Meigs and others were examined yesterday before the Howard court of enquiry.

The Mountain Sensation. [Raleigh News.]

The Asheville amd Charlotte papers are discussing the probabilities of an earthquake in McDowell county and a threatened volcanic eruption from Bald Mountain, located in the Fair View end of McDowell county, in the Bend of Broad river opposite Chimney Rock. The people of that section are becoming alarmed about a rumbling noise that has been heard daily for some two months, proceeding from this mountain, houses being jarred for miles in every direction. The Asheville Expositor publishes letters from reliable parties in the vicinity of the disturbed mountain, who each give ing to leave from fear.

Editor of the Expositor and he assured us, upon the strength of the assertion of gentlemen from the vicinity of the disturbance, whose word he could not doubt, that no doubt exhibited of the fact that the mountain was in terrible throes from some cause, the rumbling noise and the attendant quaking of the earth being anything but pleasant, while there are positive indications that the mountain is on fire. The recent snows have melted as rapidly as it fell upon the mountain. Would it not be well for some scientist to lock into this matter, as a correspondent writing from there says: "The people are going to leave, if it is not stopped."

The British Empire of to-day furnishes a notable example of the energy and administrative ability of the Anglo-Saxon race. According to the census of 1871, which, although taken in one day, has only recently been collated and published, Queen Victoria rules over 234,763,593 sublects. The United Kingdom contains only about 31,000,000 of these. while India has 191,307,070 inhabitants. Canada has nearly 4,000,000 inhabitants, Africa and adjacent islands 2,000,000, and Australia and the islands in the Atlantic ocean the remainder. The area of the British Empire is put down at 7,769,449 square miles, more than twice the area of the United States, and nearly as large as that of Russia and her possessions. In the United Kingdom there are 260 persons to the square mile, but only 38 to the square mile throughout the Empire.

PRESTON CUMMING.—Regular Meeting. CRONLY & MORRIS. - Auction Sale. WRIGHT & STEDMAN.-Sale Continued.

Norfolk Versus Wilmington. Under the above caption, we find the following rosy paragraph in the Norfolk Vir-

In our advertising columns this morning appears the card of the Barry Brothers, commission merchants, No. 80 Water street. Major Robert P. Barry, one of the members of the firm, which has for years been doing an immense business in cotton buying in Wilmington, N. C., has been in the city for some ten days, and finding that our city furnished facilities which Wilmington does not enjoy, has located here permanently. The firm purchases for the largest houses in Europe and the North, and the Wilmington market was inadequate to supply the de-mand. They are perfectly satisfied that Norfolk will afford all they ask, and we cordially welcome them to our business community.

Our Norfolk friends certainly do possess remarkable "facilities" for counting through cotton as receipts and exports; thus enabling themselves to experience the delightful sensation of residing in the "second cotton port" of the United States. The thousands of bales of cotton received at Norfolk, consigned to "T. H. Webb, Agent," and "V. D. Groner, Agent," would be very profitable to the commission merchants of that city if it did not all pass through to the Northern cities. And yet, our unsophisticated friends in Norfolk are so wretchedly imposed on as to religiously believe that all this cotton should be counted as receipts and exports, in order that Norfolk may be called the second cotton port!"

Perhaps Mr. Barry goes to Norfolk to catch cotton "on the fly."

Shipping Notes. Capt. McDonald, of the steamer F. E. McDonald, which arrived here yesterday from Belfast, Me., reports as follows :-Left Belfast on March 5th, bound for this port; experienced moderately good weather until the 9th. At noon, on the 9th, sighted Hatteras bearing Northwest 15 miles, wind W. N. W., blowing very hard. At 8 p. m. of the same day, while in latitude 34 degs. forty min., long. 75; min. 45 degs., single reefed sales. At 9 p. m., spring stays, and the topmast were carried away, unstepping mast and ripping up the deck; cut away the mast to save mizzenmast, vessel and cargo. On the 14th the wind abated, after having blown a hurricane for five days, and came inside the Cape Fear Bar on Sunday about 10 o'clock evening. They will meet at their Hall this a. m., and arrived in port yesterday about | morning at 84 e'clock, where the procession 12 o'clock. On the 12th spoke schooner | will be formed under the command of Mr. James Brown, from Jacksonville, Fla., J. H. Allen, Chief Marshal. bound North, in lat. 32 min. 23 deg., long. 76 deg. 20 min.

