The Reformed Synod. In the General Synod of the Re-

formed Church, at its session in Jersey City, N. J., Saturday, the Committee on conference with churches of other denominations made very voluminous and interesting reports. The first re-port was in substance as follows: The Conference Committees of the

German church and Reformed church in America met in Philadelphia and spent two days in discussing the question of consolidation of the two churches, and while no definite plan of consolidation was arrived at, yet the question was very far advanced. The report was adopted.

The committee -also report that it met with a similar committee of the General Assembly of the Prosbyterian Church South, in New York, last January, and agreed upon certain plans of co-operation. It was adopted. The report sets forth that in a great work of the Presbyterian Church South in evangelizing the negroes the Presbyterian Church deponds largely for aid upon the Reformed Church, and, therefore, the joint committee requested that the Reformed Church consider with great sympathy this matter, and send its contributions to the treasures of Assembly, which, if done, the latter would be duly acknowledged.

It was also reported that the committee were to confer with the committee from the Presbyterian Church North, with the same view to cooperation as with the Presbyterian Church South; that the committee met in New York in March; that the two committees did not arrive at any agreement. It was almost unanimously resolved to continue the committee another year.

The Regatta To-Day. The second regatta of the season of the Carolina Yacht Club will take place to-day in the river. Seven vachts have been entered and a lively contest is expected. The interest in such sports seems to advance with the season. Each yacht will be reported at 2 o'clock and the start will be made at 24 o'clock, the course being around a buoy at market dock, down the river, rounding a buoy at the Dram Tree, returning and repeat, making a run of eight miles. The several yachts will sail is the following

Bessie Lee, sailed by O. A. Wiggins. Little Walter, sailed by Walter Concy. Spray, sailed by G. D. Parsley. Rosa, sailed by J. J. Fowler.

Qui Vice, sailed by W. A. Wright, Jr. Retta, sailed by F. A. L. Cassidey. Ripple, sailed by Norwood Giles.

The prizes to be awarded were yesterday on exhibition at the store of Messrs. T. W. Brown & Sons. They consist of a silver butter dish for the first prize and a silver milk pitcher for the second. It has been decided by the regatta committee of the Club to postpone the reception of the prizes until the meeting of the Club next Tuesday

The Memorial Festival.

The festival under the auspices of the Ladies' Memorial Association will take place to-night in the spacious vacant store next north of the hardware establishment of Messrs, Giles & Murchison. The Cornet Concert Club will be present and enliven the scene by some excellent music. It was thought that the Carolina Yacht Club would decide to have the regatta prizes presented at the festival, which, of course, would increase the attraction, but the governing committee of the Club have decided, as is stated elsewhere in this issue, to have the presentation take place at the next meeting of the Club. A good time is, however, anticipated, and those who show the proper appreciation of the efforts of the ladies and their laudable object by patronizing the festival will have no cause of regret. All necessary arrangements have been made and the ladies have been indefatigable in their efforts to make the festival an overwhelming success.

The Howing Race. A by no means uninteresting feature to-day's events will be the rowing race to take place immediately after the regatia this afternoon. This being a somewhat novel species of competition, it will doubtless be viewed with much interest. The course will be from Market street dock to and around a boat near Kidder's Mill and return. A yawl and crew have thus far been entered by each of the following vessels: Brig Lttle Fury, Schr. Ben and Barques Emma Crook and Heinrich Rodertos. So stalwart, brawny armed sailors will compete for the prize of ten dollars. There will be no entrance fee. The race has been gotten up by the gentlemen of the Carolina Yacht Club, who deserve much credit for their efforts to add another feature to the evening and assist in dispelling the monotony which settles upon our

streets on a summer afternoon. Mayor's Court. The following cases were disposed of yes-

His stock dog, "Old Phil." is very generally conceded to be the finest pointer in this country. When it is known that nearly 200 dogs were entered at the Watertown show, the number of prizes taken by Mr. Waddell is remarkable, and clearly entitles his breeding kennel to the claim of being the equal if not the superior, of any in the United States.
