OUTLINES.

Some more revelations of crooked whiskey transactions are published this morning. - Joseph Halphin & Co., Paris diamond merchants, failed for three millions. - Two failures reported in New York. - A Reuter's telegram says Prince Frederick William, of Germany, has no intention of visiting the United States. - The Turks claim victory in a considerable engagement in Bosnia. - Don Carlos says he will agree to a truce with Alfonsists in the event of a war over Cuba with the United States, and will unite his forces with other Spaniards to fight for the integrity of soil of his native land. - New York markets: Gold, 14#@144; cotton, 13 5-16@ 135; turpentine, 40; rosin, 1 75@1 85. - Yesterday ccremonies over monument of Poe took place at Westminster Churchvard, Baltimore. - Collision in Baltimore Harbor, and schooner sunk, yesterday. -- Blacklow, Vaughn & Co., great Euglish iron manufacturers, discharged from two to three thousand hands. -The Charlotte races of yesterday are reported in the telegrams to-day. --- Small-Dox at Galveston.

EDGAR ALLEN POE.

The important ceremony of unveiling the Poe monument took place in Baltimore yesterday. It is a gratifying fact that the friends of the great poet have honored themselves in this conspicuous manner. His genius, as exhibited in his immortal verse, is his best shaft, though the shafts of malice and detraction have been regarded as equally monumental and they certainly came soonest to perpetuate his memory.

DESTRUCTIVE WATER SPOUT BELOW NEWBERN.

Four Persons Killed Outright, One Mortally Wounded, Others Slightly Wounded, and a Dwelling House Totally Demolished.

[Newbern Nut Shell.]

Mr. Nathaniel Gaskill, of this city, has received a letter from a reliable gentleman living on the Straits, in which is a terrible account of the ravages of a destructive water-spout at Harker's Island, about forty miles below this city, on the 10th inst. The column of water struck the dwelling of Mrs. Gaskill, a respectable and highly esteemed widow lady, and totally destroyed the building, instantly killing four children and mortally | cidedly better than "bull-head," in our arwounding several others. A young baby, which was in the upper story of the building at the time of the accident, has 'never been seen or heard of since. We learn that Mason Gaskill, the young man mortally wounded, was of the most excellent habits | into requisition. and was highly esteemed and loved by all who knew him. The affair has created the greatest excitement in the surrounding country, and has cast a gloom over the entire island.

Spirits Turpentine

- Burglars made ineffectual attempts to enter several Weldon houses Sun-

- A Raleigh Sentinel correspondeut suggests the name of Richard Smith, of Halifax, for Governor.

- The Charlotte Home suggests that the schools in Charlotte be stopped until there is an abatement in diphtheria.

- The fast decomposing body of a colored woman was found in the woods near Oak Springs, Rutherford county, the

other day. - Up to Saturday there had been 49 convictions and 19 acquittals in the Fed-

eral District Court at Asheville. Counterfeiting cases continued. - The Hillsboro Recorder says that

about a year ago Mr. James Forrest, of Orange county, went to Indiana. He has returned to the Old North State, liking its society better and being satisfied it is better industrially and in point of health.

- Asheville Pioneer: At the recent term of the Superior Court for Yancey county Jane Honey cutt, a woman about 25 years of age and of respectable parentage, was arraigned for the murder of her newly born infant. Not being able to agree the jury were discharged until the next term.

- Asheville Pioneer: On the 12th inst, as Wm. Stewart, Dock and Adolphus Barnes were traveiling in the direction of home from Blairsville, Ga., they were fired on from ambush. The shot struck William Stewart and killed him instantly. These men had been to the village mentioned to attend the trial of some violators of the internal revenue laws, and it is supposed that the murder was committed by one of the

parties implicated. - Charlotte Democrat: We really regret to see that at least two of the public journals in Judge Cloud's District-the Salisbury Watchman and Winston Sentinelfeel it a duty to speak in denunciatory terms of Judge Cloud and his conduct as a man and a Judge. We do not at all doubt the statements of those papers, but it is unfortunate that any one of the Judges of our Superior Courts should act so unbecoming his position as to merit the censure of the public press. It lessens the respect of the people for the Judiciary generally, and for the action and decision of our Courts, and even for the professors of law. Such Judi-cial officers as Cloud and Watts should resign, and in that way make some small sacrifice for the sake of the honor and good Without any personal feeling in the matter, and as one who never assailed them, we hope they will take our advice and resign their Judgeships.

sels in port just now.

