States Supreme Court. By Mr. Trivett, a bill to facilitato the incorporation of the Narrow Guage Railway Companies and for

porate the Bank of North Carolina. THE UNIVERSITY AND THE LAND SCRIP.

At 11 o'clock the House bill in relation to the Land Scrip Fund for the establishment of Colleges for the benefit of Agriculture and the Mechanic Arts, taken up as the first special order.

Mr. Mebane replied to the remarks of Mr. Boyd, who spoke against the bill a few days ago, in which he (Mr. M.) defended the County Commissioners against the sweeping charge that they were responsible for the misappropriation of the school fund. He then proceeded to show who it was that squandered the funds, charging that one Lassiter, known in the slang vernacular of that day as "Kildee" Lassiter, Treasurer of the Board of Trustees, composed in part by W. W. Holden, Wm. F. Henderson, John Pool and other like luminaries of the dark days of 1868'69, manipulated these bonds with Bain & Co., a firm name that is a synonym for fraud, &c. Mr. M. proceeded in explanation of the bill and its objects, and appealed to the House to support it.

Mr. Mendenhall offered an amendment to strike out all the first paragraph of the preamble after the words | and Queen streets. Mr. Moring thought that with the amendment offered, no objection could be urged against the bill, and hoped it would pass without opposi-

Mr. Pinnix warmly advocated the bill, with amendments.

Mr. Erwin said he was pledged to his constituents never in any way, directly or indirectly, to cast a vote that would recognize the special tax bonds. He claimed that the bill was an indi rect recognition, and argued the point

at some length. Mr. Strong, as an alumnus of the University, said he could not let this opportunity pass without making one effort to raise the dear old University from the dust in which she now slumbers. He honored that glorious old institution for what she had done, and it was with little degree of pleasure, that he could raise his voice in her behalf. In reply to the objection offered by the gentleman from | meeting adjourned.

First Ward Meeting. The Democratic-Conservatives of the Eirst Ward assembled at Lippitt's Hall last evening pursuant to a call of the delegates who withdrew from the nominating convention of the previous evening. It was one of the largest and most earnest political gatherings we have ever seen in Wilming-

The meeting was called to order by Maj. C. M. Stedman, on whose motion Mr. C. H. Robinson was called to the Chair; and on further motion Maj. James Reilly was

appointed Secretary. The Chairman having explained the object of the meeting in an appropriate manner; and Capt. I. B. Grainger having given an account of the circumstances under which he and his co-delegates withdrew from the nominating convention, Maj. Stedman offered the following resolution, which, without discussion, was almost

I. B. Grainger, N. Jacobi, H. Vollers and James Reilly in withdrawing from said nominating convention and declare that we do not regard Messrs. Kerchner, VanBokkelen and DeRosset as the regular nominees of

Maj. Stedman then offered the following

For the sake of harmony and to prevent division and strife in our party, we will not oppose the election of Messrs. Kerchner, anBokkelen and DeRosset and will make no opposing nomination.

Maj. Stedman advocated the resolution n an earnest and feeling speech. He heartily endorsed the first resolution adopted; and, after alluding to the gross injustice which he contended had been done a large majority of the Democratic-Conservative voters of the First Ward, begged the meeting to adopt the second resolution for the sake of harmony and good feeling in

An overwhelming majority ticket at this stage of the proceedings; and it was only after most earnest and vigorous efforts, made by Maj. Stedman, Col. J. W. Koy, Capt. I. B. Grainger, Mr. A. After three cheers for Messrs. Adrian and Grainger, the meeting adjourned.

Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good fit. The pattern 175 and penetration 40 are very superior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far

As my name has been placed in Nomination for Alderman of the Third Ward by the members of the Third Ward Club south of Market street, last night, despite the remonstrances I could interpose, I hereby take this method of declining the nomination. To my friends I would say that while I thank them for the honor I feel in duty bound to insist on declining, and hope that they will cast their suffrages accordingly, as under no circumstances will I serve if elected.

mari1-1t] Respectfully, FRANK H. DARBY. To the Mayor and Board of Al-

dermen of Wilmington:

YOU ASK OUR OPINION AND ADVICE AS to the rights of your Board in complications growing out of the Legislature concerning your charter. charter.

Judge Rond, of the Circuit Court of the United States, has decided that the election of the 11th of March cannot be enjoined. His decision proceeds on the ground that injunction is not the proper remedy to enforce the rights of your Board, nor of the electors. He has decided nothing beyond this, We are of the opinion that the election of the 11th of March is void and confers no title on those claiming under it.

We concur us your feelings and sentiments against

claiming under it.

We concur in your feelings and sentiments against holding disputed public offices without the sanction of indicial authority. We understand you to say that you desire a settlement of the controversy, if possible, before the time arrives when those claiming under this election will assert their right to possession of the city government. To effect this it is only necessary for the claimants to bring their action, and, under your instructions, we will take no advantage of the law's delay have the same action. advantage of the law's delay but, on the contrary, will afford every facility to have a full and complete will afford every facility to have a full and complete settlement of the case on the merits at the June term of the Supreme Court.

In the meantime, we advise that it is the right of your Board to hold possession of the corporation. We have an abiding confidence in a result of the controversy favorable to your views.

DAN L. RUSSELL, W. H. BAILEY, Attorneys.

March 8, 75. ED. CANTWELL,

Reports having been circulated in this city that it is the purpose of certain persons, who expect to be elected as Aldermen to-day to capture by force and violence the municipal government of this city. I do not believe that ruch an attempt will be countenanced by the law-abiding and substantial citizens of this city. Men who have interes a and property at stake sught not to countenance violence, lawless ness, riot, social disorder and civil commotion. I know that many of the gentlemen to be voted for to-day will discountenance war and bloodshed.

I write this card to put the Board I represent in their true position before the community. That position is this, We deny the title of those to be elected to day. We ask nothing but a settlement of our rights according to law. This we not only ask but will have. Any attempt to deny it will be resisted, and on those who attempt it will rest the responsibility for the consequences.

The attorney of the city and other counsel learned in the law have advised that the new Board of Aldermen will have no title until August next. If their election is not lawful they cannot obtain the city government then. Our duty is to hold the city until the courts instruct us to whom to deliver it We might take all legal advantages and hold the city government for years. This we do not desire or propose to do. So far from it we invite the earliest possible settlement. If the highest Court decides against us we propose to surrender on the very day that the decision is made known. It can all be done before August next. These are our rights, and these we will have.

I call on all good citizens to discountenance intemperate and violent action. This is a land of law, and men cannot be deprived of their lawful rights in peace. The gentlemen that may be elected to-day have only to proceed according to law against us.
