OUTLINES.

Secretary Boutwell is in favor of expanding the currency. Four New York Central bond forgers arrested. Measures will be taken by the Italian Legislature to prevent travel in children for musicians. Seven counterfeiters arrested in Tennessee. Nine boats were lost at Pecks-kill. A large number of internal improvements are recommended by the Chief Engineer. An eruption of a volcano is reported in Washington, followed by an earthquake. Prince Bismark held interviews at Vienna with Emperor Francis Joseph, Count Andrassy and the Italian minister on the subject of national ecclesiastical legislation. A conference of citizens with the Senate Committee on Transportation was held in Richmond yesterday. New York markets: Cotton, 10 1/2 @ 17; spirits turpentine steady; rosin, \$3 75 gold, 109 1/2 @ 108. Thirty yellow fever deaths in Memphis. Northwestern farmers were in convention at Chicago yesterday.

ONWARD IN THE RIGHT COURSE.

On Friday, the 7th day of November next, there will be a Convention held at Warsaw of all the Granges in Dupin, New Hanover, Sampson, Wayne, Jones and Onslow counties, for the purpose of devising means for the relief of farmers from unjust discrimination in railroad freights, and the discussion of other subjects, of vital importance to farmers. Some popular speakers will address the citizens on the occasion. This is a move in the right direction. Let all the farmers in this section respond to the invitation.

GRAND SUCCESS OF THE STATE FAIR.

The fair held at Raleigh last week, full reports of which have appeared in THE MORNING STAR, was the most eminent success of all the industrial and art exhibitions ever held in North Carolina. The attendance was much larger than usual, and the exhibition was on a greater scale than heretofore.

For this so very gratifying result we have the spirited management to thank, and we do thank them in the name of the people of the State, who feel prouder of this than of any of their recent triumphs.

The Return of Confidence.

[New York Times of Tuesday.]

We have already pointed out that there are strong reasons for believing that a considerable part of the disturbance now felt in business circles may prove temporary. A portion, also, will doubtless require time to remove it. It is not easy to say precisely how much there is of the former and how much of the latter. But it is quite obvious that the causes which produce disturbance are in part such as may pass away gradually with a few weeks, and in part such as will act for a considerable time. While recognizing the strength of the latter, it is also our duty to fix our minds on the former, and to do all we can to restore affairs to their normal condition. We presume that no one now fails to see that the ultimate cause of our difficulties lies in the expansion of our railway system beyond the capacity of the country to sustain it. The system became so great, such a large proportion of the capital of the country was invested in it, so much more was invested in industries depending largely or entirely on railroads for their support, and so much capital had been brought in from foreign countries for the use of which credit received a blow, the whole country felt it. The blow which it did receive by the collapse in value on the Stock Exchange in the third week in September was, as we all know, very severe, and the consequences to the country were immediately apparent. Among these, however, one—and, in our judgment, the most serious one—was a sudden loss of confidence, which has now largely passed away, and which ought, in reason, to cease entirely at a very early date.

Captain Jack's Head.

The published statement that the bodies of Captain Jack and Schonchin were decapitated after execution and their heads forwarded in alcohol for deposit in the army medical museum is contradicted by the Secretary of War, who says that he at least never heard anything about it.—Washington Star.

Arrival of a Distinguished German in Baltimore.

BALTIMORE, Oct. 21. Hecker, the distinguished German patriot, arrived this morning in the steamer Berlin, and was welcomed by a committee of German citizens on behalf of the German Americans.

The Executive Committee of the North Carolina Press Association have appointed the following gentlemen as delegates to the General Press Convention, proposed to be held in St. Louis, commencing on the 23rd of November: Maj. F. C. Duffy, of the Greensboro Patriot; Capt. S. C. Williams, of the Daily News; Maj. J. C. Mann, of the Wilmington Post; John Jones, of the Charlotte Observer; Dr. H. E. T. Manning, of the Weldon News; and J. B. Hussey, of the Piedmont Press.

Something Noted in Denmark.

