WILMINGTON, N. C. THURSDAY, MAY 1, 1873.

OUTLINES.

Foreign editors banqueted in Vienna Tuesday night. The scandal about the American commissioners to Vienna is the leading topic in that city. There are several distinguished arrivals announced in the Austrian capital. Latin and Greek nations are at loggerheads at Jerusalem. An earthquake in England at Doncaster. The Atlantic wreck has been blown up. There was a panic among the soldiers after the fight with the Modocs. St. Louis is nearly ready for the big Congressional and gubernatorial convention on the 15th. Citizens in Oregon and California near the Indian country are moving away, fearing an outbreak. In Rio Janeiro the falling of a stone wall in the navy yard killed twenty men and wounded fifty. Two Sioux chiefs having been poisoned by traders, the tribe murdered the whites living in the vicinity of Cypress Hill. New York markets: Cotton 19 1/2; gold 116 1/2 @ 116 1/4; spirits turpentine 33 1/2; rosin 23 @ 23 1/2. Riot was brewing yesterday between the Italians and Swedes who succeeded the railroad laborers on a strike at Paterson, N. J.

Something More About the Lowrey's.

A prominent gentleman of Robeson gives the Rockingham Spirit of the South some interesting facts in regard to the once notorious Henry Berry Lowrey. He said that Henry Berry Lowrey was certainly dead, having accidentally shot himself, as reported, while engaged cleaning his gun, the charge taking effect under his chin, and ranging up through the roof of his mouth. He did not die instantly but sent for a certain physician of Robeson who attended him and from whom the informant said he obtained these facts respecting the death of the most blood thirsty outlaw of modern times. The gentleman could not tell how long the wounded man survived after receiving his death wound.

Our Rockingham contemporary further informs us that Steve Lowrey, the only surviving, a few evenings since, captured Wilson, the slayer of Andrew Strong, and carried him into the swamps and kept him until the next day without harming him. Wilson was in or near Scuffletown, standing in the road talking with some friends, when suddenly Steve spring upon him, and taking him by the collar led him off in triumph. The friends of Wilson very naturally concluded that that would be the last seen of him, and the only wonder is that he got back alive. What could have been Steve's motive for releasing his pursuer, after having him so completely within his power, it is impossible to conjecture.

Another Mystery.

Yesterday while the gas brigade under command of Mr. James Darby, Superintendent, were engaged in digging a trench on the west side of Fifth, between Chesnut and Mulberry streets, for the purpose of laying down gas pipes, they came across the bones and skull of a human being, together with small particles of the coffin in which the corpse had been buried. With the exception that the lower jaw was detached from the skull it showed a remarkable degree of preservation, considering the length of time which must have elapsed since it was put under the ground. The fact that the remains were found near the center of the street can only be accounted for on the hypothesis that they were placed there before the street was laid out. It is not probable that a graveyard was ever located there, as in such case there would have been indications of the existence of other remains in the vicinity. The skull alluded to was somewhat curiously shaped, indicating a projecting forehead. There was a fracture perceptible in the back part of it, which was probably the result of decay. The teeth were in a remarkable state of preservation.

The bones and skull, together with the fragments of the coffin, were gathered together and placed in a box, which was deposited as near as possible in the place where the remains were discovered.

Registration.

Do not forget that registration will close Saturday.

Refer to the Directory published every day in THE MORNING STAR and you will find the hours for registration given for every Ward.

Remember, if your name is not properly registered you cannot vote next Monday, the 5th of May.

Do not wait until to-morrow to register, but go and attend to this important duty to-day.

Our friends in the Fifth Ward are again reminded that the books of that Ward have been lost by some gross carelessness, and that an entirely new registration is necessary.

Sudden Death.

Michael Hechler, a well known tailor of this city, was found dead in his bed at the Cape Fear House yesterday morning. Mr. Hechler had been ill for about two weeks with typhoid fever—in fact, we learn, with a complication of diseases—but was apparently convalescent, and on Tuesday night, when visited by a friend, he was able to sit up and appeared quite cheerful. Under these circumstances it was deemed unnecessary for any one to watch at his bedside. On yesterday morning, about 7 o'clock, however, one of his friends called to enquire how he had passed the night and upon being ushered into his room was started to find that the spirit of the unfortunate man had left his earthly tenement and gone to the God who gave it.

