The following extract concerning the gentleman we take from the Raleigh Chris tian Advocate, Dr. Closs was for many years Presiding E der of this district of the M. E. Church, and consequently is well known to a great portion of our citizens: We regret to learn that the health of Dr Closs is very precarious—so much so that eminent physicians have told him that if he continues on his present round of appointments he will not live until its close. At the District Conference at Plymouth he suddenly lost all consciousness, which con-tinued for several hours, and for a day and night there was a total loss of memory. Five years ago he had a similar attack at Magnolia. Since the attack at Plymouth he has suffered from chills and bilious fever, but, notwithstanding, has attended all of his quarterly meetings but one. Now, at the advice of his physicians and the urgent request of his people, he will quit his work for a while and go into the hill country for recreation. We trust his health may be speedily and entirely restored.

Our friends should bear in mind that Prof. Kendrick, of Jacksonville, Florida, will deliver a lecture at the rooms of the Wilmington Library Association this (Wednesday) evening at \$1 o'clock. Considerable attention is being paid to this scientific sport of late in our city. One afternoon during each week the sounds of the fire-arms of a rifle club which has been formed in our city may be heard re-echoing from the swamps across the river. The formation of another rifle club is now spoken of, and this of course is calculated to bring about competition, increase the practice and develop skill. Such organiwhich the practice entails, and create or cause to grow a love for out-door sports, We hope soon to chronicle the successful organization of another rifle club. A team will then be in order.

The City Case. The following regarding the recent city Owing to the late Supreme Court decision in the case of VanBokkelen vs. Canaday, ion in the case of Van Bokkelen vs. Canaday, as to the constitutionality of the amended charter, the Republican City Convention of Newbern, met in the county jail on Saturday night last to take into consideration the legality of the amended charter of this city. Several speeches were made and various opinions interchanged, after which the committee went into secret session. It is presumed, however, that no other action was taken than that of calling the old Board of City Council together, which met of the jail at 5 P. M. yesterday. As the session of the Board was strictly private nothing definite is known of their proceedings, though it is presumed the Board decided to apply for a writ of quo warranto in reference to the present Board of Aldermen, and that it is their intention to get out an injunction restraining the city tax colan injunction restraining the city tax col-lector from collecting taxes. However, all this is conjecture, as we heretofore stated

the meetings were private.
