#### DEATH OF THE GOVERNOR.

Gov. Caldwell died in Hillsboro, whither he had gone to attend a railroad meeting, last Saturday evening.

Tod R. Caldwell was for many years a leading citizen of Burke county. Continuously from 1842 he occupied some prominent position. Elected Lieutenant Governor on the ticket with Holden in 1868, on the conviction of Holden in 1871 of high crimes and misdemeanors against the State committed he became Governor. In 1872 he was declared elected Governor on the Republican ticket.

The remains of Gov. Caldwell were taken to Raleigh, where they remained in state yesterday. They will be carried to Morganton, his residence, to-day. A delegation of officials and citizens will accompany the funeral train.

Lientenant Governor Curtis H Brogden yesterday assumed the office of Governor. Of him we can only say that he has a more genial temper, with less talent, than the dead Governor had. We hope he will not make a partisan executive, and will occasionally refrain from speech-making. If he will do these perhaps Curtis will be considered on all sides a very brick of a Governor. So mote it be.

## CAMPAIGN NOTES.

- Col. Pool, our candidate for Superintendent of Public Instruction, made an able speech to a large audience at Lexington on the 9th. Col. P. is making a very strong canvass.

- Headen, candidate for Congress in the Fourth District, is anti-Civil Rights. Therefore he was not allowed to address the negroes at Oxford, but was trotted off to Brass Fields, in the same county, where nearly all the voters are whites. This is the Neill McKay dodge, but it isn't worth a

Stith vs. Lockabill, from Davidson, Pearson, J., deliving opinion.

This was a suit for land. After the plaintiff had closed evidence, defendant's counsel informed the Court, that he desired to offer evidence, showing title in a third party and would offer such evidence, if the Court thought plaintiff's evidence tended to establish his title. The Court being of opinion that plaintiff had not showed title in himself gave judgment of nonsuit. Held:

1. That under the evidence this case ought to have been submitted to

the jury.
2. The opinion says: "We cannot even by implication, give sauction to the moral practice of allowing a mo-tion to nonsuit the plaintiff in the midst of a trial, on the ground that his evidence does not make out a case, the counsel of defendant stating that if His Honor should overrule the motion he had evicence to offer showing title in himself.' By a demurrer to the evidence the defendant puts the case-which means the 'exitus,' issue or end of the case—upon the insuffi-ciency of the evidence. The judgment of the Court decides the action one way or the other. But by this novel practice the defendant has two chances to one, which is not 'fair play." Judgment below reversed. Barnes vs. Brown, from Robeson, Rodmand J., delivering opinion.

"The issue which this Court at the June term, 1873, directed to be tried (69 N. C., 439] seemed, upon the case then before us, to embrace all the matters in controversy between the parties, which had not been determmerits of the case, we think the judge | their orders.

Judge required them to try at the term, at which the form of the issues was modified. Issues are made by the pleadings or out of the pleadings. Those questions only should be put to a jury which are material. As form of issue which presents only such questions can be considered a surprise.

"Civil Rights" Orator in Tennes.

The Nashville Union and American of a recent date gives an account of a meeting of negroes in Fayette county, Tenn., on the 27th of June, at which various speeches were made, all favoring the passage of the "Civ Rights" bill, and denouncing the white allies of the negroes who refused to support it. Among the speakers was one Oscar Williamson,

"I am going to have social rights, let it cost what it will, if I have to ride in the blood of whites to my bridle bits. I am ready to begin now, and die before night if necessacounty to hell."

Mayor's Court.

The following cases were disposed of yes terday morning. Richard Jones, colored, was arrested on

the charge of stabbing S. P. Boyd on the night of the 9th of December, 1873. Required to give security in the sum of \$200 for his appearance at the next term of the Superior Court.

The defendant was also arraigned on the charge of highway robbery, committed on Bladen street, North of the W. & W. R. R, on the same night mentioned above. Required to give security in the sum of \$500 for his appearance at the next term of the Superior Court. In two cases of disorderly conduct and

resisting a police officer, judgment was suspended on application of the prosecuting officer. Thirteen cases were continued over until

this morning.

Arrested on the Charge of Horse Steal-

We learn that a colored boy by the name of Dick Moore, about 14 or 15 years of age, was arrested yesterday on the charge of horse stealing. It seems that a colored man named Jacob Bordeaux, residing in "Brooklyn," allowed his horse to go out of the lot on Sunday to feed, and that the precocious youth alluded to caught the animal, mounted him and rode off. Bordeaux missed his horse and by inquiring around soon ascertained the facts connected with his disappearance, when he started in pursuit and overtook the young thief in the neighborhood of Smith's Creek Bridge. He brought both the boy and the animal back to town and a warrant was issued for the boy, who was arrested and lodged in the Guard House to await an examination before the Mayor this morning.

A Great Responsibility. Every effort of the street force should now be devoted to cleaning up the city and putting it in a good sanitary condition. No filth should be allowed to accumulate; all now to be found in lots and alley-ways should be speedily removed; no stagnant, water should be allowed to remain standing and disinfectants should be freely used. But we will of our authorities to preserve the community have our children on top of it if it from the inroads of pestilential diseases this sinks every white child in Fayette summer and fall. Let them not forget the fearful responsibility which rests upon their shoulders, and let our citizens also remember that much-very much-depends upon their action and cheerful co-operation in this matter.

The Sound Road.

