The Battle Won-The Contest for the Senatorship. [Special to the Baltimore Sun. ]

NEW ORLEANS, April 22. The Democrats regard their fight won, and are thinking now only of the Senatorial election. The caucus will probably be held Sunday. The three leading candidates are Spefford, Gibson and Jonas. The Republicans, if they come over from Packard in a solid body, will nominate a candidate of their own, but if the secession is not general those now in the Nicholls Legislature will vote for a conservative Democrat like ex-Lieut. Gov. Penn.

#### Very Sad. [Newbernian.]

NEW YORK, April -, 1876. Sunday morning, four weeks ago, Wm. H. Finch, one of North Carolina's sons, left his house, No. 9 West 21st street, of this city, for a walk, since which time nothing has been seen or heard of him. He left, in a dying condition, his wife, a stranger without money or friends. Dr. Frank M. Deems, another North Carolinian. found her in this state, and kindly and generously administered to her wants, supplying her with a nurse and giving her his professional services, and through his influence has had her placed in St. Vincent's Hotel-a Catholic institution in charge of the Sisters of Charity--where she has every comfort that such a place can supply. Poor Finch was special agent for the John Hancock Life Insurance Company and was doing well, receiving a very handsome salary for assisting in building up a splendid business for his company. His loss will be greatly felt, not only by the John Hancock, but also by his numerous friends both here and elsewhere. I write you this, hoping that you may, through your valuable paper, inform his friends and relations in the "good old North State" of his mysterious disappearance, and of the

This noble charity calls aloud for help, and unless it receives aid from some quarter speedily the little orphans will actually be in want of food. In consequence of the falling off in the contributions within the past two or three months the Superintendent was forced to take a wagon load of the orphans and go through the country giving concerts with the hope of raising funds sufficient to meet bread and meat contingencies. With what success he is meeting with we are not advised, but we do know that since he left some of the teachers, if not all, have advanced to the Asylum every cent of their own money, and three days ago there was only \$5 50 in the Treasury, and the oil and flour were out. There never was a time when the Asylum was as much in need of assistance as at present, and if you have anything to give, send it on at once. A barrel of kerosene oil and a barrel of flour would be very acceptable just now. If you don't feel able to give as much as that, a dollar or two towards it would help wonderfully.

Christopher Pinner was aged about 25 years and leaves a wife, but no children. Robert Walker was aged about 24 or 25 years and leaves a wife, but no children. Florence C. Gillespie, who has not long been a resident of Smithfield, leaves no family, we understand. Messrs. Pinner and Walker married sisters of Captain Dosher; so Mr. Charles Dosher, Sr., loses by this sad calamity, a son and two sons-in-law. The families of the unfortunate men were all, we understand, dependent upon them for their support, and Mr. Grissom also leaves an aged mother, as well as wife, who looked to him as her only earthly help. The Mary K. Sprunt registered about twenty-five tons, was valued at about \$2,500 or \$3,000, and was owned by the Messrs. Dosher, Walker and Pinner. We cordially endorse the suggestions

To these three medicines Dr. J. H. Schenck, of Philsdelphia, owes his unrivalled success in the treatment of pulmonary diseases.

The Pulmonic Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phiegm or matter is ripe a slight cough will throw it off, the patient has restand the lungs begin to heal.

To enable the Pulmenic Syrup to do this Schenck's Mandrake Pills and Schenck's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act en the liver, removing all obstructions, relax the gall bladder, the bile starts freely, and the liver is soon relieved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the alkali of which it is composed mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy coadition, so that the food and Pulmonic Syrup will make good blood; then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.

All who wish to consult Dr. Schenck, either personally or by letter, can do so at his principal office,

sonally or by letter, can do so at his principal office, corner Sixth and Arch Streets, Philadelphia, every Monday.