The Cotton Mill. We are requested by the Committee on Subscriptions to state that the subscriptions to the capital stock of the proposed Cotton Factory come in so slow and in such small amounts that the corporators are compelled to say, that unless the amount rquired is subscribed very soon, the attempt to establish this valuable and long desired branch of industry in our city will be abandoned. Ninety thousand dollars have been secured. Sixty thousand dollars more are needed .-Now is the time. "Strike while the iron is was released on his own recognizance to ap-

- We are constantly receiving communications unaccompanied with real names of authors. Of course, they are not published. In fact, four-fifths of those written by parties who give their real names are rejected, on account of length or want of general interest; and, as for those of an anonymous character, they stand no chance at all.

A Small Fire.

As Mr. John S. Barnes was passing the house of a colored man on Castle, between Eighth and Ninth streets, on Sunday, about 12 o'clock, he discovered smoke oozing from crevices in the building. Upon obtaining admission he found that the bedding in one of the rooms was in a light blaze, while the man to whom the property belonged was asleep and knew nothing of the danger with which he was environed. Upon being aroused, he and Mr. Barnes procured a few buckets of water, with which the fire was soon extinguished. There was

Severe Accident. Mr. Thomas Reynolds, a young man employed in the blacksmith shop of the Wilmington and Weldon Railroad, aged about 19 years, had his leg fractured below the knee, yesterday afternoon, caused by a truck frame falling upon it, the weight of which is estimated at from 500 to 600 pounds. The injury is necessarily very painful, but we are glad to learn that it is not likely the unfortunate young man will

Mr. Reynolds is the young man who runs the steam-hammer for Mr. Wm. Toft in the blacksmith shop.

The Election Next Monday.

The Cape Fear Agricultural Association yesterday paid to the City Treasurer the amount necessary to meet the requirements of the Board of Aldermen for the proposed election to be held on the 23rd inst. The friends of the Sound Road had already paid in their quota, and therefore the election will be held, as provided, on Monday next, the 23rd inst., to ascertain the will of the people in regard to the proposed subscription to the special stock of the Wilmington and Sea Side Railway and loan or donation to the Cape Fear Agricultural Association.

Sound Road-Meeting To-Night. The friends of the proposed Railway to the Sounds are reminded that an adjourned meeting of the subscribers to the special stock of the same will be held at the Court House this evening, at 8 o'clock, to consider matters of importance that will be laid before the meeting. We hope to see a large attendance on the occasion and an increased determination on the part of the friends of this important scheme for the benefit of Wilmington and the people generally to push it forward to a successful completion.

St. Patrick's Day. This being St. Patrick's Day, our friends of the Hipernian Benevolent Association will celebrate it with the public parade usual to the occasion, the festivities to close with a grand ball at New Hanover Hall this

City Railway Meeting To-Night. The real estate owners and others interest-

ed are requested to be at the Court House by 71 o'clock this evening, in order to attend to the matter of the proposed extension of the street railway South of Market street before the meeting of the subscribers to the Sound Road. Now is the time to decide the question of the city road south of Market street.

Destroying Shade Trees.

A colored man by the name of Nick Laboo was arrested yesterday on the charge of destroying a valuable shade tree. He pear before the Mayor's Court this morning. of THE MORNING STAR.

CHARLES SUMNER.

WILMINGTON, N. C., TUESDAY, MARCH 17, 1874.

Memerial Meeting Yesterday - The Procession-Eulogies Delivered-Resolutions, &c.

In accordance with previous notice, a large number of the colored people of the city met at the City Hall yesterday morning, and at 11 o'clock a procession was formed and marched to St. Stephen's A. M. E. Church, corner of Fifth and Red Cross streets, where the ceremonies were to take place. The procession was headed by the Rose Bud Brass Band, under the leadership of Allen Evans, followed by the orators of the day, the Chaplin, Owen Burney, Chairman of the Committee of Arrangements, and others, in carriages, after which came the Wilmington Rifle Guards under command of Capt. Eagles, followed by citizens on foot. The procession was under command of Jos. E. Sampson, Chief Marshal, with Henry Brewington and others as

opened by music by the choir of St. Mark's (colored) Episcopal church, followed by prayer by Rev. Jos. Nichols, Chaplain. Music succeeded the prayer, after which J. H. Smythe, Cashier of the Freedmen's Savings' Bank, delivered the eulogy on the illustrious deceased, followed by Geo. L. Mabson and Rev. C. O. Brady, chosen orators for the occasion. They were followed by Maj. J. C. Mann and James Heaton, Esq., who were called upon and responded in an appropriate manner. Jos. Jones, Sr., presided over the meeting and Jos. C. Hill acted as Secretary. The church was crowded almost to its utmost capacity and all seemed to be duly impressed with the solemnity of the occasion.

