OUTLINE OF WORK.

A committee was appointed in the Senate to investigate charges against Senator Grover, of Oregon.

Pinchback had a long talk with the President to-day in relation to Louisiana affairs.

Republicans within the magic circle of official secrets assert that Morton's determination to assume the chairmanship of Foreign Relations means he is to be the chief Senatorial representative of the administration.

Ben Butler, who is stopping at the Fifth Avenue Hotel, in a conversation last night, commented favorably on President Hayes' Southern policy.

There is no disposition on the part of Republican Senators to take any steps which may lead to the embarrassment of the President in the adoption of measures for the disposition of the conflicting political interests in Louisiana and South Carolina.

Owing to the certainty of defeat of an effort to take up the case of Kellogg for consideration in the Senate at this time, it has been practically determined to abandon any further attempt in that direction at present.

Representative Levy, of Louisiana, says the President has not given the scheme his endorsement, and he does not think he will.

Attorney General Devens, says the President has not given the scheme his endorsement, and he does not think he will.

The Charlotte Pioneer Fire Company presented a newly married man with a huge cake weighing twenty-five pounds.

Dr. Ball's Cough Syrup has been before the public for years, and is pronounced by thousands of afflicted persons to be the cure of Coughs, Colds, Influenza and all Pulmonary Complaints.

THE MORNING STAR.

in the ratio of the last few days it will soon be said that the solid South is suppliant at the feet of the Administration.

THE NEXT HOUSE, &c.

The election in New Hampshire completes the list of members of the next Congress. If the disputed elections in Florida, South Carolina and Louisiana be conceded to Republicans...

Called this evening to obtain an expression of Gov. Hampton's views on Patterson's proposition for a new election. His answer to my query on the subject was: "I would not consent to it under any circumstances."

Spirits Turpentine.

Charlotte is to soon have a map—a plan of the "Fishing Grounds." There are 849 townships and 2,813 magistrates in North Carolina. The battle-ground of Alamo is some ten miles from the village of Graham.

The Fire Last Night.

The alarm of fire last night, about 7 o'clock, was caused by the burning of a distillery and a quantity of rosin, spirits turpentine, &c., the property of Mr. C. W. McClammy, and located on the west side of the river, nearly opposite Messrs. Cassiday & Ross' wharf.

Mr. McClammy's loss must have been considerable, as we learn that there was quite a quantity of spirits turpentine and rosin, crude turpentine, &c., stored on the wharf in the neighborhood of the distillery, and that there was no insurance on the property. The burning rosin, turpentine, &c., made a tremendous conflagration, lighting up the entire river and surrounding, while an immense volume of black smoke was wafted by the westerly wind blowing at the time directly upon the lower portion of the city.

Horrible and Fatal Accident. Yesterday afternoon, a few minutes before 6 o'clock, a colored man, whose name we could not ascertain, met with a horrible accident on the railroad just above Boye's Bridge, by which he lost his life. It appears that he had jumped from a train and alighted on the track just as a connecting engine was approaching, which struck him before he could get out of the way, knocking him prostrate and running over him, by which his head was almost entirely severed from his body, the only connecting link left being a portion of the skull, while both arms were broken, one of them in two places, and, of course, causing instant death.

The Murreboro' Enquirer publishes the following from a correspondent concerning the death of Mrs. Newbold: "A few nights previous to her sudden departure, she had a dream as follows: Most of the bricks are two and a half inches thick, eight inches long, and seven and a half wide. The full length and width of the wall has not yet been determined. An ancient looking sword and axe have been dug out of the ground adjoining. Tell us when deposited there."

Local Notes. Neglect to register and Radicalism will again triumph. Columbus Court is in session this week, Judge Seymour presiding. Only five more days in which to register, in order to vote at the coming election. Very few police arrests lately and but little doing in the magistrates' court.

The anniversary ball of Orion Lodge No. 64, I. O. O. F., comes off on the 26th of April. The bottom is still out of the cotton market and the staple is almost entirely neglected. After two or three days of ugly weather, yesterday dawned upon us clear, cool and pleasant. The fact that you have already registered will not suffice in the coming election. You must register again, or your vote is lost.

The City Court was adjourned from Wednesday until Saturday morning, consequently there was no session of the Court yesterday morning. At a Republican meeting held in the Second Ward, last night, J. N. Van Soelen and Geo. E. Barben were nominated as candidates for Aldermen. Registrations. We are requested to urge a full attendance, as matters of importance will be placed before the meeting for its consideration.

Who Can Register and Vote.

Section 4 of the City Bill provides that every male citizen, twenty-one years old, shall be entitled to registration who shall have resided in this State for one year and have been a resident bona fide in the particular ward in which he applies to be registered ninety days next preceding any such election, and no other person shall be so entitled; and section 5 says that every duly registered person in any ward, continuing to be a resident bona fide of such ward up to and on the day of any such election, shall be entitled to vote in such ward at any election therein, and no other person shall be so entitled. Any person thrown into a different ward by any change made by the bill in the boundary lines of the different wards is entitled to register and vote in the ward in which he may find himself thus located. It is only those who remove from one ward to another to which the provision requiring a ninety day residence applies.

TO THE VOTERS OF THE FOURTH WARD. It is currently reported on the streets that Mr. S. H. Fishlake proposes to run as an Independent candidate in the Fourth Ward, or, in other words, to botch the ticket which was nominated at the meeting held at the Court House some nights ago. We would say, in this connection, that at the meeting a great many of the residents of the Fourth Ward were bitterly opposed to making any nominations on the night in question, asking time for consultation; but Mr. Fishlake and his friends insisted on going into said nominations against the will of a minority of the meeting, and while he received a very complimentary vote indeed, he was defeated, and as an honest Democrat, should stand by the nominations, which, as stated before, were forced the meeting to make.

We call on all good Democrats, and all those who wish the city governed by honest men, to oppose any booby, and to stand by the regular nominations, as otherwise we will be defeated and Radicals will be elected on the Board of Aldermen.
