SUPPOSEDISUICIDE. J. W. Murdock, the Alleged Mail

Rol ber, Found Dead in the Street.

[Richmond State.] To-day, a few minutes past eleven o'clock, it was reported at the Third police station that a man was lying sick in the street at the corner of Clay street and Blenner's Park. A policeman was at once dispatched to the place and the city ambulance telegraphed for. When it arrived, in charge of Dr. Nicholson, one o the physicians at the almshouse, the man was dead. Dr. Nicholson finding it was a case for the coroner, had him notified. The coroner visited the spot where the body was lying, and found upon it a package of suspicious powder and an empty bottle marked laudanum. He had it removed to the City Morgue. Captain Charles Epps recognized the deceased to be J. M Murdock, late route mail agent between Richmond and Danville, who was arrested a few days ago for open-ing a package of mail matter, and was bailed for his appearance before United States Commissioner Thomas

Atkins to-morrow. The barkeeper at Blenner's Park said that Murdock was found early this morning lying on the floor of the pavillion, and when asked what ailed him he complained of being sick. He was advised to go home. He got up, and after taking a drink of water, left the premises.

Meeting of the Executive Committee of the Department of Agriculture. [Raleigh News. ]

· Yesterday morning the Executive Committee of the Department of Agriculture held a meeting in the Governor's officer. Governor Vance. chairman ex officio, presided, and Professor W. C. Kerr, K. P. Battle, and Commissioner of Agriculture Polk were present.

Among the things done, State Geologist Kerr was instructed to proceed at once to Newton, Catawba county, to consult with the Commissioners of said county in regard to constructing a fish way over the dam of Powell's factory, Catawba river. He left on his mission this morning.

Professor C. D. Smith, of Macon county, was appointed to prepare an accurate geological, mineralogical, &c., sketch of the transmontane section of this State.

The acceptance of Commissioner of Agriculture Polk of the invitation of the North Carolina Agricultural Society, for the Department of Agri-culture to make an exhibition at the ensuing fair of the mineral and agricultural wealth of this State, was approved by the committee.

- This section, says the Lumberton Robesonian, was visited by copious and refreshing showers of rain last Sunday. Sunday night and Monday. It was the signal for transplanting potatoes, cabbage, collards, tobacco, &c., and it would be impossible to approximate the number of people, even in this county, who have been thus employed this week.

- Treasurer Worth says, in his latest decision: All property taxed by the State, for State purposes, must be taxed by counties for county purposes. If the State levies a tax of five dellars on gates across public highways, the county must also levy a tax upon the same in the same proportion that it taxes other property. A county can levy any proportion of tax from one per cent, to double the amount levied by the State, but it must be levied equal on all property.'

In consequence of being personally interested in the suit of plaintiffs as an officer of the Bank of New Hanover,

Justice Faircloth did not sit in this case. - Alamance Gleaner: We think t safe to say the crop of wheat in this county is considerably above an average crop. — On yesterday vening, a week ago, quite a destructive sorm visited portions of this county. The section immediately above the Shops suffered greatly. Trees were blown down, and in some places windows were blown into houses. John Boon's stable was blown down, also Dr. B. A. Sellars' barn, falling upon a buggy and break-ing it. John Ireland's tobacco barn was blown over, and J. H. Foster's barn suf-fered a similar fate.

- Charlotte Observer: Information was received here yesterday evening of the caving in of the Kings mountain mine, which occurred on Friday evening. The miners all being out at the time, no one was injured. The full extent of the injury to property has not been ascertained. The occurrence will delay operations for six or eight months. It is stated, however, that the falling of the earth has developed a new vein of unusual richness, by the discovery of which the owners of the property have been more than compensated for the loss sustained and by the delay in the prosecution of the work.

