EDUCATIONAL JOURNAL.

At the late State Educational Convention the subject of an educational publication was discussed and referred to the Executive Committee. We are glad to learn that the Committee have determined to issue such a journal, to be conducted under the auspices of the Association. Such a periodical at this time would render material assistance to the cause of education, to which an impetus has recently been given. It ought to enlist, and we doubt not it will enlist the very best talent, unprofessional as well as professional, in the State. It is certainly an enterprise that commends itself to all friends of education throughout North Carolina. We hope to see the State Educational Journal established on a firm basis.

No staying at home to-morrow. Vote to "save your moneys."

The bondholders have not shown a compromising spirit. There is no justice in their demand that the sixth section of the First Article in the Constitution, that requiring the Legislature to levy taxes to meet the interest on the State debt, should be retained. The bondholders would gouge the honest people of North Carolina because they have them in their power. Vote for the Fifth Amendment which removes the danger of bankruptcy.

The holders of illegal, fraudulent bonds ought not to be masters of a free and sovereign State. Vote for the fifth Amendment.

All necessary legislation in North Carolina can be done in one term. The second Amendment provides for a session of the Legislature once in two years instead of every year as now. Vote for this Amendment, and save money.

It is no repudiation of debt to alter the part of the Constitution relating to the public debt. What the State justly owes she ought and will pay as far as she may be able. That she does not owe she should not pay under any circumstances.

Exemptions from taxation should include all kinds of personal property. Vote for the third Amendment.

The Virginia State Convention, Conservative, meets to-day at the call of the Executive Committee, in Richmond. Gen. Kemper will probably be nominated for Governor.

The eight Amendments will greatly improve the Constitution.

Vote for the Amendment concerning the University. The people of the State should have control of the education of the youth of the State.

Do you wish to save the State from Bankruptcy? Vote for the Amendments.

The doctrine preached by some that it is dishonest to refuse payment of a dishonest debt is false and iniquitous.

A vote for each and every Amendment is a vote for honesty, economy and sound policy.

Time is short. Register to-day. Vote to-morrow for the eight Constitutional Amendments.

Do you want to save money? Vote for the Amendments.

Be sure you vote right to-morrow.

NORTH CAROLINA RAILROAD.

Meeting Called—Important Rumor.

RALEIGH, N. C. Aug. 4.

It is reported from a reliable and undoubted source that Col. A. S. Buford, President of the Richmond and Danville Railroad, has called a meeting of the directors of the North Carolina Railroad at Company Shops tomorrow to surrender the lease of the North Carolina Road. This important announcement, if true, puts an end to the litigation now going on, touching the legality of the lease and the right of the Richmond and Danville Railroad to change the guage of the North Carolina Raiload from Greensboro to Charlotte, and cuts the Gordian knot which our legal officers have not yet unraveled.

Register and vote for the Amendments.

Tickets.

In consideration of the fact that no provision has been made for supplying this county with tickets, we will furnish them to any township in the county of New Hanover free of charge. We refer to tickets in favor of the Constitutional Amendments. Immediate application should be made. d&wtf

The Duty of the Hour.

All who have failed to register up to the present time, or to see that their names are properly enrolled on the books of their various wards, should not fail to attend to the matter to-day. We fear that our people, of both political parties, attach too little importance to this election. The success of the proposed Amendments to the Constitution of the State is one in which all should take an interest, without distinction of party, as was the case when they were under consideration in the Legislature. We are burdened enough with taxation now, in all conscience, without adding, directly or indirectly, to the oppressive weight of that burden. No partisan feeling should enter into this matter, as the questions are such as should be considered upon their merits alone and the results which will be likely to follow our action in the premises.

An Educated Coon.

A colored man of this city, by the name of Sandy Johnson, has a tame coon which follows him about the streets like a dog. He is not only a civilized but an educated coon, as he understands an order and does whatever his master tells him. They sit down and eat their meals together, the coon imitating his master not only in taking up a piee of bread in his paw and biting it, but in lifting a cup of water to his mouth and drinking as natural as anybody. The animal is christened Bill Johnson and his sable master, Sandy Johnson, calls him "Brother Bill."

