AFTERNOON REPORTS.

FROM WASHINGTON.

Colorado Senator—Existence of Vulcan confirmed—Indian outrages in Texas—Decision in Distillers Tax Case.

Washington, Oct. 3. The result in Colorado will bring Mr. Chaffee, another of the Jones-Sharon class, to the Senate.

A special from Paris says the existence of Vulcan is confirmed.

Texas advances say twenty-five Indians struck the Neeces river on the 28th ult., swept down the Sabine river, below Trip city, attacking the ranches and chief camps, and killing three whites and several Mexicans, and are now passing out the Neeces river, in the direction of Fort Clark, with over one hundred head of horses. Citizens and soldiers are in pursuit.

Judge Shipman, of the United States Circuit Court, has decided the following case in favor of the government. John Holleran, a distiller, made a true return of all spirits distilled by him, was regularly assessed, and the tax collected by deputy; afterwards the government brought suit upon his bond, to recover nearly \$1,000, which was the tax under section 20 of the act of July 20, 1868, eighty per cent. of the producing capacity of his distillery, as determined by official survey, less the tax already collected. One Devlin, a surety, was alone served in the case. Devlin set up in defence the assessments and previous collection of taxes upon true returns of spirits, actually produced, and that no lawful assessment had been made. The case was tried by the Court upon the agreed statement of facts, in substance as above.

FOREIGN INTELLIGENCE.

Change in Captain Generalship of Cuba—The Porte's answer to the Powers—Russia's War Preparations—Peasantry Near Batak Starving—Warlike Article from Andrasz's Organ, &c.

LONDON, Oct. 4. The Standard's Madrid dispatch says Gen. Campos will replace Jeweller as Captain General of Cuba.

The Times' Vienna dispatch says Francis Joseph's answer to the Czar was handed yesterday to Gen. Sumarokoff. The same dispatch says the Porte's answer to the Powers is very grave, for it repeats the whole question, and strengthens the opinion of those who maintain that more persuasion was useless.

A Reuter telegram from Belgrade says it is asserted that Russia has ordered her railroads, leading to Turkey and Roumania, to have sixteen trains daily at her disposal, and has requested Roumania to have the roads similarly equipped.

The News' dispatch from Bucharest says the peasants in the neighborhood of Batak are starving, as the Turks forbid threshing until the tithes are paid.

The Times' Vienna dispatch says 7,000 volunteers, including 1,800 officers, are in Serbia, and that 2,000 more enlisted.

The News' Vienna dispatch says the warlike article yesterday, showing the necessity of Austria defending herself against Russia's designs.

Official figures are coming in, and show still heavier Republican gains and majorities than last night's dispatches indicated. The Democratic county gives the Republicans 490 majority, and Boulder county 419 majority. The Republican gain in the two counties was 1,152. The Democratic loss in Los Animas county, their strongest county, will be 25 per cent. more than he estimated, and they lose a member of the Legislature in that county. The Democrats concede the State to the Republicans by 2,000 majority. The Legislature will be two-thirds Republican in each house.

The Chairman of the Republican State committee claims 21 of the 28 counties in the State, and three-fourths of the Legislature.

LATER. There is no longer any doubt that the Republicans have carried the State by a majority approximating 2,000. Official figures show a ratio of gains by them, which, if sustained in sections not heard from, must increase the majority to 2,500.

REPUBLICANS CARRY THE ELECTION BY A DECIDED MAJORITY. DENVER, Oct. 4. Los Animas county gives a Democratic majority of 300; Democratic loss of 73. Henderson gives a Democratic majority of 100, a loss of 53.

The Republicans have undoubtedly carried the State by a decided majority, and both branches of the Legislature, which elects two United States Senators and three Presidential electors.

DEMOCRATS CARRY ELECTION FOR INSPECTORS. DOVER, Oct. 4. The little election for inspectors throughout the State, a semi-indication of the course of the State in the big election, resulted in favor of the Democrats. Senator Bayard was serenaded last night.

THE EASTERN WAR—THE PORTE'S EXCUSE FOR RESISTING THE DEMANDS OF THE POWERS—AUSTRIA'S ATTITUDE AS REPRESENTED BY WILLING TO GRANT AN ARMISTICE AT THE SUGGESTION OF ENGLAND—SPAIN AND THE UNITED STATES, &c.

