Presentation of Resolutions of Colored Voters of South Carolina-Strong but Forcible Language—The Hampton Government Endorsed-Petition of Leading Citizens of New Orleans -The House Killing Time-The Opening and Counting of the Re-

turns, &c. WASHINGTON, Feb. 1. SENATE.-Mr. Robertson, of South Carolina, presented a resolution which he said was adopted at a mass meeting of white and colored citizens, at Barnwell Court House, S. C., on the 15th of January. He asked that they be read and referred to the committee on Privileges and Elections. The Chief Clerk read the resolution as fol-

Resolved. That the seven hundred colored voters who enrolled their names in the Democratic clubs, and the nine hundred and seventy-six who cast their ballots for General Wade Hampton and the candidates on his ticket, did so to secure to their native State honest government and home rule, and to free her from the thieving government under which she had so long suffered from corrupt carpet-baggers and infamous

scalawags.

Mr. Sargent, of California, said he objected to the further reading of the resolutions, as they were not couched in respect-

ful language.

A sharp debate followed, after which Mr.

Sargent, at the request of Mr. Patterson, of
South Carolina, withdrew his objection and the reading of the resolutions was conclu-

The resolutions were then referred to the committee on Privileges and Elections. Mr. Saulsbury, of Delaware, presented a very lengthy petition, signed by bankers, merchants, clergymen and others of New Orleans, in regard to affairs in Louisiana, in which the Kellogg government is charged with incompetency, and they appeal to the country not to believe the statements of fraud and violence charged against the people of Louisiana.

Mr. Howe moved that the petition be referred to the committee on Privileges and Elections, and that the committee be instructed to summon such of the signers of it as they may deem advisable to prove the charges they make. After discussion the motion was agreed to. HOUSE.-In order to consume time the

Maddox' Testimony on Louisiana Affairs-Rich Developments as to the Villainy of Wells and His Confederates-Wells Wanted a Million Dollars-He Tries to Bargain with Both Parties-The Democrats Not in the Market, &c.

WASHINGTON, Feb. 1. Before the Privileges and Powers committee of the House, Maddox had asked time to allow Gov. Wells to make a full statement, but he (Wells) not having done so, Maddox was willing to answer. The night before Wells wrote the letter to witness, witness had communicated with Wells; Wells requested that witness should go to Washington and explain the situation; the letter was addressed to Senator West, but not delivered; Gov. Wells said his life was in danger, as he had a very difficult job on hand, and did not know how he could get through with it; Wells said he would like to serve his party in making a return for Hayes, but he would not take the risk unless he was paid for it; Wells said the majority was very large, too much for him to handle, and he did not know where to commence to throw out; said the probability was he would have to throw out the vote of New Orleans on the ground. witness thought, of necessity; Wells asked witness to go to Washington to secure the protection of influential men for him, and whether or not he could get the required money to satisfy him; Wells said he ought to have a million dollars; witness showed to the President and Secretary of War two letters addressed to witness by Wells; told the Secretary that Wells wanted money, but the Secretary declined to have anything to do with the matter; the programme was that the vacancy should be filled, and that Gov. Wells should resign in anger on that account; it was understood between witness and Wells, if representations at Washington failed to bring money, that witness should open negotiations elsewhere; the word "hold" in the dispatch to Wells from witness meant that he should hold the returns so as to make them available at will; the first negotiations failed, when Wells stated to witness that he wanted for himself and Mills at least \$200,000, and a smaller sumfor the darkeys on the Board. After his return to New Orleans, witness received a dispatch from Col. Pickett, that the negotiations had failed, when Gov. Wells suggested to witness that he lendeavor to make some arrangements

fort in that direction, but failed. The idea of witness was firm, from what Gov. Wells said, that he would throw out votes to the best advantage, in order to produce certain results, which would depend on Wells' letter to West, which was not delivered and is yet sealed, witness promised to deliver to-morrow morning. Maddox did not deliver Wells' letter to

with the Democrats; witness made an ef-

West, because it contained certain information, and witness was not disposed to trust Wells. The entire Returning Board were admitted to the committee room to hear Maddox's

Gov. Wells Presented to the Grand Jury of the Superior and Criminal Courts at New Orleans-Congression al-Counting the Electoral Votes-Objections to the Vote of Plorida-The Case Submitted to the Electoral Commission-Rules for the Government of the Electoral Commission,

WASHINGTON, Feb. 1. SENATE.-A resolution was adopted ordering the proceedings of the Electoral Commission to be published in the Conressional Record.

Messrs. Ingalls and Allison were appointed tellers on the part of the Senate. The minority of the Privileges and Elecions committee submitted a report declaring that Frost, the Missouri elector, was relieved of his political disabilities by the act of May 22, 1872.

The Senate repaired to the House to assist in counting the votes.

JOINT SESSION.

After the Alabama certificates had been read, the presiding officer asked, "Are there any objections to the certificates of the State of Alabama?" After a pause, "The Chair hears none and the vote of the State of Alabama will be counted. The tellers vill announce the vote.'

Mr. Cook, one of the tellers, then an-nounced ten votes for Samuel J. Tilden for President, and ten votes for Thomas A. Hendricks for Vice President. The certificate of Arkansas was then read and the result was announced as six votes for Tilden and Hendricks, after the pre-siding officer had asked the same questions

as in the Alabama case. The California certificate was read by Mr. Stone, and six votes were announced for R. B. Hayes and Wm. A. Wheeler. The Colorado certificate was read by Mr. Cook, and three votes were announced for

Hayes and Wheeler. Connecticut came next. The certificate was read by Mr. Allison, and six more votes were announced for Tilden and Hendricks.

The Delaware certificate was read by Mr.

Ingalls, and three more votes were scored for Tilden and Hendricks. Florida was then reached, and the presiding officer first handed the certificates signed by Gov. Stearns, and which recognized the Hayes electors, and after it had

been read the certificate of the electors for Tilden and Hendricks was also handed out, and both were read by Mr. Stone, while Mr. Allison overlooked the duplicate. The chair then said that he had still another certificate, received the 31st of January (yesterday). He then handed the paper to the tellers, and it proved to be the certified proceedings of the Board of Canvassers authorized and appointed by act of the Legislature of Florida, who declare the Tilden and Hendricks electors elected. Included in the papers were the action of the Tilden electors and the subsequent review of the count by order of the Supreme Court. The latter document contains an elaborate detail of the Florida case from a Democratic stand-point. After the reading had progressed sometime Mr. Conkling 125-16@13 cents; March 134@13 3-16 cents; called attention to the fact that the paper now before them had thirty six wide col-umns of printed matter. He knew that the statute required that all the papers cratic side. The galleries are comfortably should be read, but after consultation with members of both Houses he thought the law would be complied with by simply reading the result. There was no objection. The result was announced that the Tilden electors had been elected. The Chair then asked if there was objection to the count of the State of Florida? Objection to the vote of Florida. David Dudley Field, of New York, arose and submitted written objections to counting the vote of that State. The objection was

> objection were referred to the Electoral After the various objections were read, and there being no further obejection, the presiding officer announced that the Senafors would retire so that both Houses could consider the objections, and the Senate then retired to their chamber at 3:10 p. m.
