Isaiah Brunson, colored, was arraigned before Justice Gardner, yesterday, charged with disorderly conduct. Case dismissed on condition that defendant pay the costs, in default of which he was committed to jail for the same.

The same party, arraigned on a peace warrant, was required to furnish security in the sum of \$50 for his appearance at the next term of the Superior Court and to keep the peace. Committed as above.

Breaking Windows. Yesterday morning sometime between o'clock and day, a half brick was hurled at one of the large front windows of the National Hotel, smashing one of the glasses. It is a matter for conjecture whether the missile was directed at some person passing the building at the time, or at the window itself; but some think that the object of assault was the sign which appears conspicuously on the glass which was broken and which announces the fact of the closing of The Land Scrip bill in favor of the R. Blake, engineer of the material train on the hotel until further notice. The brick University of North Carolina was the North Carolina Railroad, was severely was found near the stairway, about twentyfive or thirty feet from the window. age about \$30.

Herned Rooster. On board of the brig John Pierce, lying at the wharf, opposite Messrs. DeRosset & Co's., yestesday, we noticed a curiosity in the shape of a rooster with two horns growing out of his head. The horns resemble spurs, are quite as large and are in substance as hard as the horn of an animal. The rooster was obtained in Havana, but came originally from England. His owner refused \$10 for him and could easily have realized \$25, but declined to sell.

Dr. Deems and His Church. A friend has handed us a little volume published in the interest of the "Church of the Strangers," containing among other things an account of the recent reception by his people of their pastor, Rev. Dr. Deems, who had been absent for some weeks in Florida for the purpose of recruiting his health. The reception, which was a very enthusiastic one, took place in the chapel, which was profusely and tastefully adorned with floral and evergreen decorations. The ceremonies consisted of a song of welcome by the Sunday school children of the church, composed for the occasion by the superintendent, which, being appropriately acknowledged, was followed by an address of welcome on behalf of the congregation by Dr. Moran and a beautiful and appropriate response by Dr. Deems. The account concludes: "After another song by the children, and as soon as a passage could be formed for the Doctor's exit he was escorted to the Sunday school room, and thither the people followed, and the social levee was thronged with a surging, delighted mass of humanity. This room was also hung with garlands and evergreens, while vocal and instrumental strains floated upon the air redolent of fragrant flowers, and ere long, intermingled with the not unwelcome aroma of the brown beverage, which, like its blonde sis-

MEETING IN PENDER COUNTY. Pursuant to a public call, a preliminary Democratic-Conservative meeting was held at Lillington on Wednesday, March 17th, 1875. The object was to take steps to organize the party in Pender and to make the new county a success. Fletcher H. Bell, Esq., was elected Chairman, and James B. McPherson, Esq., was appointed Secretary.
