He was quite popular in this section and was regarded as an able shipmaster as well as a courteous gentlemen.

THE HARPER CASE.

Verdict of "Not Guilty"-The Prison ers Still Retained in Costody. The jury in the case of the State vs. Wil liam Fisher and John Fisher, arraigned for an assault with intent to kill G. W. Harper, randered a verdict of "not guilty" yester-day morning at 7 o'clock as to the defendants, after having been out about eighteen

When the Court convened at about 9 o'clock A. M., His Honor Judge McKoy, after hearing what the verdict was, ordered the Sheriff to call the jury, and on understanding from them what verdict they had rendered, he remarked that there never was a plainer case of guilt submitted to a jury for consideration: that society was not safe or secure when so flagrant a violation of the law was disregarded and the offenders let

loose, unwhipt of justice. He ordered that the names of the jury be stricken from the jury list, adding the injunction that none of them should be allowed to act as jurymen, either as regular or tales jurymen. He further remarked that the jury were either incompetent to act or were corrupt. Commissioner A. H. Morris was called in

to state in what way the Board of County Commissioners selected the jurymen. He replied they were selected once in every twelve months, and always with a view to their moral character and good standing, so far as the commissioners were able to

The Judge said that perhaps some e them would stand as a certain individua did some time ago when his general character was required to be stated by a witness who said: "Judge, if that question was asked away down in a grapin Neck he would have a very good charecter, but if required here he would have none at all."

The Solicitor asked to be allowed to call a witness to prove that communication had been had with the jury while they were de liberating upon the case. The request was granted, whereupon George Hewlett was sworn, and testified that signs and whisperings had been carried on with the jury by one Larry Fisher, a brother of the defend ants. Larry Fisher was then ordered under a bond of \$200, to await on investigation, in default of which he was sent to jail. A hearing of the matter will take place to-day.

The Solicitor also introduced a witness to prove that a member of the jury had taken a drink with one of the relatives of the defendants, whereupon His Honor ordered that member of the jury to stand up, when Merrick, the foreman, responded, explaining that he had met a relative of the defendants after the jury had been empanelled, and before any evidence was heard, and had taken a drink with him, but at the time he did not know who the man was.

We are fully satisfied that the conduct of the Judge will and does meet with the hearty support and accord of all good citizens who are familiar with this transaction. TT(+1)14

their success in obtaining arms and equipments, and the organization is shortly expected to be ready for duty. Boys from 12 to 16 years are admitted and the number is unlimited. The first meeting of the company will be held for organization on Monday night, the 11th of July, in the Hall on the fourth floor Currie's Block.

It is thought this organization can do effective service and the boys should be encouraged in their undertaking. The music of cowbells is getting too loud in the city and the boys should be heartly cheered when they get on a bust. Some patriotic individual from Masonboro will contribute the ammunition, provided the clam-shouls don't fail in their crops before the organization. Go in boys and bust 'em, or—well, if you don't, and you do worse, the buzzards will flap their wings in your paise. Go in!
