Election Returns.

TWENTY-FIVE TO THIRTY THOUSAND MAJORITY FOR AMENDMENTS. The Raleigh News thinks that most of the amendments have carried by thirty thousand majority. Considering that the general vote is small, this is a very flattering result. We continue the publication of returns:

DUBLIN. [Official, for the Star.] Public Debt—For, 1,066; against, 356. Superintendent Public Works—For, 1,068; against, 348. State Census—For, 1,075; against, 350. Exemption from Taxation—For, 615; against, 780. The University—For, 1,074; against, 343. The Sessions of General Assembly—For, 1,020; against, 392. The Code Commissioners—For, 1,061; against, 355. Federal and other Officers Holding Office—For, 1,063; against, 354.

WARREN. [Official, for the Star.] Lowest vote for Amendments was the 5th (University), 731; the highest, 7th, (Federal office holders), 741. The lowest vote against was on the 1st (Public Debt), 1786; the highest, on the 4th (Tax Exemption), 1852.

WAKE. Lowest vote for Amendments on the 1st, 2,095; highest vote for, 4th, 2,254. Lowest against, 1st, 2,014; highest, 6th, (General Assembly), 2,122. For House of Representatives—Gilbert, Rad., 2,861; Snow, Dem., 2,202. Gilbert's majority, 659.

UNION. Only one vote against Amendments in Monroe and Jackson townships. In Lane's Creek 34 votes were cast against 4th Amendment, in Buford 19, in Brown's (a majority) 29, 3 in Davis, in Goose Creek 13, and in New Salem 108, a majority. A very large majority was, however, given by the county for all the Amendments.

PALMETTO LEAVES.

Sanders Ford, colored Senator from Fairfield, an aged and honorable man, is dead.

There were seven deaths in Columbia for the week ending the 9th—two whites and five colored.

Superintendent Anderson repaired the road near Hamburg the same day the accident occurred.

The Columbia Phoenix says Howell Hays, the young man who killed Alexander Brown, in the "fork" on Friday last, has surrendered himself to Sheriff Dent. He claims that the killing was done in self-defense; Brown was a desperate character, who had beaten him numerically several days before.

Five Foolish Young Belgians.

A very silly wager is reported by a Brussels journal. One of the numerous methods of inflicting capital punishment in China is that which deprives the condemned of sleep, and which generally proves fatal after ten days. Five foolish young Belgians tried this experiment the other day with more or less unpleasant effects. They bet that they could remain awake for seven days, on condition of resorting to every conceivable means for averting sleep. The manner in which they arranged their time was as follows: The night was passed in dancing and drinking coffee; during the day they rode horseback, shot or fished, taking a coffee every half hour. One of the young men gained the wager, but lost twenty-five pounds of flesh; two went to sleep after having been up 130 hours; one was seized with inflammation of the lungs, and the fifth was conquered by sleep on horseback, fell off, and broke an arm.

Indian Outrages in Wyoming.

A letter from Camp Bacon, situated about forty miles from Camp Stambaugh, Wyoming Territory, says that a band of hostile Indians appeared in the vicinity of old Camp Brown on the 20th of July, attacked a house and killed two women. They attempted to commit other depredations when a body of armed men came upon the scene and the Indians fled, closely pursued.

Lesseps has been elected to the French Academy.

THE DUNLAP CASE.

Civil Rights in North Carolina. In December, 1868, Lee Dunlap, a colored man, shot and instantly killed, in the city of Charlotte, a white man named Gleason. The prisoner waived his trial in the county in which he resided and the case was removed to an adjoining county, where the prisoner was found guilty of murder. At the next term of the court the prisoner filed an affidavit, in which in substance he claimed "that the feeling against him is very great, and has been identified, &c.; that justice is denied him under the laws of the State, and prays for the removal of his indictment from the State Court to the United States Circuit Court for the District of North Carolina." The Judge who had formerly sentenced Dunlap heard this prayer and ordered the removal as asked for. Then succeeded more legal maneuvering, and now, after five years of litigation, one conviction, one sentence, two appeals to the State Supreme Court, and a short hearing in the Federal courts, the case of Dunlap now goes up to the last tribunal for a decision upon the construction of the most vital provision of the Civil Rights law.

The Democratic Nominee in Ohio. William Allen, whom the Democrats have nominated for Governor of Ohio, was a Senator in Congress from 1837 to 1849, twelve years, and had previously served in the lower House. In those days he was a famous orator and a power in the land, but since 1849 he has lived quietly on his farm near Chillicothe. Among his contemporary Senators, shelled in 1849, were John A. Dix, Sidney Bressé and Simon Cameron, all now again in active public life, and Mr. Allen is said to be as young a man as they.

Local Notes.

The Steamship Metropolis, Nicholson arrived at New York from this port on the 9th. The German Barque Bertha, Hansen, arrived at Helfelt from this port on the 20th ult. The British Brig Somerset, McBride, arrived at Amsterdam from this port on the 7th inst. Col. A. A. McKay, President of the Cape Fear Agricultural Association, is in the city. The German Barque Shanghai, Nauschütz, arrived at Constat from this port on the 23d ult.

