All ladies engaged in ward visiting are earnestly requested to be present, as business important to the Society will be considered.

The C. C. Railroad.

The following we take from the Charlotte Observer: "The C. C. Railroad is now in good condition from Wilmington to Buffalo. That part of the road between Charlotte and Monroe, which was in such a fearful state during the Winter, has become measurably smooth, and trains are now running their schedules with almost perfect regularity."

THE MORNING STAR.

VOL. XVI.—NO. 63.

WILMINGTON, N. C., FRIDAY, JUNE 4, 1875.

WHOLE NO. 2,390.

as "Japanned ware," in consequence of their resemblance to the manufactured article known by that name, held to be dutiable at 25 cents per pound (less 10 per cent.), as iron and tin plates galvanized, or coated with any material otherwise than by electrolytic batteries.

Sugars classified under the official standard in use at the date of importation held to be conclusive, although standards subsequently received at the port of importation showed that a different classification would have been proper had the new standard been in use at such port at the date of original importation.

There are Few Partisans.

Senator Booth reached San Francisco on the 19th ult., and was serenaded by an immense crowd the same evening. In his brief speech he alluded to the independent party of California as an organization which had for its motto, "No individual is so humble as to be beneath the law; no man, no corporation so powerful as to be above it," and declared:

"The day for subservency to party names is fast passing away. After passing from one end of this continent to the other, mingling with all classes of people, it is my deliberate opinion that outside of the men who hold or seek office there are not in the United States as many partisans as there are inmates in the insane asylums, and the opinions of one class are as consistent as those of the other."

Customs Litigation.

A curious litigation is going on in Bloomington, Ill. About thirty years ago, one Stephen Griffith had some 1,500 head of cattle and the same number of hogs. Corn was high, stock on the decline, and Stephen, in deadly fear of losing all his property, entered into a covenant with God that if He would help him out of the difficulty he would make over all the property he might in future acquire, above enough to support him, to the Lord. During his life he gave away almost \$1,000,000 to various religious and charitable institutions. When he died, at the age of eighty, he was thought to be insane, for he had previously conveyed property valued at \$150,000 to the Orphan Institute in Flat Rock, Ohio, the Freedman's Aid Society, the Christian Union, the American Bible Society, the Tract, and the Church Extension Society. These conveyances his heirs propose to set aside.

Meeting of the Memorial Association.

The regular annual meeting of the Ladies' Memorial Association, took place yesterday evening at Lippitt's Hall. The following officers were elected for the ensuing year: President—Mrs. Dr. Anderson. Vice President—Mrs. Dr. W. G. Thomas. Secretary—Miss Hettie James. Treasurer—Mrs. Tennant. Managers—Mrs. Champ Davis, Mrs. Engelhard, Mrs. M. S. Cushing, Mrs. Fulton, Mrs. Dr. Carr, Mrs. Graham Davis, Mrs. Henning, Mrs. A. Well, Mrs. Roger Moore, Mrs. W. H. Northrop, Mrs. Oakley, Miss Kate Burr, Miss Mary Harris, Miss Kate Kennedy.

City Court.

The following cases were disposed of yesterday morning: Ned Gauss, charged with highway robbery, on the person of Capt. Andrew Baxter, on Tuesday night last, was ordered to give bond in the sum of \$1,000 for his appearance at the next term of the Superior Court. Defendant was committed to jail. W. T. Cutler. Disorderly conduct. Judgment suspended on payment of costs. Margaret Dahmer. Disorderly conduct. Judgment suspended on payment of costs. Several cases were continued over.

Personal.

We take this opportunity to make our acknowledgments to Rev. J. T. Gibbs for the very capable manner in which he reported for THE MORNING STAR the proceedings of the Methodist District Conference in session at Magnolia last week. Mr. Gibbs, as is known to most of our readers, is Pastor of the Fifth Street Methodist Church, in this city, and we are glad to hear how popular he is with his congregation.

LIBERTY POINT CELEBRATION.

