Germany favors American note to Spain. — It seems that Austria is to occupy the insurgent Turkish provinces to save the lives of the Christians.

SPEAKER KERR ON THE PRESIDENT.

Senator McDonald of Indiana says Speaker Kerr is decidedly in favor of Gov. Hendricks for the Presidency.

Case of Indiana, and Fort, of Illinois, have again made the Republican side of the House of Representatives ridiculous.

Should Gov. Hendricks be dropped out of the race the nomination could not, we think, be more suitably bestowed than upon Mr. McDonald.

LAST NIGHT'S MAILS.

Charles Francis Adams says, in a letter to the Quincy (Mass.) Patriot, that three-fourths of the books in brick demand at the public libraries are "vapid and sensational."

The Petersburg News says of its contemporary, Mr. Gregory's lecture on "The Holy Green-room, or the Life of an Editor."

The recent publications in Western papers alleging that President Grant has been abusing Mr. Fish as disloyal, and accusing his Secretary of doubtful dealings with him, have no foundation in truth.

It is probably a slander, but they do think that Harry Watson, of the Louisville Courier-Journal, is so passionately fond of music that he pays Will S. Hays, the song-writer, a famous salary just to sing "Mollie Darling" about his establishment until the paper goes to press.

Even the Philadelphia ring is not strong enough to resist the onslaught of independent journalism, backed by public opinion. The election of Cav-in, Independent, over Henszey, the regular Republican candidate, for President of the Common Council, is a telling blow at the terrible ring which is in possession of the city, and it only needs to be followed up to make the overthrow complete.

Senator McDonald, while in Indianapolis, gave expression to some of his views to a reporter of the Journal.

Speaking of the financial question, he expressed the opinion, based upon personal intercourse with the members, that the House is decidedly in favor of the repeal of the specie resumption act, and will take active measures as soon as possible to secure the passage of the repealing act.

— Second Auditor Rutherford's resignation has been accepted by the Secretary of the Treasury, but "without the slightest imputation on his integrity as an officer." It is charged, only that a fraudulent claim passed through the Second Auditor's office without due examination, which is held to indicate reprehensible carelessness or over-confidence in his subordinates, rather than complicity.

The Old-Fashioned Tea Party.

This entertainment under the direction of the ladies and gentlemen of the First Presbyterian Church came off as announced, last night, in the City Hall. To say that there was a great crowd and the affair was a complete success in every particular would but faintly express the sentiments of those who attended. The room was neatly decorated with evergreens and flowers, the tables attractive and well served, the singing fine, and everybody's face beamed genuine pleasure.

Dangerous Dogs.

Complaint was made at the City Hall yesterday in reference to two dangerous dogs belonging in the vicinity of Mulberry and Water streets. The complainant was riding past the neighborhood yesterday morning, when these dogs, which appear to be very savage, rushed out upon him and one of them made a spring for the horse's throat, coming very near fastening his fangs in it. The owner was notified to "chain up his dogs" in future, or at least keep them out of the street, or he would be summoned to show cause, &c., why the penalty of the law in such cases made and provided should not be enforced.

Court of Claims—Taking Depositions.

Justice Cassiday spent Monday and Tuesday of the present week in Federal Point Township, where he went in the capacity of Special Commissioner of the Court of Claims, for the purpose of taking depositions in the cases of parties whose property was destroyed by the Federal troops during the military operations in that quarter towards the close of the late war. This testimony is to be forwarded to Washington to be used by the Court of Claims in connection with the cases alluded to when they shall come before that tribunal for adjudication.

Will it Be Repeated.

The effect of the singing at the concert last night was very much injured by the well known acoustic defects in the construction of the City Hall as well as by the conversation of those who were feasting at the tables. We think we will be expressing a general desire among those present by saying that we hope for a repetition of the entertainment, and that it will be given in the Opera House, which is free from the defects complained of and where the feasters can enjoy their good things and conversation in the side rooms without disturbing those who wish to listen.