Some weeks since Mr. Henry Hutaf, of this city, received a notification from P. W. Perry, Supervisor of Internal Revenue, that he had information from Washington that his taxes as retail liquor and tobacco dealer and on income for the year 1870-71 had not been paid. Mr. Hutaf wrote to Perry informing him that he had paid the taxes referred to and held the receipts of Geo. P. Peck, former Collector of Internal Revenue for this District, for the same. Perry then again wrote to Mr. Hutaf asking him to forward the receipts to him so as to enable him to give proper credit for the amount and to investigate the matter. This Mr. H. refused to do, fearing that the receipts might share the same fate that befel the money which he paid to Peck, but took them to the Assistant Assessor in this city, who pronounced them all right. We learn that Messrs. H. A. Bagg, Chas. Bissinger, W. Burkholder, and probably many others, have received communications from Supervisor Perry similar to that received by Mr. Hutaf, all of whom paid Peck and hold his receipts for the amounts. The question is, what became of the money? We would state that we have examined the receipts signed by Peck referred to above.

The Princess Street Improvement.

The Joint Committee, consisting of Alex. Strauss, Esq., Dr. W. H. Harris and Mr. D. A. Smith on the part of the city, and Cols. John McRae, W. L. Smith and Geo. Harris, Esq., on the part of the property-holders, recently appointed to assess the benefits and damages likely to arise from the improvement of Princess street, between Front and Water, had a meeting at the Commercial Exchange yesterday morning. After a careful investigation of the matter it was determined to submit their report to the Mayor to-day. It is understood that the Committee assessed the property holders interested one-third and the city two-thirds of the amount required to pay for the improvement.

More Depredations by Sneak-Thieves.

The depredations of sneak-thieves in this city is becoming a matter of serious concern, and their frequency calls for the strictest vigilance on the part of housekeepers. One of these dare-devils entered the residence of Mr. C. E. Burr, corner of Third and Chesnut streets, about 7 o'clock yesterday evening, while the family were at tea, and stole a fine overcoat from the rack in the hall. It was only a week or two ago that the same dwelling was entered and several hats carried off. We hope that our citizens will take warning from these repeated instances of theft and be prepared to give the perpetrators a warm reception.

Superior Court.

The greater portion of the day was taken up in the consideration of certain peace warrants, &c., growing out of the late disturbances at the Opera House, resulting finally in the matter being amicably arranged without resort to further litigation. The only question now to be determined is as to which party shall pay the costs. Jesse Canady, indicted in two cases for assault and battery, was acquitted in both. There were ten true bills returned yesterday by the Grand Jury.

Accident.

We regret to learn that Mr. John H. Murphy, of Caswell Township, had his leg fractured a few days since by a piece of scantling falling on it from a new building which he was having erected. The wound was very painful, but no serious result is anticipated, as we learn from Dr. G. F. Lucas, the attending physician.

Mayor's Court.

The only case disposed of by the Mayor's Court yesterday morning was that of Nathan Jones, charged with cursing, fighting, &c., who was found guilty, and required to pay a fine of \$5. Two other cases were continued over for a future hearing.

Local Notes.

The Good Templars will have a meeting on Friday evening. Heavy frost up the Carolina Central road yesterday morning. The Alkor, Larsen, arrived at Helvoet from this port on the 3d inst. The Dragon, Thomsen, sailed from Swansea for this port on the 8th inst. The Landbo, Olsen, arrived at Antwerp from this port on the 5th inst. The steamship Regulator arrived at New York from this port yesterday. The Gloria, Laasch, entered out from Liverpool for this port on the 4th inst. The W. Von Praegen, Rabe, sailed from Cuxhaven for this port on the 7th inst. The Barque Highland, Tucker, cleared from Boston for this port on the 18th inst. The Schr. J. C. Crafts, Kennedy, sailed from Rockland for this port on the 8th inst. The schooner Wardwell, Asmer, cleared from New York for this port on the 20th inst. We learn that the wreck of the Steamer Alex. Oldham drifted ashore near Little River on Tuesday. Early risers in this city yesterday morning report that "Jack Frost" showed himself very conspicuously. The flags of the shipping in port were at half mast yesterday as a token of respect for Wm. McClellan, first mate of the British brig Albion, who died suddenly on Tuesday morning. We learn that Mr. J. H. Bailey, who was formerly in the Hotel business in this city, and is well known here, has rented the Hall in the new Bank of New Hanover building with the view of soon opening a dancing school there. Complaint is made that for several nights past the lamps on Fourth street from the railroad to Mulberry have given no light, there being some deficiency somewhere. The lamp on the corner of Front and Walnut is also said to suffer from the same complaint.

