THE METROPOLITAN PRESS ON THE MURDER OF CANBY.

The New York journals stand thus on the murder of Canby by the Modocs: The Tribune thinks that "this frightful catastrophe is the natural and legitimate result of the conduct of the Government during the whole progress of this petty war."

RADICAL DEMOCRACY.

There is a movement among the Germans at the North to form a new party to be called the Radical Democracy. The policy of this new movement seems to be to make such changes in the form of the government as the abolition of the Presidency and the Senate and the concentration of all legislative and executive power in a Congress, composed of a single chamber, an executive committee of which will replace the President.

This project may please a few German transcendental politicians; it will hardly suit any considerable number of voters of the country, Germans, Irish, Scandinavian or native. This is the style of republics usually got up in Europe at a day's notice, and which go out of existence in about the same length of time.

We are pleased to receive the first number of the Enterprise, published at Portsmouth, Va., by Porter & Concanon, and edited by Mr. John W. H. Porter. Portsmouth has long needed a paper. The Enterprise promises to do well.

The Indian Territory Job.

For several years past at every session of Congress, bills have been introduced in one or the other House, providing for the organization of a regular territorial government for the Indian Territory. The sources from whence this proposed measure has emanated have always been suspected as to its ultimate object.

Probable Fatal Accident.

In Lee's Township, Columbus county, on Saturday last, a man by the name of Simmons was accidentally thrown from his horse and fell on the sharp point of a stump, the scraggy end penetrating his side and inflicting a terrible wound, from which, we learn, it is next to impossible for the unfortunate man to recover.

Hibernian Ball.

The anniversary ball of the Hibernian Benevolent Association will take place this evening and will be heartily enjoyed by those who participate in it. It will be remembered that this ball was postponed from St. Patrick's Day, the regular anniversary of the Association, on account of its being in the midst of the Lenten season.

We heard last evening that there would be a preliminary meeting held to-day to consider the subject of German Immigration, with the view of taking some definite and systematic steps in the matter.

Does Advertising Pay?

Some of our merchants might learn a useful lesson from a New England man, whose experience is reported by an exchange as follows: "About eighteen years ago Malley appeared in New Haven, and opened a small seven by nine dry goods store on the principal street of that city. At that time the heaviest merchants of the street were advertised in the local newspapers to the extent of more than two squares each, and in standing advertisements for the season. Mr. Malley, with a degree of sagacity that no one else had ever dared to evince, struck out boldly in the advertising line, engaging a column in each of the three papers, with the privilege of changing the same weekly, and having his advertisements in the most readable part of the papers. For this he paid each of the newspapers at the rate of \$1,000 to \$3,000 a year. The old-fogy merchants stood aghast at his hardihood, and everybody predicted that he would go up in less than that time, and he did go to the very height of the mercantile ladder. His store in a few months expanded from a seven by nine room into the occupancy of the whole building in which it was situated, and in less than a year he was doing the largest business of any merchant in the city. He kept up his reckless advertising, as it was called, and to-day he has a store, built by him, 200 feet deep, 70 feet wide and on two floors—the largest and most successful mercantile establishment in New England, outside of Boston. He now pays the local journals not less than \$5,000 a year for advertising, and yet he frankly confesses that he has made all his money out of newspapers."

That Foundation.

The mystery surrounding the old foundation discovered in excavating preparatory to the erection of the new building for the Bank of New Hanover, corner of Front and Princess streets, continues to exercise the minds of our antiquarians, and such a systematic interviewing of "venerables" was seldom known in Wilmington before. Will not some one "lift the veil" and put all this harrowing suspense at an end? Our columns are open for that purpose, as they are to anything that is calculated to afford relief to suffering humanity.

Protracted Meetings.

Rev. Dr. Pritchard, of Raleigh, arrived here Monday afternoon and preached at the First Baptist church the same evening. A protracted meeting is now in progress in that church and Dr. Pritchard will preach every evening until further notice. Prayer meetings are also being held every morning from 7 until 7 o'clock. We are glad to learn that much interest is being manifested in these meetings.

Improving.

From passengers on the Charlotte road yesterday afternoon we learn that the condition of Mr. Livingston, who was so badly wounded by the party who assaulted him at his residence at "Old Hundred" on Sunday night last, is somewhat improved, and hopes are now entertained that he will recover. None of the assaulting party have as yet been arrested.

State Fair Promises.