LONDON, Oct. 4. The "Therapia" correspondent of the Times, in a letter of September 28th, says: "The Porte grounds its resistance to the demands of the Powers on its alleged inability to crush the passions of the mob. Its ultimatum is a threat of the massacre of Christians in Turkey. Ministers allege that they are constantly receiving anonymous letters, and that placards are placed at every corner of Stambul, threatening popular vengeance on the government if it accepts conditions incompatible with the dignity of the Empire. Several persons are inclined to believe that the mob are encouraged by the government itself, but many European residents, and even some of the diplomats, especially Mr. Elliot, British Ambassador, are disquieted by them." The panic in Pera is almost as general as in May last, at the time of the Sofi movement.

The Times' Berlin dispatch says the Turkish Cabinet is understood to have declared that it cannot be expected to endorse the programme concerning which such differences exist among the Powers themselves. There is every reason to believe that Austria will decline to make common cause with Russia as long as Andrasz remains in office. Several persons are inclined to believe that the mob are encouraged by the government itself, but many European residents, and even some of the diplomats, especially Mr. Elliot, British Ambassador, are disquieted by them." The panic in Pera is almost as general as in May last, at the time of the Sofi movement.

The Paris correspondent of the Telegraph feels no assured that Austria has definitely rejected the Russian proposal. Meanwhile Austria has communicated the proposal to other Powers.

Another dispatch says Austria declares she will not undertake the occupation of the Turkish territory except at the request of the Powers.

A Belgrade dispatch to the News says Turkey is disposed to grant an armistice of three weeks at the suggestion of England. In confirmation of this the Telegraph's Paris correspondent says he has reason to believe that England has already taken the initiative by requesting Russia to wait till a last effort is made to induce Turkey to come to terms by fair means.

Belgrade, Oct. 4. Prince Milan has written Gen. Sumarokoff, the Czar's aide-de-camp, a letter of apology, exculpating himself in the matter of the royal proclamation.

WASHINGTON, Oct. 4.

A Reuter telegram from Madrid says all the differences between Spain and the United States have been arranged, and that a friendly feeling now prevails between the two governments.

WASHINGTON, Oct. 4.

Movements of Officials—Postmasters Commissioned—Political Notes—The President Pardons a Whiskey Fraud Convict, &c.

Nothing from Colorado through regular channels since two o'clock this morning. The President and family are expected to-morrow.

A Cabinet session is called for Friday. All the members will be present except Cameron and Taft.

The President has commissioned Ida Walsh, a Postmaster at Hot Springs, Ark., and Wm. J. Cannon at Spartanburg Court House, S. C.

The Star has the following among its political notes: Solon Robinson, for many years the agricultural editor of the New York Tribune, and now a resident of Florida, says, although a staunch supporter of Hayes, that Florida will certainly go Democratic, and that he will cast his vote for the Democratic State ticket. It is time, he thinks, that Florida had a honest State government. The Democratic nominees for Congress will also be elected.

The President has pardoned Jos. H. Hill, sentenced by the Indiana Circuit Court to two and a half years imprisonment and five hundred dollars fine for whiskey frauds.

The Agricultural Department reports a decrease in the stock of hogs in the pork packing districts east of the Mississippi, a small increase in Iowa, and a large increase west of the Missouri. The average for the corn region of the West is made 5 1/2 per cent, less in numbers than last year, with a very small decrease in condition.

COLORADO ELECTION.

Latest News from All Sources—The Republicans Carry the State.

New York, Oct. 4. A telegram was received from Colorado to-day, at the headquarters of the Republican National Committee, declaring that the State had gone Republican, and that the Republicans had elected the Governor and two members in the Legislature.

At the Democratic headquarters the following dispatch was received: Returns come in slowly, but are most encouraging. We claim the State officers and Legislature.

CHICAGO, Oct. 4. The Times' Denver special says the election was quietly conducted, yesterday, though there was great excitement all over the State. Gov. Root called out the State militia to suppress a reported outbreak on the southwestern border, and indications now are that the vote will be very close. Returns favorable to the Democrats come from Colorado specials. Majorities for the Democrats are reported from Central City, Black Hawk, Trinidad, Boulder and other places, the State, county and legislative tickets being successful in these places. The Democratic headquarters at Denver is the scene of the greatest excitement, and the Democrats claim the election of Hughes for Governor, Patterson for Congress, and the whole legislative ticket.

Official figures are coming in, and show still heavier Republican gains and majorities than last night's dispatches indicated.
