OUTLINES.

A civil rights case in which the treasurer of Booth's theatre and a colored man named Smith are the parties is on the boards in a New York court. The jury in the Bowen-News and Courier libel suit in Charleston is composed of six whites and six negroes. Nail factory operatives at Wheeling have struck. Oil cloth factory in Elizabeth, N. J., burned. Said that between \$20,000 and \$30,000 in gold was found in a Staten Island cesspool. If decision of Court of Appeals favors Tweed he will immediately be arrested to await further action. Dana discharged. In Louisiana House resolutions impeaching State Auditor Clinton passed. Ex-Treasurer Parker, of South Carolina, yesterday arrested in Columbia for heavily embezzling State funds. New York markets: Cotton 16 1/2 @ 16 3/4; gold, 142 @ 144; turpentine, 37 1/2 @ 38. Postmaster General Jewell says President has not requested Secretary Delano to resign. Congressman Frye charges that Democrats in Louisiana violate pledges in unseating four Republicans.

Track laying on the Raleigh and Augusta Air Line has begun, three hundred hands being employed. A meeting of the trustees of the University will be held at the Executive office, Raleigh, on the 4th of May. The suitable names of Esquivel, James S. Amis and Nat. E. Canady, Esq., are suggested for the Convention in Greenville county. The Democrat says that Congressman Ashe has appointed David Vance, son of ex-Gov. Vance, of Charlotte, to the Naval Academy at Annapolis. President Hawkins, of the R. & G. R. R. says the Oxford and Henderson R. R. will cost \$275,000. Oxford has subscribed \$30,000 and is continuing her efforts. A colored man named Jim Parker, employed in Capt. Loyd's force on the Carolina Central Railway, while assisting to load a wrecked car "flat," had his left leg broken. Ex-Gov. Reid, Maj. Morehead, Judge Kerr, Maj. Bethel, and W. N. McMane, Esq., have been selected as the Centennial Executive Committee for the county of Rockingham. There is a young man in Edgecombe county who has been married three times to daughters in the same family during the last four years. So states a Battleboro correspondent of the Norfolk Landmark. Richmond Enquirer: They now propose to make the 29th of May, the Centennial of the Mecklenburg Declaration, a general holiday throughout North Carolina, and the proposition is received with great favor. Let us join them, and fire a salute. Maj. Bethel, of Reidsville goes to Danville to engage in the banking business, driven out of the State by the miserable usury law, which the Reidsville Age says has forced not less than a million dollars capital from that section of the State. The Observer says that Colonel Wm. Johnson spoke at Davidson College on Saturday in the interest of the Mecklenburg Centennial Celebration. He reports that DeWitt to township alder will raise five hundred dollars towards bearing the expense. We learn by the Sumter Watchman of the death at Austin, Texas, of Rev. A. G. Stacy, formerly pastor of the Methodist Church in Sumter. If we mistake not this is the Mr. Stacy who was President of Davidson Female College, Lenoir, N. C., several years ago. The Charlotte Observer's piety exceeds that of the law and the gospel. It says: Sunday, about 10 o'clock, it was discovered that fire was still in several of the bales of cotton which had been rolled off and saved from the conflagration on Friday evening, and it took some pretty hard breaking of the Sabbath to put it out. No damage of any consequence. We learn from the Monroe Enquirer that Mr. Henry C. Ashcraft, one of Armfield & Laney's clerks, was accidentally shot by policeman Well on Monday evening while attempting with the latter to arrest two brothers Cunningham, of South Carolina, who were believed to have stolen some goods during the day from Armfield & Laney's store. The McManesses are in jail. Ashcraft's wound is slight. The following named gentlemen have been appointed by the State Agricultural Society as delegates to the Cotton States Congress, to be held in Raleigh on the 13th of July next: State at large, Col. J. L. Bridges, Col. Thos. M. Holt; 1st District, Hon. Mills L. Eure; 2d District, Uriah Vaughan; 3d District, Maj. C. W. McClam; 4th District, Hon. J. W. Norwood; 5th District, Col. Wm. Cunningham; 6th District, Brevard Davidson, Esq.; 7th District, Stephen D. Clark; 8th District, Professor Kimberly.

Another Decendant of the Heroes of May 20th, 1775.