From Capt. R. T. Fulghum, Secretary, we have received the List of Premiums on Field Crops to be awarded at the Thirteenth Annual Fair of the North Carolina Agricultural Society, to be held in the city of Raleigh October 18th, 14th, 15th, 16th, 17th and 18th, 1873. We learn that extensive arrangements for the Fair are being made by the Executive Committee.

Receiving Stolen Goods.

Mrs. Annie Speight was arraigned before Justice E. S. Woodford yesterday on the charge of receiving stolen goods, knowing them to have been stolen. There were four different cases against her, one of which was dismissed and the other three given to a jury, which returned a verdict of not guilty.

Forcible Trespass.

John McKay was arraigned before Justice E. S. Woodford, yesterday afternoon, on the charge of forcible trespass upon the premises of Romulus Waddell, both the parties being colored. The case was dismissed at plaintiff's cost.

Jewish Ball.

Our friends of the Jewish persuasion propose giving what is known as the "Passover Ball" at the Opera House on Thursday evening next. The preparations have been very ample and the occasion will no doubt be a very pleasant one to all concerned.

Local Notes.

Solicitor Cantwell is ill. The County jail is rapidly filling up. Excursions will soon be all the rage. Shad are still arriving in small quantities. How about the proposed repairs to the City Hall? First green peas of the season in market yesterday. Only four more days in which to list your taxables. Black fish have commenced making their appearance in market. The first strawberries of the season in market yesterday morning. The oyster season is about "played out," and now come shrimps. The Amelia, Poock, arrived at Queenstown from this port on the 1st inst. The Brig C. S. Packard arrived at Mayaguez from this port on the 25th ult. New Hanover Superior Court convenes next Monday and will be in session two weeks. Rain is badly needed and there is every indication as we go to press of a plentiful shower. Gen. R. E. Colston arrived at Queenstown on the 11th, on the Steamship Abingdon, nine days from New York. Those of our citizens who have taxable property in Harnett Township can list the same with T. M. Gardner, Esq. The river is still in good boating order, there being about 6 feet of water at Fayetteville, but it is of course gradually falling. The burning woods in this vicinity made a brilliant reflection on the horizon last night, heightened by the darkness which prevailed. The business portions of Front and Market streets were effectively sprinkled by the "Purcell" and "Hart & Bailey" hose companies yesterday. There is an ominous lull in political circles just now, which but forebodes the storm of excitement which will rage as the day of election draws near. The wooden building formerly occupied by Mr. A. Leseman as a bakery has been demolished to make room for a three story brick building with iron front. The 46th regular meeting of the Wilmington Building Association will be held at the rooms of the Wilmington Library Association this evening at 8 o'clock. The number of new structures going up in the city just now, together with those soon to be commenced, is a very encouraging indication of prosperity in business circles. Complaints still reach us in regard to the dangerous condition of Boney Bridge. It is not only unsafe, but an actual disgrace to the city. We again call upon our authorities to remedy the evil. The only case before the Mayor's Court yesterday was that of a male and a female, charged with cursing and striking each other. They were required to deposit \$5 each with the City Treasurer. The Wilmington Trust Company and Savings Bank will be ready for business May 1st. The Savings Bank feature of the institution will no doubt make it especially popular with a large class of our people, as deposits will be received in sums as small as ten cents; and on sums of five dollars and upward six per cent. interest will be allowed.

CITY ITEMS.

WANTED.—A situation in bank, railroad or express office, or any kind of work, either in or out of town. Can sell goods of any description. Best of State and city references furnished. Wages not so much of an object as permanent work. Address S. D. J. Swan office. Thanks to Walker Moore, the caterer at Brock's Exchange, for a delicious milk punch, which came to hand just in the "nick of time" last night. He knows how to make 'em. Joe FORTY.—We call the attention of our clients, clerks of courts, sheriffs, lawyers, railroad and steamship officers and agents, and all others having orders to print, to the facilities offered at the MORNING STAR PRINTING ESTABLISHMENT for the prompt and faithful execution of all kinds of Cards, Bill-Heads, Letter-Heads, Programmes, Ball Tickets, Blankets, Pamphlets, Tags, Hand-Bills, Catalogues, Bills of Fare, New-Bills, Checks, Drafts, &c., &c. Satisfaction guaranteed.

BOOK BINDERY.

