BOARD OF ALDERMEN.

Extracts from the Proceedings. The Board met in regular semi-monthly session last night; present: the Mayor and Aldermen Atkinson, Moore, Adrian, Fish-

Communication from Northrop & Cuming in reference to the condition of Queen street dock, which interferes with their milling operations, was referred to the Committee on Streets and Wharves.

The application of G. H. West, M. D., for appointment as City Physician, was referred to the Committee on Finance.

Communication of Benjamin White in reference to injuries received through bad condition of sidewalk on Princess street, and asking an allowance for medical attendance, was referred to the Board of Supervisors.

Petition of F. C. Sadgaw, Secretary of Wilmington Fire Bucket Company No. 1, for a suitable truck for the use of said company, was referred to the Committee on Fire Department.

Applications of R. M. Capps and B. T. Price, for positions on the police force, were referred to the Committee on Police.

Petitions for lamps to be placed at the corner of Sixth and Walnut street, corner of Seventh and Walnut, southeast corner of Tenth and Dickinson streets, northeast corner of Fifth and Taylor streets and corner of Ninth and Swann streets, near Union Depot, were referred to the Committee on Lights, with instructions to report at next meeting of the Board.

It was unanimously resolved that the Board regards the aid heretofore accorded to the free schools for colored children in this city by liberal friends of the race in the North, as money well spent, and they commend these schools to the continued consideration of the charitable, and any statements which may lead these benefactors to believe that such aid is not now needed, are incorrect.

Application of Porter & Coates, of Philadelphia, requesting the purchase by the city of a steel plate engraving of Wilmington in perspective, to be used with others in illustrating a memorial work to be issued by them in anticipation of the one hundredth anniversary of the nation's birth, said plate (costing \$500) to be returned to the city after it has been so used, was referred to the Finance Committee for report.

The Board adjourned to meet again on Monday night next.

Theft of Tobacco.

The new tobacco store just opened by Mr. D. Pigott, at 23 Market street, was entered on Thursday night and robbed of two boxes of tobacco, valued at about \$30. Entrance was effected through the front door by means of a false key. The only clue obtained as to the perpetrator of the robbery was the fact that some person saw a man with something bulky under his arm enter a certain house on Nutt street, at a late hour at night, and immediately upon the door being closed a sound was heard resembling the fall of a heavy object upon the floor.

A search warrant was obtained and the house in question examined, but no traces of the tobacco could be found.

The tobacco store of Capt. George Hall was entered in a similar manner on Monday night last and robbed of a box of tobacco, making the third time within the past month that he has lost a box of "the weed" in the same way. He changed the locks on his doors but without effect. That the perpetrator of these robberies is a sly rogue and an expert in such matters may be inferred from the fact that there is a policeman and a private watchman located in that neighborhood, neither of whom noticed anything unusual going on.

Campbell Encampment.

At the meeting of Campbell Encampment No. 1, I. O. O. F., held last night, the following officers were duly installed for the current term:

W. L. Smith, Guide. M. Bear, O. Sentinel. A. Dumelard, I. Sentinel. Jas. Fleet, 1st Watch. Jao. C. Koch, 2nd Watch. W. W. Yopp, 3rd Watch. R. J. Jones, 4th Watch. W. J. Yopp and H. D. Lemmerman, Guards of Tent.

Superior Court.

The following cases were disposed of by the Superior Court yesterday: State vs. Julia Palmer, charged with larceny. Judgment nisi entered.

State vs. Henry Robinson, charged with larceny. Recognized in the sum of \$300 for his appearance at the next term of the Court.

State vs. Phillip Holley, charged with larceny. Case submitted and defendant discharged on the payment of costs.

State vs. Haywood Johnson and Hector Pearsall, charged with assault and battery. Guilty. Johnson fined \$10, and judgment reserved as to Pearsall.

The case of certain parties charged with larceny and receiving stolen goods was on trial at the hour of this report.

In the case of Anthony Ballard, tried on Thursday, charged with assault with intent to commit rape, the jury rendered a verdict of guilty.

CITY ITEMS.

BOOK BINDING.—THE MORNING STAR Book Bindery does all kinds of Binding and Ruling in a workmanlike manner, and at reasonable prices.

To Frontiers.—Read the advertisement of J. & W. Tolley, the celebrated gun manufacturers, of Birmingham, England. Their breech loaders are without a rival, as is shown by the large number of testimonials in the possession of the Messrs. Tolley.

TRANSFER PRINTING.—Invaluable to railroad companies, steamship companies, banks, merchants, manufacturers and others. They are enduring and changeless, and will copy sharp and clear for an indefinite period of time.

THE TOLLEY GUN.—COPY OF TESTIMONIAL.—HUBSON TOLLEY, N. J., Sept. 30th, 1874. MESSRS. J. & W. TOLLEY.—39 Mallden Lane, New York.—The 10 gauge Gun No. 3078 I ordered from you gives me entire satisfaction.

The Tolley Gun, but must say that you have more than fulfilled what I expected of you. I have shot several live-chambered by first-class makers, and your gun beats them all for beauty and workmanship.

As for shooting qualities, your gun shoots stronger and more even than any gun I ever shot. I have shown it to several good judges (including first-class gunmakers) and all agree that the action is very strong and durable, and that the gun is one of the best they ever saw.

I have made some very long shots with it, using only 3/4 dr. of powder, which is all your gun requires. I have shot it at a target according to the rules of the Turf, Field and Farm trials, and the average of 6 shots at 40 yards is: Left-pattern, 109; penetration, 38; right-pattern, 175; penetration 39; using 3/4 dr. powder. Now I am sure such a gun is seldom met with, and am very proud to be the owner of it.

But the real test of your gun is in the field—there it excels all others, killing cleaner and handier than any gun I ever saw, as you assured me they would. Both paper and metal shells work splendidly. Gentlemen, I have to offer you my very best thanks, and will recommend your gun to all my friends.

Yours Respectfully, HENRY LOROT.

—Raleigh Sentinel: Mr. Kindred Goddin, of Swift Creek Township, was felling a tree last week, and as he sidled one foot out of the way, the other foot slipped and spread both legs out and the tree fell struck him in the fork of his legs breaking one of them close up to the thigh. Mr. Goddin is a very old man and it will go hard with him.

Many warm congratulations are waiting the arrival of the Captain and his accomplished bride, who are expected to reach Wilson this afternoon.
