North Carolina Legislature.

[Condensed from the Sentinel.]

THIRD DAY.

SENATE.

Mr. Welch, from the committee on that subject, reported the Senate Rules of Order. Mr. Troy raised the question that if this be a continuation of the session of the Assembly begun on the third Monday in November, 1872, an adjournment to the third Monday of November, 1873, having been agreed upon, (and the general understanding he thought was that it was a continuation of the session,) then the proceeding in regard to the rules was out of order. The proper course should have been to "amend the rules." President Brogden remarked that will all due respect to the opinions of others he considered this a new session. It was clear to him that the Legislature was bound by the constitution to meet on last Monday, no matter what the terms of the adjournment last spring. The report of the committee was adopted. On motion of Mr. Murphy, a message was sent to the House proposing to raise a joint committee on Joint Rules of Order. The President announced Messrs. Murphy, Cunningham and King as the Senate. A message was received from the House transmitting a message from the Governor, accompanied by a communication from the State Treasurer in regard to the Self Injunction suits, and informing the General Assembly that his Excellency had employed eminent counsel to assist the Attorney General in the interest of the State. On motion of Mr. Dunham, the message and accompanying documents were referred to the committee on the Self Injunction suits. A message was received from the Governor transmitting the report of Prof. Kerr, State Geologist, on North Carolina's part of the Vienna exposition. Referred to the committee on Agriculture, &c. A message was also received from the Governor transmitting the report of N. W. Woodfin, Esq., on the affairs of the North Carolina Railroad Company. Laid on the table. A message was received from the House announcing the occurrence of that body in the proposition to raise a joint select committee on the Self Injunction cases. Harris, colored, moved that Mahson, colored, be added to the committee on Penal Institutions. Objection was made that the motion proposed an infringement upon prerogatives of the chair in the appointment of the committee, and Harris withdrew his motion for the present. A message was received from the House concurring in the Senate proposition to raise a joint select committee on the State debt and liabilities. The President appointed Messrs. Humphrey, Norwood and Seymour on the Senate branch of this committee. Mr. Avera introduced a bill fixing the weight of packages of salt fish and requiring the net weight to be branded on the packages. Mr. Morehead, of Guilford, a bill to insure the completion of the Western Railroad from Greensboro to Fayetteville. HOUSE REPRESENTATIVES. WEDNESDAY, NOV. 19. Mr. Sneed, of Granville, was announced as being detained at home by severe injuries received by being thrown from his horse. Mr. Bennett from the Committee on Judiciary, reported favorably upon the bill to extend the time of sheriffs and tax collectors to settle with Auditor and Public Treasurer. The bill took its place on the calendar. By Mr. Marler, a resolution condemning the increase of the salary of the President of the United States and of members of Congress. Placed on the calendar. By Mr. Trivett, a resolution disapproving of the Congressional back-pay act. Placed on the calendar. Mr. Bythe, introduced a resolution in regard to the United States revenue law. The resolution was placed on the calendar. Several resolutions concerning the