Range of Thermometer.

The following was the range of the thermometer at the Signal Bureau, in this city, yesterday: 7 A. M., 44; 12 M., 63; 2 P. M., 64; 4:30 P. M., 68; 9 P. M., 59; 11 P. M., 61.

Quadruped Eccentricities.

During a brief absence of Squire Gardner from his office, yesterday morning, he was honored by a call from a distinguished visitor. A wise, pedantic looking mule, having strayed from the adjacent stables with the view of firing himself for a short season, came to the squire's open door, glanced at the sign and deliberately walked in, going clear across the room to the table from behind which justice is usually dispensed, where he halted and took a calm survey of the table and its surroundings. What his next movement might have been remains a mystery, as a colored man, who was acquainted with the mule, and who was convinced that he was not interested in any case, either as plaintiff, defendant or witness, then pending before the aforesaid Justice's court, being therefore convinced that he was an intruder, took him by the ear and led him gently forth, admonishing his muleship in the meantime to beware in the future of thus invading the sanctity of the law, whereby he laid himself liable to be sent to jail for contempt of court!

Another case of quadruped eccentricity, the subject in this instance being a horse, occurred yesterday morning. The animal, which belongs to a well known colored man by the name of Mike Hooper, had been carried across the river to Eagle Island for the purpose of being used in hoisting the cargo from a vessel; when, seizing a favorable opportunity, he plunged into the river and put out boldly for the other side, never halting or looking back, but swimming as never horse had been seen to swim before, until he reached Market dock, where he landed, apparently well pleased that he had once more reached the side of the river to which he belonged.

Magistrate's Court.

John McGuire and Quah Davis, colored, were arraigned before Justice Cassiday, yesterday, charged with the larceny of meal and oats, the property of Mr. J. F. Garrell. The meal and oats referred to were the same found in the field back of Hilton a few mornings since, an account of which appeared in this paper; and on the next night, it will be remembered, a watch was set for the thieves and two men were detected in the act of carrying off the feed. McGuire and Davis were arrested on suspicion, and on the trial the party who detected them testified that to the best of his knowledge and belief they were the two men. The defendants, however, proved an alibi; and, as the night was quite dark, it was thought by the Court that it would have been a difficult matter to have identified the men with that degree of certainty necessary to warrant their conviction. The defendants McGuire and Davis were therefore discharged.

THIRTEEN OF ESPERANTO.

At a meeting of the Howard Relief Fire Engine Company No. 1, held at their hall on January 30, 1876, the Committee appointed to draft resolutions on the death of Mr. Chas. H. Mohr submitted the following: Whereas, It has pleased an all-wise Providence to remove from our midst Christian H. Mohr, an honorably member of this Company; and whereas, his every intercourse, both as a citizen and member of this Company, has been conducted with kindness and courtesy, we deem it duty due, both to the memory of the deceased and ourselves, to make manifest our sincere grief at his sad and untimely death; therefore, be it Resolved, That in the death of our comrade, Christian H. Mohr, this Company has lost a member whose career of usefulness in his service, we look back upon with pride, and whose genial presence has ever cheered and animated us with a sense of good fellowship and unity; Resolved, That we, as a Company and as individual members, feel deeply his loss, and regard his services as worthy of the remembrance of all good firemen; Resolved, That we sympathize most sincerely with his afflicted family, in this their hour of deep sorrow, and that we would extend for their comfort the hope that at the last and final roll call he will be found among the ranks of those who have done their duty; Resolved, That a token of our respect for his memory, be the donation of a book, to be read during the period of thirty days from this date, and that a blank page of the records of this Company be inscribed with his name, age and day of demise; Resolved, That a copy of these resolutions be sent to the family of the deceased, and one also be furnished the city papers with a request to publish the same. W. M. JNO. BUEHMANN, Chairman. A. ABELIAN, Secretary. D. DOUGLAS, Reporter. F. M. LEBMAN, Committee.
