the unsuspecting colored people of this city, but finding the place too hot to hold them they concluded to try their hands elsewhere. It is a consolation to know they have "come to grief" thus early in their career in the Palmetto State.

That Robbery.

It seems that there was no mistake after all in the report that the baggage car on the W. & W. R. R. was broken into on the morning of Monday, the 17th inst., the only error being as to who were the losers by the robbery, as we have in our possession the following dispatch from the Conductor of the train, dated at Columbia on the 17th and addressed to Mr. A. Pope, General Freight Agent, at this place: "My baggage car was broken into this morning before day by some one and three (3) stowaways taken. The theft was committed between Union Depot and the Junction. Please put Lang Sellers on the search for them. The baggage belongs to Messrs. Parsley, Kidder and Herrick, checked from Wilmington to Charleston." Mr. Parsley says that he lost nothing, and knew nothing of the robbery, but that it occurred and somebody lost something is evident.

Important to Delinquent Tax Listers.

The attention of tax listers is called to the following abstract from the "Act to Raise Revenue," section 18, page 12, which was unintentionally omitted from our last issue: "All persons who are liable for poll tax and shall willfully fail to give themselves in, and all persons who own property and willfully fail to list it within the time allowed, before the list-taker and the County Commissioners, shall be deemed guilty of a misdemeanor, and on conviction therefor shall be fined not more than fifty dollars, or imprisoned not more than thirty days."

Major's Court.

The following cases were disposed of yesterday morning: Harry Young, charged with assaulting Wm. Haldison and cutting him with a knife, was found guilty and sentenced to pay a fine of \$20 or go to the Work House for 30 days. Gilbert Telfair, charged with beating his wife and resisting a police officer, was sentenced to pay a fine of \$15 or go to the Work House for 30 days.

Through Freight Tariff.

A through pro rata freight tariff on actual distances from Wilmington to Huntington has been agreed upon on the Chesapeake & Ohio, Richmond, Fredericksburg and Potomac, Richmond and Petersburg, and Wilmington and Wilmington Railroads. This, we learn, will insure a through tariff from Cincinnati to this city by the new route.

Case File.

The Petersburg Index of Saturday says: "There is considerable trade in this article, which is manufactured in Wilmington, N. C., for the paper mill in Fredericksburg. Seventy-five bales passed through this city yesterday for the latter place."

CONVENTION OF MILL OWNERS.

Organization of an Association—O. G. Parsley, Esq., of this City, Former President—Resolutions Adopted, &c. The Convention of Lumber Manufacturers and Shippers at Savannah reassembled on Wednesday, at 10 A. M., according to adjournment, O. G. Parsley, Esq., of this city, in the Chair. We condense the following from the Republican: The committee appointed at the previous meeting to report on classification and delivery of lumber, and other business for the meeting, reported as follows: REPORT OF COMMITTEE: In the matter of classification of lumber, we recommend the following qualities and standards: 1st—Clear; 2d—All heart; 3d—Prime; 4th—Merchandise; 5th—Square-edge; 6th—Waney.

REPORT OF COMMITTEE.

We define the several qualities as follows: 1. Clear—Should be sound and free from sap, knots, pitch, shooks and all other defects. 2. All Heart—Entirely free from sap, shooks, unsound knots and other defects. 3. Prime—Two-thirds heart or round shooks in case of plank. In scanning the same, with three corners of heart. In flooring, one face free from sap and the opposite merchantable. 4. Merchantable—Half heart on most sappy face and free of through or round shooks. 5. Square Edge—Of sound material and not exceeding one and a half inches of wane on a corner for the upper half of the stick. Your committee cannot too strongly recommend the adoption of the partial custom of sales free on board, for cash, upon rendition of bills of lading. The committee further recommend the adoption of the following resolution: It is the sense of this Association that contracts for lumber and timber are due and payable on presentation of bill and bills of lading. In case of failure of purchaser to provide vessel or vessels in season, and the prospective cargo are in readiness, then payment shall be made within twenty days and such cargo be considered at risk of purchaser.

The entire report of the committee was read and all its recommendations adopted.

The same committee recommended as follows: LUMBER MANUFACTURERS' AND SHIPPERS' ASSOCIATION. Your Committee respectfully recommend the formation of an Association, and the title of said Association shall be that of "The Southern Lumber Manufacturers' and Shippers' Association." That the purposes of the Association shall be to establish just and equitable principles, uniform usages, rules and regulations, and standards of classification, and generally to take an interest in all transactions of the lumber trade; to acquire, preserve and disseminate information connected therewith; to decrease the risks incident thereto; and generally to promote the interest of the trade.

That the affairs and concerns of this Association shall be managed by a President.

Two Vice-Presidents, Secretary and Treasurer, and seven Directors, as may be hereafter selected, who together shall constitute a Board of Directors; That a Committee be appointed with instructions to take the requisite steps for the procurement of a charter and the draft of suitable bye-laws, rules and regulations for the government of said Association; That when this Convention adjourn, it adjourn to meet at Savannah on Tuesday, May 6th, 1873, to perfect said organization, NOMINATION OF OFFICERS. The Committee appointed to nominate officers reported as follows: For President—O. G. Parsley, of Wilmington, N. C. For First Vice President—T. L. Kinsey, of Savannah. For Second Vice President—P. Moody, of Jacksonville. For Secretary—W. A. Fuller, of Brunswick. For Treasurer—M. B. Millen, of Savannah.

