The Story of the Upholsterers Denied by Mrs. Tilton-Further Advices from South America-Full Description of the Recent Terrible

Earthquake. NEW YORK, June 25. Mrs. Tilton publishes a card and affidavit pronouncing the upholsterers' story without foundation, and says "they had no without foundation, and says "they had no old carpets taken up or new ones put down during the time specified. There never was any impropriety of conduct or any improper relation between Henry Ward Beecher and myself, and all charges of adultery or improper conduct, or of any attempt upon his part or mine to have or solicit any improper or indecorous relations or acts are uttarly and absolutely false."

The steamer Acapulco brings dates from Panama to the 16th inst. No further details of the earthquake in the valley of Cucuita had been received. Political trouble was brewing in Panama, owing to the imprisonment of Gen. Camargo, who came on a special mission from Bogota but advices from Washington that the United States could not look with indifference on any complication that would endanger rail-road transit, was having a good effect for the preservation of peace. The merchants of Panama hove agreed to advance to the Government by way of a loan the amount of the increased contributions imposed by the decree of May 21st.

A revolution is threatened in the State of Magdalena by Col. Farias, who had col-lected a large force near Rio Nache. Bolivia has sent an emissary to Bogota to warn the Colombian Government that if it attempts to interfere with the sovereignty

of any of the coast States, all will combine to resist it.
The claims of the United States Government on Honduras for insults to its consul and flag at Omoa, during the bombardment of that fort, when occupied by Gen. Stre-ber, have been amicably settled to the sat-

isfaction of the U. S.

Fifty lives were lost in the harbor of Valparaiso during the storm of the 23d ult. Eight or ten apprentices on the Chilian man-of war Valdivia were drowned by the upsetting of a boat. Seven vessels were wrecked, including the British barque Laura McLennar. Capt. Harris, of the latter, with his wife and seven children, were

A Maracaibo letter of June 29, giving an account of the earthquake which caused the destruction of San Jose de Cucuita,

On the 16th and 17th there had been earthquake shocks, but on the morning of the 18th everything was serene. At halfpast eleven the earth commenced shaking with great force, and from all sides the people rushed to the streets. For fifteen seconds the movement continued, the city moving like a great ship without ballast. Instantaneously a cloud of fine dust enshrouded the streets and houses, impeding vision and calling forth cries of horror. These were of short duration, however, as the dust soon became so thick as to impede respiration. Many who might have been saved from the ruins of fallen, buildings fell victims to suffocation. Not longer than two minutes did this terrible affair continue. The wind rapidly carried away the dust cloud. The so fearful day was followed by a still more horrible night. The survivors had moved to the suburbs of the city, where encampments were established. Rain commenced to fall in torrents, and amid impenetrable darkness the groans of the wounded filled the air, varied only by sharp detonations proceeding from explosive materials amid the ruins. The coming of a new day showed that not more than two thousand remained alive. Beneath the fallen houses lay from 8,000 to

10,000 dead. The letter also reports the destruction at other places, as mentioned in the account of the earthquake by way of Panama, some two weeks ago.

Return of Knights Templar from the Bunker Hill Centennial.

RICHMOND. June 25, The Richmond Commandery Knights Templars returned at 10 A. M. to-day from their visit to Boston. They were met at the depot by a large number of the Masonic fraternity, including many Kuights who were unable to go on the pilgrimage, who escorted the returning Knights to the Governor's Mansion, where they were welcomed home by Gov. Kemper in a speech full of congratulatory and fraternal expressions, which was received with enthusiastic ap-

plause by the vast crowd present. Eminent Commander Wm. E. Tanner responded to the Governor, thanking him for the cordial reception, and referring in glowing terms to the pleasant hours spent in New England.

Sir Knight Rev. Dr. Vanderstice also spoke in terms of the highest compliment of the grand ovation accorded the Commandery during their absence.

The returned pilgrims and their escort then proceeded to the old Masonic Hall, where a sumptuous repast was discussed, after which the doubtless wearied Knights returned to their homes.