Arrived at the church the exercises were

Among the white citizens on the platform were noticed Rev. H. B. Blake, James Heaton, Esq., Maj. J. C. Manu, Denard Rumley, Esq., Sheriff A. R. Black, George R. French, Esq., and Col. E. R. Brink.

Jos. C. Hill read the following resolutions, which were unanimously adopted:

Providence, the sum of all wisdom, jusbefore the earth was, before the mountains were brought forth, even from everlasting to everlasting, has seen fit to whelm a race in grief, and create in the councils of nations a void and take from a free people a bulwark in the person of a great statesman and philanthropist; therefore

Resolved. That in the death of the Hon. Chas. Sumner, the nation has lost one of its first and purest, most learned and patriotic statesman; the poor and oppressed of al lands and nationalities a friend, and the negro race, especially, a devoted friend and an indefatigable advocate, and of the right. an uncompromising, firm defender.

Resolved, That with a sorrow that canno be adequately expressed, we receive the sad intelligence of the death of our friend. Resolved, That we tender to Massachusetts our condolence for her great loss; to the Senate and the country the sympathies of a class the struggle of whom for freedom has received more lasting benefits from Charles Sumner's labors as a legislator than any other American statesman.

Resolved, That we alone console ourselves under this severe stroke of Providence by the hope that the truly humane and manly principles which he sought to incorporate into the organic law, will be advocated with like zeal by the representatives of Republicanism, thereby bringing citizens' rights to a race of loyal defenders of the nation and make pure the escuteheon of our country, and thereby rear a monument to the great commoner more enduring than the Pyramids of Egypt, perpetual love in the hearts of free men of all lands.

Be it further resolved, That his memory will be held in grateful and affectionate re membrance for his vigorous intellect, for his pure and honest statesmanship, for his careful and exact acquirements, for his independence and firmness, which nothing could shake, for the integrity which nothing could corrupt, and underlying all, the high intellectual and moral rectitude upon which, as upon a basis of enduring granite, rose the beautiful superstructure of his character, one which posterity through ages to come,

might well feel proud to emulate.

Resolved further, That the Secretaries be and are hereby instructed to have copies of the foregoing resolutions published in the newspapers of the city.

Respectfully submitted. J. C. HILL, CHAS. E. CLEAPOR, ISHAM SWEAT,

The turn-out was immense, not with standing the rain, and everything passed off satisfactorily. Many of the private residences of the colored people were draped in mourning. At 6 o'clock in the morning the bells of the various colored churches commenced tolling, which was kept up for a short time, and at 10 o'clock, when the procession was formed, the tolling again commenced and continued until 11 o'clock, when the exercises at the church were commenced.

Railroad Accident. The passenger train on the W., C. and A. Railroad, due here at 7:15 a. m., run off the track between Fair Bluff and Nichol's depot, on Sunday morning last, about 3 o'clock, badly injuring the first class passenger and sleeping cars, and tumbling them down an embankment about ten feet high into a creek. One of the colored brakesmen had a leg broken, which was about the extent of the damage to life and limb, with the exception that a few of the passengers were slightly bruised. The accident is said to have been caused by a broken rail. The track was cleared and the train reached here about two hours behind the schedule time.

Opening South Water Street. The jury appointed to open and establish the boundary lines of South Water street, from Market to Ann street, and to assess the damages and benefits to arise from the same, had a meeting yesterday and adjourned to meet again this afternoon, at 21 o'clock, at the Court House. Property owners interested are requested to be present.

- Import Entries for sale at the office

COUNTY COMMISSIONERS.

Synopsis of the Proceedings. The Board met last night; present, S. N. Martin, Esq., Chairman, and Commissioners Chadbourn, Rice, Morris and Nixon.

