OUTLINES.

Dreadful was the storm visitation in Burlington, Iowa, Saturday, houses having been blown down and seven persons killed, besides many wounded.

The annual meeting of the stockholders of this company took place at Fayetteville on Thursday last, Maj. D. G. McRae in the chair, and John M. Rose, secretary.

A committee of nine was appointed to attend a railroad meeting at Lynchburg, Va., on the 8th instant, at which it is expected action will be taken to extend the Lynchburg and Danville Railroad into this State.

The report of the President in regard to the operations of the company is quite satisfactory. It shows that the gross earnings of the road for the year have been \$70,792.93; operating expenses \$52,544.92—leaving net earnings, \$18,247.01, which has been expended in increasing the rolling stock and necessary repairs.

The suits instituted for the purpose of setting aside the mortgage made by my predecessor and for securing the bonds issued thereunder, are still in progress, and we have reason to hope will soon be brought to a satisfactory termination.

THE CITY.

Wm. M. Poisson.—Masonic. EDWARDS & HALL.—Provisions, &c. M. CRONLY.—Auction Sales. GREEN & FLANNERY.—Gum Camphor, &c. See Card of Hiram Hankins.

Handsome Testimonial. We see from the Macon Telegraph and Messenger of the 4th inst., that the officers and employees of the Macon and Brunswick Road lately presented to Gen. Wm. McRae, formerly of this city, a very handsome testimonial of their regard for him as a superior officer.

W. C. & H. Railroad. An effort was made yesterday, to obtain information of the State Executive department as to the important action had on Friday affecting the Wilmington, Charlotte and Rutherford railroad. But, for some reason or other, the information was withheld.

Street Sprinkler Needed. Some sort of street sprinkling operation is badly needed on Water street, where the clouds of dust was almost suffocating and blinding to those who were on the streets yesterday.

Front and Market streets would also be greatly benefited by being sprinkled properly two or three times a day.

Local Notes.

Dry and dusty. Fire raging in the woods Southeast of the city. We learn that Mrs. Harriet Beacher Stowe designs paying this city a visit soon.

The steamer Francis Wright arrived at New York from this port yesterday. Emergent communication of St. John's Lodge this evening, at 8 o'clock. We had a call yesterday from Mr. Harry Clapham, Business Agent of Gal Wagner's Minstrels.

It is rumored that no attention will be paid to the injunction of Judge Logan restraining the Commissioners from selling the Wilmington, Charlotte and Rutherford Railway. It is claimed that Judge Logan has no jurisdiction in the case, and that even if he had the maximum penalty he could exact for "contempt" would be a fine of \$500.

It is rumored that Mr. R. Y. McAden will appear before His Honor Judge Russell, at Chambers to-morrow, with a distinguished array of counsel, and will apply for an injunction. Mr. McAden is the holder, as we learn, of nearly \$200,000 of the first mortgage bonds of the Wilmington, Charlotte and Rutherford Railway Company, and seems to possess the unpardonable weakness of trying to obtain the highest possible price for his bonds.

A public meeting of the friends of popular education will be held at Lillington, in this County, on Saturday next. Hon. Silas N. Martin, Sheriff A. R. Black and others will address the meeting. It is hoped there will be a large attendance.

The death of Mr. S. T. Dearing. Alluding to the death of S. T. Dearing, Esq., formerly of the Express Office in this city, mention of which was made in this paper a few days since, the Augusta Chronicle and Sentinel says: "The deceased had only reached the age of thirty-one years. He was prominent among the most worthy and exemplary young men of the community, possessing qualities of head and heart which won the admiration of a large circle of friends, who are stricken with sorrow by his early death, and who will sadly mingle their sympathies with those upon whom this blow falls with heaviest weight."

Major's Court. John C. Smith, charged with disorderly conduct, cursing and resisting an officer while in the discharge of his duty, was found guilty and sentenced to pay a fine of \$15 or go to the Work for 30 days. He was also required to enter into security in the sum of \$200 for his appearance at Court.

Firemen's Parade. The colored firemen of this city had their regular monthly parade yesterday. They were accompanied by a band of music and made a very imposing appearance. Last night they had a ball at City Hall for the benefit of the fund for entertaining the visiting firemen from Charleston and Columbia in May next.

