OUTLINES.

A New York Judge sues the *Tribune* for \$100,000 damages for libel. — Spain accedes to all our demands, and the war cloud is dissipated. — One hundred and sixty passengers were rescued by a British ship from the Liverpool steamer *Misour* which was lost. — Monitor *Manhattan* disabled at sea and put back for repairs. — A. J. Crane, a Vermont Revenue Collector, is short \$170,000. — A volcano in Nebraska is erupting. — Terrible destruction results from the bombardment of Cartagena, and the Insurgents force run up the black flag. — Canal boat sank in Delaware river with three children. — Several persons died in Montreal from accidental poisoning. — In his report Secretary of War says sea coast defenses should be improved. He also asks Congress for additional appropriations to put the militia in fighting trim for emergencies. — New York markets: Cotton, 10 1/2; gold, 90 1/2. — Senator Cassery, of California, resigns. — Rotten state of affairs in the Pittsburg National Trust Company, and a receiver appointed. — The *Virginia* negotiations were terminated yesterday by a protocol signed by Secretary Fish and Minister Polo.

WE ARE TO HAVE PEACE.

The demands of our Government were, after modification, acceded to by the Spanish administration. Briefly they cover these points: 1. Surrender of the *Virginia* and the surviving passengers and crew. 2. Salute to the American flag on December 25th, if before that time Spain does not satisfy the United States that the *Virginia* had no right to carry our colors and papers. 3. Spain guarantees that if she cannot prove this satisfactorily she will punish her officials in Cuba guilty of the outrage. But the United States also stipulates that if it is conclusively shown that the *Virginia* was not properly under the protection of our Government the survivors shall be prosecuted for violation of the laws of this country. 4. The question of damages will be reserved for future consideration.

While these acceded demands were not quite as boldly put as the sentiment of the people seemed to call for, they cover the essential points of our just claims on Spain, are reasonable and honorable to both nations, and are additional proof that the spirit of the age is one of peace, true refinement and civilization. But for the high respect entertained by our people for President Castelar, and the wisdom of the course pursued by him, no such terms as those accepted would ever have been offered by this Government. The united voice of a high-spirited people would have driven our weak and vacillating Administration into making stern demands which probably would have brought war with all its horrors. We think it is well we are to have peace on conditions that are honorable even for the Fish-Grant administration. In this matter Mr. Fish's diplomacy makes no brilliant showing, it is true, but it is so much better than anything else we have had from Mr. Fish perhaps we ought to be thankful.

The Raleigh *News* of Saturday says that on Friday an injunction was granted by Judge Bond in favor of Swazey and others, restraining the North Carolina Railroad from paying out any monies to the Western North Carolina Railroad, and also restraining the North Carolina Railroad from drawing any draft on the Richmond and Danville Railroad for any part of the money due by that road to the North Carolina Railroad for its lease, &c., in favor of the Western North Carolina Road. But the telegraph only mentioned that the case was continued until yesterday pending argument of counsel.

When Castelar's ministry conceded our claims it did a bold, brave, conscientious deed, and if it can weather the popular storm at home it will be entitled to the high admiration of the world for its moral worth, its patriotic magnanimity, its splendid heroism.

North Carolina Legislature.

Condensed from the *Sentinel*.
TENTH DAY.
SENATE.
FRIDAY, NOV. 28.
Mr. Love, a bill to prevent the obstruction of streams. Placed on the calendar.
Mr. King, a joint resolution relative to the tax upon cotton in the years 1865, 1866 and 1867. It requests the North Carolina Legislature in Congress to vote for a bill to refund the tax collected.

MABSON, A BILL TO ESTABLISH A SPECIAL CRIMINAL COURT IN THE CITY OF WILMINGTON. Referred to Judiciary Committee.

Col. Morehead called the attention of the President and the Senate to the fact that the Journal of the Executive session contained a communication from the Governor in response to a note sent him by the President of the Senate informing him of the action of the Senate on the nominations sent in by the Governor for confirmation, in which communication the Governor states that the note sent him by the President of the Senate was not received until 9:15 A. M. on Monday, and that it was impossible for him in three-quarters of an hour to make other nominations in lieu of those rejected. Col. Morehead was informed that the note was transmitted to the Governor on Saturday evening, but after the Governor's office hours had passed, and that he declined to receive it then.

