CONSTITUTIONAL CONVENTION

FOURTH DAY.

112 -

[Raleigh News.]

RALEIGH, Sept. 9. The Convention met promptly at 10 o'clock Mr. Jarvis in the Chair, owing to sickness of the President. Mr. Manning from the Committee

to prepare rules of order for the government of the Convention submitted a voluminous report; action thereon postponed till 11 o'clock. By Mr. Price, a resolution of inquiry of the Committee on Privileges and Elections, whether or not R. C.

Badger, the delegate from Wake, I. J. Young, from Granville, Jno. S. Mannix and Lehman, from Craven, and J. Q. A. Bryant, of Wilkes, are United States Officers, and if such be the case why should not their seats be declared vacant.

By Mr. Young, a resolution of inquiry to the Committee of Elections, as to whether or not Jas. Rumly, of Carteret, is not Superior Court Clerk of said county. E. E. Vaughan, Sheriff of Transylvania, Joseph Dobson, Solicitor of the 5th Judicial District, and Josiah Turner, State Printer, and if such be the case why should not their seats be declared vacant.

By Mr. Rumly, a motion that a Committee of five be appointed to wait on his Excellency, the Governor, and inform him of the organization of this Convention and ready to receive any communication from him. Mr. Turner opposed the motion, thought the Governor was thoroughly indifferent and did not care whether the Convention was organized or not. His action in ordering the Orange county election, thirty days after he was notified instead of ten days, showed that the Governor, or his party, did not desire a Convention and he was not willing to notify him of this or any other action of the Con-

Mr. Reid coincided with Mr. Turner in his views of the action of the Executive in regard to the Orange county vacancy, but he thought it eminently proper that this body, sitting as representatives of the sovereigns of North Carolina in the capital, that his Excellency, the Governor, should be informed of the organization of this body, &c. Mr. Reid was interrogated during his remarks by Messrs. Badger and Tourgee, as to his opinion, whether or not the Governor had the power to order the election in Orange in less time than

thirty days in accordance with law. Mr. Reid said, he thought the Governor's power was ample and complete to order the election earlier, and the fact that he was in favor of an immediate adjournment of the Convention, it was clear that he did not intend that Orange county should be represented in full. After further discussion between Messrs. Tourgee and Turner, the vote was taken on the motion and all the members with the exception of Mr. Turner voted in the affirmative.

The President announced the following as said Committee: Messrs. Rumley, Reid, Barringer, Lehman and Batemen.

On motion of Mr. Durham, Peter Hughes, of Alamance (the same who was nominated by Mr. Tourgee for Principal Doorkeeper on Wednesday), was unanimously elected to that post-

On motion of Mr. Tourgee, Mr. French was granted leave of absence till Monday next.

HONORS TO GRAHAM. The resolutions of respect to the memory of the Hon. Wm. A. Graham called up at 12 o'clock and read by the Clerk. Enlogies were delivered by Messrs. Dockery, Chingman, O'Hara, Smyth, Tourgee Chamberlain, Thorne and Robbins, and will appear in the News from day

to day until all are published. The vote on the resolutions was taken standing and in silence, every member voting in the affirmative. -After which the Convention adjourned in respect to the memory of the lamented dead.

On motion of Mr. Barrow, the special order for 12 o'clock being the consideration of the report of the Committee on rules for the Govern-ment of the Convention was taken up and the report adopted.

The only change made in the report of the Committee was changing the title of Principal Doorkeeper Hill to Sergeant-at-Arms and ordering an election for Assistant Doorkeeper to

Doorkeeper Norton. Note. - It would be proper to add, their orders.

A STORM OF ICE.

Hatistones Shattering a Hailroad Train and Wounding the Passen-

[From the Denver News.] At Potter station, on the Union Pacific Railroad, on Friday night, a train was just pulling out from the station when a storm commended, and in ten seconds there was such a fury of hail and wind that the engineer deemed it best to stop the locomotive. The harlstones were simply great chunks of ice, many of them three and four inches in diameter, and of all shapes-squares, cones cubes, &c. The first stone that struck the train broke a window, and the flying glass severely injured a lady on the face, making a deep cut. Five minutes afterward there were was not a whole light of glass on the south side of the train the whole length of it. The windows of the Pullman cars were of French plate three-eights of an inch thick and double. The hail broke both thicknesses, and tore the curtains into shreds. The wooden shutters, too, were smashed, and many of the mirrors were broken. The "decklights" on the top of the cars were also demolished. The dome of the engine was dented as if it had been pounded with a hammer, and the wood work on the south side of the cars was ploughed as if some one had struck it all over with sliding page. blows from a hammer. During the continuance of this terrific fusillade, which lasted fully twenty minutes, the excitement and fear among the passengers ran very high. Several ladies fainted, and one lady, Mrs. Earie, wife of the Superintendent of the telegraph line from Wilmington to Smith-Mountain division of the road, went into spasms, from which she did not recover for over an hour after the

the head and face. As soon as the storm abated a little, the matting in the cars was hung up in front of the windows, and the train moved ahead, the drifted hail stones proving an obstacle for some miles. At the next station, strips of tin were procured and fastened over the windows the entire length of the train. The cars have been run into the shop for repairs, and the damage will amount, it is estimated, to several thousand dollars.