Mr. Hechler, who was about 50 years old, was a native of Alsace, in France, now a German province, but has been in this country many years. He has been a resident of this city for nearly three years, where he has closely applied himself to his trade. Previous to taking up his residence in this city he lived in Philadelphia, and was Past Grand of "Gen. Harrison" Lodge, I. O. O. F., of which order he continued a member until his death. He was followed to his last resting place in Oakdale Cemetery yesterday by Cape Fear Lodge No. 3, L. O. O. F., and was interred with the ceremonies of the Order.

The Visiting Colored Fireman.

The visiting colored firemen from Charleston arrived in this city yesterday morning and were received at the depot by Cape Fear S. F. E. Company No. 3. They were then escorted to the City Hall, where the usual specifying on such occasions took place. This morning at 10 o'clock a general parade of the firemen will be had through our principal streets, after which a trial of skill with their engines will take place between Charleston and Wilmington firemen at the corner of Fourth and Orange streets, the prizes being a silver plecter and a silver goblet. The festivities of the day will close with a ball at City Hall at night, complimentary to the visitors. To-morrow they will indulge in a picnic at Hilton, and on Saturday morning, it is understood, the visiting firemen will start for home.

The Charleston Company is known as the "Comet Star S. F. E. Company No. 5," and are accompanied by the "Phoenix" Brass Band. It was instituted in 1851 and numbers all told 218 members, though only about 50 or 60 of these are present. The uniform of the Company is composed of white flannel coats, trimmed with blue, with red stripes on both lapels of the coat, black pants, and regular firemen's cap, which is white, bearing the words "Comet Star Fire Company."

City Executive Committee.

In accordance with a resolution adopted by the Conservative meeting held Tuesday night, the Chairman has appointed the following Executive Committee for the pending canvass: 1st Ward—O. A. Wiggins. 2nd Ward—J. L. Holmes. 3rd Ward—R. S. Radcliffe. 4th Ward—Chas. M. Stedman. 5th Ward—J. C. Mills. The members of the Committee are requested to meet at the STAR office, this evening at 8 o'clock, for organization, and the transaction of very important business.

The First Ward.

The registration books now in use in the First Ward are, we understand, the same used for the last municipal election. At the last State election many registered who had not previously done so, and these should understand that their names are not on the books which will be produced at the polls next Monday, consequently they must re-register or they will not be allowed to vote. The safest plan is for every voter to go to the place of registration in his Ward and see that his name is properly enrolled.

A Deadly Assault.

A white man by the name of Leonard Singletary, residing at Beaver Dam, Columbus county, was waylaid and severely beaten on Friday night last by two colored men, the weapons used being barrel staves. Mr. Singletary was severely injured, the frontal lobe of his head being fractured, and now lies in a critical condition. The two miscreants were promptly arrested and are now confined in Whiteville jail. We understand that Mr. Singletary had not given them the slightest provocation to make the dastardly assault.

Registration.

The following is the total registration in the First Ward up to the closing hour yesterday: Full registration, 57. Examined and found correct, 122. Changed residences, 25. Total, 204. Registration in the Fifth Ward yesterday footed up 7 whites and 37 colored.

New Firm.

As a newly-established firm, we call attention to the advertisement of E. Peschau & Westermann, who have formed a co-partnership for the purpose of carrying on a wholesale grocery and commission business. Mr. Peschau has been in business here for many years on his own account, and Mr. Westermann is well known from his former connection with Messrs. Adrian & Vollers.

The work of tax-listing was finished up yesterday, and all who failed to give in their taxes up to the hour of closing will be entered on the delinquent list. About twenty-five or thirty listed yesterday.

Local Notes.

—Yesterday was a lovely day. —The police force will be paid off to-day. —The Board of Aldermen meet this evening.

—There was no session of the Mayor's Court yesterday. —The daily sessions of the Produce Exchange will commence to-day.

—We presume everybody is aware that this is the first day of May—the day for pic-nics, excursions, &c.

—The Bark Amelia, Brock, arrived at Liverpool from this port on the 12th inst.