- Robesonian : Lumberton is situated on the north side of Lumber river, 69 miles from Wilmington, 33 miles from Fayetteville, 25 miles from Elizabethtown, 29 miles from Whitesville, 96 miles from Raleigh, and 118 miles from Charlotte. Trial and Conviction of a Forger, Among the important cases disposed of in the Criminal Court yesterday was that of

R. M. Walker alias W. M. Taylor, who, it will be remembered, was bound over to this Court some months since on the charge of forging the name of Capt. T. J. Southerland, of this city, to an order on Col. Roger Moore for \$50, the said order alleging that Walker alias Taylor was expecting some cotton from up the road, and that he (Capt. Southerland) would see that Col. Moore got his money back; that Col. Moore, on the presentation of the order, stated that he was not in the commission business, bu would take the bearer to the store of hi friends, Messrs. Kerchner & Calder Bros. which he did, and Taylor received the money from them; that it was subsequently discovered that Taylor had obtained the \$50 fraudulently, when Col. Moore overhauled him and made him refun all he then had of the money, which was \$49.75. These facts, being substantially as they appeared in our paper at the time, were given in on the stand in Court yesterday. The defendant had no lawyer employed and conducted his own defence, showing no little tact and judgment, and also evidencing the fact that he is a man of education. At the close of the testimony he addressed the jury briefly in his own behalf, taking the ground that although it had been proven that he presented the order, it had not been shown that it was in his handwriting, and consequently that it could not be made a case of

His Honor, in charging the jury, recaeitulated the evidence as above, with the additional fact, as sworn to by Capt Southerland, that during an interview with the defendant after he had been arrested he asked him why he had used his (Capt. 8.'a) name in that way, and that he (Taylor) replied that he was "hard up" and wanted

The jury, after a short absence, returned a verdict of guilty; whereupon Mr. Soliditor Moore read a letter, written to him by western counties-a lawyer, and a Senator E. Williams & Co., Richmond, Va.; Miss in the last Legislature—who stated that H. T. Nixon, Winston P. O., Harnett Co., Taylor was a schoolmate and room N. C.; Mrs. E. Taylor, Robinson P. O., Comate of his at college and that he helonged to one of the best families of the State, had been trained in the paths of virtue and rectitude, and had conducted himself in accordance therewith up to the time that he had last parted with him, at which time he had left for Baltimore and had since been led astray.

His Honor remarked that this was the strongest point that sould have been brought to bear against him. He had reason to believe that the defendant was a man of education and some culture, and so much the worse for him. If he had been a poor. ignorant, degraded wretch, there would have been some palliation for the offence. In his case there was none, as he should have known better.

The sentence of the Court was that the prisoner should be confined for the period of eight years in the State penitentiary.

Suicide of a Colored Youth.

We mentioned a report in our last that a colored boy had destroyed his own life by taking laudanum. The name of the youth was Thomas Brown, aged between fifteen and sixteen years, and residing on Church between Fifth and Sixth streets. It appears that his mother chastised him or Monday night for some offence, which so exasperated him that he declared in her presence that it would be the last time she would have the opportunity of doing so, as he would kill himself and go to h-ll laudanum and some whiskey, which he drank, and then went to bed. Early Tuesday morning. however, she repaired to his room, when she was unable to arouse him. A physician was immediately sent for, and upon his arrival it was found that he was dead, while the scent of the laudanum he had taken was plainly detected. Coroner Hewlett was notified and held

an inquest over the body, the jury returning a verdict to the effect that the deceased came to his death through the administration of laudanum by his own hand.

OPERA HOUSE.

Hon. George Davis' Address. The attendance at the Opera House last evening, though not as large as it would have been had the weather been more favorable, was quite fair, and certainly much larger than the average attendance on simi lar occasions.

Mr. Davis was appropriately introduced by Mr. W. L. Smith, Jr., President of the Philomathean Society.

The address entitled "The Early Times and Men of the Cape Fear," was first delivered by Mr. Davis at the University, in 1855, and received extremely favorable criticism on all sides. Few copies are now extant, and it was solely for the instruction of the youth of the present day, as to the deeds and achievements of the early settlers of the Cape Fear region; that Mr. Davis acceded to the request jof the Philomathesn Society and consented to read it last night for its benefit. The audience listened attentively throughout to the address, which was replete with interesting facts and instructive information, eloquently delivered by an orator who has but few equals and no superior, certainly in North Carolina. In this connection we are glad to learn that the address will probably be published in convenient form, at an early day, by the Wilmington Library Association.

we are thankful that in His goodness the iron hand of death has been stayed from our membership for near four Great Suns.

