OUTLINES.

Garnier won the prize for billiard championship. Grinnell & Co. expelled from the New York Stock Exchange.

THE SITUATION IN NEW YORK.

How Matters Stood in Commercial and Financial Circles on Wednesday.

Wall street was excessively dull yesterday. The excitement consequent upon the opening of the Stock Exchange had subsided.

The truth is, the greater number of Wall street habitués have been "cleared out" and are about retiring.

Many of the houses which are still sound and going on with business, have curtailed expenses by discharging a part of their working force.

The stock market closed very weak, and with but little business doing.

THE COMMERCIAL SITUATION. The feature of business in commercial circles yesterday was the activity in the grain trade.

THE MORNING STAR.

WILMINGTON, N. C., SATURDAY, OCTOBER 4, 1873. VOL. XIII. NO. 11. WHOLE NO. 1,882.

THE CITY.

NEW ADVERTISEMENTS. T. C. SERVOS.—Final Notice. SKIFF & GAYLORD'S MINSTRELS.

OUR DAILY CIRCULATION. We claim that the circulation of THE MORNING STAR is nearly double as large as that of any other Wilmington paper.

DOWN IN DIXIE.

John H. James, the Atlanta banker, is issuing loan certificates. The merchants receive them as readily as they do greenbacks.

We have positive information in our possession, says the Atlanta Herald, which warrants us in making the assertion that Foster Blodgett will come back to Georgia in less than thirty days from this date.

Hinesville (Ga.) Gazette: Mrs. Mary Dyers, in company with Mrs. Stubbs, was returning from church in buggy, and the mule which they were driving took fright from a dog suddenly jumping over the fence in front of them, and ran away.

The violent cyclone which proved so disastrous to different sections of Georgia and Florida, did little damage in Liberty and McIntosh, but in Bulloch county, in the latter State, it was distressing in the extreme.

NATIONAL BANKS.

New Banks to be Established in Place of Suspended Ones.—Post Offices as Savings Banks.

The circulating notes of the suspended national banks are already being vigorously sought after by various parties who are desirous to embark in the banking business.

Major Graham, formerly of the U. S. Army, who was nearly killed in his attempt to rob a postmaster at River Bend, on the Kansas Pacific Railroad, has not only recovered but escaped.

A Bad Lot.

Hipple-Mitchell should not lose courage, for developments are continually being made which show that he is no worse than several of his Senatorial associates.

BOARD OF ALDERMEN.

Synopsis of the Proceedings. The Board met last night in regular session.

The Committee on Ordinances reported an ordinance to the effect that hereafter no fire wood shall be piled on the wharves foot of Dock street, Market street and Princess street, and that any wood landed on any other wharves shall be so deposited or piled as to leave an open space of twenty feet in the centre of the street at said wharf or dock.

Communication from E. J. Jones, Treasurer of the Wilmington Gas Light Company, and Geo. W. Price, Jr., City Marshal, relative to the manner in which the street lamp-lighters neglect their duty, were referred to the Committee on Lights for report.

Petition of Owen R. Hanckey, relative to the establishment of a meat market in the lower portion of the city, was granted, with the proviso that he pay the tax imposed by the ordinance.

Proposition of James F. Post to furnish and put down Belgian paving blocks at \$3.30 and \$3.30 per square yard for Nos. 3, 2 and 1 respectively, was referred to the Committee on Streets and Wharves.

Petition of citizens residing in the neighborhood of Eighth and Castle streets, asking that some portion of the police force be stationed in that quarter, was referred to the Mayor.

It was moved that the ordinance concerning the stationing of the police force be repealed, and the same was therefore ordered repealed.

The Committee on Police were instructed to consider whether it is not advisable to increase the number of the police force.

Petition of J. Arthur Springer for permission to lay a track from the dock to his wood, coal and lumber yard, at the corner of Front and Mulberry streets, was referred to the Committee on Streets and Wharves for report at the next meeting.

Petition from the same for permission to erect a wooden office on the above premises, was referred to the Committee on Fire Department.

