NOMINATIONS IN VIRGINIA. In addition to the nominations for

Congress in Virginia by Conservatives, recently alluded to, we have this morning to mention two other very fine selections, Hon. John Goode, in the Norfolk District, and Hon. John T. Harris, in the Staunton District. If any one can, we think Mr. Goode will remove the incubus of blackness from the Second District. The odds are heavy, but they can be overcome. At the last State election Hughes, for Governor, carried this District by less than two thousand majority. It formerly gave much greater majorities. Platt, the incumbent, is very unpopular, and the chances are that many of the more respectable negroes will fail to support him for re-election, in which event it is likely Mr. Goode, who is among Virginia's ablest and most popular statesmen, will be elected.

The Power of County Commissioners- An Important Opinion from the Attorney General.

The following opinion will be found of peculiar interest, affecting doubtless many counties in the State: EXECUTIVE DEPARTMENT, STATE )

Raleigh, Aug. 28, 1874. Hon. T. L. Hargrove, Attorney Gen-

OF NORTH CAROLINA

Sir:-I have received a petition, signed by the county officers and other prominent citizens of Washington county, requesting me to appoint a County Commissioner to fill the place of a man who was elected as such in said county, on the first Thursday of August, 1874, and who, as the petitioners state, will refuse to qualify.

Now I wish to know whether, in vonr opinion, it is the duty of the Governor to appoint a Commissioner in compliance with the request of the petitioners, or can the men elected as such, and who chose to qualify, lawfully complete their organization by the election of another County Commissioner.

Very respectfully, Your ob't servant, C. H. BROGDEN, Governor.

ATTORNEY GENERAL'S OFFICE. RALEIGH, N. C. 29th Aug. 1874. To His Excellency Curtis H. Brogden, Governor:

SIR :- Yours of the 28th inst., stating that you "have received a petition signed by the county officers and other prominent citizens of Washington county requesting me (you) to appoint a county commissioner to fill the place of a man who was elected as such in said county on the first Thursday of August, 1874, and who as the petitioners state, will refuse to qualify," and asking whether in my opinion it is the duty of the Governor to appoint a County Commissioner in compliance with the request of the petitioners, or can the men elected as such, and who choose to qualify, lawfully complete their organization, by the election of another County Commissioner," has been received.

There is no express provision made in the seventh article of the constitution, nor in any other article, for filling vacancies in the Board of County Commissioners. The first section of article seven provides that in each county there shall be elected biennially by the qualified voters thereof five commissioners. A county is a manicipal corporation, so described in the constitution, article seven, and its powers can only be exercised by a "board" of county "commissioners" as they are styled in the same article. "The corporate authorities have an inherent right to fill vacancies" in the board. And there has been "appropriate legislation to enable" county commissioners to fill vacancies in their

It was first provided, "that any vacaney occurring in the Board of Commissixners of any county shall be filled by the Governor of the State." See laws of special session of 1868, chapter 4, proviso to section 1, page 6. Afterwards the General Assembly, laws of 1870-'71, chapter 76, section 1, page 139, repealed so much of the law of 1868 as provided for filling vacancies in the Board of County Commissioners by the Governor, and further provided that vacancies "shall be filled by a majority of said Board." This seems to be the law at this time. In support of the view that this legislation is appropriate and constitutional, I beg leave to refer your Excellency to the See laws of special session of 1868,

case of People of N. C. ex rel. Nichols et al. vs McKee et al., 68 N. C. Reports, page 437. The opinion of the court seems to refer to this very legislation; at any rate, the principles enunciated sustain it as proper and constitutional. My opinion therefore is, that it is not now and will not be when the vacancy occurs, the duty of the Governor to appoint a county commissioner. And in case the person elected shall refuse to qualify, then it will be the duty of the other members of the board to qualify, and then, themselves elect some one to fill the va-

A Radical Raid from the South. Special Dispatch to the Baltimore Sun.

