PERSONAL AND POLITICAL.

Prince Yai, nephew of the King of Siam, is to receive his education in England. Ex-President Johnson is to address the Tennessee Patrons of Husbandry in Nashville on the 11th of May next. 'Siamese' means in North Carolina getting hitched, tied, and as our vernacular variously hatch it.—N. Y. Herald. The Republican journals of Ohio are not very kindly disposed toward the Prohibitionists since the recent town elections. Mr. Robert C. Winthrop was elected President of the Massachusetts Historical Society on Thursday last, and the Hon. Charles Francis Adams and ex-Gov. Washburn, were chosen Vice Presidents. Ex-Congressman M. C. Kerr is announced as a candidate for the Democratic nomination for Congress from the Second Indiana District; but it is thought that his well-known views against inflation will render his election very difficult.

Pennsylvania Politics.

Pennsylvania newspapers are discussing candidates for the election next Fall, when a Lieutenant Governor and two Judges of the Supreme Court will be chosen. At present, the chief interest is concerning the nominees for judges, since the minority system provided for by the new Constitution insures the election of one candidate by each party. The nominations by the Convention are therefore virtually elections, as each elector can vote for only one candidate. Judge Paxson, the candidate of the Philadelphia Ring before the Convention last year, seems to be the favorite among the Republicans, although there is a strong movement in favor of Judge Butler of Chester county. The Democrats have a larger number of candidates, among whom the most prominent are Judge William Elwell of Columbia, Judge Ludlow, and the Hon. George M. Dallas of Philadelphia, and Judge E. L. Dana of Luzerne county.

The Masonic Lodge at Oxford are going to give the children of the Orphan Asylum a picnic on the 6th of May. A gentleman living in a neighboring county has named his child Monroe Morriewood Lucinda Pippen Evaline Caroline Jane Wheeler—and yet that father is not happy. It is said that C. D. Johnson, of Orange county, near Chapel Hill, got \$750 from the Louisville lottery, and that a certain club of quiet gentlemen of this city, got \$1,150 out of the same concern. Drafts, it is said, have been sent on for these amounts. At the services at St. John's Catholic Church, Raleigh, on Sunday last, the Bishop refused to permit Father McNamara, the removed priest, to make an explanation, telling him that he had violated church rules.

Wake has the largest deposit of black lead known in this country.

The Raleigh News says: 'The vein was first opened at Camp Mangum Spring, about three and a half miles west of this city, and has been discovered to be about three and a half feet thick, and has been traced over fourteen miles in a northerly direction. Its depth has not yet been ascertained. The probabilities are that the vein extends to a far greater distance than the limit given above to its length. Mr. P. Murray, of New York, is the owner of a large number of acres of the land near this city on which the deposit is found, and is now working three pits near old Camp Mangum. The lead has been pronounced by Prof. Kerr, our State Geologist, to be medium quality. It is not such as would be used for the manufacture of pencils, &c., but for paints, lubrications and moulding purposes it is of the best quality and very valuable. Mr. Murray is shipping daily a large number of barrels of it to his factory at the North, and it is estimated that he has excavated some twenty thousand tons of it.