- There was only one trifling case before the Mayor's Court yesterday morning, which was appropriately disposed of.

- We learn that warrants are out for the arrest of certain parties charged with forestalling the market in the articles of fish, oysters, &c. -- The young people of the lively

town of Whiteville were to have plays and tableaux vivants yesterday, to be followed by a grand ball last night. - At the sale of fruit at auction,

yesterday, by Messrs. Cronly & Morris, oranges brought \$2 per hundred and bananas from 25 ceats to \$3 per bunch. -- Bulkhead would have read de-

wounding Mason Gaskill, son of the | ticle on the Athletic Club grounds yesterlady alluded to, besides slightly day, and was what we aimed to have it. - The wind, which had been com-

ng from a southern point for several days past, changed suddenly about 11 o'clock Tuesday night to an opposite direction, and yesterday overcosts were once more called | tion.

- Geraniums and other tender plants suffered by the change of weather yesterday. All who wish to save them had better follow the example of thes: who have commenced to put them in hot-beds and conservatories or otherwise protect

- Gov. Brogden was in the city vesterday in attendance upon the railroad meetings, and quite a number of persons took occasion to call upon him at the Purcell House, where he is stopping, and at the office of the Mayor, where he passed a por-

tion of the afternoon. - We were in error in saying the late Granger picnic in Bladen county was held at the Prong Baptist Church. It came off at Wooten's school house. Everyone seemed pleased with the proceedings until the fair Grangeresses showed favoritism toward the brethren in the distribution of the red apples, and then some of the youthful outsiders said it was too bad.

A correspondent informs us of an attempt which was made a few days since to rob a wagon near Shoe Heel, with its tragic re-

It seems that a whiskey wagoner named Smothers being in that section, his wagon was stealthily approached after dark by some one intent upon plunder. Smothers remained quiet until the thief was raising himself over the edge of the wagon, when he fired, and as the interloper turned to escape fired again. At the second shot the thief cried "Oh, my God! hit again," but

was able to continue his flight. Mr. Smothers went to Laurinburg the next day and offered twenty five dollars reward for information as to who the man was, but was unable to get any information. On Tuesday a statement was re- yesterday, 462 pieces were disposed of, ceived at Shoe Heel to the effect that a colored man named Dixon had been twice shot, and that some person had carried him across the line into South Carolina where | tions of the restraining order of Judge Seyhe died of his wounds the day after he was

Dixon had previously borne a bad character, and it is not doubted that he was the man who attacked the whiskey wagon.

The turpentine still of Sutton & Allen, at Robeson's, on the C. C. Railway, was burned on Tuesday night. We have no

particulars. Yesterday morning, we learn the section house at the same place was destroyed by fire accidentally.

The Misses Petteway, Wilmington, best plain needlework, silver.

THE NARROW GAUGE RAILROAD.

Meeting in Danbury, Stokes County, in Pavor of the Road-The Reso-

lutions, &c. We learn from the Danbury Reporter that meeting in the interest of the Mount Airy & Wilmington Narraw Gauge Railroad was held in the Court House in that town on the 8th instant. Although the weather was inclement there was a large attendance of substantial citizens, over whose deliberations Col. J. M. Covington was called to preside, with J. G. II. Mitchell, Esq., act-

ing as Secretary. Hon. D. F. Caldwell, of Greensboro, in a two-hours' speech exhorted the people to secure the development of their section by the encouragement of educational establishments and railroads. He did not doubt that this road would be built if the people along the line would unite and subscribe, and go to work with zeal and energy.

appeal in favor of the road, after which the following preamble and resolutions were

WHEREAS, We, a portion of the citizens of Stokes county, believing that there are but few counties in this or any other State which possess a finer climate or greater agricultural advantages than this, and still fewer that can equal it in richness and variety of

its minerals; and Whereas, We believe that all that is needed to place it among the foremost counties in wealth and population, is cheap and speedy intercourse by railroad with the towns and cities of our own and other States; and