THE MORNING STAR BOOK BINDERY does all kinds of Binding and Binding in a workmanlike manner, and at reasonable prices. Merchants and others needing Receipt Books, or other work, may rely on promptness in the execution of their orders. The consolidation of the Carolina Farmer and the Weekly Star having largely increased the circulation of the latter, advertisers will find it an admirable medium of communication with the farmers and planters of the two Carolinas.

PURMATIVE PILLS.

PURMATIVE PILLS have become a settled necessity with the American people. Indeed, cathartics of all kinds have been and always must be used, in some form, by all mankind. In this country the pillar form of administration has been growing in favor since pills were first made of aloes and rhubarb, rolled into a ball. Their high position in the public confidence has finally been secured and fastened into permanent position by Ayer's Cathartic Pills, the most delicate combination of medicine for the diseases they are intended to cure that science can devise or art produce. Those who need pills no longer hesitate what pills to take if they can get Ayer's Pills. —Wheeler (Va.) Press. ap 15-6w-3c-10c

The News says there was a meeting in Raleigh Monday night of Republicans disaffected towards the municipal government at which the question was asked, "is reform needed," whereupon there were two yeas. The contrary side of the question was put to a vote, and three were about a dozen "noes."

Spirits Turpentine.

We are glad to see that Hon. D. M. Barringer has recovered from his recent indisposition. The \$10,000 demanded of the citizens of Raleigh for the State Fair has been made up within a few dollars.

A coronation ball is to be given at the new Southern Hotel at Halifax on the evening of the 22nd inst.

The Milton Chronicle chronicles a burglar's raid last week on the residence of Dr. W. L. Stamps, whose family were absent in Tarboro.

The Milton Chronicle says: Harrison Donoho, a worthy colored man, met his death prematurely on Saturday evening last by fighting fire.

The Charlotte Home says Mr. John G. Abernethy fell from the roof of a house while shingling it and was severely injured. His situation is critical.

The Rockingham Spirit of the South says Mrs. Eliza Mayner wandered off from the Great Fall Factory in a fit of temporary insanity a few nights ago, and has not been heard from.

The Fair of the State Agricultural Society will be held at Raleigh on the 18th, 14th, 15th, 16th, 17th and 18th October next—six days. The grounds are nearly enclosed and are being cleared off. The contracts for furnishing 600,000 feet of lumber for the buildings will be awarded this week, and the erection of the buildings will be commenced within ten days.

From the Kingston Gazette: Heavy fires have been raging in the woods near here for several days past, doing great damage. One gentleman, we learn, had over 1,000 panels of fence destroyed, and the flames are not yet subdued. Dense clouds of smoke and ashes have been over our town during the greater part of the time, rendering it almost stifling to be on the streets.

From the Southern Home we learn that the first Presbytery of the Associate Reformed Church met at Tirza church, York district, on the 7th inst. The services were opened by a sermon from the last Moderator, Rev. C. B. Betts. Rev. R. W. Bryce was elected Moderator of the Presbytery. R. G. Miller, from Iredell county, N. C., and W. A. Wilson, from the Southwest, preached their trial sermons.

The nervous man of the Rockingham Spirit of the South fears the approach of that dreadful scourge meningitis. He says: It has been prevailing to an alarming extent for some time past, on Little River in this county, where it is said to have assumed an epidemic form, and now we learn that some colored persons have died from it at the Grassy Islands about 10 miles above this place. We do hope it won't get here.

From the Raleigh Sentinel: Last night Constable Rufus Nipper and

Mr. John Adams brought to the city, under arrest, Anthony and Amy, a negro man and woman charged with the murder of a child, in Barton's Creek Township, Wake county. From what we could learn the man, Anthony, is charged with having beaten his victim savagely over night, so much so that the child was found dead next morning. This occurred about a month ago. The woman, it seems, was delivered of a child about a year ago, and it mysteriously disappeared. A day or two ago the bones of the infant were discovered. The alleged murderers were lodged in the guard house till this morning. This record of crime is from the Charlotte Southern Home. On the night of the 4th inst., three steam gins, a saw mill, grist mill, a small quantity of cotton and grain were burned up on the Monroe road, near the Union line. The property destroyed belonged to Mr. Patterson Houston of this county. The loss, we learn, was \$4,000 above the insurance. The next night an attempt was made to burn the house of Mr. Robert Grier, who in his quiet, inoffensive way, ought not to have an enemy upon earth. The pine and the matches were found, where the attempt was made, but a kind Providence prevented, a catastrophe. We have heard also that an attempt was made to burn the house of Mr. Jonathan Resa, in the same neighborhood.
