COUNTERFEITING.

Two Young Men of Respectable Families Arrested in Kingston for Counterfeiting—They Confess the Crime—The Modern Operand.

[Correspondence Raleigh News.]

KINSTON, N. C., Aug. 26, 1875. The first counterfeiting probably ever known in Eastern Carolina came to light here yesterday. Two young men from Craven county, named respectively John J. Brock and John W. Rhen, were arrested by Deputy U. S. Marshall Hunter, charged with the high crime.

It appears that they went to the store of a negro, by the name of Louis Fisher, in the suburbs of the town, and purchased some tobacco, giving in payment therefor three 5c. nickel pieces. The suspicion of the negro was aroused by the peculiar brightness of the pieces, which upon closer examination showed very plain and palpable defects in moulding. He applied his knife and found that the beautiful bright nickel was only pewter. Fisher at once made the matter known to the authorities, and the arrest was determined upon.

The parties in the meantime left the town, but pursuit was made and they were soon overtaken and brought back. Being closely questioned they confessed they had the moulds for the purpose and manufactured the counterfeit. They also confessed having made the mould, by impressions on wood from a genuine piece. Whether this is true remains yet to be seen. It is possible that they are only the agents of a much larger concern, and there is no telling what amount of the larger coin there is afloat in this section. Only fifteen pieces of the coin could be found on their persons, but they had sufficient opportunity to hide what they had.

They were young men of tolerable good standing in the community in which they lived, and it is to be regretted that this misfortune should have occurred.

They will be taken to Newbern for a preliminary trial before the U. S. Commissioner at that place.

LATER.—The Newbern Nut-Shell says the parties have had a hearing before Commissioner Lehman, and Rhen was released on a bond of \$500 for his appearance at Superior Court, while Brock was conveyed to jail.

Medical Trickery in High Places.

A Washington special to the Baltimore Sun says: The statement recently prepared and published by the Treasury Department, giving the receipts and expenditures of the government for the last fiscal year, does not show on its face the actual condition of the finances. This statement was prepared, it now seems, as a campaign document, and first placed in the hands of ex-Speaker Blaine to be used in the canvass in Maine. This statement claims that there was a surplus of increase over expenditures for the last fiscal year of \$11,376,658. But it does not state that if the expenditures authorized by Congress had been made the surplus would have been barely \$1,000,000. But the Treasury Department for the first six months of the last fiscal year was so straitened in its resources that the Secretary had no alternative but to refuse to pay any but the absolutely necessary expenditures. In this way he saved over something over \$11,000,000 which Congress had appropriated. Even after all this had it not been for the additional taxes levied last winter instead of a surplus there would have been a deficit of at least \$3,000,000. The statement, which Mr. Blaine has to delude the voters of Maine, boasts of the great surplus, and asserts that the expenses last year were less than any previous year since 1861, but says nothing at all of the manner in which this surplus was obtained. Nor does it allude to the fact that the balance in the Treasury on the 30th of June, 1st, was \$6,000,000 less than on the 30th of June, 1874.

At a Venereal Babyhood.

There is a girl living at North Beverly, Mass., whose brief life of three years has been an eventful one. She was born on board ship in the Pacific ocean. Before she was three days old her mother died. Before she was seven days old the ship was wrecked and sank. The babe was wrapped in a blanket and kept warm, and the sailors paid every attention to her, and kept her alive with biscuit soaked in water, and were hardly less attentive to the little one's wants than her father. Ten days after the wreck

they were picked up by an English vessel and taken to Liverpool. Thence they came to this country, and the little one has been brought up at the house of her grandparents.

Misery Knows Company. A single house of one room, on high land below Vincennes, Ind., during the late rise furnished residence for twenty-four families, whose dwellings had been rendered untenable.

Local Notes.

—Mr. Probabilities on to day: Coast rains, perhaps.

—They have a cave in the pave on the east side Nutt street near Walnut.

—And now the "why" arises—"Why didn't Mr. E. stop his own horse?"

—At 11:30 last night a pistol-shot and a yell broke the stillness in the neighborhood of this office, but we could learn nothing of their import.

—Mr. Frank H. Darby, formerly connected with this paper as temporary reporter, leaves this morning for New York. We wish him a pleasant trip and a safe return.

—Capt. Hall, of the steamship James A. Geary, formerly on the line between this port and Baltimore, we regret to learn, received serious injuries a few days ago, at Baltimore, by a fall on the deck of his vessel, by which one of his ribs was broken.

Accident.

The forward truck of the locomotive attached to the eastward-bound passenger train on the C. C. Railway ran off the track at Buffalo on Thursday evening, causing a delay of some hours, but doing no damage except to strain the pipes connecting the locomotive with the tender a little. The accident was caused by approaching an open switch with a trifle too much headway. After jacking up the engine, rails were placed underneath, the track regained and the trip toward Wilmington resumed without any particular inconvenience save the loss of time.

