ATROCIOUS MASSACRE OF MODOC PRISONERS.

An Associated Press telegram, dated Fairchild's Ranche, June 8th, 2 P. M. states that John Fairchild and his brother Burgess, together with Bogus Charlie and Shack-Nasty Jim, left that point for Boyle's Camps with the Modoc prisoners captured in that neighborhood, A second telegram, dated San Francisco, June 8th, gives the particulars of the atrocious massacre of these Modoc prisoners, inluding women and children, by the Oregon volunteers, who have thus the Modoes themselves.

mercy, but their appeals were in vain. and they were ruthlessly slaughtered by a band of cut-throats who had contributed nothing to the defeat and capture of the Modoc tribe, and who showed their courage and efficiency by murdering captives who had been taken by the United States forces.

The "cowardly hounds," as Fairchild well terms them, who perpetrated this inhuman butchery should be arrested and tried as common murderers. Let the same justice that is meted out to the slayers of Gen. Canby be meted out to the white savages who valiantly term themselves the "Oregon volunteers."

Varrenton Famale College. The annual commencement of Warrenon Remale College closed on Thursday night last. It is represented by the Raleigh papers to have been a brilliant affair. Eleven young ladies were graduated. The Sermon before the Graduating Class was delivered by Rev. E. W. Thompson, of Fayetteville, and was a superior production. It is very much praised by all who heard it. The Literary address was delivered by Hon. W. M. Robbins, of Statesville. His subject was "Woman and Her Sphere," and was ent and admirable

The charming feature of the exercises was the three addresses of the valedictorians. Miss Nellie Leach, daughter of Hon. J. T. Leach, of Johnston, addressed the audience and schoolmates; Miss Nora Thompson, of Wilmington, addressed her schoolmates, and Miss D. Shemod, of Edgesombe, ad-dressed Rev. Dr. Jones and lady and the members of the Faculty. These several efforts are represented to have been singular-larly graceful and touching. These young ladies obtained the highest distinction, there being no difference in their grade of scholarship, and hence each was entitled to the valedictory. The matter was settled by dividing as above stated.

We learned last evening that Judge Cantwell had gone to Raleigh for the purpose of applying to the Supreme Court, or one of its Judges, for a writ of quo warranto requiring the city authorities of Wilmington to show by what authority the present Board of Aldermen is acting as such. Judge Cantwell is said to represent the Wilson faction, who claim, it is said, that the Board was not organized according to law, although every Alderman of that faction participated in and, by implication at least, endorsed the manner of organization.

It seems a trifle strange that Alderman Wilson should make application for a writ of quo warranto requiring him to show by what authority he presumes to act as an Al derman of the city of Wilmington. As Major Robert Strange and M. London,

Ragr., will represent the city, we have no fears that our ecceptric ex-Judge will "walk over the course."

to previous notice, at Rocky Point Depot on Saturday, June 7th, 1873. The President, George Z. French, Esq., in the chair. The meeting was an interesting one. There was manifested a laudable determination that the Society, as now reorganized, should be a success, and should move onward in its praiseworthy and much needed work. The subject of grasses in New Hanever county elicited protracted discussion, in which Messrs. Thomas Williams, L. D. Cherry, G. Z. French, E. Porter and S. S. Satchwell participated. It was agreed that while our farmers and may alstere producers and timber getters are causing the wharves and warehouses in Wilmington to grean under the weight of infesior hay imported at heavy expenses, and high cost ported at heavy expenses, and high cost from the Eastern and Northern States, better hay at a triffing cost can be made in any quantity all over New Hanover county.

The following resolutions were unant-

mously adopted:
WHEREAS, The importance of imm Whereas, The importance of immigration to our State was never greater than now, and every day shows us the need of greater and more persistent efforts on the part of every good citizen to induce emigrants to locate among us, and whereas, New Hanover county, with her genial climate, excellent facilities of transportation, fine forests of valuable timber, and fertile lands, adapted to almost every variety of agricultural and horticultural productions, is surpassed by no county in the State in attractions to those in search of new homes. Therefore

Resolved, That Messrs, A. R. Black, Henry

Nutt, E. R. Brink, Robert K. Bryan and Dr. H. F. Murphy be and are hereby appointed a committee to prepare a Report for publication at an early day of the advantages of New Hanover county to the emigrant, and that these gentlemen be and are hereby constituted a Standing Committee, with the President and officers of this Society, to take such steps from time to time to promote immigration to the county as in their judgment they may deem proper. to promote immigration to the county as in their judgment they may deem proper.

Resolved, That the committee appointed to draw up a report for publication, setting forth the advantages of New Hanover county to emigrants, be requested to place the same in the hands of the Commissionthe same in the hands of the Commissioners from North Carolina to the Vienna Exposition, to the end that it may be translated into foreign languages and be instrumental in inducing European emigrants to come and locate in our county.

The following resolution was also

adopted:

Resolved, That with a view to the advancement of agriculture, the President be authorized to appoint gentlemen to prepare and read to the Society at its future meetings, papers on the following subjects:

Grapes in New Hanover county.

New Hanover as a cotton county.

New Hanover as a cotton county.

Stock raising in New Hanover county.

Sheep raising in connection with a tax on logs in New Hanover county. Is open or concealed drainage profitable The maris of New Hanover county.

The maris of New Hanover county.

Best manner of cultivating corn.

Best manner of raising sweet petatoes.

Best manner of raising turnips.

Cabbage raising in New Hanover county.

Also the following:

Resolved, That the President be requested to invite Rev. Mr. Bernheim, of Wilmington, to deliver at some time convenient to himself before the Society an address on Immigration, especially from Germany to this State.

A lively and harmonious spirit was shown by the meeting. It adjourned, after inter-change of views upon several practical subjects of farming, to meet at Point Cas-well, in this county, during the second week in August next, the day to be advertised by the President after conferring with the Cap-tain of the steamer plying between that

place and Wilmington.

The proceedings were ordered to be forwarded by the Secretary to the Wilmington A. J. McIntine, Secretary.

Only one of the party knew a man in the city, and in this case it was only a slight husiness acquaint ance,—W. C. Stronach, Esq. He approached him, stated the case, and Mr. S. went forward and signed the bond for all. The party immediately went on their way rejoicing over their good luck in finding a man in Raleigh whose heart was large as his body.

— Raleigh Sentinel: On yesterday afternoon Otho Crabtree, a printer, was making a noisy demonstration about the composing room of the Sentinel office.
