Important to Farmers.

(Raleigh Observer.)  
On a visit to the Department of Agriculture yesterday we found the Commissioner, Col. Polk, devising a plan by which farmers could supply in a measure the loss incurred by them in the partial failure of the crop by the unprecedented bad weather of the spring. He had just ascertained by telegraph that the German or Golden millet seed could be placed in this city from Baltimore at \$1.75 per bushel, including sacking. The seed can be bought in Baltimore, and perhaps other cities, at \$1.20 per bushel cash.

The German millet was imported from Germany since the war, and as a forage plant it is not excelled by any crop that is grown in the South. When sown for hay one bushel per acre is used broadcast, and the yield is from six to eight thousand pounds. When sown for seed a half bushel per acre in drill and the yield fifty to sixty bushels. The millet is peculiarly adapted to this climate, and as it can be sown successfully to the 1st of July our farmers will see that a splendid opportunity is here given to introduce a new and profitable crop as well as to repair the damage sustained in the failure of the cotton and corn to come up in time.

The Commissioner is so deeply impressed with the importance to the farmers of adopting this as one of their crops, and especially at this time, that he will issue, as he informs us, a circular in regard to it at once.

EPISCOPAL CONVENTION.

The Episcopal Convention at Charlotte—First Day's Proceedings.

[Special Star Correspondence.]

CHARLOTTE, May 30.  
Convention met to-day at 10 o'clock, and, after prayer, by Bishop Atkinson, was organized. Not as many members present as usual. Clergy and delegates from seventeen parishes.

The election of President of Convention being in order, Rev. Messrs. Forbes, Smith, Watson and Marshall were nominated. Rev. G. W. Larnour was unanimously re-elected Secretary of Division of Diocese. No election for President of Convention on first ballot. On second ballot Rev. Dr. Watson was elected.

On motion, Convention adjourned till 5 o'clock P. M.

On motion, according to adjournment at 5 o'clock.

The following committees were appointed:  
On the State of the Church—Rev. Mr. Hughes, Rev. G. B. Wetmore, Rev. Mr. Patterson, Messrs. Fremore, Roberts and Col. Atkinson.

On Elections—Revs. A. A. Smith, Marshall and Mr. F. R. Rose.

New Parishes—Rev. R. Wetmore, Rev. Isreal Harding and Mr. H. A. London.

On Canons—Rev. Dr. Buxton, Rev. Messrs. Ambler, Rich, and Messrs. Cox and Martin.

Unfinished Business—Rev. Mr. Murdoch, Rev. G. E. C. Smiles and Mr. S. T. Lord.

On the Report of the Division of Diocese—The division of the Diocese into two Dioceses, the one to include the parishes of the Piedmont, and the other to include the parishes of the South. The University is making many improvements; among others a theological department, with 201 students. There is also a grammar school.

A library capable of holding 20,000 volumes has been given by Rev. Telfair Hodgson. The hall for theological students was given by Mrs. Manigault of South Carolina. There are two literary societies connected with the institution.

The committee appointed to collect the history of the parishes of the Diocese made a report. They suggest that a historiographer of the Diocese be appointed, and the sections of the parishes be required to write a history of their respective parishes, and send them to the historiographer.

On motion, it was resolved that the Convention appoint a historiographer of the Diocese, and that the rectors of the several parishes write and send a sketch of the history of their respective Dioceses to the historiographer, and that the historiographer remind them of this requirement if they neglect to do so within six months.

An application of St. Cyprian's parish, Newbern, was referred into union of the Diocese, and admitted to the committee on New Parishes.

A resolution offered by Mr. Fremont, to charge the present historiographer with the duty of preparing a history of the Diocese, and that they may be put down in the order of seniority, was lost.

It was on motion resolved that a historiographer be appointed, and Rev. Dr. Marshall was elected.

# THE MORNING STAR.

VOL. XX.—NO. 62.

WILMINGTON, N. C., SATURDAY, JUNE 2, 1877.

WHOLE NO. 3,065

JAMES' church, Wayneville, was stricken from the list of parishes.

It was on motion resolved that the daily meetings of the Convention be as follows: Meet every morning at 9 A. M. and adjourn at 1 P. M. Meet in the afternoon at 4 P. M.

Second Day's Proceedings.

THURSDAY, May 31.