BOARD OF ALDERMEN.

Extracts from the Proceedings. The Board met last night in regular session. Application of Dr. H. P. Murphy, in reference to the condition of a small bridge over the creek at South Washington, was referred back to him for a statement of the cost, the Chairman being authorized to contract for the same.

The Committee on Streets and Wharves, to whom was referred a petition in regard to opening and sawdusting Castle street, to connect with the road contemplated to be made to the Sound, reported, recommending the granting of said petition. Report confirmed.

Reference to a petition of J. N. Hinton, the Committee on Streets and Wharves reported, recommending that the sidewalk on the east side of Fifth street, from Ann to Church, be sawdusted. Report confirmed.

Petition of sundry citizens for a gas lamp at the corner of Second and Princess streets was not granted. It was ordered that three additional cisterns be constructed, and that they be located under the direction of the Committee on Fire Department.

On motion, the contract for building the three cisterns was awarded to Henry Green, he being the lowest bidder. The Committee on Finance, to whom was referred the petition of S. N. Martin, Esq., to exempt from taxation all cotton cloth or cotton yarn factories that shall be established within the city limits during their construction and ten years after they commence work, reported, and on recommendation of the City Attorney deny the right of the city to grant the said petition.

The report of the Sheriff, covering the verdict of the jury summoned to assess the damages and benefits attending the opening of Nutt street having been made, the Board resolved that the said report be not approved on the ground that the action of the jury did not proceed upon the principle of equality and confine their assessments to the taxing district embraced in the ordinance ordering the opening of said street.

On motion, it was ordered that Nutt street be opened to the width of forty-seven feet and that the Mayor proceed to execute this order according to law, said street to be opened between Mulberry and Brunswick streets. Adopted.

Petition of sundry citizens to have two dilapidated buildings on Fifth, between Mulberry and Walnut streets, pulled down, on the ground that they endanger other property in the neighborhood, was referred to the Committee on Streets and Wharves with power to act.

Petitions of John W. Gerdtz, Wm. H. Grojtan and G. C. W. Mallet for recommendations for licenses to retail spirituous liquors, were granted.

Wm. G. Fowler, Sr., was granted permission to erect a one-story frame building with tin roof on corner Front and Ann streets. A communication from F. W. Potter, Quarantine Physician, in reference to matters pertaining to the recent case of small-pox, was read and received.

COUNTY COMMISSIONERS.

Extracts from the Proceedings. The Board met last night in regular session. Application of Dr. H. P. Murphy, in reference to the condition of a small bridge over the creek at South Washington, was referred back to him for a statement of the cost, the Chairman being authorized to contract for the same.

County bonds bearing date of March 1st, 1869, of denominations of \$100 each, with two coupons attached, payable September 1st, 1873, and March 1st, 1874, and numbered from 10 to 23, inclusive, were destroyed in the presence of the Board.

The Chairman was authorized to draw on the County Treasurer for the sum of \$97, to be refunded to the State Treasurer for error in appropriating School Fund to Franklin township.

The chairman was authorized to give an order on the County Treasurer for \$53 08, in favor of Bass, Scott & Co., for taxes erroneously paid by them under Schedule B, for 1873.

Rino Walker was ordered sent to the County Poor House for proper treatment. Samuel Blossom, at Castle Hayne; Isaac H. Brown, at Lillington; John H. Lee, at Burgaw; Edward Garriss, at South Washington; and John Smith, at Leesburg, were granted license to retail spirituous liquors.

Adjourned to meet again on the 21st inst., at 8 P. M. Distinguished Visitors. Hon. William Cullen Bryant, Editor of the New York Evening Post, accompanied by his daughter, Mrs. Godwin, wife of Park Godwin, Esq., Managing Editor of the Post, Mr. J. Durand, artist and art critic, Miss Bryant and Miss Fairchild, arrived here on the 10-40 train Saturday night, and took lodgings at the Purcell House.

Mr. Bryant visited Miss Bradley's Sabbath school Sunday afternoon, where, of course, he attracted much attention. The party left for the North yesterday morning. Hon. S. S. Cox, of New York, better known as "Sunset" Cox, arrived here Sunday morning, accompanied by his wife and Dr. Ide, his uncle, and lady, and registered at the Purcell House.

