The Russians are moving with great rapidity; the military situation is critical. — Servia is continuing war preparations.

STATE MEDICAL CONVENTION.

Second Day.

[We condense from the Raleigh Observer.] The Society, which is the State Board of Health, elected the following gentlemen to act as representatives in the relations of the Board with the State government, and to report, as the law directs, to the Legislature, through the Governor:

Dr. S. S. Satchwell, Chairman, Pender county; Dr. Thomas F. Wood, Secretary and Treasurer, Wilmington; Dr. Joseph Graham, Charlotte; Dr. P. E. Hines, Raleigh; Dr. Geo. A. Foote, Warrenton; Dr. Charles Duffy, Jr., Newbern.

Dr. Graham, of Charlotte, read an able and very elaborate paper on gynecology, that, in research and interest, invites comparison with any similar production from the North or South. It at once makes him a representative man of the profession in this State.

Dr. Wood, of Wilmington, followed with a highly valuable and important paper on vaccination in relation to smallpox, &c.

The annual oration by that able writer and accomplished physician, Dr. Shoffner, of Salem, was delivered to-night before a highly appreciative audience.

Suitable action was taken in relation to the death of Dr. Thomas Duffy, of Rutherfordton, and Dr. W. G. Hill, of Raleigh. A memoir of the life and character of Dr. Hill, prepared by Dr. R. B. Haywood, of Raleigh, was read.

The next annual meeting of the Society will be held at Goldsboro on the second Tuesday of May, 1878.

Drs. Satchwell, O'Hagan, Graham, Duffy and A. A. Hill were appointed a committee to memorialize Congress, through our Senators and Representatives, asking that the tariff on quinine be taken off.

Corresponding delegates were appointed to the next annual meeting of the Medical Societies of Maryland, Virginia and South Carolina, and to that of the American Medical Association.

The following members will fill, for the next year, the offices designated below: Dr. R. L. Payne, Lexington, President.

Dr. Stith, of Wilson, and Dr. Rountree, of Hookerton, Vice Presidents.

Dr. L. J. Picot, of Murfreesboro, Secretary.

Dr. Wm. T. Ennett, of Pender, Orator.

Western Railroad. [Fayetteville Gazette.] It would really seem as if the promise for the future of this road were brightening.

The ladies of Smithville, in Cumberland, decorated the soldiers' graves at Chocora Cemetery on the 10th.

Rev. A. G. Haygood, D. D., will deliver the annual address at Greensboro Female College Commencement.

The Raleigh Presbyterian ladies will give another one of those highly interesting entertainments known as "dime parties."

Judge Schenck and Judge Cox disagree in the opinion as to the removal of certain cases from the State to the Federal Court.

Sentinel: Judge Kerr delivered an eloquent and fervid religious lecture at the Baptist church last Thursday night to a large audience.

THE MORNING STAR.

VOL. XX.—NO. 56. WILMINGTON, N. C., SATURDAY, MAY 26, 1877. WHOLE NO. 3,059

them for advances and commissions of at least \$75,000, and praying that the bonds be sold and their liens discharged.

The action was tried before a referee, who decided in favor of the Company. It then came before a Judge of the Supreme Court, on exceptions to the referee's report, and was again decided in favor of the Company.

This judgment is that the defendants surrender to the plaintiffs the 425 bonds held by them, and in default of such surrender that they pay the face value of the bonds with interest at 8 per cent.

The defendants are entitled to an appeal to the Court of Appeals, but in the meantime the bonds are locked up in the vaults of a safe deposit company by order of the Court.

If this decision stands, the company is relieved of all of the \$900,000 mortgage bonds, except \$15,000. On \$5,000 of these the holder has a judgment requiring the regular payment of the interest. The other \$1,000 are admitted by certain parties to be held by them, and it is anticipated by the company that a successful defence can be made to the recovery on any except the \$5,000 on which judgment has already been had.

Tax on Tobacco and Farmers.

[Robesonian.] Commissioner Douglas decides: I have to say the law makes every person liable to pay a special tax as "dealer in tobacco," whose business it is to sell, or offer for sale, manufactured tobacco, snuff or cigars."

Under this provision of law this office holds that every person who makes it his business or any part of his business, to sell or offer for sale, or advertise, or in any way holds himself out as willing and ready to sell manufactured tobacco, &c., is liable to pay a special tax therefor.