Petition of Charles Wessell for permission to erect a wooden shed in front of his store on North Water street, was referred to the Committee on Fire Department.

Petition of F. M. James, requesting that his taxes for the present year be remitted in consequence of his having opened Eighth street from Wooster to Dawson through his property without any remuneration from the city for the same, was referred to the Committee on Streets and Wharves for report.

The Committee on Streets and Wharves reported progress in the matter of Boney Bridge and were granted further time.

The Mayor stated that he had ordered nineteen lamps discontinued, in accordance with the instructions from the Board, and had directed that a lamp be placed at the corner of Seventh and Red Cross streets.

It was ordered that E. J. Pennypacker be allowed a credit of \$400 on this year's rent of the Opera House, provided he places there a heater and makes an entry to the family circle, having same upholstered and painting and gas-fitting done as per proposition and estimates handed in by him and presented to the Board at this meeting.

A resolution that the office of Superintendent of City Public Schools be declared vacant, was passed.

The Board adjourned to the next regular meeting.

A "Gay Deceiver."

A colored woman called at the office of the Register of Deeds yesterday to ascertain what a certain party was worth by an examination of the records.

It transpired during the investigation that about four months ago her affections were beset by a certain gay Lothario, whom she at first resented on the ground that she was fearful she would not be sufficiently provided for, showing that she was eminently alive to the importance of looking out for her worldly prospects in the future.

Nothing daunted, her adorer conceived a happy idea to allay the apprehensions of his prudent dulcinea on this score. He told her that he would make his will in advance, and leave her all his property. This pleased the damsel amazingly, and she consented on these conditions to "give him her hand and heart."

He went off and shortly returned, with a document, witnessed by a colored preacher, which he proclaimed to be his last will and testament, in which he devised all his property and effects, with the exception of one mule, to the beloved of his heart on condition that she would marry him. This was a proof of affection and a chance to better her condition which could not be resisted. She consented without hesitation and the two were joined together in the holy bands of matrimony. Too late she discovered that she had been seduced from her life of single-blessedness by false hopes, false promises and false assurances. In two short months her recreant lord left her, "with the bag and bag," and she was left with nothing but a "gay deceiver" and a "gay deceiver."

She was then left with nothing but a "gay deceiver" and a "gay deceiver."

She was then left with nothing but a "gay deceiver" and a "gay deceiver."

LOCAL DOGS.

Yesterday was another lovely day. Light frost reported up the Carolina Central road yesterday.

Mr. S. F. Gardner, of the Wadesboro Herald, was in the city yesterday.

The Great Eastern circus is meeting with great success on its Southern tour.

Two colored patients, male and female, were sent to the City Hospital yesterday.

Preparations are being made for a camp meeting at Brown Marsh, on the Carolina Central road.

A noted punster at the Court House gets off the following: Why are some of our Magistrates like an invalid? Because they are fee-billy (feeble) inclined.

Nixon street was left in darkness on Thursday night, after the moon went down, no lamps being lit. There being plenty of light elsewhere made the darkness more visible in that particular locality.

The brig Waltham, which has visited this port several times, was picked up abandoned at sea during the late gale, and carried to Beaufort, S. C., harbor. She was badly damaged.

The Herald says Charles Lorey, who was for some time an inmate of the hospital in this city, set out to walk to the head of the Carolina Central Railway to procure work, but when he arrived at Wadesboro his strength utterly failed and he was kindly ministered to by the charitable citizens of that place.

Orphan Asylum. St. John's College, at Oxford, N. C., which was erected and owned by the Masonic fraternity, was, as is well known, devoted to the orphans of our commonwealth, by the last session of the Grand Lodge of that institution. Eighty-five orphans are now being fed, clothed, educated and furnished with a home in the Asylum and many more applications are on file. Winter is coming on, and blankets, fuel and heavy clothing will be required to make these little ones comfortable; and in order to assist them still more than they have already done St. John's Lodge No. 1 has appointed a committee, consisting of Messrs. W. M. Poisson, Alfred M. Waddell and J. C. Mann, who will not only take pleasure in the reception of any voluntary subscriptions which the charitably inclined of our city and vicinity may see fit to make, but have also arranged for a musical concert at the Opera House about the 14th instant, for the benefit of the Asylum, when the Lodge Choir will be assisted by Mrs. Kahnweiler, Miss Greenwald and other ladies and gentlemen, whose well known musical ability and the noble subject to which the proceeds are to be applied will no doubt draw together a large and appreciative audience.