In the absence of any Township organization, and at the suggestion of a number of leading Conservatives, I hereby request the Conservative voters of the Township of Wilmington to assemble at the Court House, on Thursday evening, the 10th inst., at 8 o'clock, for the purpose of appointing delegates to the County Convention which is to meet in this city April 22nd. Don't forget the grand Charity Concert at the Opera House to-night. A meeting of the Wilmington Building Association will be held this evening. Frost and cold weather has injured the fruit crop on the line of the C. C. Railway. The Norwegian barque Reidfuf, Kundsen, arrived at Rotterdam on the 9th inst. The steamer John, Gabriel, cleared from New York for this port on the 11th inst. Heavy froshet in the Cape Fear, causing great inconvenience in receiving and delivering freight. The first virgin dip turpentine of the season was sold in this market yesterday at \$3.50 per barrel. A person engaged in performing perilous gymnastic feats in the rigging of a vessel at one of our wharves yesterday attracted considerable attention. Remember the Conservative township meeting to be held at the Court House to-morrow evening, for the purpose of appointing delegates to the county convention. Antone Freeman, charged with passing counterfeit money, had a hearing in a second case before Commissioner Casidey, yesterday, and was committed in default of bail in the sum of \$500. A meeting of the Conservative Committee for this Judicial District will be held to-day for consultation, and to agree upon the time and place for the holding of the Convention. During the excitement consequent upon the alarms of fire yesterday we learn that a small colored child was run over on Ann, between Second and Third streets, by one of the horse-reels, and severely injured. We are indebted to the Ladies' Society of the First Baptist Church for an invitation to attend a "Rosette Party," to be held at the residence of W. A. French, Esq., on Tuesday evening next, the 21st inst. We are glad to learn that it was a mistake on the part of our Raleigh contemporaries that Rev. Mark S. Groves, of St. Thomas' Church, is to take leave of his congregation permanently, it being his intention to remain in Raleigh only for a few weeks. We learn that the friends of the proposed movement for a city election in May had a meeting in the First Ward last night, and appointed a committee of three for each ward to prepare for the campaign. They propose to hold a mass meeting at the Market House on Monday night. Postponed. The examination into the charges preferred against several members of the police force, which was to have taken place before the Mayor yesterday afternoon, at 3 o'clock, had just commenced when the alarm of fire sounded, which had the effect to disperse the Court and all in attendance in the shortest possible order. His Honor, however, found time to order a postponement until this afternoon, at the same hour. Diocesan Convention. The following delegates have been appointed to represent St. Paul's Parish in the Diocesan Convention to meet in this city next month: Delegates.—DuBruz Cutlar, W. B. Giles, Geo. Davis, J. W. Atkinson. Alternates.—W. H. Bernard, R. E. Heide, F. H. Mitchell, R. G. Rankin.

F. H. Mitchell, R. G. Rankin.

The following cases were disposed of yesterday morning: C. McHenry and W. T. Cutlar, charged with disorderly conduct on Second street, were required to pay a fine of \$20 each and costs. Sophia Merrick and Matilda Fennell, charged with fighting, &c. Judgment for \$30 and costs against Sophia Merrick. Matilda Fennell fined \$5 and costs. John Swanny, charged with drunkenness, was discharged on the payment of costs. Jerry Kelley, charged with drunkenness, was discharged on the payment of costs. One case continued over for a future hearing. Horse Stealing. Sheriff Clark received a telegram yesterday, dated at Kinston, stating that the sender, Mr. A. M. Abbott, had lost a valuable horse which had been stolen from his stables the night previous by a colored man named Bryan Powers, and offering \$50 for the apprehension of the thief and the recovery of the animal. Powers is described as a man about six feet high and light complexioned. As he was expected to come in this direction a look-out should be kept for him.

Opera House.