increase of the Congressional salaries and condemning the same and asking for the repeal of the act were placed on the calendar. By Mr. Bennett, a bill to amend the charter of the Carolina Central Railway Company. Referred. By Mr. Norment, a bill to amend and consolidate the various acts heretofore passed to incorporate the town of Lumberton. Referred. By Mr. Bennett, a bill to prevent the sale of liquor within three miles of the Lumberton Presbyterian church at Lumberton. Referred. A message was received from the Governor transmitting a communication from the State Treasurer in regard to the injunction in the special tax bonds suits. The message was read, and on motion of Mr. Jones, of Caldwell, the message and accompanying papers were transmitted to the Senate. The proposition of the Senate to raise a joint select committee in regard to the special tax suit was concurred in. The House then announced the following as comprising the House branch of the following joint select committee: On the Special Tax Bonds—Messrs. Brown of Mecklenburg, Bennett, Bowman, Moss and Guyther. State Debt and Liabilities—Messrs. McGeehee, Jones of Orange, Rhodes, Johnson and Lutterloh. The resolution of Mr. McNeill in regard to the special tax bonds was taken from the calendar and referred to the joint select committee on this matter. On motion of Mr. Bennett the rules were suspended and Mr. Norment's bill repealing the act prohibiting the sale of liquor in the town of Lumberton was taken up and passed its several readings, and was ordered to be engrossed and sent to the Senate. On motion of Mr. Marler, the rules were suspended and the bill to extend the time of sheriffs and tax collectors to settle with Auditor and Public Treasurer, was taken up, (allows till the first Monday in January, 1874). Mr. Rhodes moved a reference to the financial committee. Lost. Mr. Guyther thought the bill premature. If the policy was inaugurated at this early stage of the session the treasury would be depleted and there would be no money to carry on the charitable institutions and for other necessary purposes. Mr. Jones, of Caldwell, was constrained to oppose this measure. In his opinion it would seriously jeopardize the finances of the State. He thought such a course was holding up a premium for fraud and speculation, beside being unjust to those counties that always settle their taxes promptly. Lucky agreed with Mr. Guyther, and thought the matter was premature. Mr. Waugh would support the bill. Money was very scarce in the section from which he came. People could not sell their produce and the sheriffs could not collect. He was opposed to putting more money in the treasury to be looked up. Mr. Houston would vote for the bill. He wished to afford as much relief as possible. Mr. Paschall moved to postpone until Monday next at 15 M. Mr. Marler objected. Mr. Brown, of Mecklenburg, thought that if the House intended passing the bill, it should be so now, but he did not hesitate to announce his opposition to the measure. After speeches by Messrs. Bryan, of Alleghany, Moss and Williamson, colored. Mr. Jones, of Caldwell, moved to lay the bill on the table. The motion did not prevail. By Mr. Bennett, a bill incorporating the Wilmington and Seaside Railway Company. Referred.

Walker, Esq., of Rockingham, a young lawyer, formerly a resident of this city, is mentioned for Solicitor of the Fifth District. — In the House on Wednesday Col. Bennett, of Anson, introduced a bill to amend the charter of the Carolina Central Railway, which was appropriately referred. — We learn that there has been an immense raid on axes north of the W. & W. Disgraceful Conduct. Information was lodged with the authorities yesterday to the effect that a colored girl, whose name has not yet been ascertained, has been in the habit of amusing herself by attacking little white girls on the streets, and those of her own color also, following them up and abusing them outrageously. One of her victims, a little white girl who resides in the vicinity of Ninth and Princess streets, has been frequently attacked by her on her way to and from school, and stands in such dread of her that a day or two since, on seeing her tormenter approaching the little girl screamed with fright and came near going into spasms. One of her schoolmates accompanied her home for protection, and were followed by the girl alluded to, who continued to abuse and insult the two children until they reached their destination. The girl who has such a mania for attacking and abusing defenseless children is a ragspicker, and we learn that she will be made to answer for her conduct as soon as she can be found out. Tournament Ball. The following gentlemen have been appointed Managers of the Tournament Ball to come off at this place during the approaching Fair: Chas. D. Myers, Chairman; C. L. Chesnut, J. W. Several distinguished gentlemen in different parts of the State will be placed on the list of honorary members. The Managers, we are assured, will go to work in earnest and with the determination to make the ball one of the grandest affairs of the kind ever held in the State. Important to Tax-Payers. The City Treasurer and Collector notifies delinquents that the financial requirements of the city are such as to render it absolutely necessary that the amount of city taxes on real estate and personal property remaining unpaid should be collected at once, and he therefore gives notice that the property of all who fail to settle the same by the 1st of December will be advertised and sold at public auction, as no longer indulgence will be given. The "Swamp Ankle." Stephen Lowrey has been seen at Moss Neck two or three times during the present week, armed to the teeth. He is now wearing vengeance against two persons who he accuses of too much intimacy with Hobbs Lowrey, the Queen of Southtown. He says that Henry Berry Lowrey is not dead, as some parties will find out to their sorrow one of these days.

Vessels Ashore. Capt. Smith, of the Schr. Webster Barnard, who arrived here yesterday morning, reports that his vessel went ashore a few miles East of Bogue Inlet on Sunday, the 16th inst., during a heavy gale, and is now lying high and dry on the beach. Assistance was to have been sent her yesterday and it is believed that she will be gotten off without much injury. The Webster Barnard was from Fall River, Mass., and bound for Jacksonville, Florida. Capt. Smith also reports that a Schooner, whose name he did not ascertain, went ashore near Cape Lookout on Saturday, the 15th inst., and went to pieces on the following Monday. She was from New York, loaded with general merchandise and bound for Jacksonville, Fla. Magistrate's Court. Before Justice T. M.