Mayor's Court. The following cases were disposed of yesterday morning: Scipio Hill, charged with disorderly conduct, was discharged on the payment of costs.

W. Mansfield, charged with being disorderly, cursing and trying to fight Robert Phinney, submitted and judgment was suspended on the payment of costs.

Willis Drake, charged with cursing and abusing Rena Young, was found guilty and required to pay a fine of \$10 and costs.

John W. Howett, charged with drunkenness, disorderly conduct and resisting a police officer in the discharge of his duty, was found guilty and sentenced to pay a fine of \$20 and the costs.

Habeas Corpus. Officer Moses Whitin of the police force, who was fined \$10 for contempt of Court a few days since by W. H. Moore, J. P., had a hearing before Judge Russell yesterday on a writ of habeas corpus, which had been issued in his behalf. Defendant was released on giving bond in the sum of \$100 for his appearance at the approaching term of the Superior Court.

The Wilson Plaindealer says the cotton crop will assuredly not yield as well as it promised a month or two since.

Miss Margaret S. Harrison, of Monroe, has been appointed teacher of the Fourth Form, in the Orphan Home, at Oxford.

Col. Thomas Holt has resigned the Presidency of the North Carolina Railroad and Hon. W. A. Smith has been chosen by the Directors to succeed him.

The Wilson Plaindealer says: Mr. James H. Taft was shot and killed in his store, eleven miles below Greenville, by his clerk on the 30th of September—supposed to have been accidental.

The Sentinel calls upon the Attorney General to issue an injunction restraining certain parties who are trespassing upon public lands in Dare county. A considerable quantity of lumber has been cut.

Plaindealer: We have been informed that Mr. Emerson Vick who lives near Joyner in this county, lost his life on Wednesday last by being thrown from his horse and dragged some distance, his foot having caught in the stirrup.

Capt. Fulghum, Secretary State Agricultural Society, learning that no special trains were to run from Goldsboro to the State Fair, telegraphed to President Buford, and the latter replied that a train would be provided for the purpose.

Newbern Times: Ex-Governor Ponder, of Delaware, and party left Wednesday evening on board the steamer J. S. Cary, for Vandemere, at which place they have purchased the large saw mill formerly owned by Abbott & Dill.

Salem Press: From all portions of the State, east of the Blue Ridge, we learn that the apple crop is deficient. West of the mountains the crop is good. Honey will be very scarce in this State. In this vicinity farmers are entertained that the bees will perish this winter, not having made honey enough to subsist upon.

Of the recent mysterious murder near Fayetteville the Gazette says: On Monday last it was reported that a man answering to Underwood's description had been seen skulking in the woods in the vicinity of Robison's pond, and had been heard there repeatedly praying aloud. Deputy Sheriff McMillin, accompanied by an officer, went in pursuit, but failed to see anything of him.

Wadesboro Herald: Rev. S. C. Alexander, Evangelist of Mecklenburg Presbytery, organized a Presbyterian church in Monroe, last Friday night, commencing with fifteen members. Col. Walker and Mr. Fitzgerald were ordained Elders. The church and lot of the Methodists, who are now building a three thousand dollar one, has been purchased by the Presbyterians.

Fayetteville Gazette: We found the crops mixed along the road to Robison the other day—some very good and some very bad. We noticed a great deal of very green corn along the way; but every where

the devastations of the cotton worm were apparent. The farmers, generally, however, do not speak despondently. They have already made a large quantity of grain and forage, and in some sections the yield of cotton has been fair.
