A very interesting and skillful surgical on was performed in this place on Sunday last, the subject of it being Mr. J. Canady of this city. Mr. Canady, it seems, was during the war a private in the 3rd N. C. Infantry. In the battle of the Wilderness, on the 5th of May, 1864, he was wounded in the hip, the ball remaining in his body. For several years he suffered but little inconvenience from the wound. except at intervals, but for the last few years his sufferings have been intense, finally necssitating, a few weeks ago, a resource to medical treatment for the removal of the ball. Several examinations of the patient demonstrated the fact that the ball (a "minnie") was in the bladder, from which it was extracted on Sunday, and the sufferer is now in a fair way to recover. Mr. C. states that for several years past the ball has seemed to him to be shifting from place to place and he had no idea of its being in the location in which it was detected by the skill and science of his medical attendants.

Mr. Canady is represented to have been a worthy gentleman and a brave soldier, and as he is now, and will be for some time to come, unable to attend to his business, it is hoped that our citizens may find it con venient to contribute something in the way of alleviating his condition. Persons desirous of doing so, can hand their subscriptions to Col. Jno. L. Cantwell and it will be faithfully applied.

Presumed Contempt.

Sometime ago Judge Logan issued an in junction to restrain the sale of the Wil. Char. & Ruth. Railroad to satisfy a first Mortgage on the Road. But the Road was sold, and Judge Russell confirmed the sale, notwithstanding Judge Logan's injunction Judge Logan, believing that he was treated contemptuously, issued a rule against Messrs. Onderdonk, Martin, Taylor, Burruss and Stedman, the Commissioners who sold the Road, to appear in Charlotte on Friday last and answer a charge of contempt. They were represented by their counsel, Messrs. Bynum, Devane and London.

The Charlotte Democrat of the 3rd inst. says; "After hearing arguments, the Judge | Harris' News Depot. determined to hold the matter under consideration, and left for his home in Rutherford on Saturday morning.

"The proceedings for contempt do not in any respect, interfere with the present nanagement of the Road under the name of the Central Railway Company. Judge Logan's action is considered wrong by many of the most learned and practical lawyers in the State. When the case goes to the Supreme Court it will be shown that he had no legal right to interfere with the sale; and further, that he was interested as an indicidual or as Agent for Rutherford county, and therefore should not have acted in the matter as a Judge.

"It would have been more proper for Judg Logan to proceed against Judge Russell fo contempt than against the parties named.

That good man and venerable minister in the Baptist Church, Rev. So general has the public confidence become in Dr. Ayer's medicines, and so great the demand for them that unprincipled villains are attempting to deceive the unwary by imposing upon them their worthless nostrums under a similarity of name. Cherry Pectoral Losenges, Dr. Ayer's Troches, Ayer's Pastiles for Coughs, Cherry Pectoral Cough Drops, Ayer's Fever and Ague Cure, Doct. Ayer's Indian Pills, &c., &c., (none of which are of Dr. Ayer's manufacture or composition) are specimens of this villainy and deceit. They not only defraud the sick of their money but of their health, or the recovery of their health, which is far more important than money. From actual counterfeits the people are protected by law which the Doctor promptly enforces, but these evaluates sometimes clude the law, and purchasers must protect themselves by refusing to be deceived by them.—Dover (N. TNDER THE ABOVE TITLE I PROPOSE TO

the States in May, 1865. My plan embraces three divisions:

1st. Accounts of each akirmish and battle on the soil or upon the waters of North Carolina.

2d. Accounts of every battle fought during the war on the soil of every State, in which any of the troops of North Carolina took part—especial care being taken to show what these troops did and suffered in each of those battles, and what glory and renown our officers and men fairly won.

2d. "A Southern Chart for all time." An explanation of the third division of the preposed plan will be submitted at a later day.

That I may successfully accomplish this arduous but pleasing self-imposed task, I invoke the aid of all my brother soldiers and ask them to furnish me material which can be arranged and digested so as to form a complete record of the heroic deeds of the sons of North Carolina upon the battle fields of the Confederacy; and especially do I ask all who can write to furnish me details of every battle in which they participated, and the part bome by their immediate commands.

General officers from other States who commanded North Carolina troops are respectfully asked to give me all the information in their possession relative to the conduct and bearing of those troops.

In endeavoring to do justice to the soldiers of my native State, I certainly shall most carefully abstain from doing injustice to those from any other.
