OUTLINES.

The Republican office-seekers at Washington are pitching into each other heavily. — The reformed burial bill has been passed by the House of Lords, 65 to 60; the ministry opposed the bill. — The French Cabinet is composed of new material; Duke de Broglie is chief. — The Assembly is prorogued for one month. — A Russian army corps has been sent to Odessa to prevent the spread of the Tartan insurrection. — The Sultan will admit Christians into the army, and a draft of 200,000 will be made, regardless of race or creed. — The Russians have been repulsed at Ardahan. — A fire destroying \$300,000 worth of property occurred at Woodstock, Maine. — The foreign ambassadors at Paris disapprove of all that has transpired; the Cabinet seems to have been chosen in a spirit of defiance to the Chamber of Deputies. — Gambetta made an overpoweringly eloquent speech. — The President and Cabinet have been pressing urged by the people of Chattanooga to attend Memorial Day. — Turks attack Russian irregular cavalry and driven off. — New York markets: Money easy at 14 per cent; gold 106½; cotton steady at 15-16½; 1-16; rosin quiet at \$1.90; 1-15; spirits turpentine firm at \$4.35 cts.

HEADSTUFFS DECLINING.

In Baltimore on Wednesday there was a general declining tendency. Corn was lower by several cents than on Saturday, and 1 to 14 cents less than on Tuesday. For June delivery 66½ down to 65½. Wheat \$1.90—a decline of 35 cents from the highest figures reached. Flour dull and downward tendency. Good for the South.

[Special to Richmond Dispatch.]
WASHINGTON, May 17.

Secretary Thompson, one of the most approachable of the Cabinet ministers, is a chatty and agreeable old gentleman; wears rather long, gray hair; shaves clean, in the most universal custom of thirty years ago; and looks at you with a pair of dark, mournful eyes, and talks in a quiet, easy style, while he holds a lighted cigar in his mouth. He says he intends to examine thoroughly all the navy-yards just as he has done those at Norfolk and Washington, but is so pressed for time that he cannot say when he will make the rounds.

The Secretary breathes the spirit of reform, which seems to actuate all the Cabinet (even Sherman, of whom nothing was expected), and has faithfully set himself to work to become familiar with all the affairs of his Department and everything that is likely to come under his supervision. He found the department conducted in all its details with remarkable disregard of system, and he began at once to correct abuses and stop the leaks. He says he will see why his Department should not be operated upon plain business principles, and believes when it is brought to that basis, and every official is held strictly accountable for his conformity to law, the concern will almost run itself.

Fire in South Carolina.

DARLINGTON, May 17.

The store of Mr. Alexander Wair, about four miles east of this town, was burned last night, together with a stock of goods, about three hundred bushels of corn and peas, and his books and accounts, valued at \$2,400. Insurance \$1,200. Mr. Wair narrowly escaped with his life, and thinks the parties may have been in the store when it was closed for the night, and fired it after first robbing it.

What a "Western Visitor" Telegraphed from Richmond.
The following dispatch will explain itself:

RICHMOND, VA., May 13.
Col. Thomas, Cincinnati:
There are fifteen hundred thousand population in this place. One million of them are of the same name; the balance are connected. Nothing mean about us. There is a land that is hotter than this. Delegation perfectly sound—only Wilshire and Fallis are a little flighty. We have met most hearty and elegant receptions along the line, but it is royal here.

W. H. SHOENBERGER.

A Native North Carolinian Abroad.
A letter in the N. Y. World has this reference to the services of Gen. W. W. Loring, in the Khedive's army:

"We had a terrific campaign; there was never anything like it in my long experience. Gen. Loring was not in command, but was only the second in command. It was expected that the Commander-in-Chief, Katib, (an Arab or Circassian), would have followed the advice of Gen. Loring, and if he had there would have been a different result. The campaign was encouraged, and the system would have been followed. The Katib thought it was unaccountable for getting, so set upon the army organs very played the health."

Local Notes.

—There were no cases for trial before the Mayor's Court yesterday morning.

—The colored man, whose hand was so badly injured by a saw at Messrs. Parsley & Wiggins' mills, a few days ago, is said by his physician to be improving.

—The Smithville amateurs left for home about 1 o'clock this morning by steamer. They carried with them the best wishes of their hundreds of admirers here.

—Stationary or falling barometer and temperature, partly cloudy and cloudy weather and rain areas, with northeast to southeast winds, are the indications for this section to-day.

—The camp meeting at Gander Hall is now in full blast. An immense crowd is expected to go down on the steamer *J. S. Underhill* Sunday morning at 7 o'clock, at which time she will leave the wharf foot of Market street.

—Our friends will greatly oblige us by handing in their advertisements early in the day, especially on Saturdays. Our Sunday's issue is always delayed by those of our advertisers who wait until Saturday night before writing their advertisements.

—Our rifle club seems to be behind time in its arrangements for the spring and summer campaign. In other cities the "bull-eye" boys are having a good time, while the Wilmington rifles are silent. Let us go to work in earnest now and have some fun.

—Arrival of the Battery for the Cape Fear Light Artillery, &c.

The four guns for the Cape Fear Light Artillery arrived from New York yesterday morning, via the Atlantic Coast Line of railway. The carriages, caissons, &c., have not yet come to hand, but are expected every day. A letter from Adjutant-General Jones to Captain Flanner states that the guns were shipped from one foundry and the carriages from another. The guns are steel, rifled, of three-inch bore, weigh 816 pounds each, will carry a 12-pound solid shot or shrapnel, and are pronounced perfect beauties.

By the way, the Cape Fear Artillery will celebrate Monday also, in connection with the Light Infantry, they having fixed upon the 20th of May, from its associations, as their anniversary day. It is hoped that the carriages will arrive in time to enable the company to use their new guns on that occasion. If they should not arrive before Monday morning, Captain Flanner informs us that they can be mounted in time for the celebration.

