Mr. O. H. Kelley, of this sity, eaves this morning to take charge of the elegraphic office at Beaver Dam, thirtyemiles this side of Charlotte.

— A curiosity was discovered yes-terday in the person of an individual, inte-ly engaged in business in this city, who says he owes nobody and nobody owes him. Happy man i

We would suggest to those of our foreign-born friends who have not yet become naturalized, that all who can postime to vote at the coming election, may never have an opportunity of at a more important one.

Case of Accidental Poisoning-A Sad

The sad intelligence comes to us from Rocky Point, Pender county, of the death of Mr. J. D. Smith, on Wednesday last, from taking poison, Mr. Smith resided about four miles above Rocky Point depot where he was engaged in farming. Being unwell on the day in question, Dr. Porter, a well known physician of the neighborhood, was called in, who administered quinine, as he thought, to the patient, After the medicine was taken the Doctor was informed by Mrs. Smith that she was also feeling unwell, whereupon a dose of the same medicine was prepared for her. During its preparation Mr. Smith suddenly exclaimed "My God, Doctor, I am burning up !" Mr. Porter, not attaching any particular importance to the remark, simply In Wilson there are thirty-two said, "Hold on a minute and I will attend Filden and Vance flags within sight to you." Having given a dose of the supposed quinine to Mrs. Smith, and also to a Mr. Scott, a gentleman stopping at the house, who was likewise complaining, Dr. Porter next turned his attention to Mr. Smith, whom he was suring. A good ticket is in the prised to find suffering with a nervous twitching of the body and muscles, and manifesting other decided symptoms of the presence of strychula in his system. Dr. Porter, taking in the situation in an instant, exclaimed in consternation, "Why, Smith, you are poisoned !" He immediately jumped upon his horse and rode with to be cheering. Vance will get an all speed to his house for the purpose of securing the necessary antidotes, but when he returned to the residence of his patient he found him a corpse. The antidotes were administered to the other two, however,

> and they recovered. Dr. Porter, we understand, can only ac count for the unfortunate circumstance that led to the death of Mr. Smith on the hypothesis that the bottle or phial con taining the quinine had been tampered with and a portion of strychnine mixed with the harmless drug. some time, and had been in the habit of time, as ascertained from the daily bulletin administering quinine from it to members of his own family. These are the facts or statements as we have them from gentlemen direct from Rocky Point.

Mr. Smith, the victim of this unfortunate affair, was a pative of Anson county, and was about 40 years of age. He was well known in this city, having been formerly cornected with the Purcell House in the capacity of a clerk. He leaves a wife and several children, with a large number of relatives and friends, to mourn his untimely

Fifth Ward Democratic Cinb. The Fifth Ward Democratic Club had their regular meeting last night, the Presi-

dent, Capt. B. W. Beery, in the chair. After the usual routine business had been transacted, Col. E. D. Hall was called we have no snakes here for him to upon and addressed the meeting in one of his happiest efforts. He was followed by Mr. L. H. Bowden, President of the Third Ward Tilden, Vance and Waddell Club, who said some encouraging words, and by Col. J. W. Atkinson, who made a fine speech, reviewing at some length the Constitutional Amendments, arguing upon the necessity of their ratification by the people at the polls, and adverting in a masterly manner to the corruptions generally of the

Republican party. At the conclusion of the speaking a reso lution was adopted to the effect that the proposed flag raising should take place on Thursday evening next, at 8 o'clock, and a cordial invitation was extended to the other Ward clubs and to every Democrat in the city to be present and participate. A grand rally is expected on the occasion, as prominent speakers will be in affendance.

Pine Potatoes. As an evidence of what can be accomplished by a little effort and a proper system of culture, by agriculturists in this section, where the soil is so abundantly prolific when properly utilized, we would mention the fact that Mr. A. B. Croom, of South Washington, Pender county, has this year raised some of the finest yam potatoes, perhaps, ever brought to this market, which were grown on sandy land and without a particle of manure. Pender pobe relied on as being up to the "top notch." " dans

A seaman belonging on the soner Amnie E. Cloner, new in port, was arrested yesterday on the charge of desert-ing his vessel. He was lodged to the guard-house, for safe keeping, where he will await the captain's pleasure.

Reform in the County Government-Candidates for County Commissions

A meeting of prominent and influential Republicans, white and colored, was held in Harnett Township, in this county, on Wednesday last, and another of a similar character in Cape Fear Township, yesterday, in which it was unanimously resolved support Messrs. Edward Kidder, James . Chadbourn and Silas N. Martin, of this city, for members of the Board of County Commissioners. The sense of the meeting, we understand, was that reform in our county government was absolutely necessary, and that to secure this honesty and capacity must be considered paramount to everything else in the choice of County Commissioners. Other townships will probably take ac-

tion in the matter shortly.

The Lumberton Robesonian says: "W paid a flying trip to Wilmington last week. We were gratified at the marked improvement in business since our visit there a month ago. The wharf is perfectly alive with trade, and cotton is rapidly going in. The dry goods men are also beginning to enjoy a good trade, and they look forward with high hopes. Several of the merchants are moving into larger quarters."

Blag Raising and Speaking at White-

We are requested to announce that the Tilden and Vance Club of Whiteville, Columbus county, will raise a flag on Saturday, the 14th inst. All the other Tilden and Vance Clubs and all good Democrats are respectfully invited to be present. Distinguished speakers are invited to address the people at that time, and a grand rally is expected in favor of Tilden, Vance and Reform

Thermometer Hecord. The following will show the state of the thermometer, at the stations mentioned, at 4.31 yesterday evening, Washington mea issued from the Signal Office in this city: Corsicana, 87 | Norfolk,
