OUTLINES. Alfonso has been in some fighting. Established that Ramsey is trying to bribe members of the Legislature to vote for him as U. S. Senator.

THE ABOLITION OF DAMNATION.

Yesterday the lower house of Congress under the whip and spur of Beust Butler and other leaders of equal purity passed by a large majority--almost a strict party vote--the infernal Civil Rights bill.

The provisions of this bill in their naked villainy are now before the country. Will the conspirators succeed, in the face of the opposition of a large majority of the people, in enacting them into law?

If enacted, this measure will create universal indignation, and will hasten the downfall of the Republican party. But the South must withhold active resistance at the crying injustice done her.

NO CONVENTION. [Raleigh News of Yesterday.] The proposed Convention meeting at the Courthouse last night didn't take place. Cause why--we don't know.

[Winston Sentinel.] The sentiment against a call of a Convention by the present legislature is growing stronger every day in this section of the State.

[Winston Sentinel.] While in Washington recently the opportunity was offered us (which we availed ourselves of) to consult with and get the opinion of the Democratic members of Congress on the propriety of calling a Convention in this State at the present juncture of affairs, and the probable effect it might have on the elections in 1876 in a national point of view.

[Milton Chronicle.] And now they say the Legislature will not call a Convention. The Conservative State Executive Committee--assisted by a few editors--met in Raleigh recently and instructed the Legislature to make the call, but the Conservative members of Congress have entered a unanimous protest against it, and rumor says a Convention will not be called.

Senator Thurman, in his recent speech, very completely silenced the Radicals by pointing to the fact that all the reported outrages, assassinations and lawlessness in Louisiana had been perpetrated while the Republican party had complete control of the governmental machinery.

evidence that the Republican party, with all conceivable means for suppressing such a wretched state of affairs, is utterly incapable of government and recreant to the trust imposed upon it.

The Legislature.

WEDNESDAY NIGHT'S PROCEEDINGS.

SENATE.

The evening was occupied in the discussion of the Usury Bill. Messrs. Williamson, LeGrand and Cooke, of Franklin, advocated stringent usury and Mr. Kerr argued in favor of free money.

Pending the consideration of the question, the Senate adjourned.

THURSDAY FEB. 4.

Mr. French, a bill to amend the charter of the city of Wilmington, providing for a Superintendent of Health for that city, to be appointed by the Mayor. Referred.

Mr. Anderson, a bill authorizing the Treasurer to pay \$10 per month to North Carolina soldiers having lost both arms, both legs, or both eyes. Referred.

Mr. Cantwell, a resolution that Rosaline H. and D. James King, of Halifax county, be declared legitimate and entitled to the rights of all other children, with petition to him as having known him when Lieut. Governor [?] during the war. Referred.

Mr. Cantwell, a resolution concerning cotton belonging to the State that had been appropriated by the Federal government. Adopted.

Mr. French moved that the bill giving the Mayor of the city of Wilmington the power to remove all obstructions from the streets, including houses, be referred to the Committee on Corporations. So referred.

THE USURY BILL. This bill coming up as unfinished business, Mr. Williamson moved the previous question, which motion was lost by a vote of 21 to 24.

The substitute offered by a minority of the Committee, making 8 per cent. the legal rate of interest, and allows 12 per cent. where parties may agree, was first considered.

Mr. Busbee moved an amendment that the legal rate be made 6 per cent. instead of 8.

The President decided amendments at this stage to be in order, and an appeal being taken from this decision, the President was sustained in his ruling.

The vote being taken on Mr. Busbee's motion to amend, the same was adopted by a vote of 37 to 7, Albright, Boddie, Cashwell, Clement, N. S. Cook, Hargrave, Smith and Standford voting in the negative.

Mr. Stickney moved that 10 per cent. be allowed instead of 12 in cases where parties may agree, the bill making this applicable only to the loan of money.

Mr. Linney moved to strike out the word twelve. Adopted by a vote of 38 to 3, Bryant, Cantwell and Standford voting in the negative.

Mr. Marler moved to fill the blank by inserting 8 per cent. Mr. Stickney moved to insert 10. Mr. Waring moved to insert 5.

The motion to insert 10 was lost by a vote of 9 to 33.

The motion to insert 8 was adopted by a vote of 34 to 10.

Mr. Busbee moved that the penalties apply to all banks in the State, in order that they may have no superiority over individuals, and that the bill be of no effect unless such application be made.

Mr. French advocated the motion of Mr. Busbee.

Mr. Linney thought this was "the most remarkable proposition that had been made since the birth of Adam to the death of the Devil."

Mr. French asked if the Senator stated from his knowledge that the Devil was dead?

Mr. Linney stated "that he was merely looking into the future." He thought to add a provision of this kind was but saying to the Legislature that it did not know what it was doing.

Mr. Busbee stated that he desired to place the National Banks upon the same footing with individuals, nothing more.

substitute as perfected, with the following result: Affirmative--Bryan, Busbee, Graham, Jenkins, McCauley, Pegram, Smith, Standford, Waddell, and Waring--9.