WASHINGTON, Aug. 31. Southern Radical politicians are turning up to-day in shoals, and all on the same errand. Among them are self-constituted delegates from North and South Carolina, Georgia, Alabama and Arkansas. The tallest stories of all are told by those who come from the latter State, and if one-half of them were true, it would have been impossible for these parties themselves ever to have gotten out of Arkansas alive. It is expected that the President will be back to Long Branch by to-morrow or Wednesday, when he may shortly look for a visit from some of these suffering loyalists, if he does not anticipate them by coming on to Washington. The game of the Arkansas Radicals, as learned through their own utterances, is to have the State reconstructed, and they expect to get a report from the Poland investigating committee in favor of

In connection with Southern affairs, it may be stated on authority that if it should be determined to send troops in the South, every effort will the list, comprising upwards of three be made on the part of the administration to divest its action of any political significance. A cabinet officer admttted in conversation to day that he did not believe that the disasters which had occurred in the South were of such a nature as might not occur in any State, and he did not tolerate the idea that such as had occurred had been participated in by any of the better class of people.

It may also be stated that the opinion is expressed to-night by those who are in the confidence of the President that it will take a much more serious condition of affairs than any now existing to induce him to use the armp in the South. It is also remarked in army circles that it would be very perilous at this time, in view of the threatening attitude of the indians, to withdraw any portion of the army from the frontier.

Sent to Hospital.

Meguel Burnos, a sailor belonging on the Spanish Barque Dos Hermanos, who was placed in the Guard House on Friday last, at the instance of the Spanish Vice Consul, to prevent him from deserting his ship, was vesterday sent to the Marine Hospital, he having been seized with typhoid fever.

Creating a Disturbance.

A colored woman by the name of Mary Williams, living on Sixth between Queen and Wooster streets, was arrested vesterday on the charge of cursing and abusing one Tena Dudley and creating much noise and disturbance in the neighborhood. She will probably have a hearing before the Mayor this morning.

Plantation Robbery. The plantation of Mr. D. S. Sanders.

near this city, was robbed a night or two since of about five or six bushels of grapes, some eight or ten ducks, a sheep, &c. We learn that some of the colored men in his employ are suspected of the theft.

We are sure the young people will feel obliged to the Ladies of St. Paul's Church for getting up an entertainment to relieve the monotony of the dull season. A little excitement during these quiet days will certainly be refreshing. It is therefore with pleasure we call the attention to the Festival that will be held at New Hanover Hall this evening, where all sorts of nice things to tempt the palate can be had at reasonable rates.

Charged with Incendiarism.

The case of Henry Loftin, col'd, charged with being concerned in starting the disastrous fire which occurred in this city on Thursday night, the 27th inst., will be heard this morning, he being under a bond of \$500 for his appearance before the Mayor's Court. Charges have been preferred against him and all who know anything of his connection with the matter are requested to come forward and testify to the same.

An Artist in Trouble.

A travelling artist, who is going about the country taking photographs, met with quite a mishap at a place called "Old Hundred," on the Carolina Central Railway, a few evenings since. He had his tent pitched near the railroad track, and was quietly watching a train which had just arrived at the station, when all of a sudden it was discovered that his tent was in a light blaze, having by some means accidentally caught fire. The tent and some of his fixtures were destroyed, but he fortunately succeeded in saving his camera. The affair created quite an excitement for a few

A New Way of Taking Bevenge.

A horse belonging to a colored man by the name of John McKay, who carries milk out to sell, was taken from his stable, near Hilton bridge, on Tuesday night. Missing the animal yesterday morning, search was instituted, and he was found on the side of Smith's Creek, near by, dead Upon examination, a puncture, evidently made with a sharp knife, was found behind one of his ears, and probably reaching to the brain. There was every evidence to show that the animal had been taken to the place alluded to and killed and the deed was no doubt, it seems, per - Rose and Harry Watkins in petrated by some one who entertained feelings of malice against the owner.