The thermometer in the STAR office yesterday ranged all day in the neighborhood of 83 degrees.

The present Board of County Trustees will hold their last meeting this afternoon, at 4 o'clock, at the office of Justice Woodford.

The only case before the Mayor's Court yesterday was that of James Stalley, charged with disorderly conduct, who was found not guilty and discharged.

We learn that under the influence of the heavy rains that direction on Sunday there is now about 8 feet of water on the shoals at Fayetteville, which places the river in fine boating order.

The colored woman who was so badly injured by the explosion of a kerosene lamp on Monday was reported somewhat easier yesterday, though the upper part of her body was frightfully burned.

The doors leading into the City Hall will hereafter be kept locked at night, except while meetings, &c., are being held, in order to prevent stragglers and vagrants from availing themselves of its accommodations.

From present indications, we learn, there will be a large number of delinquents on the City Treasurer and Collector's books. City tax-payers are reminded that this is the last week allowed them for the settlement of their taxes.

The Steamer Fire Fly, of the new Wilmington and Smithville line, left for her latter place yesterday at 4 P. M. She will hereafter leave Messrs. O. G. Parsley & Co.'s wharf regularly at that hour, and returning leave Smithville at 7 A. M.

The members of the New Hanover Agricultural Society are reminded that they are invited by Capt. Paddison, of the steamer Northeast, to participate in an excursion to Point Caswell to-morrow, where a meeting of the Society is to be held, and speeches by prominent gentlemen on agricultural subjects will be made. The boat will leave Kerchner's wharf at 5 A. M. and return the same evening.

The Late Election—Brunswick County.

Brunswick gave 53 majority against the amendments.

The Magistrates elected in Smithville township are John L. Weacott and Lewis A. Galloway, both Republicans.

At Lockwood's Folly Messrs. Styron and Galloway, Conservatives, were elected Magistrates.

Town Creek elected Ezra Thomas and Fenjamin Lock as Magistrates.

Conservatives were elected in Shallotte and Waccamaw.

Northwest elected Messrs. Swinson and Lawton, Republicans.

The Late Murder in Robeson—The Inquest—John Dial Pronounced the Murderer—Parent of the Fugitive, &c.

In our last issue, in giving the particulars of the murder of Floyd Oxendine, son of Jim Oxendine, at Eureka Station, Robeson county, on Monday morning, we referred to the fact that Special Coroner John Holloway had gone to the scene of the tragedy for the purpose of holding an inquest over the body. We also gave it as the general impression of the friends of Oxendine that John Dial was the guilty party, with John and Sinker Locklear as accessories. The result has verified the truth of our statement. The inquest was held and after a careful examination into the facts and circumstances of the case the jury returned a verdict that deceased came to his death at the hands of John Dial. Among the witnesses examined was the wife of John Dial, who testified to her husband's having in his possession, after the murder, a Spencer rifle which was known to have been the property of Floyd Oxendine, which corroborated the testimony of the girl who said she saw a man spring from the side of the road immediately after the murder and seize and carry off the murdered man's weapon. It was also testified that the tracks alluded to in our first notice were those of John Dial.

The whereabouts of the murderer is at present a mystery, but we learn that a posse is in hot pursuit of the fugitive and it is to be hoped that he will soon be overtaken and brought to justice.

Dial is said to be about 30 years of age and has a wife and one child. Oxendine was unmarried, and about 25 years of age.

Found Browned.

Late yesterday evening the body of a white boy, entirely nude, was found entangled in the trestlework of the railroad bridge over Smith's Creek, near this city. He was taken out of the water, when it was found that one of his arms was missing and his neck and other portions of the body bore evidence of the ravages of alligators, or fish of some sort. Two gentlemen by the name of Reddick and Guttenburg happened to be passing that way and recognized the unfortunate youth as a son of Mr. Robert Carter, Engineer on the Wilmington, Columbia and Augusta Railroad, who is now absent from the city. The boy left home some time during the morning, but what time he met with the accident which cost him his life it is now impossible to say, though this and other facts connected with the sad affair may hereafter be developed. Some advance the theory that he must have been foully dealt with, while others think that he may possibly have been run over on the bridge by a train and hence the loss of his arm. The body was removed last night about 8 o'clock to the residence of his parents, near Union Depot. The unfortunate boy was apparently about 13 or 14 years of age.

Probable Homicide.

We are called upon to record another probable homicide, which occurred at Town Creek, Brunswick county, on Monday night last. A colored man by the name of George Goodman had loaned another colored man his cart, and upon its not being returned in time, and hearing also that it had been broken, he went to his house to see him about it. Here an altercation ensued between the parties, during which the borrower of the vehicle seized a grubbing hoe and struck Goodman on the shoulder, striking him the second time on the head. The first blow broke the shoulder of the unfortunate man and the second fractured his skull. The wounded man was taken to his home and Dr. W. T. Newell of this place sent for, who, when our informant passed yesterday, on his way to this city, was in the set of performing the operation of trepanning the skull of the injured man. The recovery of Goodman is considered doubtful. The perpetrator of the deed was at large at last accounts, but a warrant for his arrest had been issued and placed in the hands of the proper officers.