Negative--Albright, Anderson, Boddie, Cantwell, Cashwell, Clement, C. M. Cooke, N. S. Cook, French, Hargrave, Holton, Irwin, Latham, LeGrand, Linney, Love, Mabson, Marler, McClroy, McMillan, Mills, Parish, Paschall, Selby, Shaw, Stickney, Sugg, Taylor, Tucker, Walker, Williamson, Worthy and Young--33.

The majority substitute of the Committee was then considered. This bill makes the legal rate 6 per cent., and 8 per cent. when named and agreed upon, making the penalty a forfeiture of the whole amount, but does not make it a misdemeanor as provided in the original bill.

The previous question being ordered, the substitute was adopted by a vote of 27 to 17.

The bill then passed its second reading by the following vote: Affirmative--Albright, Boddie, Clement, C. M. Cooke, Hargrave, Holton, Latham, LeGrand, Linney, Love, Mabson, Marler, McCauley, McElroy, McMillan, Parrish, Paschall, Selby, Shaw, Smith, Taylor, Tucker, Walker, Williamson, Worthy and Young--26.

Negative--Anderson, Bryant, Cantwell, Cashwell, N. S. Cook, French, Graham, Irwin, Jenkins, Pegram, Standford, Stickney, Sugg, Waddell and Waring--15.

Messrs. Kerr and Busbee declined voting, stating that under the pressure of the previous question forced upon the Senate, they did not deem the bill could be perfected, and as they could not thus represent their constituents, they would not vote at all.

MISCELLANEOUS.

Mr. Waring asked leave of absence for Mr. Morehead, who was absent in Charlotte on public business. Granted.

Mr. LeGrand asked leave of absence for Mr. Sneed, and Mr. Cantwell asked leave of absence for Tucker, fol. Granted.

HOUSE OF REPRESENTATIVES.

Mr. Walker, of Richmond, bill to incorporate the town of Great Falls, Richmond county. Referred.

Mr. Jessup, bill for the benefit of farmers in Murphy Swamp and Carver's Neck, Rockfish township, in Cumberland county. Referred.

The bill in reference to the organization of the State militia was taken up as the special order; the amendments recommended by the committee on military affairs were adopted.

On motion of Mr. Pinnix the bill was postponed until the 15th inst.

The bill to prevent live stock running at large in counties and townships was taken up. After a long debate it was referred to the committee on Propositions and Grievances.

The bill to incorporate the Deep River, Saxappanaw and Danville Railroad Company was taken up and passed its several readings.

On motion, the bill to amend the act in relation to the meadows of Rockingham county was taken up and passed its several readings.

The bill to incorporate the Yadkin River and Wilkesboro Navigation Company was taken up, and pending action the House adjourned.

Grant's Wonderful Genius.

Mr. James Redpath tells us, in the New York Independent, that, after all, Gen. Grant was the man who defeated the designs which Napoleon entertained of establishing an empire in Mexico. Gen. Lew Wallace discloses this State secret. He knew Mr. Lincoln wanted to help the Juarez Government in an underhand way, and at Lincoln's instance he inter-viewed Grant, who recommended furnishing arms to the Mexicans.

Mayor's Court.

The following cases were disposed of yesterday: Fred. Smith was arraigned for disorderly conduct and fighting. Fined \$20 and costs. Wm. Ellerby, charged with the same offence. Fined \$20 and costs.

BOARD OF ALDERMEN.

Extracts from the Proceedings. A regular meeting of the Board of Aldermen was held at the City Hall last night. Present--Mayor Canaday, and Aldermen Moore, Rice, Adrian, Fishblate, Hankins, Banks and Holmes.

The following communication from the Chamber of Commerce was read: CHAMBER OF COMMERCE, WILMINGTON, N. C., Feb. 5, 1875.

To the Honorable the Mayor and Board of Aldermen of the City of Wilmington: SIRS: Your attention is respectfully called to certain projected railway connections, which are of vital importance to the growth of the commerce of this port.

The city of Cincinnati has issued bonds to the extent of ten millions of dollars to aid in the construction of a railway direct to Chattanooga, thence to Charleston.

The present connection of our city with the western portion of the State is but a section of what has always been looked upon as a direct rail connection with the great Northwest, via Cumberland Gap, and with the Texas Pacific Railway via Chattanooga.

We urge you, then, to be alive to our interests and secure at least some portion of the benefits to be derived from these connections, and to use every effort to tap such lines as may be constructed, if we are unable to control the whole line ourselves.

The people of the West are in ignorance of the advantages of our port, which is destined, at an early day, to become equal if not superior to any other south of the Chesapeake; hence our first efforts should be to enlighten them in this respect by laying before them such official facts and figures as may satisfy them of the advantages we set forth, not only as to the capacity of our harbor, but as to the short (comparatively) distance required to be overcome to reach us.

The efforts of the Chamber of Commerce are directed to this object, and so far as in their power lies, and with some assistance, they are endeavoring to secure a committee to undertake the expenses necessary to accomplish their purposes.

