this morning granting the injunction. This defeats what is known as the consolidation scheme, the effect of which would have been to have placed the Western North Carolina Railroad in charge of W. A. Smith and his Directory.

The injunction extends to the prohibition of any mortgage on the North Carolina Railroad. The question of who shall be the

Receiver of the Western N. C. Road will come up hereafter. The Governor, Lt. Governor and Speaker Robinson, of the House of Representatives, are applying for the

Receivership of the Road in compilance with an act of the Legislature. They are also applying for a sale of the Road with a view of its purchase by the State at a sum not exceeding \$850,000, payable in bonds of that Company.

It has been suggested that the tax listers who are now in session should keep the books open and attend also in the evening of the few days that remain of the allotted time. Motion for Discharge. Ex-Sheriff Schenck yesterday morning had a hearing before the Clerk of the Superior Court upon a motion for his discharge from arrest under civil process in a cause now pending. Plaintiff and defendant were represented by eminent counsel, and after a hearing of the cause, the Clerk

upon the various points raised: STATE OF NORTH CAROLINA,) Before Cl'rk New Hanover County.

rendered the following order therein, which

embodies the ruling of the Probate Court

Daniel A. Smith James W. Schenck.

This cause coming on to be heard before me, James Heaton, Clerk Superior Court for county of New Hanover, upon a motion of the defendant's counsel to vacate the order of arrest, after argument by counsel for plaintiff and defendant, it is considered and adjudged by the Court that the motion to vacate the warrant of arrest be allowed,

and that the same is hereby vacated. 1st. The Court is of the opinion that the affidavit of the plaintiff does not embrace a case provided for in Article 4, Sec. 149 of

2nd. That the defendant being a nonresident of the State does not deprive him of the benefit of the provision of paragraph 1, section 2 of article 4 of the Constitution

of the United States. 8d. The defendant having produced a certificate of protection from W. A. Guthrie, a register in bankruptcy, certifying that the defendant had filed a petition in volun-tary bankruptcy in the District Court of the United States for the District of North Carolina, on the 30th day of November, 1873, said petition having been filed before the commencement of the action in this case, it is considered and adjudged by the court that the defendant be discharged from the said arrest, and that he go when

and where he will. Upon the foregoing judgment the plaint-iff prays an appeal. Appeal granted. Witness my hand and official seal this 17th day of April, 1875. Jas. Heaton, C. S. C.

The appeal having been granted as above the defendant still continues under arrest, and the matter now stands in very much the same condition that it did before the motion for discharge was heard.

Wilmington as a Market.

Says the Asheville Expositor: building of the Carolina Central Railway, extending to Charlotte at this time, will induce our people in the west to look to Wilmington as a market for the various products of the West.

The city of Wilmington will certainly afford a splendid market for our corn, wheat, bacon, cabbage, fruit, potatoes, &c., and with an arrangement of freights, our farmers can make it profitable to ship to this city.

We hope the day is not far distant when the C. C. R. shall extend itself out West, And it is understood that Mr. Mathews, who completed the C. C. R. to Charlotte, is willing to build the Western North Carolina Road through the mountains, and if our Commissioners appointed to buy the Western North Carolina Road cannot do so, let Mr. Mathews have a chance. He has shown his ability and success in connecting Wilmington and Charlotte, now let him have a chance of connecting the mountains

with the 'seaboard. The West needs, more outlet to market, and not until this is effected will we see the effects of great prosperity in Western North Carolina. Our isolated position prevents capital and emigration from flowing this way, and the dark forebodings for the last many years have driven the native talent and enterprise from the State. Something must be done and that quickly, to relieve our people; otherwise many will abandon the State and go to other places with more favored advantages. Let us have light."

The Processed Branch Insane Asylum. A called a sting of the Board of Directors of the State Insane Asylum was held in Raleigh on the 7th inst. The President of the Board stated the object of the meeting to be the consideration of the act passed by the General Assembly establishing a Brauch Asylum for the colored insane at the Marine Hospital in Wilmington.