But a farmer or planter who simply supplies his employees with what manufactured tobacco they need for their own personal use, and for their special accommodation, and not with a view to gain or profit to himself, is not regarded as engaged in the business of selling manufactured tobacco, and would not be required to pay special tax for thus supplying his hired laborers with tobacco.

Spirits Turpentine.

—Winston jail is crowded. —Mr. C. C. Crow, of Raleigh, is very ill. —Corn is generally "backward in coming forward."

—Fine wheat is now grown in Cumberland county. —Strawberries go begging at Salisbury at five cents a quart.

—The Postal Commission was to be in Charlotte last evening. —Holland Jewell, a worthy citizen of Wake, died on the 23d, aged 65.

—Winston Sentinel: Four fights here one evening last week and nobody hurt. —The Tate factory at Greensboro will be rebuilt, and made with a metallic roof.

—Rev. E. A. Yates preaches the annual sermon before Greensboro Female College. —Ten convicts sentenced to the penitentiary for Forsyth, three of whom are white.

—Twelve young ladies will be graduated at Greensboro Female College at Commencement. —Richmond M. Pearson, Jr., has been admitted to the bar, and will locate in St. Louis, Mo.

—Mr. Andrew Mickle has been appointed postmaster at Chapel Hill. An excellent selection. —Mr. William R. Capehard, of Edenton, lost a fifteen hundred dollar horse the other day.

—News: "Nightmare inducers," called by courtesy "sereaders," are now nightly ravaging the city. —Greensboro is trying to get healthy at Jones Spring, a mineral resort within the corporate limits.

The ladies of Smithville, in Cumberland, decorated the soldiers' graves at Chocora Cemetery on the 10th. —Rev. A. G. Haygood, D. D., will deliver the annual address at Greensboro Female College Commencement.

The Raleigh Presbyterian ladies will give another one of those highly interesting entertainments known as "dime parties."

Judge Schenck and Judge Cox disagree in the opinion as to the removal of certain cases from the State to the Federal Court.

Sentinel: Judge Kerr delivered an eloquent and fervid religious lecture at the Baptist church last Thursday night to a large audience.

There will be no military encampment this summer as was anticipated, as the necessary tents, &c., cannot be procured before the fall.

The vote in Guilford for an appropriation to the Mt. Airy & Fayetteville railroad will not be taken now on account of the great scarcity of money.

Salisbury Watchman: Prof. W. H. Neave has gone to Goldsboro, where he is engaged to instruct a band. He will give a grand concert in about a month at that place.

The following officers have been elected by the LaFayette Light Infantry, Fayetteville: Captain, Jas. B. Smith; First Lieutenant, John D. Williams, Jr.; Second Lieutenant, Malcomb Pank; Junior Second, Randall McMillan.

Salisbury Watchman: A one-eyed cat fish attracted some attention on our streets last Saturday. The fish weighed about 44 pounds. There was no scar, nor anything showing there ever was an eye on the left side of the fish's head.

Patriot: W. L. Callum was baptized in acid last Thursday by the bursting of a soda tank. The acid spoiled a shirt, pair of pants, and came very near spoiling a face and a pair of eyes. He made a very fortunate escape.

Rev. H. F. Cole, of Concord, preached the annual sermon at the Commencement of Pleasant Garden Academy. Rev. Jesse A. Cunningham delivers the Sunday school address. Mr. F. C. Robbins, of Lexington, delivers the literary address.

Randolph Regulator: Gen. J. M. Leach is out in a long letter denying that he is making efforts to revive the old Whip party. The General need not have written such a lengthy letter, for his past course ought to have been conclusive as to his future.

Greensboro Patriot: Dossey Battle, of the Tarboro Southern, says that woman as a kickist is a perfect success, and sometimes her demonstrations are most disastrous. A friend of his, by actual calculation, lost \$37,000 by being kicked by rich women.

Sentinel: The North Carolina Medical Society is now holding its twenty-fourth annual session in Salem. There are about fifty members present, and are as fine and intelligent looking set of gentlemen as can be seen in this or any other State, of any profession.

Watchman: Concord Presbytery met at Thyatira church last Friday, 18th instant, and after examining two young men, Mr. J. A. Ramsay, of this town, and Mr. R. D. Stinson, of Statesville, proceeded to ordain and install Mr. Ramsay, pastor of Thyatira church, and to license Mr. Stinson as a probationer.