Convention met at nine o'clock, and was opened with prayer by the Bishop.

The roll was called and thirty-eight clergy answered to their names: twenty-four parishes represented. The minutes were read and approved.

The Bishop then read his address. Confirmations by the two bishops; two deacons and two priests ordained.

The Bishop pronounced a high eulogy on the late Rev. Dr. Smiles. Rev. Mr. Heilm has been deposed of his own request, intending to join the Reformed Episcopal Church. There are at present sixty clergy connected with the Diocese. Candidates for priest's orders seven. There is year by year an increase in the number of communicants between 4,000 and 5,000. When the Bishop first came to the Diocese there were only 1,500. The Bishop complained of the difference between the number confirmed and those actually communicating. The Bishop was convinced that there were many confirmed who were not sufficiently prepared, and urged that more care be taken by the Rectors in preparing the candidates. He insists upon confirmation classes in which the Credo, the Lord's Prayer and Ten Commandments be carefully explained.

Bishop Lyman then read his address. He began by saying there was much that was encouraging in the state of the church; more interest in the missionary stations is shown about having ministers, but men are not as willing as they ought to be in their pursuit to support them. They look upon the privilege of having stated worship rather as a luxury than as a necessity, and cannot be dispensed with. The Bishop confirmed 298. The Bishop ended with a renewed expression of the encouraging state of affairs. The prejudices against the church are giving way. There is great need of a native ministry. A church school is much needed, but the financial condition of the State has delayed the commencement of the school building at Morganton.

A committee of three—Dr. Watson, Dr. Marshall and Judge Battle—was appointed to consider the portion of the Bishop's address referring to the death of Dr. Smedes. The addresses of the Bishops were referred to the committee on the State of the Church.

The portion of the Assistant Bishop's address relating to a school at Morganton was referred to a committee of three, Judge Cox, Mr. G. Walton and Mr. Erwin, to report this evening.

Rev. Mr. Bronson made an appeal to the Convention for sympathy in the beginning of a church hospital, the cornerstone of which is soon to be laid. He stated, also, that he had bought seventy acres of land near the city, on which he proposed to have erected an educational institution, and he also proposed to establish a monthly church magazine before long.

On motion, the erection of the new church at Winston was referred to a committee of three.

The question of the division of the Diocese being now in order, Dr. Marshall read a letter of Dr. Hopkins, showing the advantage of the division of the Dioceses. He gave statistics showing the population, &c., of the respective Dioceses. Population of the Eastern Diocese, 500,000; of the Western Diocese some 700,000; the number of communicants about equal; clergy in the East 21, in the West 26; the contributions from each section are about equal.

The Bishop said that it was a most painful question to him, and if he were to consult his own personal feelings he would oppose a division; but on the whole he believed it would be to the advantage of the church and to the benefit of his own Diocese, and he would give his consent to this division.

Gen. Martin moved that before dividing the Diocese, the extreme western portion be set off as a missionary district, provided the consent of the General Convention be obtained.

On motion, the consideration of the question was postponed till 4 P. M.

The committee on Finance made an encouraging report on finances. The Diocesan Missions report that there has been an increase of contributions to the amount of \$400.

On motion, the request of some communicants of the town of Wilson, to be formed into a parish and placed in union with the Diocese, was referred to the committee on New Parishes.

On motion of Judge Cox the report of the Standing Committee of the Diocese was deferred, and the consideration of the election of the Bishop was postponed.

On motion of Judge Cox the report of the Standing Committee of the Diocese was deferred, and the consideration of the election of the Bishop was postponed.

On motion, the consideration of the question was postponed till 4 P. M.

The Convention met at the appointed hour at the Bishop's residence at Charlotte. The committee for the erection of the Church at Winston, was named by the Bishop—Rev. Mr. Falls, Mr. J. S. Henderson and Mr. Batchelor.

Rev. Mr. Buell offered a canon on the admission of members into union with the Diocese, which, on motion, was referred to the committee on Canons.

Dr. Watson added an appendix to the financial report, by which the successful meeting of several parishes were diminished.

The question of the division of the Diocese coming up, Judge Cox made a strong speech against any division. An interesting discussion ensued, conducted by Judge Cox, Mr. Bayle, Rev. Mr. Kiernan, and Rev. Mr. Pettigrew against division, and by Rev. Mr. Rich, Rev. Mr. Bynum, Mr. Bronson and Dr. Watson in the affirmative.