—The Sch. Eastern Belle, Parker, arrived at New York from this port on the 27th ult.

—Olive Logan will be here on the 6th and 8th, instead of the 6th and 7th, of May, when she will tell us what she knows about "Nice Young Men" and "Girls." —Mr. James Fleet, who was so badly injured some months since by a fall into the hold of a vessel, is we are glad to learn, now able to be out, with the aid of his crutches, and rode out to the cemetery yesterday.

—Complaint is made that the lamp on the Northeast corner of Market and Eighth streets has remained unlit for several nights. The lamp-lighters, of whom we usually hear but few complaints, should be more careful of their reputations.

Maj. Gales' Address.

The address of Maj. Seaton Gales at the Opera House last night, the occasion being the Anniversary of the introduction of Odd-Fellowship in America, was largely attended, quite a number of ladies being among the audience. Major Gales fully sustained the very flattering reputation which had preceded him as a public speaker and his remarks were listened to with every evidence of appreciation by those present. His address abounded in much useful information in reference to the Order, of the history and working of which he proved himself thoroughly conversant. He is a pleasant and agreeable speaker and his address altogether was very entertaining, not only to the members of the Order, but to others.

Cape Fear Lodge is to be congratulated on being so fortunate as to secure the services of a gentleman so well qualified to fill the measure of their expectations on the interesting anniversary occasion which they last evening celebrated.

This morning, at 6 o'clock, the members of the Order, with others of our citizens, will go on an excursion down the river on the steamer Waccamaw and we sincerely trust the occasion may be as pleasant a one in every respect as the most sanguine could wish or expect. A number of ladies will accompany the party. The steamer will leave the wharf at or near the foot of Market Dock.

Meteorological.

From Sergeant Otto Schutze, in charge of the Signal Station, we have the following report for April: Monthly mean of barometer, 29.901 degrees; of thermometer, 66.7 degrees. Total rainfall, 1.78 inches. Prevailing wind, Southwest. Total number of miles travelled, 4,800. The highest temperature during the month was on the 6th, when the thermometer rose to 92, and the lowest occurred in the night, between the 25th and the 26th of April.

Cruelty to Animals.

We heard yesterday of an instance of cruelty to a horse on Fourth Street, on the part of a colored man who was riding the animal, that calls for the intervention of the "Society for the Prevention," &c. Because the gait of the poor brute didn't happen to suit him, he belabored the beast over the head with a stick until the blood started from his eyes. Where is our "Vice President" and "Special Agent"? Such cases clearly come under their jurisdiction.

Complimentary.

A complimentary dinner will be given at the Parcell House this evening, by his friends to Mr. S. W. Vick, being intended as congratulatory on his recent remarkable escape from death when the steamship Atlantic was wrecked near Halifax and his safe arrival at his home in this city. This is an evidence of the esteem in which Mr. Vick is held by his fellow-citizens as flattering as it is deserved by that gentleman.

Delegates.

The following gentlemen have been appointed to represent St. John's Parish in the General Convention of the Protestant Episcopal Church to be held at Fayetteville May 30th: DELEGATES.—Wm. B. Giles, Geo. Davis, DuBrutz Cutler and John W. Atkinson. ALTERNATES.—Norwood Giles, Wm. H. Bernard, R. E. Heide and J. N. Hinton.

Some of the Victims of the Modocs.

Lieutenants Howe and Harris, who are among the officers reported killed in the recent engagement with the Modoc Indians, were stationed at Fort Mason, in this State, last Fall, and are represented to have been held in high esteem by those who knew them.

TO THE PUBLIC. I take this method of defining myself against BASE and UTTERLY FALSE accusations, made against me by James Wilson in Wednesday's issue of the Wilmington Star, in which the said Wilson charges that I borrowed five books of registration from the city, and when said books were called for I only returned four. This is false. Furthermore the city authorities have issued the County Register's registration book for Fifth Ward. The books borrowed were two for the 1st Ward, one for 2nd Ward, one for 3rd Ward and one for the 4th Ward, which have been returned to Mr. Wm. K. Price, Assistant City Treasurer. Now, then, the citizens would like to know by what authority the registration books of this city were sent in the different wards at the nominating meetings, for the several candidates for Aldermen in last month.