The correction was made. Mr. Love, additional report from Committee on Propositions and Grievances, a petition from citizens of Harnett county, asking the passage of a prohibitory law to operate in certain sections of that county. Committee asked to be, and were discharged from further consideration. Same disposition of a like petition from Chatham county.

The President appointed Messrs. Norwood and Grandy on the committee on the publication of the Geological Report.

A message from the Governor was announced, enclosing a communication relative to the Centennial Celebration of American Independence, 1876. Upon motion it was transmitted to the House with proposition to print.

Mr. Cowles enquired what had become of the House bill for the relief of the several Sheriffs of the State—could the President inform the Senate whether the House had adopted or rejected the Senate amendment fixing the time of payment of twenty-five per cent. of the aggregate taxes, 1st of February, instead of January. The President replied that he had no official information.

Leave granted to Senator Waring to introduce a resolution relative to the Mecklenburg Declaration of Independence, inviting Gov. Graham to publish all the evidence of the validity of that declaration and to that end to examine the archives in London and elsewhere.

Mr. Morehead suggested that the preamble might be very appropriately struck out. Mr. Waring had no objections.

Mr. Harris said that any North Carolinian who doubted the genuineness of the Mecklenburg Declaration was insane, and could not see the propriety of proposing any resolution on the subject.

Mr. Norwood regretted that the resolution had been introduced, and said that he had again and again, as stated, declared most solemnly our entire belief in the validity of the Mecklenburg Declaration.

Mr. Waring defended the resolutions in a glowing speech in which he appealed to the State pride of the Representatives of the people to vindicate the truth of history.

Mr. Avera moved to lay the whole matter on the table. Not agreed to.

Mr. Norwood moved to refer the resolutions to a joint committee of both houses. Agreed to.

HOUSE REPRESENTATIVES.

FRIDAY, NOV. 29.

Mr. Stanford, bill to require the registration of deeds. Referred.

Mr. Ellison, colored, bill requiring the county commissioners to make no distinction on account of color in drawing jurors.

Bill to prevent the adulteration and the sale of adulterated alcoholic liquors.

Message received from the Senate proposing to add the name of Mr. Nicolson to the Committee on Printing. Concurred in.

Mr. Bennett, bill to prevent the sale of liquor within two miles of Cedar Creek Church, Anson county. On motion the House adjourned.

OPERA HOUSE.

Chapman Sisters. For a Saturday night's performance, the Opera House was well attended last evening. "Leo and Lotus," an execrable burlesque, utterly flat, and insipid almost to the point of producing nausea, was selected for the last display of the attractions of the Chapman Sisters during the engagement just terminated. The audience was pleased, and laughed again and again at the absurdities at which not even professional conventionalities could restrain the dramatic persons from laughing.

The Chapmans will visit us again during Fair week, and we can hardly err in promising them a profitable engagement at a season so auspicious for theatricals.

A Fight and the Result.

Quite a desperate encounter occurred near the corner of Front and Wooster streets, on Friday evening, about 7 o'clock, between two colored men named Wright and LeGrand, which produced great excitement in the neighborhood, the streets in the vicinity being crowded. No policemen being stationed in that locality it was some time before the disturbance could be quelled.

Finally, however, ex-policeman J. K. Davis, assisted by Justice W. H. Moore, succeeded in separating the parties, when they were required to give the necessary bonds for their appearance before the latter official yesterday morning, after which they were released.

In the investigation which took place yesterday, Wright was tried on the charge of assault and battery and fined \$35 and costs; after which he was arraigned on a peace warrant sworn out by Legrand and required to give security in the sum of \$100 for his appearance at Court and to keep the peace.

On the complaint of Wright, Legrand was then arraigned on the charge of assault and battery, and the case was dismissed at the prosecutor's cost.

Bishop Davis.

The Camden *Journal* announces the completion of the proposed monument to the memory of that eminent servant of God, Right Rev. Thomas Frederick Davis, D. D., Bishop of the Diocese of South Carolina, erected by the Episcopal Church of Charleston in conjunction with the congregation of Grace Church of Camden. The monument is twelve and a half feet high, standing on a base of granite thirteen inches thick, four feet square, and is of pure white Italian marble, with square shaft, on the front of which is beautifully carved a "Mitre and Crosier," and capped with a well executed Urn. The inscription is from the pen of Rev. John Johnson, Rector of St. Philip's Church, Charleston, and recites the facts of his birth near this city in February, 1804, his graduation at our University, his ordination as a minister, his induction into the Episcopacy and other facts in his useful life.

