OUTLINES.

Discovered that by an informality there is no Maine liquor law. —Dr. Seymour, of New York, elected Bishop of Illinois. —Bank robbed and officers gagged at Wellsboro, Pa. —Pope declines to recognize Spain. —Number of heavy Milwaukee merchants will sue railroads for difference between lawful and unlawful rates of freight. —Tilden nominated for Governor by New York Democratic Convention yesterday at Syracuse. —The Louisiana white leaders say that they have no intention of resisting the Federal troops. —Mr. Dorshimer, Liberal Republican, nominated by the New York Democratic Convention for Lieut. Governor. —Custom house and light house at Bra-208 Santiago swept away.

The decision of the Governor of Louisiana to make no resistance to Federal troops will be hailed with satisfaction all over the country. It shows the animus of the brave and true spirits who have led the peoples' movement. They seek no war with the central power.

CIVIL RIGHTS IN PENNSYLVANIA.

The Civil Rights Bill Condemned by the Laws of God and by the Laws of Nature.

The following, says the Montgomery Advertiser, is an extract from a decision of the Supreme Court of Pennsylvania, in a case where a negro brought suit to recover damages of a railroad company for refusing to permit him to ride in a car especially assigned to whites, a good car being provided for blacks.

This decision commends itself to the Christian man and to every man who loves his race and wishes to improve its purity: The Philadelphia and West Chester Railroad Company vs. Miles (2 Am. Law Rev. 358).

"The right to separate being clear in proper cases, and it being the subject of sound regulation, the question remaining to be considered is whether there is such a difference between the white and black races within this State, resulting from nature, law, and custom, as makes it a reasonable ground for separation. The question is one of difference, not of superiority or inferiority. Why the Creator made one black and the other white, we do not know; but the fact is apparent and the races are distinct, each producing its own kind following the peculiar law of its constitution.

"Conceding equality, with nature as perfect and rights as sacred, yet God has made them dissimilar, with those natural feelings and instincts which He always imparts to His creatures when he intends that they shall not overstep the natural boundaries He has assigned them. The natural law, which forbids their intermarriage and that social amalgamation which leads to a corruption of races, is as clearly divine as that which imparted to them different natures.

"The tendency of intimate social intermixture is to amalgamation, contrary to the law of races. The separation of the white and black races upon the surface of the globe is a fact equally apparent. Why this is so it is not necessary to speculate; but the fact of a distribution of men by race and color is as visible in the providential arrangement of the earth as that of heat and cold. The natural separation of the races is, therefore, an undeniable fact, and all social organizations which lead to their amalgamation are repugnant to the law of nature.

"From social amalgamation it is but a step to illicit intercourse, and but another to intermarriage. But to assert separativeness is not to declare inferiority in either; it is not to declare one a slave and the other a freeman; that would be to draw the illogical sequence of inferiority from difference only. It is simply to say that, following the order of Divine Providence, human authority ought not to compel these widely separate races to intermix. The right of each to be free from social contact is as clear as to be free from intermarriage.

"The former may be less repulsive as a condition, but not less entitled to protection as a right. When, therefore, we declare a right to maintain separate relations as far as reasonably practicable, but in a spirit of kindness and charity, and with due regard to equality of rights, it is not prejudice, nor caste, nor injustice of any kind, but simply to suffer men to follow the law of race established by the Creator himself, and not to compel them to intermix contrary to their instincts."

NEW JERSEY DEMOCRATIC CONVENTION.

TRENTON, N. J., Sept. 15. The Democratic State Convention met at two o'clock. The committee on permanent organization reported Jacob Vanattk, of Morris, as president, with vice presidents and a secretary from each county. Mr. Vanattk made a very lengthy speech on taking the chair in which he charged that the Republican administration had

violated the rights of the States and individuals.

