Merchant Marine of the World. A paper was recently read before the London Statistical Society giving the number and tonnage of the merchant steamers and sailing vessels of all nations in 1870 and 1874. The number or sailing vessels in 1870 was 59.918-tonnage 16,042,498; in 1874 the number was 52,289-tonnage 14, 523,630. The number of steamers in 1870 was 4,132-tonnage 2,793,432; in 1864 the number was 5,865-tonmage 5,226;888. From which it will be seen that the number of sailing vessels throughout the world has decreased, and that there is a very large nearly ninety per cent. and the former about ten per cent. At this ratio of increase there would be more steam than sail tonnage affoat. The total tonnage of the great nations indicate their relative rank as follows: First, Great Britain; second, the United States; third, Sweden and Norway; fourth, Italy; fifth, Germany; sixth,

[Indianapolis News.] A visitor to a Sunday school pictile near Albany (let us say Troy), forad a pompous man, who was an ex-sheriff, and who seemed to be a sort of "king bee" among the people, superintending all the arrangements. Large tables were spread and loaded with an abundance of good things .-As soon as everything was nearly ready for the feast, a number of children "went in," when the ex-sheriff howled out: "Hold on, you d-d hogs, will you?" Then in a milder tone said to one of the ministers present: "Brother ---, will you ask a

A Silly Smuggler.

A man engaged in smuggling tobacco into France recently clothed himself from neck to foot with tobacco leaves and then put on his orwalk before crossing the frontier, so he got into a violent perspiration, which resulted in such an absorption through the skin of the poisonous qualities of the fragrant weed that the poor smuggler was taken ill on the way, was caught by the custom house officers, and now lies in a dying

A man in Medina, Ohio, while riding in procession behind his wife's remains the other day, overwhelmed with grief, had sufficient strength to stop the procession and jump out of the carriage to pick up a knife which he detected in the road.

Local Dots. - Warm and partly cloudy.

- The delightful season of cool nights is upon us in its full glory of ocean

breeze. - Couldn't we have a better systrying to separate them, Mark Dozier, a negro, ran up and pulled Mr. Flood off and present?

- It was moderately feverish around the city last evening awaiting the result of the election.

- We understand that the Cape Fear Light Artillery Company realized about the sum of \$90 by the recent excursion to Smithville and the Blackfish

sections of the city trash and garbage which has been put upon the streets is left there | Stacy VanAmringe; for Clerk-Samuel T. some times as long as two weeks. At this particular season of the year all the streets should be thoroughly cleansed every day.

- Owing to some difficulty existing in the arrangements of the Fifth Ward merease in steamers, the latter being Independent Bucket Company, we are re quested to state that the active services of the Company will be suspended in cases of fire for a few days, or until the matteris ar-

Coopers' Union.

A meeting was held on Fourth between Harnett and Swann streets, on Tuesday night last for the purpose of forming a Coopers' Subordinate Union. The Union was duly organized and the following officers elected for the ensuing term:

W. T. Spooner, President. H. A. Skipper, Vice President.

W. B. Skipper, Recording Secretary. T. Henderson, Financial Secretary.

C. B. Skipper, C. S.

J. E. Justice, T. G.D. McKinerly, S. A.

Committee of Safety-J. E. Justice, T. Henderson, D. B. Craig.

Trustees-D. B. Craig, H. A. Skipper, John Freeman.

Disorderly.

Residents in the neighborhood of the railroad, on Fourth street, complain that certain parties who are not known, except that they are colored, have been in the habit for the last two or three nights of tearing palings from the fences, hooting and shouting after night, to the great an. novance of all quiet and orderly citizens in dinary garments. The weather was that vicinity. Such conduct should be very hot and he had some distance to stopped at once, and all order-loving people, both white and colored, have an interest in bringing such offenders to justice.

> Attempted Robbery. We learn that the residence of Mr. Jersey Hopkins, who lives on Fifth, between Dock and Orange streets, was visited by a burglar early yesterday morning, but happily he was discovered in time to prevent the depredations he had evidently intended. It appears that the servant went out into the yard about 4 o'clock, when she discovered man standing at a window which had been left open to admit the air. The girl ran into the house to alarm the family, but when they arrived on the spot the would-be

burglar had fled.

Severely Injured. We learn by a telegram received here that Capt. Thompson, of the BBrig Sterling, which was cleared from this port for London on the 21st ult., by Messrs. Alex. Sprunt & Son, had in some manner received such severe injuries that it was found necessary to put into Halifax, N. S., to secure another master in his place. Capt. T. is spoken of in very high terms as an officer and man; and the accident is very much regretted.

False Alarm, An alarm of fire was sounded last even ing at half-past 8 o'clock. The bell, after some striking uncertainties, accused the Fifth Ward of incendiary proclivities, but though the gallant Bucket Company rushed out prepared for an encounter with the enemy he did not put in an appearance. It was a false alarm.

ELECTION IN THE CITY.

Same Old Thing.

The election in this city yesterday for delegates to the Convention and for township officers passed off very quietly. We failed to hear of the least disturbance at any of the polling places, or of any unpleasant words being exchanged between the rival parties. The whites as a general thing, and we believe it was the case for the most part with the colored people, voted and went about their business. There was less noise and confusion around the polls than is usual on such occasions even here, where, with a few notable exceptions, elections have always been conducted in a quiet and orderly manner.