Important la the Westervelt Trial. PHILADELPHIA, Sept. 8.

The following testimony produced great sensation in the court room: Lucretia S. Peers affirmed-I saw the prisoner on the 6th of July in Brooklyn: I took a horse-car to go to the upper part of Brooklyn; seated opposite me in the car was a man and child; I recognize the prisoner, Wm. Westervelt, as the man; the child was very fair, with dark eyes, light, soft curly hair, about four years of age; the child had on a brown linen suit; the man spoke to the child but once; the child cried, and he turned to it and said, "Hush, hush;" the child seemed frightened; the man said, "Go see mamma; go see mamma;" when we came to North Fourth street he left the car, carrying the child on his arm. [Photographs of Charlie Ross handed to witness. |-These pictures bear a strong resemblance to the child.

The Legislature turned a deaf and hostile ear to all suggestions in regard to publicity to be given through the press to those matters of information | the prosecuting witness. that the people can only get accurately and generally in that way. The Legislature went farther than thatit made it optional with County Commissioners and other county officers to publish or to post their statements. The county of Wake has chosen the latter mode, as we suppose others have done. One of the Commissioners of this county informs us that the Treasurer's statement, covering forty pages of manuscript, copies of which must be posted up in many parts of the County, will cost \$1,500. This is economy with a vengeance.

The Yacht Race.

The last yacht race of the season, under the auspices of Carolina Yacht Club, took place at Wrightsville yesterday. The wind was blowing almost a gale, and while this gave speed to the yachts, it prevented that large attendance on The Banks that otherwise would have heightened the enjoyment of the occasion. The Sound was on a high old spree and it was not deemed prudent to attempt to cross it in ordinary boats.

The following is the time of starting: Bessie Lee. 8.44. Carolina..... 8.47.7 Ripple..... 3.47.23

The boats sped on in the order in which they started until their return to the Banks channel, when the Ripple passed the Carolina on the first tack. They passed the Inlet buoy in the following order: Ripple, Carolina, Bessie Lee, Rosa, Empire & Marion.

On reaching the Banks house, on the first round, the Bessie Lee was found to be leaking and was run ashore. After an examination of her condition, she re-entered the race, but lost her position by the delay and fell in the rear. To cap the climax of Bessie's bad luck, she swamped on her return from the Inlet buoy.

The positions of the boats when they passed the Inlet buoy were maintained throughout the race, and the gallant little "things of life" came home as follows: Ripple 5.19.6

Rosa..... 5.23.6 The following is the actual running time:

In this race, we are informed, the Ripple made the best time recorded in the books of the Carolina Yacht Club.

Relieved of His Watch. A colored man by the name of John Taylor, but better known under the cognomen of John Bull, was arrested by officers B. T. ing, on the charge of stealing a watch. Ransom Cobb, the man who lost the watch, was at work Thursday under the shed at Mr. VanBokkelen's distillery, and says that when he came back from dinner he suspended his coat, in one of the pockets of which he had previously deposited his watch, by a nail driven into a post not far from where he was at work. In the evening when he took his coat down he found that the watch was missing, and upon inquiry found that Taylor, who had been loafing round the shed during the day, had been seen lying down by the post upon which the coat was hanging. Yesterday morning he searched for Taylor and asked him if he knew anything about the watch. He replied that he did not. The two policemen referred to, who were standing not far off, were called by Cobb, and during the questioning and cross-questioning that ensued Taylor finally acknowledged that he did take the watch. He was conveyed to the Guard House and locked up to await

a hearing before the Mayor this morning. The Rantankerous Rads.

After the usual amount of haranguing the Republican meeting, held at the City Hall last evening, passed resolutions recommending Jasper Bishop as its choice for County Commissioner in place of James Wilson, resigned. Col. Duncan Holmes seems to have been "no whar" in this preliminary race, and we hear the Knight of the Thundering Lungs took one of his peculiarly brilliant oratorical flights, during which he inveighed against the cruel fate that so remorselessly nipped his aspirations in the bud. Moreover, he said he'd be durned of he'd stand it; it was a put-up job of Bill Moore's and Jim Heaton's, and he'd see who was the heavy coon in the Repub-

lican party.

Is it possible that the K. of the T. L. cannot get a fat office from the Riproarious Rantankerous Radical Republican Ringtailed Rousers ? STATE PRO TO TO

COPY OF TESTIMONIAL .- HANNIBAL, Mo., May 30, 1874.-Messre. J. & W. Tolley, 29 Maiden Lane, New York-Gent .: The 12 Gun which you built for me, No. 2098, has arrived safely to hand. Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good perior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far shead of any public record which I have seen.

Respectfully Yours, G. W. DORMAN.