The committee on resolutions, through ex-Governor Randolph, reported a series of lengthy resolutions: First. In favor of a rigid restriction of the government, both State and national. Second. Favoring equal political rights for all men; condemning acts of violence and lawlessness enacted by adventurers in some of the States. Third. In favor of the restoration of gold and silver as the only true basis of the currency of the country. Fourth. A tariff for revenue, and in favor of revenue reform. Fifth. Opposes the civil rights bill as detrimental to the cause of education, and fatal to the race in whose interest it ostensibly is. Sixth. Repeal of the gag-law. Seventh. Opposition to the government of municipalities by commissions. Eighth. Opposition to the third Presidential term. Ninth. Sympathizes with laborers out of employment. Tenth. Claims to have contributed by Democratic votes to the passage of the general railroad law. Eleventh. Declares corporations should be held to a faithful performance of their duty to the public. Twelfth. The illegal issue of paper promises is an unjustifiable imposition and tends to the monopoly of trade.

Then follow twelve reasons why Republican administrations are no longer entitled to the confidence of the people. The resolutions were adopted. The convention was then called for nominations. All the counties named Judge Bedle unanimously except Camden, which cast its vote for Chas. Haight, and Hudson, which cast two votes for John F. Bird. The name of Mr. Haight was withdrawn, and on motion of John Hopper, of Passaic, the nomination of Judge Bedle was made unanimous.

After providing for a committee to inform Judge Bedle of his nomination and for the appointment of a State central committee, the convention adjourned.

The Proposed Canal for Duplin.

Speaking of the proposed canal heretofore alluded to by us, the Magnolia Monitor says: "It is with unfeigned pleasure that we note the steps that are being taken towards this great enterprise: an enterprise which promises such a bright prospect of success and wealth for good, staunch old Duplin, and we sincerely trust that every man, within whose power it may lie to forward this enterprise, may be found ready and anxious to help in the good cause. No one, at a casual glance, is able to enumerate the many advantages which will accrue to our people from the fulfillment of this design, and so many and varied are they that in the brief space allotted us, we may only refer to a few of the good results which will follow its completion; but even these, such results for instance as the increase in value of real estate, new facilities and reduced rates of transportation, the impetus thus given to agriculture and other branches of business as well, are, we think, quite sufficient to nerve every one to efforts towards securing such a great acquisition to the prosperity of all in the county."

Mayor's Court.

The following cases were disposed of yesterday morning: Anthony Hoinder, charged with entering Capt. I. B. Grainger's residence, in whose case judgment was reserved, was ordered to enter into a justified bond of \$500 for his appearance at the next term of the Superior Court, in default of which he was committed to jail.

Alice Hall, charged with disorderly conduct on the streets, was found guilty and ordered to pay a fine of \$20 or work for thirty days on the streets.

Richard Price, colored, charged with insulting a police officer while in the discharge of his duty, was found guilty and ordered to pay a fine of \$10 and costs or work for thirty days on the streets.

One case continued over for a future hearing.

District Meeting of Friends of Temperance at Whiteville.

On Wednesday and Thursday last, the 16th and 17th insts., the Friends of Temperance had an interesting district meeting at Whiteville, Columbus county, which, we understand from a friend who was present, was largely attended, including delegates from Columbus, Robeson and New Hanover counties. There were about eight or ten Councils represented.

Mr. H. C. Moffitt, of Whiteville, was chosen President pro tem, and Rev. J. F. McMillan, of Robeson county, acted as Secretary. The various reports presented indicated the temperance cause in some sections of the district as being in a very flourishing condition, and especially so in the counties of Robeson and Columbus. In the former alone there are twelve Councils, all of which are said to be doing well. Leesville Council, in Robeson county, is the banner Council in the district, numbering upwards of fifty members.

In Whiteville the cause is in a very flourishing condition. Every young lady and nearly every young gentleman in the town belongs to the Council of Friends of Temperance, and the result is, as we are informed, that a more quiet town or a more refined community cannot be found anywhere.

The delegates to the district meeting were greatly pleased with their visit to Whiteville, and will long remember the kindness and hospitality they enjoyed in the families of that most hospitable place. The meeting adjourned on Thursday, at 12 o'clock, to meet in Elizabethtown on the 3rd Wednesday in March, 1875.

Apollo Cornet Band.