Says the Southern Home: Mr. R. C. Harris, near Quarry's, in this county, is a grandson of Mr. Jas. Harris, one of the signers of the Mecklenburg Declaration. He is 72 years old. Mr. James Harris lived and died near Rocky River Church. We are gratified to hear from many sources that the old men who are conversant with many of the facts touching the great Declaration testify to the accuracy of Gov. Graham's address.

Dr. Geo. Bugby (Mozzias Adams), is in New York making arrangements for a lecture tour.

Local Bids.

Import Entries for sale at the office of THE MORNING STAR. Mr. J. M. Henry, express agent at Goldsboro, drew five thousand dollars in the G. L. Both printing and ruling done in the finest grades of copying ink at the Star Job Printing Office. Most of the ticket-holders in the Greensboro Lottery are now gazing at the drawn numbers in blank astonishment. Numerous reports from the country around the city state that vegetation has suffered severely from the recent cold weather. Cloudy weather and areas of rain, with northeast to southeast winds, lower temperature and rising barometer, predicted for to-day. As soon as we saw it announced that the prizes in the Greensboro Lottery were to be scaled we swore in our wrath that it was a "scaly" business. Two colored men were yesterday arraigned before E. H. McQuigg, J. P., for failing to list their polls for 1874. Defendants were dismissed on payment of costs. Since seeing the lucky numbers of the Greensboro Lottery we have decided not to edit the Benbow House. We always did think that hot-keeping was the poorest business in the world. We announce again that marriage and obituary notices are charged as advertisements, and that those received by mail will not be inserted unless accompanied with a responsible name. We learn that arrangements have been made between the Southern Express Co. and Wooten's Express by which regular transfers of freight will be made between the two Companies, and all delay avoided. The schooner Bessie E. Dickinson, which was cleared from this port yesterday by Messrs. J. H. Chabourn & Co., is said to have carried the largest cargo of lumber (300,516 feet) ever taken from Wilmington. Business has been resumed at the dry goods establishment of B. Weill on Front street. The house will be closed every Saturday and Sunday, it being the intention of the proprietor to observe the Jewish Sabbath. I. O. of G. S. At a meeting of the Independent Order of Good Samaritans, a colored organization held last night, the following officers were elected for the ensuing term of office: P. W. Chief—Toanston Bailly. W. Chief—William A. Green. W. V. Chief—Elisha Merrick. W. R. Secretary—James Betts. W. T. Secretary—Philip Larrington. W. Treasurer—Danzy Franks. W. Prelate—Ben Worthom. W. Conductor Charles H. Muray. W. I. Sentinel—Lewis H. Johnson. W. O. Sentinel—William Chesnut. The Deputy will visit the session of the Grand Supreme Lodge of G. S., to be held in Washington on the 29th inst.

City Court.

The following cases were disposed of yesterday morning: Martin Bohlin, charged with disorderly conduct. Judgment suspended on the payment of costs. David Jackson, charged with disorderly conduct, cursing and fighting. Fined \$10 and costs. John Nixon, charged with disorderly conduct. Judgment \$10 and costs. David Jackson, two cases of disorderly conduct. Fined \$10 and costs in each. W. Edwards, drunk and disorderly. Judgment suspended on payment of costs. A Monster. An enormous wild cat was shot on the banks of the Northeast River, about five miles above the city, on yesterday, by a colored man who was out in search of other game. The cat weighed between forty and fifty pounds and is said to have been one of the largest and most savage ever seen in this section.

VARIOUS MATTERS.

From Smithville and Vicinity—The Late Rev. Mr. Wescott—The River and Bar Improvement—The Cold Snap—Quarantine Matters—Marine Items, &c.