Whereas, We believe that the construction of the Mt. Airy Railroad through the county would confer great benefits upon our people, by developing our agricultural, mineral and manufacturing resources; therefore Resolved. That we feel a hearty interest in the speedy construction of the Mt. Airy Narrow Gauge Railroad, and that we are willing to lend it material aid, according to

Resolved, That whilst desiring any outlet by rail for our county, we greatly prefer one that will place us in direct communication with our own towns of Greensboro, Fayetteville and Wilmington. Resolved, That by a united and earnest effort on the part of the farmers along the

line and the citizens of the towns, the trade of a large portion of the State may be concentrated upon our chief city, Wilmington, and thus promote the interest of the whole committee to explain the advantages of the road to our citizens, the prospect of securing its construction, to solicit subscriptions

to the capital stock of the company, and report the result of their labors to the meeting to be held in Greensboro on the 9th in-Resolved, That the thanks of this meeting are hereby tendered to the gentlemen who have addressed it, and we request that they will continue their efforts until success shall

Resolved, That the proceedings of this meeting be published in the Danbury Reporter, with the request that they be copied by the papers published in Mt. Airy, Greensboro, Fayetteville and Wilmington,
Messrs. N. M. Pepper, W. W. King, J.
G. H. Mitchell, Dr. John Pepper, J. M.
Covington and S. B. Taylor were appointed a committee to solicit subscriptions, after which the meeting adjourned.

We have already referred to the benefits which would accrue to our city by the building of this road and the corresponding advantages to be gained by residents along the line, and now, speaking for the people of Wilmington and the Southeast, we send greeting to the good people of the counties of the North and Centre and wish them good speed in their work. We should like te hear fuller particulars in reference to the road and the plans of its projectors and promoters. This is a bail lime! for building | new | roads; but the narrow gauge system requires a comparatively small investment in the first instance and has been found to pay better interest on cost than roads of the standard gauge as they have to carry less "dead" weight. Add to the advantages of economy in first cost and operation the fact that the road will run through a section which needs an outlet for its wealth of agricultural products and which is fast becoming a mining and manufacturing country and the further fact that the road is not one of those designed to run "from nowhere to nowhere," but which will be the shortest line between a commercial center on the great inland water system of the continent and a deep-water port on the sea-coast, and it will be seen that the proposed road seems to have the prerequisites for success and warrant for its building in any seasongood or badeded life and mategories have Newtoni property

Hange of Thermometer.

The following was the range of the thermometer at the Signal Bureau, in this city, yesterdaying bue mojdgnoll bred 7 A. M., 42; 12 M., 44; 9 P. M., 45, 4:80 P. M., 43; 9 P. M., 37; 11 P. M., 36.

Probably Serious Accident.

At " Mosquito Hall," about three miles below this city, on the old Newbern road, yesterday afternoon, after the closing exercises of the funeral of the infant child of Mr. James M. King, whose obituary notice appeared in the STAR of yesterday morning, and as the procession was leaving the graveyard, one of the two horses attached to a carriage in which Rev. Isaac King, wife and mother were riding, took fright and started to run, overturning and carrying away the top of the carriage and throwing the occupants upon the ground. Mr. King and his mother received but slight injuries, but we regret to learn that his wife, who fell upon her neck, is thought to be seriously hurt, though at first her injuries did not appear to be of a dangerous character. The injured lady was placed in the carriage and brought to her home in this city, where at last accounts she was suffering intensely.

A New Steamer. Another new steamer has been added to the fleet which frequents our waters in the shape of the handsome Little Adrian, from the upper Black River, owned and commanded by our old friend, "Commodore" Charles Howe, of Franklin Township (formerly constituting a part of New Hanover. but now in Sampson county). The Little Adrian is named in compliment to our enterprising townsman, Mr. Aldrich Adrian, of the firm of Adrian & Vollers. In dimensions she is 85 feet long and 35 feet in width of beam, and her workmanship is of a substantial character. We hope her success may prove all that can be desired.

On the Rampage. A colored man by the name of Spencer Stanford, who was acting very disorderly in the vicinity of the market house, yesterday afternoon, was arrested and taken to the guard house. The prisoner showed fight, and it took the united efforts of officer Allen Denton and two assistants to get him to the "lock-up," while his exhibition of practical muscular development was accompanied by shouts and yells that indi cated the possession of iron-clad lungs and a bountiful supply of "benzine."