This is the very pretty and exceedingly appropriate name (Apollo, signifying the god of music) of the new Cornet Band in this city. This band was organized in March last, and the gentlemen comprising it, having determined to purchase their own instruments, without any outside aid, have steadily accumulated, through regular dues, the funds necessary for the purpose. The instruments have arrived and were on exhibition in the show window of Messrs. T. W. Brown & Sons' jewelry store, yesterday, where they attracted much attention. They are very fine and very handsome and comprise, including two drums and a pair of cymbals, twelve pieces in all. This number, however, will be increased, in about a month, by the addition of three more pieces. The band have secured Walnut Hall in which to practise, which is said to be peculiarly adapted to the purpose. They will commence practise the first of the coming week, and soon the beautiful strains of the Apollo Cornet Band will be added to those of the Cornet Concert Club, when Wilmington can boast of two first class white bands. There is much musical talent in our midst, and we are glad to see such a disposition manifesting itself among our young men to utilize and cultivate it for the pleasure and benefit of the community as well as themselves.

Opening of the Theatrical Season.

The theatrical season in this city will open at the Opera House to-night with the George Hooper Combination Troupe in "Colleen Bawn." Mr. George Hooper, the great Irish Comedian and Vocalist, has attained a fine reputation, and he is supported by a full and efficient company. Speaking of the appearance of the Troupe in Petersburg, in the same piece, the News says: "The piece was fairly cast, and was well received.

Mr. Hooper, as Miles, was the impersonation of the fun loving, true hearted Irishman, always in time to help his friends out of a scrape, and as ready to resent their wrongs, exhibiting, of course, the usual regard for the ladies. Although suffering from hoarseness, he acquitted himself well, and was repeatedly applauded.

"Miss Dolly Peak's 'Anna Chute' was one of the most graceful, easy and natural renditions that we have seen for some time, and elicited the applause it deserved."

Progress and Improvement.

Preparations were commenced yesterday morning for an extensive improvement at the Northeast corner of Market and Second streets, the property of Dr. A. J. DeRosset. The initiatory step was the pulling down of the wooden structure on Second street, attached to the brick building on the corner and which had been occupied as a grocery. The corner building is to be thoroughly overhauled and repaired; while its dimensions will be extended to the building next north of it. This structure, when complete, is intended to be used as a hotel or boarding house and will contain some sixteen or eighteen rooms. In place of the small wooden structures East of the corner building two fine brick stores are to be erected, three stories high.

The Chain Gang.

The "chain gang" seems to be a little mixed just now. They were engaged in cleaning out the drains on Market street yesterday and attracted much attention. The motley crowd was composed of a mixture of white men and colored men, white women and colored women, all shovelling dirt and mud together with as much nonchalance as if they had never been engaged in any other business during their whole natural lives, nor had ever experienced dissimilar associations.

The First Bale from Union.

One bale of new crop cotton, the first of the season from Union county, was received from Mr. L. H. DeRosset, of Monroe, yesterday. It graded as strict good ordinary, was consigned to Messrs. DeRosset & Co., and was purchased by Mr. L. Moore at 12 1/2 cents per pound. This is the pioneer bale from Union, which we hope to see followed by many others during the season.

CAPTURE OF DAVID MARTIN.

The Escaped Boy Murderer Arrested and Lodged in Jail.

After a long siege David Martin, the murderer of little Willie Carter, who escaped from the county jail in this city some months since, has at last been recaptured. His arrest was effected by Messrs. Isaac Murrell and Dickson McRae, at about 10 o'clock on Wednesday night. It seems that Messrs. Murrell and McRae have been on his track for two weeks past, during which time they discovered that he was lurking about the premises of a colored man named William Young, near Belvedere, Brunswick county, about six miles from this city. Having ascertained that he was on Young's premises on Wednesday evening, being so informed by a colored man, they proceeded in quest of the fugitive. Arriving at Young's house they were met by that individual himself, who, without waiting to question them as to their business, remarked that he knew they were after David Martin, and that they would find him in the corn crib, asleep. Accepting his statement as true they went to the building and found the boy asleep upon a lot of bags. He was thereupon aroused from his slumbers and securely bound with a rope, after which Messrs. Murrell and McRae started for this city with their prisoner, reaching Deputy Sheriff Morris' residence about half-past 1 o'clock yesterday morning. That official was aroused, and proceeded with the prisoner and his captors to the county jail, in which he was safely lodged.