The Fayetteville Centennial which is to take place on the 20th of June is thus spoken of by the Lumberton Robesonian at the close of an article on the subject: "We predict a grand time at Fayetteville on the 20th. If we were to select a place on this earth where the fires of patriotism would burn longest and brightest we would certainly select old Cumberland. Like their ancestors of 1775 the citizens are ever ready to 'sacifice their lives and fortunes to secure the freedom and safety' of their country. All that is honorable in action and all that is sublime in devotion to a country's cause were exhibited by the thirteen hundred men whom Cumberland sent to the front in the late war. Every important battle-field from the Potomac to the Rio Grande was stained with Cumberland blood. It is such devotion as this which robs defeat of humiliation and which so gracefully drapes the robes of patriotism around the form of our fallen countrymen. All success to Cumberland and her Centennial."

Meeting of the Produce Exchange.

The members of the Produce Exchange, met yesterday for the purpose of taking into consideration, the new arrangement regarding the hours of closing the mails. In accordance with a recent change in the railroad schedule the Northern mail now closes at 4:10 P. M. The early hour interferes with the Northern correspondence of the merchants by abridging their time. A committee was appointed for the purpose of conferring with those having the matter in charge in order to effect some better arrangement. The following preamble and resolutions were unanimously adopted:

WHEREAS, The schedule of the W. & W. Co., for the mail train leaving here for Weldon, in the afternoon, necessitates the closing of the principal through mails, to the North at 4 P. M., an hour which will not admit of correspondence respecting the transactions of the day's business; and

WHEREAS, It is of very great importance that we should be able to give to our Northern and Western correspondents full details of actual transactions in our markets; be it resolved, That a committee of three be appointed by the President to confer with the railroad authorities, with the view of having the present schedule changed to a later hour in the evening for the departure of the Northern train.

The Sound.

The Sound is likely to become more than ever a place of resort for tired and weary Wilmingtonians during the present summer. Already its attractiveness, its charming quietness and delightful solitude are beginning to be fully appreciated. Numerous parties almost daily seek its serene precincts to saunter about and partake of its rest and be fanned by the ocean breezes that blow through its leafy realms. A day at the Sound has its beneficial influences, and one feels strengthened, invigorated and encouraged after partaking of the attractions it presents. It is resort of which our citizens should be proud. It has everything to render it inviting, and just in proportion as the facilities for reaching it are increased will the summer dullness and dreariness of our city be dissipated to a great extent. The proposed road of the Wilmington and Coast Turnpike Company will certainly supply this deficiency, and we are glad to observe that the Committee on Subscriptions are progressing favorably, and hopes are entertained that our city will soon be connected with this pleasant resort by a good road, when a short drive will bring one within sight of the ocean and make him a partaker of the attractiveness of the sound.

THE TOLLEY GUN.—COPY OF TESTIMONIAL.

Hudson City, N. J., Sept. 30th, 1874.—Messrs. J. & W. Tolley.—29 Marine Street, New York.—The success of your Tolley Gun, No. 2775 I ordered from you gives me entire satisfaction. I was very cringing when ordering the Gun, but must say that you have more than fulfilled what I required of you. I have shot several breach-loaders by first-class makers, and your gun beats them all for beauty and workmanship. As for shooting qualities, your gun shoots stronger and more even than any gun I ever shot. I have shown it to several good judges (including first-class gunmakers) and all agree that the action is very strong and durable, and that the gun is one of the best they ever saw. I have made many long shots with it, using only 3/4 drs. of powder, which is all your gun requires. I have shot it at a target according to the rules of the Turf, Field and Game trials, and the average of 8 shots at 40 yards is: Left-patter, 1st; penetration, 32; right-patter, 17; penetration, 37; using 3/4 drs. powder. Now I am sure such a gun is seldom met with, and am very proud to be the owner of it. But the real test of your gun is in the field—there it excels all others, killing cleaner and handomer than any gun I ever saw, as you assured me they would. Both paper and metal shells work splendidly. Gentlemen, I have to offer you my very best thanks, and will recommend your gun to all my friends.