After the subject had been thoroughly discussed, a resolution was unanimously adopted postponing the whole matter until the next meeting of the Board, or until the Board is further advised and directed by the General Assembly. This resolution follows several preambles which set forth as reasons for this action, the fact of the Marine Hospital (at which the propose colored Insane Asylum was to be located) being private property, and the lessee declines to submit the control of said property to the Board of Directors, except upon such conditions as the Board cannot accept and which are not provided for in the act; the insufficiency of the amount appropriated; the construction of the Marine Hospital making it unsuitable for an Insane Asylum and the appropriation not providing for the many changes to be made in its construc-

Fire on the Sound. A kitchen on the premises at Capt. I. B. Grainger's place on Masonboro Sound accidentally caught fire yesterday morning, about 9 o'clock, and was destroyed. The building had just been repaired and was being used by the carpenters as a substitute for a work shop in which to prepare material, &c., for the dwelling now in process of construction on the premises. At the time of the accident a fire was burning in the kitchen, the carpenters being absent at work elsewhere, when the building took fire and was so rapidly consumed, on account of the strong breeze prevailing, that the workmen were unable to save the tools which it contained, or eyen their coats, which had been left in the house. The loss, including carpenter's tools, &c., will amount to about \$500, about half of which falls on Mr. R. B. Wood, the contractor, and the balance on Capt. Grainger.

A builder's risk had been taken on the dwelling the day before the fire, but the kitchen was not insured.

The Opera House.

By reference to our advertising columns it will be seen that Baker & Farron assisted by a talented dramatic company, will give a performance at the Opera House in this city on Wednesday evening next. This troupe have given performances during their present tour in many of the Southern cities, and they have invariably received the most favorable notices from the press. Their entertainments consist mostly of speciality performances, in which the Ger-

man character is ably personated by Farron as "Chris" and Baker as "Lena." There are other pleasing and entertaining

acts and sketches given throughout the performance, which make it a rare and laughable combination of amusement. We predict for the troupe a favorable reception. Tender of Services.

On Friday afternoon last while the fire was raging in Charlotte and our citizens very much deplored the misfortune of our sister city, Col. S. L. Fremont telegraphed to the Mayor of Charlottee, inquiring if any assistance was needed, saying that one or more of our fire companies would go up at once. A second telegram was sent by the same gentleman, tendering the offer of services of the Wilmington S. F. E. Company,

through Mr. F. G. Robinson, the Foreman. An answer was, however, received from W. F. Davidson, Esq., Mayor of Charlotte, who returned thanks, but replied that the fire had been so checked as to be under control of the Charlotte fire department.

Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be lesired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good fit. The pattern 175 and penetration 40 are very suenerration I think is seldom attained, being far head of any public record which I have seen.

Marshal's Office. WILMINGTON, N. C., April 14, 1875.

apr 18 tf

For the Information of the Public. IN ORDER TO ENABLE ME TO CLEANSE THE City thoroughly and with as little delay as possible. Lave divided the City into four (4) Health Districts

with a Health Officer assigned to duty in each.

The 1st District, in charge of Health Officer J. II. Brown, embraces that portion of the City North of Market, and East of 5th street. The 2nd District, in charge of Health Officer C. C. Taylor, embraces that portion of the City North of

Market, and West of 5th street. The 3rd District, in charge of Health Officer A. J. Denton, embraces that portion of the City South of Market, and East of 5th street.

The 4th District, in charge of Health Officer S. F.

Walcott, embraces that portion of the City South of Market, and West of 5th street, The Health Officers may be known by the Yellow Rosette, and they are instructed to inspect and report all uncleanliness to my office.

It is hoped that the citizens generally will cooperate with me in this important work, and begin the needed cleansing without further delay. Any person requiring the services of a Scavenger may report the fact to the Health Officer of the Division in which the work is to be done, or at my

Office, and the matter shall have the promptest at-Trusting no further appeal to our good citizens may be required, and that our City shall be a model in neatness during the coming summer,

'First of the Season." LADIES DESIROUS OF GETTING FIRST
