Position of Servia-Hungary Excited -Letter from Kossuth-Abehasians in Full Insurrection-Turks Sending all Reinforcements to Erzeroum and Batoum - What the Fall of Ardihan Secures to the Russians-Austria and the Agitation in Hungary-The Turks Fire an Austrian Steamer - The Tunis Government Threatened-The Crists in France.

LONDON, May 23. The Council of Ministers, at Belgrade, have resolved that Prince Milan shall inform the Czar that after Roumania's proclamation of independence Servia cannot

remain neutral. Roumania's declaration caused little excitement at Vienna. All the Hungarian papers, however, declare that the hour for action has arrived for Austro-Hungary. A letter from Kossuth is published urging an alliance between Hungary and Turkey against the common enemy, Russia.

A Russian decree orders the formation of two more Cossack divisions on the Don, to reinforce the operating army. The Abchasians are in full insurrection. The Turks have armed them. The Sultan has ordered 20,000 revolvers,

to be paid for from his private purse, for distribution in Caucassus There are five great Indian troop ships at Portsmouth, in readiness to proceed to sea if required for other service. A thousand barrels of powder were embarked for Malta

to-day.

The Turkish Council of Ministers have resolved to send all reinforcements arriving to Erzeroum and Batoum. The fall of Ardihan secures the Russians

in their position before Kars, and opens up a new line of operations against Erzeroum. The Russians have replaced the Roumanian troops at Oltenitza. The relieved Roumanians marched toward Little Wallachia where the Roumanians will concentrate and remain on the defensive.

The Daily Telegraph's Pera dispatch says a portion of the Ardahan garrison took the

road to Ardanatzch, having cut its way through the Russian column, which endeavored to intercept it.

The Russians are said to have closed in upon the rear of Batoum, which is once

more seriously threatened.

The Times Paris dispatch says the Bourse opened firm on Tuesday at about the highest quotations of to-day, but the strong tendency was soon checked by the news that Prince Bismarck had been recalled to Berlin. This, in the present sensitive state of the market, told with rapid severity.

The News' Bucharest dispards reports that at 6 o'clock Tuesday morning to Turks

fired from Rhova at an Austrian steamer, which, after several shots, caught fire. The Vienna dispatch to the News, says: "From Cettinje it is announced that Montenegro has postponed the recommence-ment of hostilities until the Russians have actually crossed the Dauube." BERLIN, May 23.

The North German Gazette states that Russia has declared to Tunis that if military or pecuniary aid is rendered to the Sultan, the Bey must prepare to see his capitol bombarded. The Tunis government is also disquieted by the concentration of a French force on its frontier.

PARIS, May 23. It is said that forty Legitimist Senators, dissatisfied with the government's intentions concerning the clerical question, have decided to join the Left in refusing to grant a dissolution. Marshal MacMahon has power to prorogue but not to dissolve Gambetta will visit the larger provincial towns to superintend the Republican re-

Proceedings of United Methodist Convention-The Northern and Southern Presbyterians.

BALTIMORE, May 23. The boundaries of North Carolina were changed to include Greenfield, West Virginia Circuit. The committee on Boundaries reported, defining the Pittsburg, West Virginia and Michigan Districts, and re-commending the abolishment of Tennessee and North Carolina, as they were included in other districts. The report was discussed at length, but no action was reached.

Спісаво, Мау 23. A telegram has been received from the Presbyterian Assembly South, in session at New Orleans, which says the Southern Assembly disapprove of that part of the Northern Assembly's greeting, which omits reference to the main part of their paper sent to Brooklyn from Savannah, and says if our brothers of the Northern Church can meet us on those terms, which truth and righteousness seem to us to require, then we are ready to establish such relations with them during the present session of the Assembly.

John L. Thomas made Collector of Customs at Baltimore. Postmasters South and West complain of silver accumulating on their hands. They are compelled to take it in sums of five dollars for stamps, and cannot disburse it. Jesse W. The counties of Rockdale and Newton are transferred from the Third to the Second Georgia District. Andrew Clarke, Collector of the Second

Georgia District, has permission to make a new bond, so as to release the old bondsmen, who desire it. The administration is troubled because they have no money to make a show at the French Exposition of 1878.

There is a hitch in Wickersham's ap-pointment to the Mobile postoffice. Special Agent Fry, who is in Mobile on other business, has been instructed to look into it. The Postal Commission, with Postmaster General Key and Railway Superintendents Vail and Marshall, leave to-night. They will be absent eight or ten days, and en route will visit in the order named: Lynchburg, Danville, Charlotte, Atlanta, Chattanooga and Bristol. George H. Boker, Minister to Russia, has

Significant Action of Turkey in Reference to the Present Struggle-France's Disapproval of President MacMahon's Action-His Resignation Probable-Recognition of Roumania, &c.

London, May 23. A Vienna dispatch to the Times says: Sheik Ul Islam proclaiming holy war against Russia, and the almost simultaneous announcement from Constantinople that the Coparture of the Sultan for the Danube has been decided upon, would seem to show that the advice of those who all along looked upon the present suggle as one of existence for the Ottoman Empa, has gained the ascendancy in the council of the

The Times' Paris dispatch has the following: "France will doubtless pronounce overwhelmingly against President MacMahon at the election, even if the Senate gives a majority in favor of dissolution, which is very doubtful. The refusal of the Senate to authorize dissolution would inevitably cause MacMahon's resignation." The Times' Bucharest dispatch says it is believed that Russia will first recognize the independence of Roumania, and that Germany, France and Italy will follow. Eng-land and Austria are expected to delay recognition.

NEW YORK.

The Stock Market-Death of a Poet-A Double Tragedy.

New York, May 23. Lake Shore has been the feature of the stock market this afternoon. Opening at 517, it fluctuated rapidly, with a declining tendency, selling at 49½ at the close, having sold during the afternoon as high as 52½. 65,455 shores of Lake Shore were sold. The decline in Lake Shore is attributed to a rumor in Chicago that Vanderbilt has telegraphed from Europe to reduce the passenger rate from Chicago to New York to \$15, on account of the starting of the fast train by the Pennsylvania railroad. The rumor cannot be verified.

Mrs. Sternbocker died Monday from poison, which she took in consequence of a quarrel with her husband. To day Sternbocker shot himself fatally. At a meeting of the directors of the Bank

of Commerce it was resolved to reduce the stock from ten to five millions.