An amusing incident occurred in the 2d Ward during the forenoon, which created considerable stir for a time. It seems that a private box had been prepared for an Independent candidate for Magistrate at large, which some michievous persons placed at the front door of the Court House, while the voting was going on at the rear. Into this box tickets for the candidate referred to were crammed by the wholesale, as it was known that they would not be counted. The party referred to finally heard of what was going on and had the box removed, at the same time announcing the fact that he should indict all who had any connection with the matter before the United States Commissioner, as he stated that several parties had voted for him in good faith.

Among the dodges resorted to by the Republicans was the following, which was extensively circulated and posted in prominent localities, being the most noted but flimsy: DEMOCRATS TAKE NOTICE!

How can any Democrat vote for Silas N. Martin and James H. Chadbourne, Yankee Abolitionists before the war, Union men during the war, and extreme Radicals since

We hope no Democrat will forget his manhood by casting his vote for any Radical.

The official vote for delegates to the Convention only is given. There was no opposition to speak of to the Radical town ship ticket. The nominees for Delegates to the Convention were-Conservatives Hon. George Davis, Col. Robert Strange Robert K. Bryan, Esq. Radical: G. Z. French, S. H. Manning and J. H. Smyth, col. The Radical ticket elected for Wil mington township is as follows: For Justices of the Peace-J. J. Cassidey, Joseph - Complaint is made that in some | C. Hill, col., Henry Brewington, col., Alex ander Sampson, col., Anthony Howe, col., Potts; for Constable-Solomon W. Nash col.; School Committee-Alfred Howe, col., A. H. Morris, Joseph E. Sampson, col.

n Rx-State Treasurer Breaks Jail and Escapes.

We learn that ex-Treasurer Niles G. Parker, of S. C., against whom judgment and against whom a criminal indictment will give Bunn a heavy majority. was pending for embezzlement, &c., broke jail at Columbia on Wednesday evening. It was expected that he would come in this direction, and a dispatch was sent to Marshal Robinson to that effect, warning him to keep a lookout for the individual. In accordance with this request an officer was sent to Union Depot yesterday morning to watch for Parker, but he did not make his appearance.

It is said that Parker has defrauded the State to an immense amount, but we have not been able to obtain the exact figures.

ELECTION RETURNS.

RESULT IN DOUBT.

Some Unexpected Gains and Other Unexpected Losses - Lose Wake and Probably Wayne and Mecklenburg-Carry Robeson - Considerable Gains in Bladen-Guilford Probably Lost.

Enough returns have not been received o enable us to formulate an opinion as to the result. We present the returns from some counties, and withhold comment until fuller information reaches us. Below we give such news as has reached us:

Special Telegrams to the Morning

WAKE, FRANKLIN AND WILSON RALEIGH, July 5. Wake county has gone Republican by some 200 majority. The contest was hot.

Franklin and Wilson have gone Democratic. WILSON, Aug. 5. Singletary, Conservative, is elected by 300 majority.

WAYNE.

GOLDSBORO, August 5. The vote in Wayne is very close, and requires the official vote to decide. The negro vote is largely increased. Faircloth. Radical, is probably elected by 50 majority, while the result is still in doubt as to the other member. It is feared that Dortch is beaten by Grantham, by a few votes. The whites of Wayne were never better united, but negro importation did the work.

CRAVEN, CARTERET AND LENOIR. MOREHEAD CITY, August 5. Craven gives the Radical ticket the usual majority of 1,200. Vote light.

O'CONNELL.

The Centenary of the Illustrious Irishman-Its Observance in this

City-Line of March, &c. A meeting took place last night, at Hibernian Hall, under the auspices of the Hibernian Benevolent Association, to consider the manner of celebrating the centenary of O'Connell, the Irish patriot.

Mr. J. H. Allen, the Vice-President of the Association, presided on the occasion, and Mr. John W. Reilly was requested to act as Secretary. On motion, a committee of three were ap-

pointed to submit a plan for the celebration of the occasion. The committee made a report, which was adopted: whereupon a committee, consist-

ing of Capt. I. B. Grainger, Jas. Corbett, L. Brown and Major James Reilly, with F. H. Darby as Chairman, was appointed to make suitable arrangements. On motion, the public generally were re-

quested to participate.

Mr. James Madden was elected Chief Marshal, after which the meeting adjourned. PROGRAMME.

The following has been decided upon as the programme for the celebration to-day: The procession, consisting of the Hibernian Benevolent Association in regalia, together with such citizens as may wish to participate, and a band of music, will start from Hibernian Hall at 3:30 o'clock, and observe the following line of march: Up Front to Market, to Fourth to Mulberry, to Third, to the Theatre, where Hon. A. M. Waddell will deliver the address, and suitable resolutions will be passed.

After the conclusion of the ceremonies at the theatre, the procession wil reform and march to Third, to Nun, to Front, and thence to the Hibernian Hall, where the procession will disband.

Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good fit. The pattern 175 and penetration 40 are very superior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far ahead of any public record which I have seen.