A motion to postpone the subject to the next Convention was lost by an overwhelming vote of the clergy. The vote having been decided to be taken, the resolution for a division was carried by a vote of the clergy, 31 to 3; by the laity, 13 ayes, 6 noes; divided 10.

Col. DeRosset offered a resolution to submit to the committee his proposition, dividing the State by a line running east and west.

On motion, it was resolved to appoint a committee of five to consider the division of the Diocese between the two Dioceses. Dr. Buxton, Dr. Watson, Col. DeRosset, Mr. Bryan and Mr. Henderson were appointed members of the committee.

On motion of Gen. Cox, it was resolved that a member of the Convention be appointed to canvass the Diocese for subscriptions to the Morganton Church School.

Col. Walton, of Morganton, was appointed the canvasser.

On motion the Convention adjourned.

At Alleghany Court Milton Stamper was on trial for the murder of William Wagoner. A juror accidentally had a fall of fifteen feet, which disabled him; the jury was discharged. The Landmark says: "At the solicitation of Stamper, and through the intervention of Col. Armfield, Judge Schenck compromised the case, by sentencing Stamper to three years in the State prison."

Fayetteville Gazette. An old citizen, meeting us last Tuesday, 29th inst., gave us a point or two about that date. He reminded us that on the 29th of May, 1831, the town was almost entirely destroyed by a fire which commenced at Kyle's corner, and that on the 29th of May, 1844, there came a killing frost that blackened and blighted fruits, flowers and vegetation.

Local Notes.

Blessed is he who craveth no office, for verily he shall not be disappointed.

Whortleberries are plentiful, and were retailing yesterday as low as fifty cents a peck.

Maj. Dunham, Clerk of the Criminal Court, has been quite ill for the past two or three days, but is now reported to be improving.

It is to be hoped that one of the first acts of the new Board of Aldermen will be to look after the sanitary condition of the city.

We give to-day the first and second day's proceedings of the Episcopal Convention, at Charlotte, as reported by our special correspondent.

The quarantine regulations are now in full force, and vessels from ports south of us usually infected with pestilential diseases will be rigidly scrutinized.

Stationary or rising barometer and temperature, northeast to southeast winds and clear or partly cloudy weather, are the indications for this section to-day.

Frank Hargrove, charged with implication in the assault upon W. H. Howe, had a hearing before Justice Harris yesterday, and the case against her was dismissed.

Applications for appointment under the present city government (should there be any) must be handed in at the City Clerk and Treasurer's office on or before Thursday next.

Frank Cash and Peter Elliot were before Justice Gardner yesterday on the charge of assault and battery, judgment being suspended on the payment of costs in each case.

The market bell will hereafter ring at 7 o'clock every evening, until the 15th of September, to indicate the hour for closing the stores, in accordance with the resolution of the Board of Trade recently passed.

Our friends will greatly oblige us by handing in their advertisements early in the day, especially on Saturdays. Our Sunday's issue is always delayed by those of our advertisers who wait until Saturday night before writing their advertisements.

A certain business man on the wharf has adopted a novel plan to avoid the annoyance incident to the pernicious habit of dunning. It is to place in his office a card, upon one side of which are the words, "No bills paid until 12 o'clock," and on the other, "No bills paid after 12 o'clock." Five minutes before 12 he changes his card to suit and goes to dinner.

Weather Conditions for May, 1877.

From Sergeant Robert Seytho, in charge of the Signal Station at this port, we have the following statement of the weather conditions during the month just closed:

Entertainment at the Opera House Last Night.

There was an immense audience at the Opera House, last night, to witness the final exhibition of Prof. Agostini's Dancing School. The entertainment, which consisted of tableaux, dancing, singing, &c., was a magnificent one and, was highly applauded by the large and appreciative audience. At the conclusion of the entertainment at the Opera House, a soiree was given by Prof. Agostini in the City Hall, which was also largely attended.

THE NEW CITY GOVERNMENT.

Meeting and Organization of the New Board of Aldermen—The Democrats Once More in Control of the City—John Dawson, Esq., Elected Mayor—A Large Crowd in Attendance, &c.