The Finance Committee, to whom had been submitted the matter of taxation for the County expenses and the payment of the county debt, presented the following re-

The valuation of the real and personal property in New Hanover county, as assessed for 1873, may be set down in round numbers at \$7,000,000. The amount required for ordinary expenses may be put down at \$40,000; amount for payment of debt and extraordinary expenses, \$20,000; a total of \$60,000. The resources are: For schedule B and C taxes, \$15,000; for income tax, \$1,000; for claims against other counties and the State and the sureties of J. W. Schenk, \$2,000; a total of \$18,000; making the amount to be raised \$42,000. This amount, together with the April and

July quarters of schedule B, 1875, should meet all the county expenditures until July The enormous expenses of five terms of the Superior Court, held in 1873 and 1874,

together with the care of the paupers, made a large increase in expenses over past years. The estimates now made are based upon the most rigid economy. It is recomended that the levy of taxes

for 1874, be as follows: For county purposes, on the real and personal property, \$100 in value, 35 cents. For payment of debt and interest on debt ncurred for necessary expense, on the \$100 valuation, 25 cents.

On each poll, \$1,05. For State levies, 95 cents on the poll and 81% cents and the \$100 valuation of proper-

For school tax 25 cents on the poll and cents on the \$100 valuation of property. Making a total tax of \$2 25 on the pole and \$1 00 on the \$100 valuation of property. The report was received and ordered re-

The bond of J. C. Mann, as Superior Court Clerk, for \$10,000, with Thomas H. Johnson and S. H. Manning as sureties, was received and ordered approved.

The Auditing Committee reported that they had received from the County Treasurer for cancellation seven coupons for \$15 each, gold, for which warrant No. 693 has been drawn in favor of said Treasurer, and nineteen coupons of \$15 each, gold, for same manner. The coupons were present-

ed and burned in the presence of the Board. The Chairman of the Board was authorized to provide for listing the County taxes. and to employ such clerical labor as may be required to do the same.

Report of the Chairman of the Board reative to the condition of the County Work House, as turned over by S. VanAmringe, late Superintendent, was adopted.

Commissioners Morris and Rice, with the Chairman of the Board, were appointed a Committee to report on the new prison at the Work House and to receive the same if completed in accordance with the contract. S. F. Potts and B. A. Bardin were granted licenses to retail spirituous liquors.

The bridge across Rock Fish Creek, beween New Hanover and Duplin counties. having been reported as about complete, Commissioner Nixon was appointed to visit said bridge and to report as early as prac-

Application of S. F. Walcott for a license to retail spirituous liquors was laid over for a recommendation from the Board of Township Trustees for some one to be ap-

Application from the Board of Trustees of Wilmington Township, for the levy of a tax of 3 cents on the \$100 valuation of real and personal property for the purpose of liquidating the debt and for the current expenses of said Township during the ensuing year, was laid over for further information. The Board then took a recess until 10

o'clock this morning. Interesting Services.

The services in the First Presbyterian church on Sunday were of an unusually interesting character, and were largely attended. The morning services were conducted unitedly by the congregations of the First and Second churches, the Rev. Dr. Plumer preaching and administering the Lord's Supper. A joint Sabbath School celebration by the teachers and pupils of the two churches was had during the afternoon, an address suited to the occasion be ing delivered by Dr. Plumer. At night this venerable minister (now in his 76th year) preached again, taking for his text the words "Finally brethren, farewell," being among the last words of Paul to the Corinthians. During his discourse, which is alluded to in the highest terms by all who heard it, Dr. P. intimated that, as a regular minister had been called to preside over them, that would probably be his last regular sermon in this place, and remarked that during the past few months he had preached for the Pres byterian congregations of this city more than sixty times, and to meet his appointments he had traveled a distance of about nine or ten thousand miles. The sacrament of baptism was administered to fourteen children during the day.

The congregations of the two churches will part with Dr. Plumer with regret.

English Owens, Jim Toomer and Jake Walker, all colored, were arrested yesterday afternoon, by officers Davis and Miller, of the police force, on the charge of fighting at a saloon on North Water street, kept by a man of their own color. They were lodged in the Guard House to await a hearing

FAIRBANES' SCALES.—Our large Freight Railroads are proving the great profit of the use of Track Scales, by the discovery of the frequent, if not general, over-loading of cars of merchandise, especially those contracted for "by car-loads." On one of the New England Railroads, the first car-load weighed showed such an excess of weight as to add seventy-reven dollars to the freight bill. On another New England dollars to the freight bill. On another New England Railroad, a suspected car was found to have twenty tons of manure or instead of ten as billed.

The New York Tribune says: "Western grain shippers have a trick of loading cars beyond the amount mentioned in the invoices, and, as the railroads have not weighed the trains, considerable produce has been got through free. The Boston and Albany Company are making an outcry about it." The Fairbanks? Patent Iron Frame Track Scales which are almost universally need by our railroads have the almost universally used by our railreads, have thus proved themselves a source of income instead of ex