For Directors—Edward Kidder, of Wilmington; R. R. Bradley, of Savannah; J. L. Owen, of Port Royal Railroad; Joseph Hilton, of Darien; R. D. Fox, of St. Marys; Alexander Wallace, of Jacksonville; J. C. Reed, of Fernandina.

Their report was received, and after some discussion adopted.

STREAM MILL INSURANCE.

A Committee on Insurance, to take into consideration the best method of organizing a Mutual Insurance Company to take risks on saw mill property, was appointed with power to employ an actuary—said Committee to report at the meeting to be held May 6th. Each delegate present subscribed ten dollars to defray the expenses attending the work of said committee. The following gentlemen constitute this committee, to-wit: Messrs. Kidder, Bradley, Millen, Fox, Kinsey, Langdon. RESOLUTIONS. Upon returning to business the Convention passed resolutions looking to the proper dissemination of the action of the Association; also a resolution that, the resolutions as to inspection and classification of lumber, delivery of cargoes, etc., should not be binding on the members until May 6th, 1873, at which time there will be a general meeting to adopt by-laws and constitution for the future government of the Association.

The Convention then adjourned.

Sealing Cotton.

From a Timonville correspondent of the Florence Pioneer we learn that last week three colored men, Burrell Miles, Albert Jones and Wm. Kade, were arrested under the charge of stealing three bales of compressed cotton from the through freight train, which laid over there a few nights since, and they were subsequently committed to jail to await trial. It seems the cotton was sold to a respectable merchant at Darlington, C. H., and shipped by him to Wilmington, where the Railroad Company took possession and shipped it on to its former destination.

Only one patient to the City Hospital during the past week.

Local Dots.

There were 11 police arrests during the past week. — Big fires in the woods over in Brunswick last night. — The Board of County Commissioners meet to-morrow evening. — The Board of Aldermen will meet in adjourned session to-morrow evening. — Light southerly winds and generally clear weather predicted for to-day. — Only 1 interment in Pine Forest (colored) Cemetery during the week, and that was an infant. — A new locomotive for the Wilmington, Columbia and Augusta road arrived here yesterday.

The friends of Marshal Canaday claim that there was nothing said about the Mayorally in the meeting in the Third Ward on Friday night and contend that the Marshal is greatly in the ascendancy in that Ward. Well, it is a "Kilkenny" fight, and we don't care which gets whipped.

Honors to the Emperor.

Yesterday being the 76th anniversary of the birth of the Emperor William of Prussia, the German Barques and Brigs in port were galley decked with flags, while the residence and office of Mr. Eduard Peschau, the German Vice Consul, also sported the National ensign. The rigging of some of the vessels were almost literally covered with bunting and presented a very handsome appearance.

Oakdale Cemetery.

Thus far there have only been 15 interments in Oakdale Cemetery since the commencement of the year, and of this number 3 died in Georgia, 4 were still born and 1 was a second interment. This makes an actual total of only 10 deaths among the white population of the city since the 1st of January, or for a period of nearly three months.

The Recent Fatal Accident at Leesburg—The Jury of Inquest, &c.

Coroner Hewlett held an inquest yesterday at Leesburg on the body of the unfortunate colored man, Harry P. Newkirk, who killed himself at the depot there on the day before by recklessly jumping from the train while it was in motion, and striking his head with great force against a pile of cross-ties. This was the verdict of the jury. Dr. Satchell, by request examined the dead man. He had bought a ticket at Burgaw for South Washington. When the train going North stopped there Newkirk declined to get off and went on to Leesburg, and gave notice as the train approached that place of his desire to get off, but not in time to make a complete stop before he jumped off, thus causing his death. The investigation, as those present assure us, leaves no one to blame but himself. This is another sad warning not to jump from a train while in motion.

Maps of the City.

An extended map of the city, embracing the new limits, is much needed for the use of our business men. We understood some time since that the city authorities were going to have a number of the new maps lithographed, which were to be disposed of to the public at cost, but as they seem to have let the matter drop, we hope some private party will secure the privilege of having the maps prepared and furnished to citizens that desire them.

CITY ITEMS.

PRICE TRIP.—Persons wishing to attend the sale of lots at Point Curlew, on Wednesday, the 29th inst., can make the trip on the steamer Northeast free of charge.

NEW RIVER OVERSEER.—D. J. Gilbert, at his residence on South Water street, keeps up his supply of lacustrine hvalves. He had some very fine ones yesterday, but they were not allowed to "waste their sweetness," &c.

JOHN FORTIN.—We call the attention of merchants, clerks of courts, sheriffs, lawyers, railroad and steamship officers and agents, and all others having orders for printing, to the facilities offered at the MORNING STAR PRINTING ESTABLISHMENT for the prompt and faithful execution of all kinds of job printing. We can furnish at short notice cards, bill-heads, letter-heads, programmes, ball tickets, blank promissories, the Grand Bill, Catalogues, bills of fare, show-bills, checks, drafts, &c., &c. Satisfaction guaranteed.