The Assault Upon Mr. Edwards.

In our last issue we gave the particulars of an assault made upon Mr. J. A. Edwards, of Rosindale, by five colored men, on Saturday evening last. Yesterday we received a note from Mr. Edwards, stating that the persons who made the assault upon him were not colored, but white men, who attacked him without any provocation whatever. The parties are still at large.

Almost an Accident.

While the steamer Rankin was backing down on the wharf foot of Market street yesterday the planking gave way and one of the wheels was projected through the opening. At first it was feared the entire engine would go through and considerable excitement was manifested. The wharf should be thoroughly overhauled and put in good repair.

— Improvements are now in progress on Princess, South Water, Nutt, Nixon and Queen Streets. On Princess the much talked of cobble stone pavement is being laid.

— The only cases before the Mayor's Court yesterday morning were those of Richard Howe and Francis Holmes, for disorderly conduct on the streets, who were discharged on the payment of costs.

Trial of Engines.

Chief Engineer Robinson, of the Fire Department, had the three steam fire engine companies out with their engines yesterday to test their capacity in conveying water to a distance from the base of operations. The trial took place on Market street, and 3,000 feet of hose were used.—The steamer "Rankin," of the Wilmington S. F. E. Company, was stationed at Market dock, and played through 1,400 feet of hose, feeding the steamer "Adrian," stationed at the corner of Third street. The "Adrian" played through 750 feet of hose, supplying the "Cape Fear," which played through 850 feet of hose and threw a stream through a ¾ inch nozzle 131 feet. The practice was entirely satisfactory, the only drawback being the lack of capacity of the reservoirs. This, however, will be remedied before the next trial takes place, and other arrangements made to secure a more satisfactory result. Chief Engineer Robinson intends to establish a system of monthly trials of the engines in order to improve and keep up the efficiency of the fire department to the standard which is necessary for the safety and security of the community from the perils of the destroying element, and in this laudable endeavor it is to be hoped he will have the active co-operation and assistance of every member of the Fire Department of Wilmington.

Desperate Affray.

A serious difficulty occurred at the house of Alfred Conner, colored, on Queen, between Fifth and Sixth streets, on Monday night about 10½ o'clock. It appears that a colored man by the name of Henry Parker had been in the habit of visiting Conner's house against his (Conner's) wishes, and he had warned him to keep away. On the evening in question Parker made his appearance, when Conner ordered him off the premises. Parker refused to go, whereupon Conner attempted to compel him to do so by force. An altercation ensued, during which Parker drew a knife and stabbed his antagonist, the knife entering his side just below the ribs and making a very ugly wound. Parker was badly cut about the face and when the police arrived on the ground they were both as bloody as butchers. Parker was arrested, but at the instance of a physician, he was allowed to remain in a house and have his wounds attended to, and yesterday he was released on bail in the sum of $100 for his appearance before the Mayor's Court this morning.

Robbery of Goods in Transit.

We are informed that on Saturday last Mr. T. Braddy and Mr. N. G. McCormick sent three teams from Little Rock, S. C., to Shoe Heel, Robeson county, for a lot of freight shipped from this city, by the Carolina Central road. After the goods were delivered the colored drivers left Shoe Heel and started in the direction of home. Instead of going direct to their destination, however, they stopped at a low groggery on the road, broke open two boxes of bacon, which comprised part of the freight, and sold the contents at 10 cents per piece. They also offered the teams for sale for $200. The parties were arrested on Monday and taken back to headquarters. A portion of the bacon was subsequently found at different houses on the road. We have not heard what disposition was made of the thieves, but it is presumed they will not be allowed the opportunity to "save their bacon."

BOARD OF ALDERMEN.

Synopsis of the Proceedings.

The Board met last night in regular semi-monthly session.

A resolution exempting from taxation the building on the corner of Fourth and Princess streets, formerly known as the "Odd Fellows' School," now the property of L. Meginney, was referred to the Committee on Finance for report.