Hatters and Wilmington Telegraph.

From Gen. Myers, Chief Signal Officer, we have a circular announcing that he will receive at his office in the War Department at Washington, until the 10th September, sealed proposals for the delivery and erection of the poles for the new line. The poles must be of juniper or cedar, 20 feet long, 4 inches diameter at top, peeled, set four feet in the ground and 25 to the mile. The line is to extend from the signal stations at Cape Hatteras along the bar to Slet Point, and thence along the road from that point to the Signal Office in this city.

The First Bale and the First Sale.

The first bale of new cotton brought to this market, raised by Mr. E. J. Moody, of Marion, S. C., mention of which was made in our last issue, was sold by Messrs. Kerchner & Calder Bros., to whom it had been assigned, yesterday, for 17 cents per pound, Messrs. Barry Bros. being the purchasers. It is a fine bale of cotton, is classed as middling, and has been shipped to New York by the Steamship Benefactor. Messrs. Kerchner & Calder Bros., met we are informed, received the first new cotton of the season for the past four years.

Cape Fear Township.

Before Justice H. E. Scott, yesterday, Sam Lee, with an alias, was arraigned on the charge of stealing a lot of watermelons. He was ordered to give a \$100 bond in the next term of the Superior Court, in default of which he was committed to jail.

Range of Thermometer.

The following was the range of the thermometer at the Signal Bureau, in this city, yesterday: 7 P. M., 88; 11 P. M., 79; 2 P. M., 78; 4 P. M., 79; 6 P. M., 80.

Struck by Lightning.

Mr. Shadrach Woodard, residing at Western Prong, near the Carolina Central road, in Columbus county, had his house struck by lightning some day last week. We are glad to learn, however, that the damage was very slight.

Recaptured.

From the Advance we learn that the negro convict Moses Lewis, who escaped from the guard at the Work House near this city recently, was arrested at Black Creek, on Monday last, and committed to jail in Wilson on his own acknowledgment that he was an escaped convict.

The Mingo match.

Our two Wilmington rifle teams met yesterday on their range across the river and indulged in a friendly contest for a silver cup. The match attracted a number of spectators not directly interested, and resulted in a victory for Team No. 1 by only one point. This result, however, must be viewed in connection with several facts which would have had a modifying effect on both scores. In the first place it will be noticed that No. 1 had out only 8 men against No. 2's 9. It is fair to suppose that this fact reduced the score of No. 1 by the average number of points made by each of the 8 who were engaged, that is to say, the equalized score of No. 1 would stand at 454 2/3 points. We would also state in connection with this team that Mr. Lily—himself a very good shot—was not present, but his score was kept above the average by the member who acted as his proxy.

While Team No. 1 carried off the laurels, it will be seen that Messrs. J. D. Woody and Junius Davis, of Team No. 2, each made a score of 63 1/2 points—being the highest made by any member of either team; and the quality of this shooting will be appreciated when it is recollected that each shot in the bull's eye counts 6 points and that if any member had put all of his 15 shots in the bull's eye he could have scored but 90. We noticed, also, that No. 2's target was subject to vibrations of considerable extent from the force of the wind and the yielding nature of the ground. How far the same cause may have acted to affect the accuracy of No. 1's shooting we cannot say, as we did not have the same opportunity for close inspection. The light during the evening was not very good for shooting, owing to the thick clouds obscuring the sky, and this may possibly have operated more to the disadvantage of No. 2 than of No. 1, as the latter continued shooting some time after the other team had finished, while the darkness was increasing with the approach of night.

The freshest in the river, acting with the moon, caused a very high tide, which covered some of the low ground in the vicinity of the targets, making matters rather unpleasant than otherwise for the markers and suggesting to them the fact that the riflemen ought to have a good plank walk over their range before long.

We append the score:

TEAM NO. 1.

E. Lily, 58 1/2; W. R. Kenan, 50 1/2; J. S. Price, 55 1/2; DuB. Cutlar, 62; R. M. Houston, 27 1/2; E. A. Moffitt, 53 1/2; H. G. Smallbones, 32; G. P. Cotchett, 46. Total 406. J. McR. Russell, scorer.

TEAM NO. 2.

J. D. Woody, 63 1/2; W. L. DeRosier, 38; Junius Davis, 63 1/2; N. B. Rankin, 47; W. F. Hargrave, 44; L. S. Belden, 56; J. T. Rankin, 51; Walter Coney, 9; E. H. Eilers, 32. Total 405. J. L. Holmes, Jr., J. C. James, Scorers.

Another Case of Drowning.