Magistrates Appointed.
Mr. Heaton, Clerk of the Superior Court, has appointed Dr. W. W. Harris and Col. E. D. Hall as Magistrates, to fill vacancies occasioned by the resignation of W. W. Humphreys, J. P. of Harnett Township, and Alex. Sampson, J. P. of Wilmington. Justices Harris and Hall are now ready for business, the latter having opened an office in the McRae building, opposite the Purcell House, while the former, we presume, will dispense justice in the office attached to his drug store, on Market, between Second and Third streets. Both of these gentlemen are among the newly appointed Magistrates, but whose regular terms do not commence until August next, when all of the old Magistrates go out and the new ones come in.

Non-Commissioned Officers.
The non-commissioned officers appointed by Captain Flanner, of the Cape Fear Light Artillery, are as follows:

1st Sergeant—James Corbett.
2d Sergeant—Thomas Gray.
3d Sergeant—E. G. Barnitz.
4th Sergeant—C. C. Walker.

Quarter Master's Serg't—John H. Allen.
1st Corporal—C. M. Harris.
2d Corporal—J. M. Newton.
3d Corporal—J. M. Williams.
4th Corporal—Henry Kuhl.

Tobacco Manufacture.
Mr. W. L. Meadows, of Henderson, N. C., has been here during the present week, prospecting for a building and site suitable for the establishment of a tobacco manufactory, which he is thinking of opening in Wilmington about the first of next January. The business for the first season will be only an experiment, to test the adaptability of the climate, when, if he finds it favorable for the manufacture of the "weed," he will make his manufactory a permanent institution here.

A Monomaniac.
Sarah McKenzie, the colored woman alluded to in our last as being confined in the guard house, and evidently suffering from some derangement of her mental faculties, has been examined by a physician and pronounced a monomaniac, though on what particular subject he is unable to say. Upon the physician's recommendation she was taken from the guard house and sent to the county hospital for the insane, at the Poor House.

More Good Shooting.
A letter received in this city yesterday states that Mr. Isaac Ramsey, at Half Moon, Onslow county, during one hunt, on the last day of April, killed thirteen wild turkeys at three shots. At the first fire he killed three, at the second four, and at the third, six turkeys. This is considered hard to beat.

OPERA HOUSE.

Dramatic Entertainment by Amateur Performers from Smithville.

At 8:30 yesterday morning, the steamer *North East*, Captain Paddison, accompanied by a number of ladies and gentlemen, the invited guests of Captain and Mrs. P., left her wharf, and, gayly decorated, steamed up the river as far as Mautisby Point, some twenty miles from the city, and returned after an absence of some hours, landing her passengers at the foot of Market street, perfectly delighted with the day's enjoyment. The excursionists held a meeting on board on nearing home, and adopted the following address:

ON BOARD STEAMER NORTH EAST,
May 18, 1877.

Dear Captain: We the undersigned, your friends and guests to-day on the excursion from the city to Mautisby Point and back, before separating from you, desire to offer you and your amiable lady some acknowledgments of the very agreeable manner in which we have been entertained all day. We have had a most delightful time, and we thank you warmly and cordially.

We were surprised to find on our river, so near home, an extensive fruit orchard; acres of ripe, luscious strawberries, and a fine fishing ground. We have enjoyed them all to the fullest. The weather has been charming, the air delicious, the river smooth, the crew polite and attentive and the boat in splendid condition. We have had a splendid time; a day we will long remember with grateful emotion. Your constant and courteous attention, and well-planned arrangements for our comfort and enjoyment, make it one of the happiest of our lives.

Rev. and Mrs. T. M. Ambler, Mr. E. H. Eilers and sister, Mr. and Mrs. W. R. K. Nassau, Rev. J. B. Taylor, Mrs. Roger Moore, Mr. and Mrs. H. G. Simpson, Mr. Edward Cantwell and Miss Cantwell, Mr. D. TEMPLE OF ISRAEL.
On yesterday, May 18th, at 11 o'clock, after the regular service and the sermon delivered by the Rabbi, Rev. S. Mendelsohn, who preached a fine sermon from the text, "Honor thy Father and thy Mother," we witnessed a confirmation. The names of the confirmed are as follows: Misses Ella Weill, Ella Fishblate, Miriam Greenwald, and Masters Sol Weill and Henry Newman.

The confirmation exercises were opened with a prayer by Miss Ella Weill, in which she offered the homage of her young life to God, and besought Him in His mercy to guard the lives of her and her companions with the knowledge of His word. The pastor, in a most eloquent and stirring manner, impressed her hearers with a mingled feeling of devotion and admiration. Her dress of pure white added to the innocence and loveliness of her face.

Master Henry Newman then made an oration in a becoming and unembarrassed manner, after which Miss Miriam Greenwald repeated a psalm in quite a pleasant style; then our little friend, Sol Weill, made a speech in a manner and style peculiarly his own, reflecting credit upon his teacher and honor to himself. The confirmants then arranged themselves before the Ark, which was opened by Masters Newman and Weill, and all of them, as if in one voice, repeated the creed, the substance of which is the unity of God. The pastor then addressed them, beseeching them "to search their hearts, and if there be any impure motive, or any desire for show before such a large congregation, to pause and turn back." He then placed his hands upon the heads of each and blessed them, after which Miss Ella Fishblate, in a modest and retiring manner, made the closing prayer.

We never witnessed an Israelitish confirmation before, and we were impressed with the manner of the rite. We noticed Mr. G. W. Jewett and several other teachers out, who closed their schools in order to witness the confirmation of their pupils.