A large crowd collected at the City Hall yesterday at 12 o'clock to witness the organization of the new Board of Aldermen. Glancing over the crowd we saw many an anxious applicant for positions in the gift of the Board, to whom the proceedings were evidently of more than passing interest, but who, as the proceedings show, are still in doubt as to their chances of success. Promptly at 12 M. City Clerk and Treasurer Servoss appeared with the record of the city and the requisite papers, proceeded to the Mayor's desk, read the result of the late election, and requested the Aldermen elect to come forward and qualify as their names were called.

The returns of the inspectors of election showed that F. W. Foster and James A. Lowery were elected Aldermen from the First Ward; Henry G. Flanner and C. D. Myers from the Second; L. H. Bowden and H. Von Glang from the Third; John Dawson and Isaac W. Voller from the Fourth, and Isaac W. King and Jos. C. Hill from the Fifth.

Justice Gardner administered the oath to the members, and upon their subscribing to the oath in the record of the city, were announced as a full fledged Board, duly qualified for business.

Mr. Servoss called the attention of the Board to the fact that the election of Mayor was first in order, and that under the rules he was required to preside until that election had been consummated.

Alderman Flanner moved to go into an election for Mayor, which was carried.

Alderman Foster nominated Mr. John Dawson. Alderman Hill seconded the nomination. Alderman Myers nominated Capt. H. G. Flanner.

Aldermen Myers and Foster were appointed tellers, and announced as the result of the first ballot:

John Dawson, 6.
H. G. Flanner, 3.
H. Voller, 1.

The Chair announced that Alderman Dawson, having received a majority of the votes cast, was duly elected Mayor. Considerable applause greeted this announcement, but quiet was soon restored by officers in attendance.

On motion of Alderman Flanner, the election was made unanimous.

Alderman Hill moved to appoint a committee of two to conduct the Mayor-elect to his seat.

Aldermen Voller and Bowden were appointed as the committee, and performed the duty assigned them.

Mayor Dawson, after taking the oath of office, referred to the fact of his having once before had the honor to serve this city in the same capacity, and although not as young and active as some of his fellow-members, he brought with him to the position several years' experience in the discharge of the duties of the office. He promised his closest attention to the welfare of the whole people of the city of Wilmington, without regard to party. Said he took his seat as Mayor unpledged and untrammelled; that he would discharge the duties of his office to the best of his ability, and with equal justice to the poor and rich; that he would vote for or appoint those persons to the offices of the city whom he deemed most competent and best calculated to serve its interest; returned his thanks to his fellow-members for the honor conferred upon him, and declared the Board ready to transact business. Mr. Dawson concluded his remarks amidst great applause.

On motion of Alderman Foster, the Mayor appointed Aldermen Foster and Flanner a committee to wait upon the outgoing Mayor and notify him of the organization of the Board.

Upon the committee's return, accompanied by ex-Mayor Canaday, the latter, addressing Mayor Dawson, said:

Mr. Mayor—Allow me as the retiring Mayor to congratulate you on your election as my successor. It gratifies me to have the honor to welcome you back to the honorable position of Mayor of Wilmington after your absence of nine years. I wish also to congratulate this honorable Board in making so good and wise a selection, and the citizens of Wilmington on their Mayor. I hereby turn the government of the city of Wilmington over to you and this Board, feeling assured from your past record and long experience as Mayor that I could not have the honor of leaving the government of this city in better hands. I wish you and your honorable conditioners a very pleasant, happy and prosperous administration.

Mr. Dawson returned his thanks to Mr. Canaday for his kind remarks and invited him to a seat in the bar.

Alderman Foster suggested that the Mayor name a day for a meeting at which the election for the city officials should take place.

Alderman Myers suggested Thursday next, June 7th, as the day.

Mayor Dawson announced that the Board would meet on Thursday, June 7th, to elect the different city officers.

Alderman Flanner moved that the Clerk be instructed to advertise in the papers that all applicants for positions within the gift of the city should send in their applications to the Clerk before the meeting of June 7th. Carried.

The Mayor appointed Aldermen Flanner and Foster an Executive Committee to examine the books and papers belonging to the city.

The Mayor notified the Clerk that he would be present at the Court Room at 10 o'clock to-day, but expressed the hope that there would be no occasion for his services.