A correspondent at Smithville, writing under date of the 19th, furnishes the following items of interest: On Sunday the bells of the Baptist and Methodist churches were tolled from 9 until 10 A. M. in commemoration of the death of Rev. Sol. Wescott, of this place, who recently died in Newbern. Mr. Wescott was a young man of great promise and was universally respected by all the people of the county. The vessels in port displayed their flags at half-past. The churches were draped in mourning outside and in. The depth of water in Seward Channel maintains itself despite the absence of the dredge-boat Emma Dunn. Sixteen feet was reported a few days ago, and the soundings were taken before high water. There is no doubt that the deepening of the river by the dredges at work at Snow's Marsh and The Logs has contributed to maintain the depth of water in the channel by condensing its volume and turning it from New Inlet. It would not surprise me (if the works go on as above, together with the work of the Emma Dunn,) if before the summer is passed eighteen feet should be reported in Seward channel. The cold snap was very severe in this locality; ice formed one inch in thickness. Vegetation was destroyed in all directions, even the young leaves of the trees were destroyed. The good people of Wilmington need have no fear in respect to Yellow Jack, so far as the quarantine on the river is concerned. A more prompt and capable physician could not have been entrusted with the quarantine of the river than Dr. F. W. Potter has proven himself to be. His regulations are rigidly enforced in respect to all vessels, not only from the South of us, but upon all on which sickness is or has been during the voyage. There are seven Barques, four Brigs and three Schooners in the harbor awaiting an opportunity to go out. The wind is blowing very fresh from the southwest.

The Hebrew Passover.

This great Hebrew festival commenced on last Monday at sundown. It is being observed by our Hebrew citizens generally. They not having any Synagogue to which they can repair for the purpose of exercising the devotions incident to the occasion, it is usual to perform the devotions in the family circle. The majority of our Hebrew population belong to the Reformed portion of that denomination. The following description of the feast and its observance we clip from the Norfolk Virginian: "As announced in our issue of yesterday the Hebrew portion of our population celebrated the first day of their great annual festival, which is almost the most joyous feast in their calendar. Service was held in each of the synagogues, the subject being found in the 12th chapter of Exodus. Psalms and hymns of praise expressive of joy and gratitude at deliverance from bondage were sung, and appropriate discourses delivered. The feast is observed by all Hebrews, orthodox and reformed, with religious strictness. Orthodox Hebrews differ from others in belief in holding that the Talmud is a correct exposition of the Bible; that the nation will be gathered at Jerusalem, and the appearance and reign of a personal Messiah. The festival lasts eight days, of which the first and last only are strictly observed by the Reformed Church. The Orthodox observe the first two and the last two, but on the intermediate days both sects follow their usual avocations. On the occasion of each Feast of the Passover the head of an Orthodox family repeats these words: "At present we celebrate it here, but next year in the land of Israel; this year we are servants, but next year we hope to be freemen in the land of Israel. The festival is observed on the first day, in addition to the usual thanksgiving prayers and jubilate hymns, the Deity is invoked to grant a prosperous spring and summer season to all mankind; that famine and pestilence shall devastate no portion of the world; that the earth may bring forth its fruit in season; that peace and plenty shall pervade every part of the universe; and that the time may soon be reached "when the sword shall be turned into a plowshare, that one nation may not wage war against another, and all men shall be as brothers." At most of the Hebrew festivals the Passover has a two-fold significance, an agricultural and political, or spiritual. The month of Nisan, or month of Abib, being the spring month, was hailed by the Hebrews, who, while in Palestine, were an agricultural nation, and followed most of the manners of the people among whom they lived. It was looked upon as the month when the products of the earth were collected and garnered amidst general rejoicings.

Lucky Boys.

Ticket No. 6474, which drew five hundred dollars in the Greensboro Lottery, is held jointly by Messrs. L. A. Angel and N. B. Topping, of the Western Union Telegraph office in this city. Prizes of this kind are "Like Angel visits, few and far between," and while Jack Frost is "perusing around" tipping our early vegetables, N. B. flourisheth like a green bay tree of uncommon height. It is said he will spend the balance of his days in chasing the wily fox.

Fire in Wilson County.

By a private letter received by one of our citizens we learn that the elegant residence of Mr. Calvin Woodard, three or four miles from Wilson, was accidentally burned last Sunday. City subscribers who fail to receive their papers regularly will please report the fact promptly at this office. If

The following additional prizes were drawn to-day: No. 59,785 drew ten thousand dollars; 23,005, five hundred dollars; 4,474, five hundred dollars; 4,601, four thousand dollars; 4,565, five thousand dollars; 8,493, one thousand dollars; 64,999, one thousand dollars; 266, fitted hundred dollars; 20,169, five hundred dollars; 65,359, five hundred dollars; 30,143, five hundred dollars. About fifty prizes of one hundred dollars each were also drawn. GULFORD.