They have for several years been at heavy expense in sending committees to Congress to urge the necessity of full appropriation for restoring our harbor; and this labor and expense still devolves upon them. They will, before the coming week, have a representative in Washington who will have the matter in charge, and with some assistance, they are endeavoring to secure a committee to undertake the expenses necessary to accomplish their purposes.

They have for several years been at heavy expense in sending committees to Congress to urge the necessity of full appropriation for restoring our harbor; and this labor and expense still devolves upon them. They will, before the coming week, have a representative in Washington who will have the matter in charge, and with some assistance, they are endeavoring to secure a committee to undertake the expenses necessary to accomplish their purposes.

If you concur in this proposition, I would respectfully suggest an appropriation, necessary to cover *only one half* of all the expense, but the balance to be raised by a committee who will act in concert with the Chamber and the officers of the Carolina Central Railway Company in selecting suitable persons to represent the whole. Your assistance hereafter made to assist in this way quite liberally and I would ask the same in this case, which we look upon as the most momentous step we could take to forward our commercial prosperity.

I would moreover suggest that the appropriation heretofore made to assist in the survey of the proposed New River Canal might be reconsidered, as it is not probable the same will be called for unless the bills now pending before the Legislature should pass in which event the completion of the company would hardly then require the assistance.

All of which is respectfully submitted. Wm. L. DeRosier, President.

The above communication was referred to the Committee on Finance with power to act.

The Committee on Streets and Wharves made a report recommending that the city grant to the Sound Railroad Company permission to lay down a permanent track in the centre of Church or Castle streets, from Seventeenth street down to Eighth street, where they propose to build a depot, and also to lay a track down on Castle street to connect their depot with the river for the term of six months. All the above to be granted after the Mayor has obtained from the Railroad Company an agreement, signed by the President of said company, whereby they bind themselves to keep the streets in good condition, and such other requirements as the Mayor and Committee on Streets and Wharves believe to be necessary and proper. The report was received and approved.

The following resolution was passed: Resolved, That as the Executive Committee of the New River Canal Company have not complied with their proposition made to this Board at their regular meeting September 18th, 1874, said proposition is hereby repealed, cancelled and annulled.

A communication from Messrs. Brown & Roddick, relative to street obstructions was received and referred to the Committee on Streets and Wharves.

The Board having decided to go into an election of City Assessors, Aldermen Moore and Holmes were appointed tellers.

M. Crosby, J. Kent Brown and John H. Whitman were unanimously re-elected Assessors for 1875.

The Board took a recess until next Monday night at 8 o'clock.

Local Notes.

The schr. Emma Green arrived at Boston from this port on the 8th inst. One case before, S. VanAmringe, J. P. yesterday, was deferred until to-day.

The schr. Addie Murchie arrived at Wood's Hole on the 2nd, to load for this port.

Bank Case. Another of the Commercial Bank cases was decided in the Superior Court yesterday--that of H. VonGlanh vs. Z. Latimer, Executor. This was suit brought by the plaintiff to recover from the defendant six thousand and four hundred dollars, being double the amount of stock held by his intestate in the Commercial Bank of Wilmington. The Commercial Bank was largely indebted to the plaintiff for money deposited and he claimed the right to recover from the defendant by virtue of the liability clause in the Charter of the Bank. The argument consumed the entire morning session and resulted in a verdict for the defendant. Messrs. Wright & Stedman and Robert Strang represented the defendant and Hon. R. S. French appeared for the plaintiff.

The Fire Last Night. The alarm of fire was sounded last night at about 10 o'clock, and on examination was found to be caused by the origination of a fire in the pea nut establishment of Weller Bros., situated on Water street, next north of the commission house of Messrs. Kerchner & Calder Bros. The fire ignited from a pea nut drying apparatus which was in operation in the interior of the building.

The engines and the truck were promptly on the spot, but the judicious use of a few buckets of water extinguished the flames without the assistance of the engines. The damage was slight.

Change of Route. We learn that the Wilmington and Sea Side Railroad Company propose making a change in the route of the present track. They propose to take up the track from Fifth street up Market to Seventh street and as it is continued on Seventh street to Red Cross street, and relay it from the corner of Fifth and Market street along Fifth street to Castle street.

This will make the route from the Union Depot and Oakdale Cemetery along Red Cross to Front, down Front to Market, out Market to Fifth, and out Fifth to Castle street.

Sent to the Poor House. A white man, supposed to be a sailor, was yesterday sent to the Poor House in a dying condition. For a day or two past he had been staying in the Gas House, and seemed quite well until yesterday, when he suddenly fell and was speechless until the time he was removed. His condition is supposed to have been caused by cold and exposure. He is a foreigner. We did not learn his name.

Fire. Yesterday at about one o'clock the roof of the house of Mr. J. H. Springer, situated on Market street, between Seventh and Eighth streets took fire from sparks from the chimney. It was discovered, however, before it had made any headway, and owing to the vigorous efforts of three or four gentlemen, was extinguished. The alarm did not become general and none of the fire companies were called out.