This concluded the labors of the first session of the new Board of Aldermen, and the motion to adjourn was signified for the large number of spectators to disperse.

Mr. Dawson, the newly elected Mayor, though not "to the manner born," is one of our oldest citizens, having been a resident of Wilmington about fifty years. He has filled the position of Mayor before, and his long experience, both as an official and a business man, peculiarly fit him for the duties of the office to which he has just been called. We feel satisfied he will make an honest, economical and capable Mayor.

PERSONAL.

Leaving politics out of consideration, and viewing the question purely as a matter of business, we feel it a duty to say that the late Mayor of our city, Mr. W. P. Canaday, retires from office with the good opinion of a very large majority of both parties in the city. He has been active, faithful and energetic; and we believe it has always been his intention to act according to his convictions of duty. If he has done some things that were distasteful to the Democrats, he has done many things that were distasteful to his own party. The peaceful and quiet surrender of the city to the Democrats yesterday was the last act in an agreement or compromise entered into by Mr. Canaday with representatives of the Democratic party some months since. In every feature of that agreement he has acted fully up to his pledged word; and now that he has retired to private life let us award him all due credit.

The Howe Case.

John Toomer, Adam Chavers, Shepherd Payne, W. P. Cromady and James Harvey, all colored, were arraigned before Justice Moore, yesterday morning, on the charge of being implicated in the assault on W. H. Howe. The cases, however, were continued until the 20th of June, though they may possibly be taken up sooner. In the meantime the four former are under a bond of \$100 each for their appearance, while Harvey, who is accused of being implicated with the woman Frank Hargrove in drugging the injured man previous to the assault, was required to enter into a justified bond in the sum of \$300, in default of which he was committed to jail.

Railroad Matters.

The north bound train on the Wilmington & Weldon Railroad will leave here Sunday morning on the old schedule time, at 8:45 A. M., and the Southern train will arrive at 5:40 P. M., on the new schedule, but after that day they will arrive and depart as per new schedule.

On Sunday morning the northern bound train on the Wilmington, Columbia & Augusta Railroad, will arrive on the old schedule, at 7:30 A. M., but the south bound train will leave here at 6 P. M. After Sunday they will arrive and depart as per new schedule.

The Tobacco Tax.

In reference to the tobacco tax, some allusion to which was made in our last issue, State Treasurer Worth, in a letter to R. McMillan, Esq., Sheriff of Robeson county, covers the whole ground, so far as selling tobacco to hands in the employment of a person is concerned, which is the point not generally understood. He says: "I would be glad to give an opinion favorable to the farmer, but he is certainly to be viewed in the light of a trader when he makes or buys tobacco and sells to his hands."

A Bigamist Comes to Grief.

Abraham Talley, the colored individual referred to in our paper a few days since as having been "too much married," two separate colored damsels having appeared in a magistrate's court and claimed him as their lawfully wedded husband, was arraigned before Justice Gardner Thursday evening, on the charge of bigamy, and ordered to give a justified bond in the sum of \$300 for his appearance at the next term of the Criminal Court, in default of which he was lodged in jail.

Grand Lodge Knights of Pythias.

The annual session of the Grand Lodge of Knights of Pythias of North Carolina will commence in Raleigh on Tuesday, the 12th inst. The Representatives from this city are John L. Dudley, Esq., of Stonevale Lodge No. 1, and John Haar, Jr., of Germania Lodge No. 4, and the officers to be in attendance are W. H. Gerken, Supreme Representative, and J. W. King, G. O. G. Several members of the order in this city are expected to be in attendance, in addition to the above.

Committed for Trial.

James Harvey alias James Shad, alluded to in another paragraph in this paper, had a preliminary examination before Justice Harris yesterday on the charge of implication in the Howe assault, and was ordered to give a justified bond in the sum of \$100 for his appearance at the next term of the Criminal Court, failing to give which he was committed to jail.

Harbor Master's Report.

From Capt. B. G. Bates, Harbor Master, we have the following report of the arrival of vessels at this port, &c., for the month of May: Steamers, 10; barques, 7; briggs, 4; Schooners, 13. Total, 34. Aggregate tonnage, 13,057; aggregate foreign tonnage, 3,481.

The report of the pilots, of soundings on Bars and Rips, at low water, is as follows:
