OUTLINES.

Pickett's remains arrived in Richmond yesterday. — The grandest preparations are making in Richmond for the unveiling of Stonewall Jackson's statue on Tuesday next. — The reduction by the Secretary of the Treasury in the amount of drawback allowed on exportation of refined sugar pleases the Canadians as much as it displeases the American trade. — The Tribune and other hard money papers predict Hartman's election in Pennsylvania. — New York markets: Cotton, 14.8-16.0; 14.9-16. — Large amount of counterfeit money captured at Centralia, Illinois. — Tazewell Taylor, prominent Norfolk lawyer, fell dead at Hampton, Friday, in Court.

Business Men at the Centennial.

The public interest in the Centennial is freshened up by the arrival in Philadelphia Thursday of an excursion party of business men from the West and Northwest, representing Buffalo, Cleveland, Toledo, Baltimore, Chicago, Nebraska, Cincinnati, Detroit, St. Louis, Milwaukee, Indianapolis, Louisville, St. Paul, Madison, Pittsburg, Des Moines, Dubuque, Erie, La Crosse, Saginaw, Mich., etc., etc. The declared purpose of these gentlemen is to promote the interests of the great enterprise in personally acquainting themselves with the progress of the work and the facilities upon which their respective localities may calculate, should they conclude to have their several industries represented. The visitors are having a cordial reception, not only at the hands of the Centennial Commission, and the municipal authorities, but by the people at large.

A Horrible Butchery.

BEAVER, COL., Oct. 21. A most atrocious murder was unearthed here to-day. A small tenement house in the eastern portion of the city, which had recently been vacated by some Italian musicians, was visited by a policeman to detect the cause of a stench that appeared to issue from it. He discovered in the cellar of the building the dead and putrid bodies of an old man and three boys, all Italians. The bodies bore ghastly marks of the knife, the throats of all having been cut. The murderers are believed to be Italians. Intense indignation prevails, and detectives are out in all directions searching for the murderers.

Hog Crop.

[Chicago Drover's Journal.] From the best information we have been able to get we think the hog crop for the coming packing season is about 10 to 15 per cent. short of the last season's supply, taking the whole country over, and there are strong reasons for believing that the great bulk of the hogs will be held back at least a month later than last season. This will operate to make heavier and better hogs than we had last season, and we think it altogether probable that the hog crop of the coming season will weigh as many pounds as the last season's crop did.

Taking Revenge.

[Richmond Whig.] Almost every Republican and contraction newspaper in the country fires its squib at that old warhorse, Governor Allen of Ohio. They thus manifest their sense of relief in escaping from apprehended defeat—and a narrow escape it was. They are taking their revenge on the courageous Ohio veteran for having put them in so dreadful a fright.

Death of General Sol. Meredith.

CINCINNATI, October 21. A dispatch from Richmond, Indiana, says General Sol. Meredith, one of the most prominent of Indiana generals during the war, died at his residence, near Cambridge city, from cancer of the stomach, originating from his being crushed beneath a horse at the battle of Gainesville.

A Handsome Compliment.

This from the Kinston Daily Gazette: "To those of our readers who desire a daily away from home, we cheerfully recommend the Wilmington Daily Star as being, in our humble opinion, one of the very best papers published in or out of the State. It has been a constant visitor to us for the past three years, during which time we have noted it carefully and read it with great pleasure, but in all that time we have never seen anything contained in its columns calculated to tarnish its lustre, or detract from the exalted position it took from the start, and which it has faithfully kept. It is a fearless exposé of wrong-doing, a zealous and able champion of the Democratic party, and an open-hearted, courteous, liberal and independent thinker. It has always been a favorite X, and we pronounce it a Star of the first magnitude."

Exploratory.

A serious accident to our large press so delayed our edition of yesterday that we were too late for all the mails and were several hours behind time in serving our city subscribers. To our friends of the Presbyterian, especially to Mr. James W. Jackson, the foreman, and to our old-colored friend "Bob," the pressman, we are under many obligations for their own services and for the use of the Presbyterian press.

Spirits Turpentine

— Elizabeth City has organized a boat club. — Donan has greatly enlivened the Raleigh Sentinel.

— "Long" Pery has retired entirely from the Revere business.

— It is said Clara Wildman will be in Weldon on Monday evening.

— Two stores have been robbed of sundry articles in Fayetteville in the last few days.

Local Doers.

— Possibly rain to-day. — Rain, mud and slush prevailed yesterday, as foreshadowed by "Old Probs." — Rev. Mr. Payne will direct his remarks particularly to the young, at the evening services. — The British brig Lillian, Heimon master, from this port, arrived at Glasgow Oct. 20. — The receipts of cotton at this port yesterday footed up 1,077 bales. Pretty good for one day! — One week from to-morrow the U. S. District Court meets in this city, Judge Brooks presiding. — Justice Gardner disposed of five cases for disorderly conduct yesterday, all of which were dismissed on the payment of costs. — The Register of Deeds issued only one marriage license during the week just closed, and that was for a colored couple. — The interments in Pine Forest (colored) Cemetery during the past week numbered 5, of which 2 were adults and 3 were children. — We learn that to-morrow has been set apart by Judge McKay for the hearing of all cases in the Superior Court in which any of the police force of the city are witnesses. — There were 4 interments in Oakdale Cemetery during the past week, of which 1 was an adult and 3 were children. The diseases were congestion of the brain 1, diphtheria 1, and 2 not stated. — Rev. D. J. Sanders (colored), Pastor of the First Colored Presbyterian Church of this city, has gone to Scotland, at the instance of the General Assembly's Committee, of the Church North, and in the interest of the colored Presbyterian Churches in the South. He proposes to be absent about four months. — The new barge heretofore alluded to as being under process of construction at Messrs. Cassiday & Ross' ways, has been completed and is now ready for use. She is for Messrs. Bangs & Dolby, contractors for building the "apron" at New Inlet, has a carrying capacity of 300 tons and will be used to transport rock to the scene of operations.