Salisbury Watchman: The Press Association, at its meeting in Charlotte, displayed more moral courage than our last Legislature. The editors fought, as they have always done, and defended the sheep. The Legislature feared the constituency at home and allowed the dogs to play havoc with the sheep.

Sentinel: You can get twenty-seven pounds of good sugar from a bushel of sound corn by a process of refining with alcohol, the sugar being marketable at four cents per pound. We have heard of the process of corn being \$1.00. But the government puts such a high tax upon alcohol as not to allow of the process paying.

Winston Sentinel: A child in this vicinity was last week stung or bitten by a locust, and died from the effects two days after. We have heard of a similar case which occurred here years ago, when a negro, belonging to the late G. L. Banner, was stung by one of these insects and died two hours afterwards.

Greensboro Patriot: Last Saturday Mr. A. Whittington's children started fishing in the Dug. The dam was destroyed by the city, was destroyed by fire on Monday morning. It was occupied by Mr. Mott, who, with his family, were made a narrow escape, the fire having attained considerable headway before it was discovered, having to all appearances originated in the kitchen, which was some yards distant from the dwelling. The house, which was valued at \$1,500, was insured for \$1,000 with M. J. A. Byrne, of this city, in the Imperial and Northern, of London. Mr. Mott, we are sorry to learn, lost nearly everything, having had no insurance on his furniture and effects, but a small portion of which was saved.

The Williams house attained considerable notoriety, having been the usual polling place in Cape Fear township, as well as the point where the politicians were wont to hold forth to the dear people, and show them the nearest road to political salvation and personal good fortune.

Two buildings escaped, and the actual loss to the insurance company is \$900. The Veteran Corps—A Permanent Organization. The Veteran Corps of the Wilmington Light Infantry Company met Thursday evening at the army of the above Company, on Front street, and formed a permanent organization, with Col. Wm. L. DeRosset as President, Col. J. L. Cantwell as Vice President, and Col. C. D. Myers as Secretary and Treasurer.

A committee was appointed to revise the roll, and ascertain the names of all who were former members of the Company. We understand that it is the purpose of the corps, at an early day, to purchase suitable uniforms for the members, or at least that they have the matter under consideration. We hope they will conclude to do so.

Another Chicken Raid. Another raid was made upon Mr. W. F. Potter's stock of poultry on Thursday night, the thieves this time making their headquarters at his truck farm near the city, in Cape Fear Township. We understand that they captured altogether about forty chickens and ducks which were taken to two men of unknown names, who succeeded in carrying off, besides playing havoc with his cabbage patch in their retreat from his premises.

Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4.35 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city:

Augusta, 87; Montgomery, 81; New Orleans, 88; Norfolk, 83; Punta Rasa, 88; Indianola, 84; Savannah, 86; Jacksonville, 78; St. Marks, 89; Key West, 89; Wilmington, 85; Mobile, 81.

More Chicken Stealing. The fowl house of Capt. E. Russell, corner of Sixth and Nun streets, was entered Thursday night and despoiled to the extent of sixteen head of fine hens, the roosters all being left behind.

Another party in the southern section of the city lost a number, but we were unable to ascertain the name of the "one more unfortunate."

The schooner St. Croix, Leland, sailed from Belfast for this port on the 20th inst.

Dullness reigned supreme in police and magisterial circles yesterday. The thermometer was down to 69 degrees in our office yesterday at noon. The weather is remarkably cool for the season, and thick coats have been again called into requisition.

The New York Times records the arrival of the Arabs at that place. Three of them have gone to Boston. The listing of county property for Wilmington township will commence at the County Commissioner's room on the 1st day of June.

Grown fowls have tumbled to 50 cents per pair in this market. Some get there for less than that, by simply lifting them off the roost.

A considerable quantity of eggs arrived by the corn vessels which reached here on Thursday last, and they are now selling at from 13 to 15 cents per dozen, by retail.

A petition was in circulation on the streets yesterday, obtaining signatures, praying the President to grant amnesty and pardon to all violators of the internal revenue laws.

The usual summer quarantine notice has been published and we are confident that its requirements will be rigidly enforced by Dr. Curtis, the quarantine physician.