OPERA HOUSE.

Baker & Farrow's Performance. The attendance at the Opera House last night to witness the performance of Baker & Farrow's troupe was only medium, owing, we suppose, to the inclemency of the weather. The company came fully up to the expectations formed of it, and rendered the characteristics of the German character in a style exceedingly life-like and true. Notwithstanding the limited audience the programme was carried out in every particular, and the performance was rendered with a spirit and determination that showed that empty benches could not dampen the laughter-provoking energies of the performers. The various songs, dances and sketches were highly appreciated and many of them loudly encored. Superior Court. The following cases were disposed of at the session of the Superior Court yesterday: Gilbert Telfair. Peace warrant. Dismissed on payment of costs. State vs. Henry Bowden. Larceny. Verdict guilty. Judgment suspended on payment of costs. State vs. James Spearman. Larceny. Verdict guilty. Sentenced to 10 years in the State Penitentiary. State vs. Wm. Marsteller. Assault and battery. Verdict guilty. Judgment six pence and costs. State vs. Wm. Marsteller. Assault and battery. Verdict not guilty. State vs. Abe Simpson, Peter Simpson, Calvin Simpson and Wm. Burney. Larceny. Verdict not guilty. State vs. Joshua Holland. Peace warrant. Case dismissed at prosecutor's costs. State vs. Daniel Williams. Peace warrant. Dismissed at defendant's costs. State vs. Edward Stanley alias Ned Glavis. Larceny. Verdict guilty. Sentenced to 18 months in the County Work House. State vs. John Scott. Larceny. Verdict guilty. Sentenced to 5 years at hard labor in the State Penitentiary. State vs. George Bailey. Larceny. Verdict guilty. Sentenced to 5 years at hard labor in the State Penitentiary. State vs. James McWilliams and David Stewart. Larceny. Verdict not guilty as to both. The defendants in this case are both white. They were arrested some time since, charged with the robbery of a store, an account of which appeared in our columns shortly after the event. On being arraigned, yesterday, McWilliams undertook the management of the cause and examined the witnesses in a very creditable manner. At the close of the evidence he made a short speech to the jury. State vs. Henry Guiler. Peace warrant. Dismissed at defendant's costs. State vs. John Watson. Disorderly conduct and misdemeanor. Appeal dismissed. State vs. Isaac Hirschberg. For an assault with a deadly weapon, with intent to kill. In this case the defendant was called and failed to make his appearance, and after proclamation was made judgment nisi was ordered by the Court. Hirschberg is reported to have left the city yesterday morning, consequently leaving his bondsmen in the lurch.

Election of Officers.

As the Fifth Ward Independent Bucket Company No. 1 has now been permanently organized an election for permanent officers of the Company for the ensuing year took place last night at their hall, resulting as follows: Foreman—F. M. James. 1st Assistant Foreman—J. G. Darden. 2nd Assistant Foreman—J. D. Gilbert. Laderman—W. S. Ellis, W. H. James, G. W. Mitchell, Brantz Swann. President—Miles Costin. Vice-President—D. F. Barnes. Recording Secretary—P. A. Fulcher. Corresponding Secretary—D. H. Wilder. Treasurer—L. H. Mann. Axemen—T. F. Tyler, J. M. Hawkins, J. W. Guthrie. A special meeting of the Company will take place on Monday night next, at which a full attendance of the members is desired.

Good Templars.

Theo. N. Ramsey is en route to Smithville, where he is to lecture to-morrow night on the temperance question. He organized a fine Lodge of Good Templars at Kennesville, Duplin county, on Monday night, and another at Teachey's in the same county on Tuesday night, with Capt. J. C. McMillan as worthy Chief Templar. The order is gaining strength all over the State. There are now upwards of two hundred Lodges in the State with a membership of ten thousand.

Tolley, 39 Maiden Lane, New York.—Gent.: The 13 gun which you built for me, No. 2033, has arrived safely to hand. Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meet my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measure as to have a boot so built to ensure a good fit. The pattern 175 and penetration 40 are very superior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far ahead of any public record which I have seen. Respectfully Yours, G. W. DORMAN.