The Lecture Last Night. Rev. W. H. Milburn made a graceful bow, last evening, to an audience only average in numbers, but more than large in appreciation. "The Blind Preacher" theme was "What a Blind Man saw in England" and right handsomely did he handle his subject. His description of his landing at Liverpool was eloquent, while his good humored sarcasm at the expense of Liverpool landlords was capital. At London his treatment by the hotels was more satisfactory, and he employed glowing terms in speaking of mine host of "Exeter." The English character was drawn more than well: its strength and its weakness, its cold reserve and undercurrent of warmth, its lack of words and abundance of thought, were sketched in colors accurate yet delicate. Altogether the Lecturer admired the English, and his description of Westminster Abbey, the home of England's illustrious dead, her poets, her historians and her warriors, was eloquent. Westminster Hall, too, received homage at the hands of the speaker. Profound Burke, eloquent and patriotic Chatham, gay and brilliant Charles Fox were mentioned, and the speaker allowed his imagination to play at random, first serious then wayward, but always capable of any flight. Oratory was discussed, and, though discussed in humorous manner, was so sensibly done as to show a correct appreciation of it on the speaker's part. The drawing manner of an English Parliamentarian was contrasted with the unintelligible rattling of an American Congressman; and the "Blind Preacher" intimated that the former, though slow, was sensible; while the latter was simply Buncombe. Mr. Milburn was very varied in his style. He could rise to the sublime and then fall so suddenly, that one was reminded of Napoleon's saying that "the distance is only a step." In pleasantry mingled with wit; in irony softened by kindly sentiment; and in broad good humor protected by dignity, in all these the Lecturer of last evening stood unequalled. Our space is too limited to give a full notice, such as once as the lecture well deserved; and we will conclude by stating that, at request, Mr. Milburn will deliver, on to-morrow evening, at the Opera House, his celebrated lecture, "What a Blind Man saw in Paris." Tickets can be procured at Heinsberger's; and we advise all to attend.

A Swindler Swindled.

On Saturday last Mr. W. A. Gill, Master Machinist of the Carolina Central Railway, received a letter dated "Arcade House, New York," saying a man by the name of E. Gill registered at his hotel on the 1st inst., and died suddenly of apoplexy on the 4th, leaving a valuable trunk containing a fine gold watch, a pair of fine pistols, a gold ring and valuable papers addressed to T. W. Gill, Laurinburg, N. C., and that the trunk would be seized for board amounting to \$11 75 if that sum were not sent by the 20th day of the month. Mr. Gill immediately telegraphed relatives in Petersburg, Va., to know if his brother Emmett Gill was at home. The reply received was "yes." So the swindler was cheated of his "board bill," besides writing paper, stamps, etc.

Alarm of Fire.

The alarm of fire yesterday afternoon, about half past 3 o'clock, was caused by a spark from a chimney lighting the roof of the kitchen on the premises of what is known as the MacGuire house on Fifth, between Orange and Ann streets, and occupied by Mr. Walker Moore. As the wind was blowing a gale at the time the alarm naturally created a great deal of excitement, but fortunately the flames were extinguished by use of buckets and water before any damage of consequence ensued. The fire department was on the spot with usual promptness, but the services of the engine and hook and ladders were not required. A second alarm was caused by a fresh outbreak of the flames, but they were quickly subdued and the excitement subsided.

Republican Aspirants.

The following comprise the principal aspirants already in the field and electioneering for the choice of the Republican Nominating Convention: For Sheriff—A. R. Black, Esq. present incumbent; Gen. S. H. Manning, Owen Burney, colored, and Duncan Holmes, colored. For Superior Court Clerk—Maj. J. C. Mason, present incumbent; James Heaton, and G. P. Bourke, colored. For Register of Deeds—J. C. Hill, colored, present incumbent; Jos. E. Sampson, colored, and G. W. Bordenax, colored. For State Senate—Anthony Maultsby, W. H. Moore and W. H. Banks, all colored. For the House—Alfred Lloyd, Henry Brewington, J. C. Smith and Blount, all colored.

The Sheriff in Those Days.

In an old report of the Committee of Public Claims, made at Newbern in December, 1754, the Raleigh Crescent finds that Southerly Reno was allowed sixteen pounds of proclamation money for executing the office of sheriff of Craven county for the years 1751-'52, he having fully accounted with the Treasurer for these years. Joseph Whyte, sheriff of Anson county, was allowed his claim of eight pounds of proclamation money for his salary for the year 1751. Caleb Granger, sheriff of New Hanover county, was allowed his eight pounds for the same year. William McCree, sheriff of Duplin, was allowed the same for 1752.

REMOVAL AND APPOINTMENT.