Subsequently an English sailor by the name of Thos. Foreacre, who has been about the city for some months and who was recently concerned in some difficulty to which Mc-Kay was a party, was arrested on sus picton of having been implicated in the out rageous affair. He was taken before Justice T. M. Gardner, who ordered him to give security in the sum of \$200 for his appearance before his Court on Friday, in default of which he was committed to jail.

Sash and Blind Factory.

Mr. Wm. Dykes, proprietor of the new Sash and Blind Factory, located on the same premises with Messrs. Colville & Co.'s steam saw mill, is, we are pleased to learn, succeeding very well. He now has ten hands employed regularly and considering the tightness of the times is turning out a great deal of work. Since the factory commenced operations it has furnished window frames, sash, doors, &c., for the new postoffice building, sash and blinds for the Maginney building, corner of Second and Market streets, and is now supplying window frames for the cotton factory in process of erection. This, of course, leaves Tickets, \$2 50; Eleven Tickets, \$100. out of consideration the various minor contracts which have been filled.

Mr. Dykes is well pleased with his success thus far and looks confidently to a large increase of business in the not remote

We are glad to see such enterprises springing up in our midst, and not only in Wilmington but in other portions of the State. They are good institutions, calculated to aid materially in building up our city, inasmuch as they not only do away with the necessity of sending North or somewhere else out of the State for such articles as can be just as cheaply and elegantly manufactured at home, but also give work to many of that class of our population that need it We want to see such an influx of capital and skilled labor in our midst as will tend to develope and bring into use the hidden or neglected resources of our section and stir up the dormant energies of our people. Wilmington is now making rapid strides in the march of improvement and every such factory that is established will add vastly to her prosperity and advancement in the scale of progress which has been marked out for

The Gift Concert of the Masoric Relief Association of Norfolk, Postfoned —Our readers will see from an advertisement in another column that the Grand Gift Concert, which was to have been given by the Masonic helief Association of Norfolk, Va., on the 3d of Neptember, has been postfoned until Thursday, the 19th of November.

As the Directors remark in their Card, there are many persons who desire and intend trainvest in this enterprise, but have been deterred from so doing by the belief that a postfonement would take place, and they were unwilling to purchase tickets until they felt assured that a day had been fixed when the drawing would positively take place. In consequence of this impression, the sale of tickets—while largely in excess of the number sold previous to the postfonement of the first Gift Concert given by the Association—has not been to such an extent as to enable the Dire tors to make a satisfactory distribution of prizes or to accomplish the object of the Concert proposed to be given. It is therefore the interest of all concerned that the drawing be deferred until the day designated in the announcement; sud we designated in the announcement; sud we designated in the Directors will meet the day designated in the announcement; and we doubt not that the action of the Directors will meet with the hearty approval of their patrons; and that the result will prove satisfactory to them. THE LAST GRAND GIFT CONCERT IN AID OF THE MASONIC RELIEF ASSOCIATION OF NORPOLK

POS PONED.-TO THE PUBLIC. In selecting the 3d day of September as the date upon which to have their last Gift Concert, the Directors of the Masonic Relief Association were influenced by the belief that there would be a sufficient length of time between the publication of the scheme and the above-mentioned date to enable them to dispose of such a number of tickets as to ensure a full drawing and an avoidance of scaling the prizes. While the enterprise has been liberally patronized by a large number of purchasers of tickets in every section of the United States and the British Frovinces, yet the impression seems to have prevailed with many who were willing to aid in the work of completing the Masonic Temple in this city, by investing in this scheme, that the Concert would be postponed, and as a consequence they have declined postponed, and as a consequence they have declined to purchase tickets until an announcement should be made that a day had been fixed upon when the drawing would positively take place. The Directors, being assured that their patrons will be satisfied with the reasons actuating them in making a post-

THURSDAY, THE 19TH DAY OF NOVEMBER, as the time to hold their Second Grand Gift Concert and Drawing, and they hope that orders for tickets will be sent immediately by all who desire to obtain one or more of the valuable Cash Prizes which they offer, The public may be confident that the same fairness and hone-ty which characterized their first drawing will be observed in this.