Mr. Cox, in company with Hon. A. M. Waddell, drove through the city during the day and we learn that he was very favorably impressed with the evident signs of progress and improvement which was to be seen on every hand. He and his party departed Northward yesterday morning.

Happy Cal Wagner. Cal Wagner's Minstrel Troupe, which opens at the Opera House in this city to-morrow evening, is meeting with very flattering success in their Southern tour. Of their final performance in Savannah, the News of that city says: "Cal Wagner and his fine troupe had a crowded house last night on the occasion of their farewell to Savannah for this season. We have expressed our admiration of the troupe in toto many times before, and our praise was sustained by them last night. The management of Mr. J. H. Haverly contributes greatly to the success of the whole, and on or off the stage, everything moves like clock work."

"All the specialties were well up last night, and catching infection from the good humored audience, rendered their points with spirit. "We wish them all success throughout the remainder of their tour, and a speedy return to Savannah." WATER.—A young man who has been in the dry goods business and wishes a situation in a first class retail house. References required. Apply at this office.

Spirits Turpentine.

Charlotte is enjoying a huge wild cat. Hon. Horatio Seymour and wife went northward through Charlotte. Sunday at 2 P. M. the thermometer in Charlotte stood at 90 in the shade.

Waatauga court house and all the county records have been burned, we learn from the News. The Statesville Intelligencer says the Deputy Marshals are busy getting up intimidation cases.

In Davie county, says the Intelligencer, there is a rail fence, which has been standing for forty-four years, without any repairing except a few rails placed on top. The Masons of Raleigh and vicinity have subscribed liberally for the support of the Orphan Asylum at Oxford, says the Sentinel.

George Lea, who committed a rape upon an aged colored lady, was sentenced at Caswell Court to be hanged on the 6th of May next. Bonitz wants the photographs of all the editors in the State, with which counterfeits he proposes to adorn the walls of his sanctum sanctorum.

The total number registered for the municipal election in Raleigh up to Saturday night was 534. Of these 215 are white, and 319 are colored. The Statesville Intelligencer records a fight between Amos Guy, Melon Walker and several others, in which both the parties named received severe injuries.

Col. J. B. Palmer, President of the Charlotte, Columbia and Augusta Railroad, has gone North to make arrangements for buying an improved pattern of rail for his road. T. N. Ramsay is verily the Apostle of Temperance, as he has been called. In four days of last week he organized four lodges of Good Templars, aggregating 117 members.

United States Deputy Marshal Shavender, of Raleigh, had his arm broken by being thrown from his horse near Cherryville, in Gaston county, on Thursday, the 3d inst., we learn from the Charlotte Observer. The Intelligencer chronicles another nearly fatal difficulty. J. C. Bell attacked Capt. T. A. Price, of the Simonton House, with cane and knife. Statesville, usually orderly, seems to be getting up quite a rowdy reputation of late.

The Charlotte Observer mentions an accident to a woman and child of Stanley county, by the horse getting frightened and throwing them from the buggy. The woman was seriously and the woman badly injured. The woman had been to Charlotte for treatment for cancer.

The lecture of Gov. Vance on the Mountain Scenery of North Carolina and the musical performances of Prof. Von Meyerhoff, carried the people of Statesville by storm on Friday night. The hall was crowded to its utmost, and the same night Rev. Mr. Wetmore lectured on Temperance. The Intelligencer Local had to report both.

The colored temperance men of Newbern call upon all Temperance organizations of whatever name known or called, in this State, whether Friends of Temperance, Independent Order of Good Templars, or Society, to meet and appoint delegates to a Mass Convention, to be held in the city of Newbern, N. C., on the first Wednesday in June next, at 12 o'clock M. We condense from the Charlotte Observer: A young man named Priester from Allendale, S. C., died at Shelby of a brain disease believed to be the dreadful meningitis. Another young man, Mr. McGowan, of Laurens county, S. C., also died on Friday night. Both were students of Dr. Turner's school. Last accounts brought down on the 5 P. M. Lincoln train Saturday, report that a son of Dr. Turner, and others are effected with the same disease. Great excitement prevails in Shelby and the students of Dr. Turner's school are leaving in numbers. The Shelby Banner says the local physicians do not know how to treat the disease, and have sent to Lincoln for a doctor who understands it.