Arrest of Alleged Tramps.

Two white men, a Spaniard and an Italian, who have been boarding out in the bushes near the intersection of Taylor and Thirteenth streets, in the northeastern suburbs of the city, for the past two or three nights, were arrested yesterday morning by Officer Sam. Norton, who has charge of the street prisoners, and lodged in the Guard House to await an investigation into their cases. They were arrested on complaint of parties residing not far from the scene of their rendezvous, who were fearful that their object might be to altogether a lawful one. Upon being questioned, the two men stated that they had walked all the way from New York, where it was possible to use this means of locomotion, and that their destination was Chesapeake. The Italian had been taken ill, and as they were unacquainted with our laws and were fearful of being arrested if they came in town they had halted at the place designated until they could rest and recuperate sufficiently to pursue their journey.

Buffalo Bill and Texas Jack.

These noted "Scouts of the Plains" will appear at the Opera House to-morrow evening in one of their sensational performances. The Richmond Whig thus alludes to an entertainment given by them in that city: "We know it would bring 'em. Thanks to Beadle & Co., and other dime novel publishers, and to the publishers of the sensational weeklies of New York, there exists a very strong desire among a large class of the community to witness any performance which brings before their vision, in a realistic manner, the scenes and incidents of frontier life narrated in the publications referred to. The Company now performing at the theatre do this very thing, and, of course, they draw large audiences. At all events, they succeeded in doing so last night, and everybody present seemed interested; whilst the majority was 'wrought with astonishment or thrilled with excitement by the tableaux presented to their view. "Buffalo Bill" is natural, and we like him the better for it. His acting and reading are free from stagginess and rant. "Texas Jack" is another trump, and reflects credit on "old Flo." The company supporting the scouts are above the average."

The Fort Fisher Survivors.

The Board of Managers of the Cape Fear Agricultural Association, at a meeting held last evening, appointed the following citizens a committee to provide for the reception and entertainment of the survivors of the Confederate forces engaged in the defence of Fort Fisher, on the occasion of their reunion in this city during Fall week: Hon. A. H. VanBokkelen, Col. Jno. J. Hedrick, Maj. Jas. H. Hill, Maj. Jas. Reilly, Col. Roger Moore, Dr. M. G. Thomas, D. R. Murchison, D. J. Devane, M. M. Katz, A. Adrian, M. P. Taylor, H. G. Flanner. The Committee are requested to meet at the Purcell House punctually at 8 o'clock to-morrow evening. A full attendance is earnestly desired.

It Don't Pay.

It seems that it does not always "pay" as the saying goes, to appeal from a magistrate's decision to a higher Court. A case in point occurred in Justice Gardner's Court, where one colored man had another arrested for certain offences alleged to have been committed. The trial of the cases resulted in the acquittal of the accused, the prosecutor being required to pay the costs. Quite a host of witnesses had been summoned, and the costs, when counted up, were found to amount to the snug little sum of \$0.00. The prosecutor was not satisfied with the decision of the Magistrate and appealed to the Superior Court. The cases were heard during the week just closed and the verdict and judgment were the same as in the Court below. The costs this time, upon being summed up, instead of amounting to \$0.00 were found to foot up about \$180, which the prosecutor will have to pay or go to jail. And still that man is not happy!

A Rock Battle.

A number of white boys had a "rock battle" yesterday, commencing at the corner of Second and Mulberry, and from whence, after a contest of some duration, one of the parties "fell back in good order" to the corner of Third and Mulberry streets, where the retreating force made a "stand" and the struggle was renewed with increased ferocity. So thickly did the rocks fly that a carpenter at work on a fence near the scene of conflict took refuge from the missiles in a precipitous flight to safer quarters. In the meantime someone was dispatched for a policeman, and Officer Miller responded, upon the appearance of whom the youthful belligerents dispersed.

Clemency.

An effort is being made, we understand, to obtain judicial clemency in the case of Jeffrey Williams, colored, convicted of larceny at the present term of the Superior Court, on the ground of the previous good character he has sustained in the community, where he is well known. Williams is a cooper by trade and has also been employed as a rosin sampler.

THE TOLLEY GUN.—COPY OF TESTIMONIAL.—Hudson City, N. J., Sept. 30th, 1874.—Messrs. J. & W. TOLLEY—39 Maiden Lane, New York:—The 10-gauge Gun No. 3078 I ordered from you gives me entire satisfaction. I was very exacting when ordering the Gun, but must say that you have more than fulfilled what I required of you. I have shot several brace-leaders by first-class makers, and my gun beats them all for beauty and workmanlike. As for shooting a quail, your gun shoots stronger and more true than any gun I ever shot. I have shown it to several good judges (including first-class gunmakers) and all agree that the action is very strong and durable, and that the gun is one of the best they ever saw. I have made some very long shots with it, using only 3/4 dr. of powder, which is all your gun requires. I have shot it at a target according to the rules of the Turf, Field and Farm trials, and the average of 6 shots at 400 yds is: Left-pattern, 189; penetration, 38; right-pattern, 173; penetration 39; using 3/4 dr. powder. Now I am sure such a gun is seldom met with, and am very proud to be the owner of it. But the real test of your gun is in the field—there it excels all others, killing cleaner and handsomer than any gun I ever saw, as you assured me they would. Both paper and metal shells work splendidly. Gentlemen, I have to offer you my very best thanks, and will recommend your guns to all my friends.

Yours Respectfully, HENRY LONOR.