From Sergeant Kubl, of the police force, we learn that at 10:30 o'clock last night, an old colored man named Amos Walker, who had long been a faithful servant of Mr. A. B. Corbett, of Turkey Creek, stepped between a flat and the steamer Cassell, at the wharf of Messrs. Kerchner & Calder Bros., between Princess and Chestnut streets, and precipitated into the river. Mr. Corbett and an old colored man were near and saw him fall, but could do nothing to save him, as the boats lay close together toward the stern of the steamer, and he immediately drifted out of sight. The body possibly lodged in the wheel, and efforts will be made to-day for its recovery.

Spirits Turpentine.

Harrel, of the Henderson Tri-une, speaks of moving to Raleigh.

—Mrs. Mary Bayard Clarke writes the literary gossip in the State Agricultural Journal.

—Three of the recently escaped penitentiary blackbirds, Lewis, Devane and Jones are in Wilkes jail.

—The Southern says eight Edgcombite young gentlemen will leave for the University on the 3rd prox.

—Two new store have recently been built in Wilson and several other buildings are to be erected there soon.

—In Nash, some 40 whites voted the Radical ticket. Only sixteen whites in Franklin, and in Warren only 5 whites.

—It is thought that Mr. Patterson will be elected to the Orange vacancy in the Convention by an increased Conservative majority.

—The News says the revival feeling among the Y. M. C. A. of Raleigh is strong. They have leased the elegant hall in the Bridge building, which will be dedicated next Wednesday evening, Rev. A. W. Mangum making the dedicatory address.

—Wilson Advance: The picnic under the auspices of Harmony Council E. of H. came off at Wiley, Janne's last Friday. During the day speeches were made

By G. W. Blount, H. C. Moss, R. J. Taylor and James Murray, Esq.

A pleasant affair. The Wilson Advance says, that the notorious and penitentiary convict who made his escape some time ago, and who it was thought was implicated in the robbery of Dr. Graves' house, was captured in Lenoir and sent to Kingston jail.

—Southern: Mr. Wm. A. Brown, representing a Philadelphia firm, has purchased for \$23,000 the Mason gold mine in Nash county. A quantity of the machinery has already been received and operations will be commenced at an early day. This will be the third in operation in Nash.

—Wilson Advance: By the death of Thomas W. Dewey, Grand High Priest of the Royal Arch Chapter of North Carolina, that office now devolves upon Colonel Thos. S. Kenan of this place. D. G. H. P. So we have at this time in Wilson the highest officers, both of the Grand Arch Chapter and the Grand Lodge—Geo. W. Blount, Esq., being Grand Master of the State.

—Wilson Advance: A correspondent at Nashville informs us of the death of Jonathan M. Stone, Esq., who breathed his last on Sunday, the 16th inst. Mr. Stone was formerly known in Grayville and Nash as "Uncle Murray Stone." He served the people of both counties in the Legislature, and retained the confidence by his strict adherence to principle and his honest, upright course to the day of his death at a ripe old age. Peace to his ashes.

—About two weeks ago, Miss Rhode Ennis, a young lady of highly respectable parentage, while walking along the public road in Nash county near the Harnett county line was overtaken by a strong, staunch negro man by the name of Virgil Stuart. After the morning shaking her senseless committed the miserable crime for which he will be most assuredly hanged, provided he does not escape from the Johnston county jail, where he is now confined. So we learn from the Raleigh News.

CITY ITEMS.

BOOK BINDERY.—THE MORNING STAR BOOK BINDERY does all kinds of binding and ruling in a workmanlike manner, and at reasonable prices. Merchants and others needing Receipt Books, or other work may rely on promptness in the execution of their orders.

THE TOLLEY GUN.—COPY OF TESTIMONIAL.—HUDSON CITY, N. J., Sept. 30th, 1874.—Messrs. J. & W. TOLLEY—39 Maiden Lane, New York:—The 10-gauge Gun No. 308 I ordered from you given me entire satisfaction. I was very anxious when ordering the Gun, but must say that you have more than fulfilled what I required of you. I have shot several brace-breakers by first-class makers, and your gun beats them all for beauty and workmanship. As for shooting qualities, your gun shoots stronger and more even than any gun I ever shot. I have shown it to several good judges (including first-class gunmakers) and all agree that the action is very strong and durable, and that the gun is one of the best they ever saw. I can state some very long shots with it, using only 3/4 dr. of powder, which is all your gun requires. I have shot it at a target according to the rules of the Turf, Field and Farm trials, and the average of 6 shots at 40 yards is: Left-pattern, 100; penetration, 88; right-pattern, 175; penetration 30, using 3/4 dr. powder. Now I can state such a gun is seldom met with, and am very proud to be the owner of it. But the real test of your gun is in the field—there it excels all others, killing cleaner and handsomer than any gun I ever saw, as you assured me they would. Both paper and metal shells work splendidly. Gentlemen, I have to offer you my very best thanks, and will recommend your gun to all my friends.

Yours Respectfully, HENRY LORON.