Slowly rising barometer, northerly winds, rising temperature, partly cloudy weather, with occasional areas of light rain, are the indications for this section to-day.

Thursday night last, about 12 o'clock, a bright, reddish light was visible in the northern heavens, probably being what is known as a "weather light," having something to do with the present cool snap we are experiencing.

Our friends will greatly oblige us by handing in their advertisements early in the day, especially on Saturdays. Our Sunday's issue is always delayed by those of our advertisers who wait until Saturday night before writing their advertisements.

Fire in Cape Fear Township. The house at the well-known Williams place in Cape Fear township, about five miles from here, the property of Mr. A. G. Williams, was destroyed by fire on Monday morning. It was occupied by Mr. Mott, who, with his family, were made a narrow escape, the fire having attained considerable headway before it was discovered, having to all appearances originated in the kitchen, which was some yards distant from the dwelling. The house, which was valued at \$1,500, was insured for \$1,000 with M. J. A. Byrne, of this city, in the Imperial and Northern, of London. Address: FURNESS & GALT, No. 222 West St., Cincinnati, Ohio.

THE AMERICAN PILLO.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heartburn, Water-brash, Bile Colic, Constipation, Liver Complaint, &c., since the introduction of GOURAUB'S ADJUTANT we believe there is no cure for Dyspepsia that cannot be immediately relieved. Two doses will relieve you. Regular size 70 cents.

GOURAUB'S OLYMPIAN CREAM.—This standard preparation has from the time of its general introduction received the unqualified commendation of the beauty and fashion of the land. Its intrinsic excellence and peculiar adaptation to the toilet has secured it a certain and sure remedy for every ailment with which it has been compared, a perfume of the most exquisite character, and one which ever gives it a trial without becoming its fast friend, or has failed to confirm every virtue the proprietor claims for its behalf. To the soft, lustrous, red or plump complexion, it renders a delicate and lasting the very counterpart of nature, and, unlike other preparations, contains no suggestion of artificial appliances. Reduced to one dollar, this medicine will relieve you of every ailment of the skin, and more extended patronage than that which is accorded to it, but to be a fair trial of a preparation of this kind, it should be used for a week. It is moreover temporarily offered in trial bottles at 10 cents. Warranted to contain no lead, zinc, bluish or chalk. For sale by J. C. MANDA.

TO ALL, PARTICULARLY INVALIDS, spring is a trying season. Indications of sickness should at once be attended to. Fatal diseases may be caused by allowing the bowels to become constipated and the system to remain in a disordered condition, until the disorder has time to develop itself. An ounce of prevention is worth a pound of cure, in an old and truthful saying. Therefore, we advise all who are troubled with the complaint, now very prevalent—headache, indigestion, disordered liver, want of appetite, nausea, or feverish skin, to take, without delay, Sehnck's Mandrake Pills. We know of no remedy so harmless and decisive in its action. It at once strikes at the root of the disease and produces a healthy tone to the system. People never need suffer from any disease arising from a disordered condition of the liver if they would take this excellent medicine when they feel the first indications of the malady. Families leaving home for the summer months should take three or four boxes of these pills with them. They will relieve the patient of headache in one or two hours, and will rapidly cleanse the liver of accumulating bile, and will effectually prevent a bilious attack. They are sold by all druggists.

DR. HADLEY.—At Wrightsville Sound, on the 26th inst., died, of Cholera, the son of Richard and S. J. Bradley, aged 38 years. The friends of the family are invited to attend the funeral at 10 o'clock, at the residence of the deceased, on the 27th inst., at 8 o'clock.

LITTLE.—In this city, Thursday night, 24th inst., CHARLIE, only son of William and Martha Little, aged 15 months and 10 days. His death was a beautiful triumph over the fears of life. In him who conquered death and led captivity captive, he found the fountain of his being, the eternal blessedness promised in the Gospel, which pleased him beyond the wants and woes of time. Charlie, dear Charlie, thou art gone. A mother's tears, a father's sigh, cannot recall thee. Thy God has taken thee to thy heavenly home. While we are left to mourn our loss. Thou art at rest in thy Saviour's arms. The funeral will take place at 10 o'clock, this morning, from the residence of his parents, on Front, near Dawson Street. Friends and acquaintances of the family are invited to attend.