KNIGHTS OF PYTHIAS.

Their Parade To-Day and Ball To-Night—A Grand Time Expected—The Line of March, &c.

The Pythian parade that takes place this afternoon, if the weather proves propitious, promises to be a grand affair. The following is the order of the procession and line of march: 1st—Rosebud Brass Band. 2d—Uniform Lodge. 3rd—Visiting Knights. 4th—Members of Stonewall Lodge No. 1. 5th—Members of Germania Lodge No. 4. 6th—Members of Calanthe Lodge No. 7. At 4 1/2 o'clock the line will be formed and then march down Third to Market street, down Market to Front, up Front to Walnut, up Walnut to Fourth, down Fourth to Orange, down Orange to Front, up Front to Market, up Market to Third, and up Third to the City Hall, where the procession will be inspected by the Grand Lodge officers. After the inspection, the Knights will proceed to their Castle Hall and be dispersed. At 8 o'clock the Uniform Lodge will meet at Castle Hall and in a body march to the Opera House, where an address of welcome to the Grand Chancellor will be delivered by P. G. C. Wm. H. Gerken. The evening will then be spent in "tripping the light fantastic toe."

Opera House.

The Concert Last Night.

A very select and appreciative, though somewhat limited audience, assembled at the Opera House last night to listen to the splendid musical treat that has been, some time in preparation. The object of the entertainment was one that enlisted the sympathies of all and those present showed that the simple word "charity" had found a noble response in their hearts. The ladies especially were out in force, as they always are, lending the sanction of their approving smiles whenever any good deed is to be performed or any work of charity encouraged. The entertainment was all that was anticipated or could be desired and the audience, besides having the satisfaction of aiding the orphans, testified by their frequent applause the great pleasure with which the solos, duets and trios, both instrumental and vocal, were received. We find it impossible to discriminate, even did it were possible to know of the art musical performance, when all did so well. They all deserve much credit and merited a much larger audience. Their renditions showed the result of thorough training, and their efforts to assist in a laudable object was a complete success.

Returned.

Rev. Dr. Moran, pastor of the Front Street M. E. Church, returned to the city yesterday morning after a somewhat protracted absence in attendance upon the Evangelical Alliance. We are glad to learn that he has nearly recovered his health.

Cape Fear Agricultural Association.

We are requested to state that there will be a meeting of the Executive Committee of the Cape Fear Agricultural Association at the Purcell House to-morrow (Friday) evening, at 8 o'clock. A full attendance is desired.

Spirits Turpentine.

Newton "dorgs" are dying out rapidly. Congestive chills are very fatal in the lower part of Ireddell and upper part of Rowan counties. The Stokes tobacco crop was reduced one-half, we learn from the Danbury Reporter. The corn crop was also short. Mr. Wm. L. Bridgers, of High Point, had one of his arms terribly lacerated by the accidental explosion of a pistol on the 17th. While regulating the fire in the process of tobacco cure, Mrs. Henry Hartgrove of Stokes county was shockingly burned. A great awakening and revival is going on at Mars Hill, Orange county, under the active ministrations of the Rev. M. F. Jordan. The News learns that W. A. Hearne, Esq., has retired from the editorial management of the Era, and is succeeded by W. C. Holden, Esq. Mr. Hearne will locate in Statesville. There were more marriages in the Rowan section of the State last week than has been known before in a long time—and more week before last in the Raleigh section, says the Weldon News. Magnolia Monitor: On Satur-

day morning last the mill and gin house of Mrs. Mary E. Cooper, of Kenansville township was burned, supposed to be the work of an incendiary. Loss, about \$2,500. No insurance.

Tom Evans, arrested and confined for the assault on Gaston Workman, was on Monday admitted to bail in the sum of \$250, the condition of the wounded man being such as to justify this action, says the Hillsboro Recorder.

The Sentinel congratulates the city of Raleigh on the accession to the population of Col. F. D. Bunnell, of northern Pennsylvania, who has recently purchased a residence for which he paid \$18,000. He is to construct buildings to the value of \$25,000.

News: We learned yesterday from Prof. Alexander McIver, Superintendent of Public Instruction, that donations from the Peabody School Fund have recently been made to the following schools in this State: Hendersonville, \$200; Erwin, Transylvania county, \$300; South Henning, Buncombe county, \$400; Bethlehem, McDowell county, \$300.