Petition relative to grading and sawdusting Queen Street, was referred to the Committee on Streets and Wharves.

The proprietors of the Wilmington and Seaside Railway having failed to list the same according to law, an ordinance was introduced appointing J. L. Barlow, Owen Burney and Dr. W. W. Harriss to appraise and list the same. Referred to the Committee on Ordinances.

Petitions numerously signed by property holders and residents for putting in order certain streets north of the W. & W. rail road, was referred to the Committee on Streets and Wharves.

An ordinance was adopted prohibiting the pumping of bilge water anywhere within the limits of the city between the hours of 4 A. M. and 10 P. M., under a penalty not exceeding $50, at the discretion of the Mayor.

Petition for a lamp corner of Fourth and Nixon streets was referred to the Committee on Lights.

Communication from Col. S. L. Fremont relative to excessive valuation of his property on Front and Third streets was referred to the Committee on Finance and Expenditures.

Petitions of Chas. H. Newberry, Henry Lucas and David Gause for positions on the police force, were referred to the Committee on Police.

On motion of Alderman Rice it was ordered that at the next meeting of the Board the first business in order shall be the election of all officers and employees of the city.

The regular meetings of the Board were ordered to take place hereafter on the first and third Friday evenings of each month.

A kerosene lamp was ordered to be placed at the corner of Fifth and Brunswick Sts.

H. H. Munson was granted permission to erect a wooden two-story extension, with a tin roof, to his house corner of Walnut and Fourth streets.

The Mayor was authorized to advertise for proposals to contract for cleaning out ditches.

The Board adjourned to Friday evening next, at 8 o'clock.

Something Nice.

Any person wishing to see something really nice in the skiff line should call at the shop of Mr. S. W. Morse, on Second, between Orange and Ann streets, and inspect the fine "clinker-build skiff" being constructed there for Mr. W. M. Beery. The size of the boat is as follows: 20 feet keel, 5 feet 9 inches beam and 20 inches depth. She is a splendid craft, and a look at her will well repay the trouble.

The German Pic-Nic.

The grand German pic-nic comes off at the Wilmington Garden this afternoon, commencing at 4 o'clock. Every preparation has been made to ensure a pleasant entertainment to those who participate in the affair. The refreshments will be ample, the music excellent and the facilities for enjoyment all that can be desired.

Arrested at Last.

Ellen Marshall, colored, for whom a warrant was issued some weeks since for disorderly conduct, but who has managed to keep out of the clutches of the law, was picked up by the police yesterday and consigned to quarters in the Guard House to await a hearing before the Mayor's Court this morning.

The Cape Fear.

There had been a rise of about one foot in the river at Fayetteville when the *A. P. Hurt* left on Monday. The heaviest rain of the season was experienced about 30 miles below Fayetteville on Monday afternoon, and if it extended beyond Fayetteville we may look for a large freshet.

Arrived Safely.

The Schr. *S. O. Eborn*, heretofore reported on the bar at Masonboro Inlet, but which was subsequently gotten off, arrived here yesterday afternoon. Her cargo is believed to be all right, and the vessel is only slightly damaged about her bulwarks. About $100, it is supposed, will cover the loss sustained in this respect.

The Regatta To-Day.

The yacht race at Wrightsville Sound will be the exciting event of to-day. It is expected that a large number will be present from this city to witness the interesting contest and we hope nothing may transpire to prevent a full and satisfactory enjoyment of the occasion. The race will commence at 4 o'clock.

Reinstated.

Officers W. H. Howe and John Statcher, who were suspended from duty a few days since for neglect of duty, had a hearing before the Mayor yesterday afternoon, and in consequence of their former good conduct and efficiency, and it being their first offence, they were reinstated.

Meeting of Independent Candidates.

The various independent candidates for office at the approaching election will have a meeting at the old headquarters of the Liberal Republican Club in the room above Mr. P. Newman's store, on North Water street, this evening, at 8 o'clock.