In the Lock-Up.

We learn from a friend at Rosendale, on the Carolina Central Road, that the leader of the band of five men who attacked Mr. J. A. Edwards at that place on the 2nd inst., has been arrested and is now in jail at Elizabethtown. He was arrested on Saturday night last, by the Sheriff of Columbus county and lodged in jail at Whiteville for safe-keeping until Monday, when he was removed to Elizabethtown. Mr. Edwards is improving.

Musical.

From a friend who has just returned from a visit to Fayetteville, we are pleased to learn of the decided success of the La Fayette Cornet Band, which numbers in all thirteen of the first young men of that town. They are now in their fourth week's practice and already play fifteen pieces. We congratulate them upon their success and hope soon to be able to report the same of the Wilmington Cornet Club, which has lately been organized in this city.

Knights of Pythias.

We learn that the following officers elect of Magnolia Lodge No. 10, K. of P., of Magnolia, were installed in their respective positions, Monday evening, by D. D. G. Carroll, Wm. H. Gerken, of this city; J. T. Carroll, C. C.; W. J. Carroll, V. C.; W. T. Moore, P. C.; A. H. Morris, K. of R.; L. A. Morrison, M. of F.; F. E. Register, M. of E.; J. F. Hoffmann, M. at A.; Geo. Brooks, I. G.; W. M. Evans, O. G.

TAX-PAYERS' MEETING.

Stirring Speeches—Spirit of the People—Facts and Figures—Submitted—A General Uprising. The tax-payers meeting, which adjourned in Wilmington on 4th inst., met at Cedar Grove, in Lincoln Township, on the 9th. Through the meeting assembled calmly and harmoniously, yet there was a manifest spirit of condemnation upon the present excessive and discriminative tax assessment. It was a meeting not of politicians, not of a certain race or sect, but a meeting of oppressed tax-payers, in which all participated as wronged, and in which people.

After the meeting was organized, the Chairman, Owen Alderman, Esq., called upon Dr. Satchwell to explain the object of the meeting, which he did in a concise and length and in a very forcible manner. After the conclusion of Dr. Satchwell's address, a committee of nine was appointed to draft resolutions and to express the sense of the people thereon. The following are the members of the committee: William J. Bivens, A. Gamburg, Israel Keith, Dr. Simpson, E. L. Robinson, John Bell, Dr. Satchwell, Caesar Dudley and Cepias Bourdieu.

During the absence of the Committee the Convention was addressed by Messrs. Bruce Williams and Dr. Simpson, who took strong grounds against the present excessive system of taxation. A Committee was appointed the following report, which was unanimously adopted: [Owing to the length of the proceedings and the late hour at which they came to hand we are compelled to omit the preamble, which will not much matter, however, as we have endeavored to keep the public posted as to the cause of the upheaval among the masses in reference to the matter of taxation.]

Resolved, That we object to and denounce the present system of assessments adopted by our Board of County Commissioners, and especially remonstrance against the manner of the Board as prevalent in each of said eight or nine townships, and will exhaust all the means at our command to effect a proper reduction of taxes, and to prevent unfair and unequal collections.

Resolved, That we respectfully call upon the Board of County Commissioners to make a public statement of the manner in which these objectionable assessments were made, by whose authority it was done, and for what purpose, as such dissatisfaction still exists in the various townships, and notwithstanding the promise of the Board on last Monday night that they on next Thursday night would hear in writing written complaints from tax-payers. If any gentleman of the Board is not entitled to the respect and courtesy of a visitation to his office, herein alluded to, he will disclaim it or not, according to his own discretion. It is but just to the Board and to the public, that the people should know how and by whom the assessments were made, as well as the facts and figures as prevalent in preparing the tax-books now in the hands of the sheriff.

Resolved, That while no one objected, as far as we know, to the action of the Board, in heretofore examining, through a committee, into the books and other records of our Court House officials, we at the same time suggest to the Board to open wide their own doors and books as to their own assessments, expenditures, appropriations, &c. That we respectfully ask them to appoint specific days and hours convenient to all parties for hearing complaints in writing of tax-payers who consider themselves overtaxed to the end that just grievances in the way of taxes of those unable to attend, and to call tax-payers' meetings, whenever in their opinion necessary, and that they send the same to the Board of Commissioners for publication in the Wilmington papers.

On motion, the Chairman of the meeting was requested to prepare the proceedings of the meeting for publication, to sign the same, and to send the same for publication in the Wilmington papers. Their meeting then adjourned to meet at Point Caswell, at 10 o'clock, on Saturday next. OWEN ALDERMAN, Chairman.

The decision in the Atlantic, Tennessee & Ohio Railroad case was reached on Monday in the New York Superior Court, we learn from the Democrat, Judge Moore in his opinion deciding that Robt. I. McDowell, Esq., is the lawful President of the Road, having been legally elected by a duly organized Convention of Stockholders representing a majority of the stock. A Receiver will probably be appointed in order to keep the Road running until all difficulties have been removed.
