All Quiet in South Carolina-chamberlain will Practice Law-Packard Threatens the President-What the Organ Thinks of it-Appointments,

Wm. Burnett, who was recently suspended, has been reinstated Supervising Steamboat Inspector at St. Louis. Secretary Key has appointed Sam. D. Brown, of Louisville, Special Post Office Agent, vice Edward Howard.

Packard has written a long and somewhat threatening letter to Hayes. Alluding to it editorially the Republican says: "This is all very fine, but does Mr. Packard really hope to frighten the President away from the pursuance of duty by such lan-guage, and the implied threat that he will make certain exposures which will be un-pleasant to the President. What need the President care for Packard's assumption that he (Packard), has the strongest case, and in what unmistakable manner will he be heard from? The whole country knows that there have been charges and countercharges of corruption and fraud in the political contests in the State of Louisiana, and that some of the proceedings have been most disreputable, but we doubt whether Mr. Packard could tell anything besides

what is fully known already."

Reduction in Discount Rates by Bank of France-Its Effect on England and the Gold Stores of the World-Sentence of Paul de Cassagnac-Jevellar to be Recalled from

Paris, April 6. Paul de Cassagnac has been sentenced to two months' imprisonment and a fine of three thousand francs for insulting the Chamber of Deputies.

MADRID, April 6. Jovellar's recall from Cuba has been determined, and it is expected he will resume the Ministry of War.

LONDON, April 6. The Bank of France has reduced its rate of discount to two per cent. The rate here-tofore was three per cent. The Financier, referring to this reduction, says, "This is likely to stimulate the investment of French savings in the public securities, while, in its relation to England, it seems to mark the conclusion of the prolonged pressure upon the gold stores and gold currents of the world, whereby the metallic stock in the Bank of France has been gradually raised to an unparallelled total."

President Wants Appointments Postponed until his Southern Policy is Tested-Gov. Petts, of Montana, Charged with Taking Bribes, &c.,

WASHINGTON, April 6. The President is reported as saying in Cabinet, yesterday, that he would prefer to postpone action on as many appointments as possible, until it is definitely known whether his Southern policy is successful. A. E. Lee, who has been appointed Consul to Frankfort-on-the-Maine, was Private Secretary to Hayes while Governor of

Secretary Schurz has gone to New York and will be absent till Monday. It is stated that charges have been preferred against Gov. Potts, of Montana, for receiving bribes.

No Cabinet meeting to-day. Mr. Evarts has gone to New York.

LOUISIANA,

Great Muss Meeting of Citizens of New Orleans in La Fayette Square-Expression of Patriotic Sentiments in Resolutions Adopted, &c. 1900 GOUS NEW ORLEANS, April 6.

A very large mass meeting of the citi-zens of New Orleans was held at La Fayette Square to-day. It is estimated that from ten to fifteen thousand persons were present. The following resolutions were

adopted: We, the citizens of New Orleans, in mass meeting assembled, representing, as we firmly believe, the sentiments of a large majority of the people of Louisiana, proclaiming anew our devotion to the Constitution of the United States, and our unqualified acceptance of all the amendments thereto; asserting that in loyalty to our reestablished Union and in true national patriotism we do not yield to the people of any section of our common country, as we stand ready to prove by any test; declar-ing our earnest desire to obliterate the feelings of sectional bitterness which were left as the result of the late unhappy war and to reunite the whole people of the United States in a common bond of brotherhood; equally desirous of breaking down the barriers of prejudice and distrust which designing po-litical tricksters have, from base motives, reared between the white and colored citizens of the State, and to re-establish the relations of the two races upon a basis of just laws, equal rights, common protection and harmonious and kindly sentiments toward each other; profoundly impressed with the gravity of the crisis through which our State is passing and the feeling that we · should publicly proclaim our sentiments touching the same, we do hereby adopt the following resolutions.

The resolutions were quite long, patriotic and fully in accord with the preamble.

Effects of the Protocol-Views of the English and Russian Press-Liver.

pool Cotton Market-Review for the Week-Failure of a Large Sugar London, April 6. The Pall Mall Gazette, in an article, con-sidering the effects of the protocol, concludes as follows: "Grave danger to peace lies in the fanaticism or patriotism of the new Turkish Parliament, and the protocol and attendant declarations do not diminish

it. If their general tendency is to soothe Russian susceptibilities, they are at the same time calculated to exasperate or to harden the Turks." The friendly alliance between the Direct

and Anglo-American Cable companies was consummated to day.

Fenzel & Sons, of Bristol, who some time ago closed their sugar refinery, which was said to be the largest in the world, have placed their affairs in the hands of their creditors. The liabilities of the firm are estimated at \$2,500,000. An arrangement is probable.

ST. PETERSBURG, April 6. The Galos of to-day, in commenting on the situation, is of opinion that the present crisis will terminate if the Porte will make concessions. The Galos adds that the signature of the protocol was proof of England's readiness to accept everything that would prevent armed intervention in Turkish affairs by Russia.

LIVERPOOL, April 6. The circular of the Liverpool Cotton Brokers' Association, in its review of the week ending last night, says: Cotton reopened on Tuesday, after the holidays, with an unusually active demand, and a very large business was done at decidedly higher prices. The sales since have been considerable, and though the market is quieter, quotations are almost uniformly raised. American was in very large demand on Tuesday and Wednesday, and prices advanced \(\frac{1}{2}\) to \(\frac{1}{2}\) d. to \(\dag{A}\) (Thursday). With less activity the full advance is nearly maintained. In Sea Island the demand continues limited, at rather easier rates for common qualities of Floridas. Transactions in futures have been exceedingly large, and the advance on Tuesday was 1d. over last week's closing rates. Since then there has been more desire to sell, and the market closes dull and heavy at a decline of 3-16d. from Tuesday's highest rates.