Mr. E. M. Shoemaker, who has held a position in the Custom House for several years past as Weigher and Grager of the port, has been removed by the Government and Geo. L. Mabson, colored, appointed in his place. This action is said to have been in pursuance of a recommendation from Mr. Rumley, Collector of the Port. Thus has the clamor against the present incumbent of the Collectorship, of which we have heard so much from the colored people of this city recently, been hushed for a season, and Mr. Rumley can now sleep serenely without the apprehension of awakening to a sense of the loss of his official head.

More Fire Alarms.

Just before the alarm of fire yesterday afternoon, alluded to in another article, the roof of the shed attached to the residence of Wm. Cutlar, day janitor at the City Hall, situated on Fourth, between Ann and Nun streets, was discovered to be on fire. The neighbors went to work with a will and fortunately succeeded in extinguishing the flames; not, however, before quite an ugly hole had been burned in the roof. The roof of another house caught about the same time, from a spark from a chimney, but the fire was quickly discovered and as quickly subdued. All the alarms occurred in the 4th Fire District.

Dead of Her Injuries.

Betsy McRee, the colored woman heretofore alluded to as having been so badly burned near Union Depot a week or two since, and who has since been suffering untold agonies, died at the County Poor House yesterday morning, about 8 o'clock. Lost and Found. We learn that a lady dropped a pocket book at Union Depot yesterday morning containing \$750 in money. Fortunately it was picked up by an honest little colored boy, who returned it to its owner shortly after she had discovered her loss.

DEMOCRATIC CONSERVATIVE MEETING IN ROCKY POINT TOWNSHIP.

According to previous notice a meeting of the Democratic Conservative party of Rocky Point Township in New Hanover county, was held at Rocky Point Depot on the 11th April, 1874. The object was to appoint delegates to a County Conservative Convention to be held in Wilmington on the 22nd inst., having in view the nomination of candidates for Solicitor, Judge, and Congressman. Mr. J. B. McPherson called the house to order and made a few spirited remarks. Dr. W. T. Ennett was called to the chair and Thos. J. Armstrong, Jr., appointed Secretary. In explaining the purpose of the meeting the chairman indulged in some appropriate and eloquent remarks, calling upon every true Conservative to rally to the warm support of the party in the approaching campaign in the judicial and Congressional Districts. The following gentlemen were appointed to prepare business for the action of the meeting: Messrs. James B. McPherson, Sterling Allen and John A. Seabbs. The committee retired and during their absence, Dr. S. S. Satchwell, being present, was called upon to entertain the meeting. Being ever ready to speak or act in behalf of his native State, he did so in a beautiful and impressive speech. The Committee on Business reported the following resolution, which was adopted unanimously: Resolved, That the chairman of this meeting appoint three delegates to represent the Democrats and Conservatives of this township in a County Convention of the party, and to go for the strongest and best men, and whose loyalty to the Democratic-Conservative cause is unquestionable. The following gentlemen were announced by the chairman as delegates: Dr. S. S. Satchwell, Messrs. James B. McPherson and F. M. King. On motion, the chairman was added to the list. The following gentlemen were appointed a Township Committee: Dr. S. S. Satchwell, Mr. J. B. McPherson, D. H. Armstrong, T. J. Armstrong, Jr., Geo. Ormsby and E. T. Wood. On motion, the proceedings of the meeting were ordered to be sent to the Wilmington Star and Journal, with the request to publish. The meeting then adjourned. W. T. ENNETT, Chairman. T. J. ARMSTRONG, Jr., Sec'y.

FOR THE MORNING STAR.

WILMINGTON, April 15. The congregation of St. Mark's Colored Episcopal Parish desire to complete, if possible, before the Diocesan Convention in May, the tower of their church. They cannot accomplish this without help. But it is thought that the addition of \$150 to what they can raise among themselves will enable them to effect this object. May I, for such an object, appeal once more to the citizens of Wilmington, who have so liberally aided us thus far? The respondents, well known in this community, subscription papers properly headed for the purpose. C. O. BRADY, Secretary.