The work of grading for the Sound Road is, we are glad to learn, progressing very favorably and begins to look like "busi ness." In this connection we would state, that at a meeting of the Directors, held on Friday evening last, the Secretary of the Company was instructed to notify subscribers to the Capital stock of the Wilmington Coast Railway Company that unless the first and second installments to the same be paid by or before the 1st of the ensuing month, legal steps will be taken to enforce collec-

By latest advices from below we learn that the wreck of the German Barque Felicitus, ashore on the rip, near the main bar, has been nearly stripped of her rigging, vards. &c. Mr. Legg, we understand, says that there is but two or three hundred barrels in her, and that he hopes to complete the work of stripping and saving cargo by Wednesday of this week. But for the high Southwest winds the work would have been finished on Saturday.

Public Meeting. In response to a joint communication from the State, County, City, District, Post Office and Custom House officials, together with certain other citizens, Mayor Canaday has called a meeting to be held at the City Hall this (Tuesday) evening at 81 o'clock to give expression to the sorrow felt at the death of the late Governor Tod R. Arrested at Last. A dispatch was received here yesterday to the effect that James Leggett, who was implicated in the robbery of Messrs. Civil Hights i. Sampson-A Besper-

ate Fight. A discussion between the rival candidates for Congress in this District took place at Beaman's Cross Roads, about ten miles from Clinton, Sampson county, on Thursday last, at the close of which, we under stand, a difficulty occurred between a white man and a colored man in regard to the question of civil rights. Other colored men interfered, when a regular pitched battle ensued, in which the most of those on the ground, both white and colored, participated. The whites, both Republicans and Conservatives, arrayed themselves on one side, and the colored people on the other, and the way the missiles were projected through the air was a caution. One prominent white Radical, as he commenced

shouted at the top of his voice, "Civil rights, it it? I'll give you civil rights!" "The colored troops fought nobly," but their white allies having turned against them they were finally effectually repulsed, after having been four times driven from the field. No fire arms were used and none of the belligerents, we learn, were seriously prices. hurt, though several were knocked down and considerably bruised. Considering that the wildest excitement prevailed during the progress of the melee it is wonderful that no

implements of warfare and whirling them

into the crowd of colored belligerents,

serious disaster occurred. Some of those present at Beaman's Cross Roads stated that a fight was in progress at Averasbororo,' Harnett county, when they left there the day previous, at which point a discussion had also taken place.

I. O. O. F .- A New Lodge. On last evening D. D. G. M. Wm. S. G. Andrews, assisted by P. G. M. Wm. J. Yopp, P. G. M. Wm. L. Smith, P. Grands R. J. Jones, Jno. C. Koch and M. P. Taylor, of "Cape Fear" Lodge No. 2, proceeded to institute "Oriana" Lodge No. 3, "Daughters of Rebekah.".

The following officers were then installed for the ensuing term:

G. M. Altaffer, N. G. Mrs. C. Anna Haar, V. G. W. H. Strauss, S. Mrs. Mary E. Gerken, T. J. M. McGowan, W. Mrs. Mary B. Altaffer, C. J. W. Hodges, I. G. W. C. Farrow, O. G. Mrs. R. A. Hodges, R. S. to N. G. Mrs. Henrietta Watson, L. S. to N. G. J. L. Dudley, R. S. to V. G. W. H. Gerken, L. S. to V. G.

Efforts to unite the two wings of the Republican party in this county were being made yesterday and groups of excited politicians were to be seen all along Princess street from Third to Front. As to what all the plotting and counter-plotting will amount to remains to be seen, but as it seems to be the general impression that Manning and Heaton are among those to be sacrificed it will probably not amount to much.

Among the flourishing truck gardens in the vicinity of this city is one on the old Newbern road, at the Johnson place, which is carried on by Col. D. Klein, formerly of the Wilmington Garden. His watermelons, particularly, are very fine, and he has a great variety of them. He has added many improvements to the place and will coninue to do so.

Important Meeting.

The subscribers to the stock of the Agricultural Fair Association will have an important meeting at the Purcell House this (Tuesday) evening, at 81 o'clock. A full and prompt attendance is desired, as an organization will be effected and other matters of importance must be attended to.

Meeting of the Fifth Ward Club Last Night-A Large Crowd in Attendance-Great Enthusiasm-Spiendid

Speeches, &c. The Fifth Ward Democratic-Conservative Club met last night at the Primitive

Baptist Church, on Castle, between Fifth and Sixth streets. The President, Capt. Geo. W. W. Davis, was in the Chair. The meeting was the largest and most enthusiastic ever held in the Fifth Ward, at least three hundred persons being present. The meeting was called to order and the usual routine business transacted, after which Alderman S. H. Fishblate was called

upon and responded in an excellent speech at the close of which Capt. W. S. Norment, our candidate for Solicitor, was introduced to the Club by Isaac Northrop, Esq., and made a speech of some length, which was received with great enthusiasm. Capt. Norment was followed by Col. E. D. Hall in one of his finest efforts, which made a splendid impression. Capt. John W. Galloway, Capt. J. H. Robinson and Mr. J. I. Macks were also called upon and responded in happy strains.

Taken altogether the meeting was a magnificent success, but some of our Fifth Ward friends remarked that it was not as large in point of numbers in attendance as the next would be.

A motion was made and unanimously adopted inviting the members of the other Clubs to visit them at their regular meeting on each Monday night, after which the meeting adjourned.

Huzzah for the Fifth Ward!

An Old Bill.

We were shown yesterday, by Mr. C. H Ganzer, a curiosity in the shape of an old Continental bill of the denomination of \$25, which was printed in Newbern in May. 1780, by James Davis. It is signed by J. Green and Joseph Leith, and on one edge bears the inscription "Death to Counterfeiters." Considering its age it shows a remarkable degree of preservation, while its typography is any thing but neat. Another just like it, issued in 1781, was put in the corner stone of the Odd Fellows' Lodge in
