LATEST NEWS.

We make up our matter entirely from the Sentinel:

Wilson Cary and Henry Phelps, colored, are the Radical candidates for Convention Mr. J. H. White has been nominated in

Gaston by the Conservatives. Jasper Stowe writes us: "He is our best man," and of course will be elected. But for the conduct and clamor of the office-holders there would not be a shade of oppositon to amending our Constitution. In spite of their efforts, however, there is every prospect that our people will move

forward with heavy majorities and aid in restoring the State to its former system of good government and prosperity.-Gen. T. L. Clingman. -Capt. T. M. Argo left for the West Sat urday evening to canvass some of the western counties in the interest of the Republicans. Mr. Sam. Merrill asked him on the streets Saturday what he was going for? He replied, "To beat your party." Mr. M.:

"Well, what good is it if you do beat; your party won't do nothing but meet and ad journ?" Capt. A.: "Yes we will do something. WE WILL GERRYMANDER THE STATE SO THAT YOU'LL NEVER TOUCH IT AGAIN." Hon. Josiah Turner writes from Hillsboro

under date of the 26th: To-day the candidates meet at Cates, in the Western portion of the county, and to-morrow at Hillsboro will close the campaign. There has been little enthusiasm among the people until the last three days. We now have signs of a full vote on the white side. The colored people have been out in smaller numbers and shown less interest in this than in any election since they were enfranchised. was at Chapel Hill on Saturday last when the people turned out in full force.

The officers of the law appeared and put an end to further belligerent proceedings. Mr. bay was arrested and held to answer but Mr. Emry evaded arrest by going over into Northampton county.

Important to Business Men.

Prudence and economy of course are the two great lessons to be learned; but there is one part of these lessons which, in dull times, is very liable to be forgotten. Be sure of one thing: Whatever you have to sell there are many people ready to buy, even in the most depressed season. Find them out; show them your wares; persuade them to buy of you rather than another. When buyers are reluctant, sellers must be active. It is neither cheap nor sensible to sit still behind your counter and wait for the bustle of trade to revive. When business is dull, that is the very time when you most need to advertise; and, in the second place, that is when people devote most time to reading the newspapers, and when your advertisement consequently is generally most seen. A few dollars thus invested will do more to revive a slaggish business more to revive a sluggish business than anything else in the world.

Rise of Prices or Bread Stuffe in Eu

New York Bulletin.] Our crop advices from the Continent of Europe, in another column, show the beginnings of the rise in prices which has since assumed such important proportions. We fail to discover in the accounts, however, anything of sufficient importance to account for the great advance; and must conclude that the course of the

We apprehend, however, that the injury to the French and English crops wil be found to have mainly caused the rise in prices.

Tote. The Philadelphia Press displays its curious learning as follows: The word tote (to carry,) long in vogue in Southern Delaware and Maryland, and said to be a negroism, is of ancient and honorable origin, from an old legal term tollere, to carry up a case to a higher court, which came to be known as the writ tolt, which was pronounced tote. It was applied particularly to cases "carried up" from the barons court, in old English times, to the county court, and was as dear to the yeomanry as the common law itself. Therefore, let us not ridicule tote as a mere Maryland and Delaware provincialism, originating with the former slaves of those States, but class it as belonging to one of the "first families" of words.

A Narrow Escape. Yesterday morning, between 12 and o'clock, officers Davis and Green, of the police force, found a man lying on the sand in the dock at the foot of Market street, fast asleep, while the tide, which him in its deathly folds. It appears that he had been in bathing, while under the influ ence of intoxicating stimulants, and had succumbed to the drowsiness which naturally comes over a man who has drank too deeply and goes into the water to "cool off." Two other persons had been in bath ing with the individual, but, failing to induce him to come out and dress after being in the water the proper length of time went up the street and reported the facts to the policemen. On a wharf log near by was the clothing of the drowsy swimmer, in the pockets of which was a valuable gold watch and \$40 in currency, which he was lucky in finding undisturbed. Brunswick County. We learn that the Radical head-centres have employed a lot of "fellows of the baser sort" to work up thier waning cause in Brunswick county until the election is over. They are attempting to operate on the pre judices of the uneducated whites in the lower Townships, hoping thereby to secure their votes for the Radical candidates

We hear, moreover, that U. S. Deputy Marshals are to be stationed at some of the precincts on the day of election for the al leged purpose of preventing frauds, but for the real purpose, no doubt, of trying to over- fit. The pattern 175 and penetration 40 are very suawe the whites.

An Exciting Time.

Last night considerable excitement was caused in the vicinity of Nutt and Mulberry streets by a hand to hand fight between a colored man named Delany and his wife. Delany brought the matter to a climax by kicking the table down and making a carom on the head of his better haif with a heavy crockery sugar bowl. The most excruciating cries then went up from the throat of the latter individual, as she waltzed about the vicinity with a sugar bowl poised on her cranium. Sergeant Kuhl and policeman Jeffrey Wise were summoned to the spot They are mostly stopping with private by the cries and excitement that ensued, but they arrived to find that Delaney had - Complaint is made that the lamp | departed and taken refuge in the back part of an adjacent lot, where they followed him. COPY OF TESTIMONIAL. -HANNIBAL, Mo., May 80 1874.—Messrs. J. & W. Tolley, 29 Maiden Lane, New York-Gent.; The 12 Gun which you built for me, No. 2093 has arrived safely to hand. Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good perior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far ahead of any public record which I have seen.

Respectfully Yours, G. W. DORNAN.