Mortuary.

During the week closing yesterday there was only 1 interment in Oakdale Cemetery, that of an infant 7 months old. This makes 3 interments in the cemetery for this month, while by reference to the books in the Secretary's office we find that during the same month last year there were 11 interments. During the eleven months ending with the 1st of December, 1873, the total number of interments was 194, while for the corresponding period this year there have been only 98. This, we take it, is a very encouraging exhibit, especially when it is taken into consideration that the city is constantly increasing in population.

A Fowl Beed.

Some thief made a raid on the chicken coop of Mr. G. M. Altater, residing on the corner of Eighth and Chesnut streets, on Friday night, and abstracted therefrom about eighteen fine fowls, being all he had except one rooster and a pullet, which he was considerably allowed to keep with the view of replenishing his stock. Mr. A. purchased two fine turkeys yesterday for his Christmas dinner, and an invitation is extended the thief to try his hand on them.

Arrest of a Female Pickpocket.

A colored damsel by the name of Lou McCullough, was arrested yesterday, on the complaint of one Fortune Cox, charged with picking his pockets of \$4.25 in currency and a railroad order for \$5. In default of security for her appearance before the Mayor's Court on Monday she was lodged in the Guard House.

"Chicken Dispute."

We learn that a very interesting and exciting "chicken dispute" is to take place in the yard attached to the "Carolina House," Front street, on Wednesday morning next, at 10 o'clock. Several lively "birds" have been entered for the contest, which is expected to be a spirited one.

Ladies' Benevolent Society.

The usual monthly meeting of the Ladies' Benevolent Society will be held at the rooms of the Y. M. C. Association on Tuesday afternoon, the 2d of December, at 3 o'clock. A full attendance of the officers and visitors is respectfully requested.

Magistrate's Court.

Ella Pennell, colored, charged with an assault upon Ella Morrison, also colored, and both hailing from the classic precincts of "Paddy's Hollow," had a hearing before Justice T. M. Gardner, yesterday, who dismissed the case on the payment of costs.

City Taxes.

The receipts at the office of the City Treasurer and Collector for the week closing yesterday amounted to \$2,507 75, of which \$475 10 was for specific and \$2,032 65 for real and personal taxes.

Vessel Foundered at Sea—Arrival of the Survivors at this Port.

The Norwegian Brig *Mari*, which arrived at this port yesterday evening, brought as passengers Capt. James A. Leete and five seamen of the Sch. *Lizzie Webster*, which foundered at sea on the 17th of November, in lat. 32 39, long. 73 40. The survivors were taken off the wreck on the 21st November, in lat. 32, long. 74 30. The *Lizzie Webster* was bound from Matanzas to Bristol, R. I., with a cargo of molasses. Her former Captain died on the passage and was succeeded by Capt. Leete, at the time acting as 1st mate. The survivors of the wrecked schooner are loud in their professions of gratitude and thanks to Captain Granderson of the *Mari*, his officers and crew, for the kindness and hospitality experienced at their hands since they have been on that vessel.

A Sailor on the Rampage.

A sailor belonging to the Barque *Jessie Goodwin*, who has been confined in the county jail for a week or two for safe-keeping, was taken out yesterday, handcuffed and carried to his vessel in charge of Officers N. Carr and S. W. Nash. Reaching the wharf at which the vessel was lying, the dissatisfied seaman suddenly plunged into the river, all manacled as he was, and it was with some difficulty that he was rescued and delivered into the hands of the master of the Barque.

O'Brien, charged with deserting from the garrison at Fort Johnson, and who was identified upon being arrested a few days since for drunkenness and disorderly conduct on the streets, was sent to the Work House yesterday to serve a term of twenty days for the latter offence, after which, in response to an application, he will be transferred to the custody of the commander of the post at Smithville.

The committee on church Extension reported, which was received and adopted. The report stated that the borders of Zion were increasing greatly, new churches had been built during the year, &c.

The report on the state of the church was read, received and adopted. The report also stated that the Zion church in this Conference district was in a prosperous and healthy condition, with an upward tendency to sway over the entire State amidst the oppositions that she has had to contend with, &c., &c.

Elder Hill addressed the Conference on unity and love for our church, and its final success in many parts of the State, and especially Wilson's congregation, worshipping in Wilson county.