THE CONSOLIDATION OF THE CAROLINA FARMER and the Weekly Star having largely increased the circulation of the latter, advertisers will find it an admirable medium of communication with the farmers and planters of the two Carolinas.

BOOK BINDER.—THE MORNING STAR BOOK BINDER does all kinds of Binding and Ruling in a workmanlike manner, and at reasonable prices. Merchants and others needing Receipt Books, or other work, may rely on promptness in the execution of their orders.

MERGED DISTINCTION.—The well known Gorton Junction, on the great thoroughfare of the Northern line to Boston, has ceased to be. With a large and increasing population, proud as well as the proprietor, it is deemed a wise measure to have it merged into the name of the town to "AZEE." After one of the best known men in America, Dr. J. H. Stiles, who has been put in the way to draw the pay. If competency was the guiding star in the appointment, no one doubts but what either Ellison or Howe were the proper persons. Sam. Carrow has been making \$25 a day for the past two years, and General Grant stands in one breath uttering the practical words, "Rotation in office," and in the next breath he endorses such a movement as the above mentioned. Gen. Grant has not appointed a colored man, since he has been President, to a position in North Carolina, but still he can demand their votes, and make them promises. Yet further: He can ignore black men because they are black, but can appoint defectors, swindlers, and men who robbed the educational fund, and who have stolen and keep Long Perry in, who did a thing that will brand him as a mean, low principled white man as long as he lives. Colored men, we are all split-box cleaners.

How long will you stand it? "GRAND ARMY." Raleigh, N. C., March 20, 1873.

The Tarboro Enquirer urges a meeting of the old Society of Alumni of the University, for the purpose of assisting in re-habilitating that institution. It says: "A week or two ago, as we learn from an attendant, several of the old Chapel Hill alumni, by a preconcerted plan, met at the city of Memphis. They were graduates of the same class and led a deep and abiding interest in the welfare of their Alma Mater. The question was mooted as to the practicability of raising an endowment fund among the alumni. One gentleman, a man of considerable wealth, said that for a long time he had almost determined to devote the bulk of his estate towards this endeavor, but was prevented by the fear that it might be used for educating negroes instead of his own race, and had therefore devoted his fortune to distant relatives.

It seems that Tim Lee, who is a son-in-law of C. L. Harris, secured the appointment of H. to the Raleigh Collectorship by a ruse, being too truly for General Wiley D. Jones. We quote from the News: "It is said with much truth, we do not know, that General Jones was only induced to leave Washington by Captain Lee announcing his determination of proceeding to Baltimore to purchase some fertilizers for his farm. The Captain did go to Baltimore, but only stayed long enough to allow General Jones to get out of the way when he came back and went to work for Mr. Harris and succeeded in ousting Colonel Young and forever blasting the fond hopes of Major General Willie D. Jones.

One more Benedick among our brothers of the quill. Mr. W. L. Thorp, of the Rocky Mount Mail, on Thursday, the 14th inst., died at his residence in Raleigh, of Nash county, daughter of the late Hon. A. H. Arrington.

If this State sends one single specimen of anything besides Professor Kirt to the Vienna Exposition, we know nothing of it. And the Professor is sent, not by North Carolina, but by President Grant, observes the Charlotte Observer.

A respectable white man of Warren county, name withheld, came to Raleigh Thursday in search of his daughter, a remarkably beautiful young girl of seventeen, who had eloped with a negro. The negro escaped and the girl was taken back home, says the News.

A Tennessee correspondent of the Sentinel, writing from the Roane county Iron Works, states that a well-known machinist, William Adams, who served his time at the Company Shops, in Alamance county, N. C., and who to-morrow leaves there to be about four miles from the works on the 18th inst., by John Fritz, who has just been arrested.

The steamer Jos. Townsend, Capt. Luck, from North Carolina, was caught in the stream by the storm of Thursday afternoon, and driven into a schooner lying at anchor. The shock forced the steamer's boiler about three feet from its position and burst her steam pipe, breaking all the connections. The engineer was slightly scalded by the escaping steam, but was at work yesterday, as usual.

Statesville has voted the dry ticket, so likewise has Shelby, Newton, and several other towns have already embraced the dry platform, others are moving to the same end and in the same direction, and soon the threat of the Friends of Temperance, and the Good Templars that North Carolina must and shall be reconstructed on a dry basis, will be accomplished, says Woodson, thoroughly agnized by the prospect.

UNWINDING MUSIC.—Music Boxes, all sizes, all sorts, every one of which is supremely musical. Their tone is of that sympathetic quality which renders them especially suitable for home use. "No charm greater than music for the home circle." They have a greater degree than any other musical instrument, which is the quality most sought for by all musical critics. The tone rich, melodious and remarkably clear and brilliant. They seem things of life. Their construction is perfect. Those who do so do not understand music by rote here have the opportunity of securing for themselves and to the delight of their families, an instrument so perfect as to time and melody.
