MRS. B.'S CASE. We learn from a Baltimore journal that no movement has been instituted looking to the bringing of any criminal prosecution against Mrs Belknap, and strong doubts have been expressed as to whether she is liable to such prosecution. Section 5,451 of the revised statutes describes the offense of which she has been guilty and fixes the penalty therefor. This section provides for fine and imprisonment for the act committed by Mrs. Belknap, but there is a probability for a technical escape, just as

A SHOWER OF QUIVERING PLESH LOUISVILLE, March 9. A special dispatch to the Courier Journal from Mount Sterling, Kentucky, says: Yesterday a most wonderful phenomenon transpired in that section. The correspondent says that during the sunshine and clear sky there fell from the heavens quivering flesh, which came down in large quantities and covered many acres of territory. The plan for driving a tunnel un der the British channel is so favorably considered that \$800,000 is to be spent at once in sinking shafts on each side 450 feet, and running experimental drifts out under the sea. It is calculated that the tunnel can be completed in six years at a cost of \$30,000,000.

The County Injunction Case.

We learn from a private dispatch, re ceived in this city yesterday, that the County Injunction Case has been decided by the Supreme Court in favor of the County Commissioners. The case, brought up on appeal from Judge McKoy's decision dissolving the injunction granted by Judge Seymour to restrain the Commissioners from collecting the alleged excess over the established limit of taxation, resulted in the re-affirmation of Judge McKoy's de cision, and consequent dissolution of the injunction. The case, on appeal from Judge Henry's decision increasing the bond of the appellants in the foregoing case, on the ground of its insufficiency to protect the county, resulted in that deci sion being set aside and the bond continued only in the amount at first fixed.

This, at least, is the construction put upon the dispatch referred to, which is not quite definite in its wording.

Stealing a Flat Load of Wood-The Theives Arrested and Committed

for Trial. Samuel Council and Neill Huske, both colored, the first named being a resident of Bladen county, and the latter of Fay etteville, were arraigned before Justice H. day morning, on the charge of larceny.

It appears that a colored man by the name of Emanuel Tuesdale, living at what is known as the Fillyaw place, a short distance from town, had a lot of wood at the Davis place, about seven miles up North west Cape Fear, which he had cut and corded with the view of bringing it to this place and selling it. But Council and Huske, it seems, were determined to anticipate him in this, as they procured a flat and went up the river to the point in question, where they took on about twelve cords of the wood, brought it to this city and sold it. Complaint was made by Tuesdale to Justice Scott on Thursday last, who issued the necessary warrants for Council and Huske, who were arrested the same

night. The case was heard in the Grand Jury room at the Court House, the Justice fearing that the prisoners might succeed in effecting; their escape if taken to his township for examination; besides which, the most of the witnesses belonged in this place. The evidence being sufficient, in the opinion of the Magistrate, the parties were required to enter into bond in the sum of \$200 each for their appearance at the next term of the Superior Court for this county, in default of which they were lodged in jail.

Another Child Burned to Death-T

Inquest over the Body, &c. Coroner Hewlett held an inquest, yester day, over the body of a small colored child, - Don't forget the Temperance about eight years of age, named Ida Lewge, in the neigborhood of the Messrs. Kidder's mill, who was burned to death on Thursday night last, about midnight. It appears from the evidence of M. Lewge, the father of the child, together with its mother, went to church on the night in question, leaving deceased and two or three other children in the house. About midnight a woman, living in another part of the same house, heard the children screaming, and upon rushing into the apartment occupied by them, found the little girl alluded to completely enveloped in flames. The fire was extinguished as quickly as possible, but the child was so severely burned that it lingered in great agony until Friday, at noen, when it died. The clothing of the child became ignited, in some manner, from the fire on the bearth, the little ones being too young to comprehend the danger of playing in close proximity to it. The jury returned a verdict that deceased

came to her death by accidental burning. After the jury retired Coroner Hewlett took occasion to lecture the colored women present, of whom there were some twelve or fifteen, on the danger of leaving little when it was necessary to have a fire in the house, and cautioned them to take warning from the case before them.

Caught in the Act. A colored man by the name of Duncan Holden, in the employment of Messrs. Vick & Mebane, detected another colored individual, by the name of Henry Parker, yesterday morning, in the act of stealing and carrying away from the yard of those gentlemen, on Nutt street, an empty spirit barrel. He took the fellow in charge and subsequently turned him over to an officer by whom he was taken to the Marshal's office, where the necessary warrant was made out, and Parker was lodged in the Guard House to await a hearing before the

Baptist Church-Disposal of the Case, &c. We referred vesterday to the fact that certain parties, alleging that they are members of the First (colored) Baptist Church, corner of Fifth and Campbell streets, had been arraigned before Justice Gardner, on complaint of Eli Currie, Chairman of the Board of Trustees of said church, charged with getting possession of the keys, and locking the doors of the building to prevent the holding of service in the same: also, that the communion service had been captured by the "insurgents," &c. The case, which was finally postponed until 10 o'clock yesterday monning, was opened at the Court House at the hour specified, Mr. Adam Empie appearing for the defendants, John Sauls, Wm. Buchanan, John Long, Benj. Fillyaw, Jack Dyer, and Eli Larkins.

After some preliminary consultation, interchange of views, &c., the defense finally admitted that they locked the doors, nailed up the church, &c., thus doing away with the necessity of examining the witnesses to prove the charges, and bringing the matter to a speedy conclusion. Justice Gardner then delivered the judgment of the Court, to the effect that each of the defendants should pay a fine of \$50 and the costs. From this decision they took an appeal to the Superior Court, and were required to enter into recognizance, with proper security, for their appearance at the next term of said Court.

The case created a great deal of interest among the members and friends of the church, a large number being present to witness and listen to the proceedings. Among others we noticed Rev. J. B. Taylor and Geo. R. French, Esq., of the First (white) Baptist Church, present.

We should have stated in the proper place that John Sauls, one of the defendants, was required to pay an additional \$50 and costs for taking the communion service from the possession of Paris Wood, on the 2nd of January last, and retaining the same in his custody up to the present time. He took an appeal in this as in the other case. Rauge of Thermometer.
