More "Thunderbulta" Promised. Mr. Beecher's junior counsel, says a New York paper, met on Monday night at Mr. Ovington's, and had a long consultation with Mrs. Tilton, Miss Bessie Turner and Mrs. Morse. One of the counsel said: "From this time forth each succeeding witness will give stronger testimony than the one who precedes, and our case will grow stronger until the end. Mr. Beecher's testimony will follow as soon as possible in the order of things."

The Herald says Tilton recently de-clared: "It will be impossible for a reconciliation in this life, although I ST. JOHN'S CHURCH-GOOD FRIDAY, MARCH expect to work for her support as before. They will throw her aside in Plymouth Church without compensation as soon as they have used her to rain me."

THE TOLLEY GUN.-COPY OF TESTIMONIAL.-HUDSON CITY, N. J., Sept. 30th, 1874.—MESSRS. J. & W. TOLLEY-29 Maiden Lane, New York:-The 10-guage Gun No. 3078 I ordered from you gives me entire satisfaction. I was very exacting when ordering the Gun, but must say that you have more than fulfilled what I required of you. I have sho several bretch-loaders by first-class makers, and your gun beats them all for bea ty and workmanship. As for shooting qualities, your gun shoots stronger and more even than any gun I ever shot. I have shown it to several good judges (including first-class gunmakers) and all agree that the action is very strong and durable, and that the gun is one of the best they ever saw. I have made some very long shots with it, using only 8% drs. of powder, which is all your gun requires. I have shot it at a targat according to the rules of the Turf, Field and Farm trials, and the average of 6 shots at 40 yands is: Left-pattern, 169; penetration, 38: right-pattern, 175; penetration 39; using 314 drs. powder. Now I am sure such a gun is seldem met with, and am very proud to be the owner of it. But the real test of your gun is in the field-there it excells all others, killing cleaner and handsomer than any gun I ever saw, as you assured me they would. Both paper and metal shells work splendidly. Gentlemen, I have to offer you my very best thanks, and will recommend your gune to all my friends.

Yours Respectfully, HENRY LORIOT.

A CARD. WILMINGTON, N. C., March 25, 1875. To Messrs. Sloan, Darby and Macks, Members of Democratic Conservative Committee: GENTLEMEN-In connection with Major Engelbard's statement, in this morning's papers, we the undersigned would respectfully ask you whether in a meeting of the Executive Committee, referred to by him, he did not state "that he did not want any mass meeting to be held for the selection of candidates for Aldermen, because the mass meeting held a few nights before had been controlled by aliens, unregistered citizens Yours, truly,

In reply to the above statement I have only to say that my remarks, to which reference is had, was in opposition to a mo-tion made by Mr. Macks to nominate candidates for Aldermen by a mass meeting. I held that this was not in accordance with the plan of organization adopted by our party, and was not always a fair test of party strength, as frequently persons not legal voters were present and took part in such meetings. And, in proof of this statement, I said at a recent mass meeting in this city unnaturalized foreigners or aliens (I. think I used both forms of expression to make m meaning more explicit, for both mean the same), boys and unregistered persons voted. was all that I said, and I denounced no one, and I did not refer to foreign citizens directly or indirectly. The unnaturalized citizen or alien who voted at that meeting to whom reference was made was Mr. W. H. Harrison, and quite a number of boys voted also. So much for the