PRINTING INK.—We have just received a stock of News Ink for summer use, put up in packages of 25 pounds each. Cash or C. O. D. orders promptly filled. Price 25 cents per pound.

Spirits Turpentine.

Nine Raleighites are at Niagara.

— Mr. A. F. Redd, editor of the *Biblical Recorder*, of Raleigh, is critically ill, having been suddenly attacked about noon Monday.

The Hon. Jacob Thompson, who was secretary of the Interior under the Buchanan administration, was born in Leasburg in 1810.

— The *News* says the feeling against Rev. Sol. Pool, "President of the University," is bitter in that community on account of his infamous vilification of a talented lady.

— The *Sentinel* mentions report of the death of Hon. Gaston H. Wilder, of Wake on Monday, but says the report is not credited by some though Mr. Wilder has been in delicate health.

— Raleigh *Sentinel*: Mr. James Briggs, the postal card writist, has, we believe, reached the highest notch at last. He has succeeded in writing on a postal card, in a "plain, legible hand," *fourteen hundred and forty-one words.*

Two colored youths, Wes. Harris and Major Williams, stole the bread and wine that had been prepared for communion in the African Methodist Church, Raleigh, last Sunday. Williams turned State's evidence. In default of bail both were committed.

— Laurinburg *Scotchman*: Quite a number of hands have passed up the C. C. R. W. en route for the scene of operations on said road and we hope soon to hear that the road bed has been made ready for the track for several miles in the direction of Charlotte. Let the ball roll on.

— This is the *Home's* statement of the Mecklenburg crops: The wheat crop of this section was very light. The oat crop unusually good. Cotton bids fair to give a splendid yield. Corn is rather below the usual average. The season has not been favorable and it has not, as a general rule, been so well worked as cotton.

— This comes to us from the North: One of the finest old gentlemen that have been at Saratoga this season is William A. Graham, ex-Governor of North Carolina, and Secretary of State under President Fillmore. He is now seventy years old or more, yet still retains the mental vigor of his youth.

— Henry E. Colton, the Agricultural Editor of the New York *Times*, and formerly a resident of this State, was seriously injured a few days ago by a railroad accident near White Sulphur Springs. Mr. Colton was at one time editor of the Asheville *Spectator*, at another Clerk of House of Commons and reporter for the old Raleigh *Register*, and afterwards editor of one of the Fayetteville papers.

— Charlotte *Democrat:* During the past week an Arbitration Committee, consisting of Mr. Dillard, of Rockingham, Mr. London, of Wilmington, and Mr. Thompson, of South Carolina, held a protracted meeting in this city to settle the accounts between the Char. Col. & Aug. Road and A. T. & O. Roads. Messrs. Shipp and Rion appeared for the former Road and Messrs. Barringer and Bynum for the latter. There has been a contest about the matter for some past, and finally both parties agreed to submit to arbitration. We learned late Saturday afternoon that the Arbitrators failed to agree, and adjourned indefinitely. We presume the case will now go to the Courts.

The last day—use it. To-morrow is the election.

CITY ITEMS.

ALEX. OLDHAM is now grinding at the Cape Fear Mills, from new wheat, a superior Flour—something ahead of any other offered in this market. He guarantees every package perfect or money refunded. 1w

The consolidation of the *Carolina Farmer* and the *Weekly Star* having largely increased the circulation of the latter, advertisers will find it an admirable medium of communication with the farmers and planters of the two Carolinas.

MIDDLEMARCH; A STUDY OF PROVINCIAL LIFE. By GEORGE ELIOT, author of "Adam Bede," "The Mill on the Floss," &c. Cloth, $2 00. Popular Edition, 8vo., Paper, $1 50.

A work which, if it stood alone, would have made an era in the literature of fiction. Following, as it does, a series of acknowledged masterpieces from the same hand which gave a new character to the English "novel," it would have been much to have been able to say that it maintained the reputation of its author. But we shall be surprised if the mature judgment passed upon it by those who can appreciate the work of a true artist does not pronounce it the most perfect of the series.