2d. That in the departure of our Brother from the Lodge of his people and the hunting grounds of his Father, we have lost a comrade whem we respected for his kind disposition, his many virtues, and his many noble qualities of mind and heart.

2d. That while we humbly and reverently acknowledge the superior wisdom and power of the Great Spirit whose voice is heard in the solitude of the pathless woods, in the thunder of the waterfalls, and in the murmur of the running brook, knowing that He doeth all things well, yet we cannot refrain from mouraing the loss of a comrade so good, so untiring in the chase, and so valorous in the defence of our principles.

rrom monraing the chase, and so valorous in the defence of sur principles.

4th. That we tender our warmest sympathy to the friends now lingering lonely and sad in the deserted Lodge of our departed Brother, humbly asking the Great Spirit to watch over them daily until they are called to meet the absent one in the Great Council of the Spirit land.

Sth. That a blank page in our Book of Records be left, inscribed thereon the name, age and death of the deceased Brother, and that a copy of these resolutions be presented to the family of the deceased, and that they be published in the daily papers of the city.

Respectfully submitted.

THE WITCHERY OF WOMAN. - The proudest conqueror, the lowliest serf, or rudest savage succumb alike to beauty's charms. No sid to beauty is so potentias Gouraud's Olympian Cream, Conveys no idea of artificial appliance. For sale by J. C. Munds.

THE MOST ECONOMICAL ARTICLE is that which makes the other components go the furthest, while less of itself is required. This is the case with DOOLMY'S YEAST POWDER in its relation to milk, eggs and shortening. The cake, bread or pastry amerges from the oven a triumph of delicate sweetness, and there is a reduction on the grocer's bill.

BOOK BINDERY. -THE MORNING STAR BOOK Bind ery does all kinds of Binding and Ruling in a workmaniike manner, and at ressonable prices. Mer chants and others needing Receipt Books, or other work, may rely on promptness in the execution of their orders. TRANSFER PRINTING-INES.-Invaluable to rail

road companies, steamship companies, banks, mer-

chants, manufacturers and others. They are en-during and changeless, and will copy aberp and clear for an indefinite period of time. Having just received a fresh supply of these inks, we are pre-pared to execute orders promptly and at moderate Help for the weak, nervous and debilitated. Chrenic and painful diseases cured without medicine. Electric Belts and other appliances, all about them, and how to distinguish the genuine from the spurious. Book, with full particulars, mailed free. Address PULYERNACHER GALVANIC Co., 292 Vine St., Cincinnati, Ohio.

THE AMERICAN PROPLE.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour-Stomach, Heartburn, Water-brash, Sick Headache. Costiveness, Liver Complaint, yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. Two doses will relieve you. Regular size 75 cents.

DR. SCHENCK'S PULMONIC SYRUP, SEA WEED TONIC, and MANDRAKE PILLS.—These nedicines have undoubtedly performed more cures of Consumption than any other remedy known to the American public. They are compounded of vegetable ingredients, and contain nothing which can be injurious to the human constitution. Other remedies advertised as cures for Consumption, probably contain opium, which is a somewhat dangerous drug in all cases, and if taken freely by consumptive patients it must do great injury; for its tendency is to confine the morbid matter in the system, which, of course, must make a cure impossible. Schenck's Pulmonic Syrup is warranted to contain not a particle of opium: it is composed of powerful but harmless herbs, which act on the langs, liver,

stomack and blood, and thus correct all morbid secretions, and expel all the diseased matter from the body. They are the only means by which Consump-Sea Weed Tonic, and Mandrake Pills are the only medicines which operate in this way, it is obvious they are the only genuine cure for Pulmonary Consumption. Rach bottle of this invaluable medicine is accompanied by full directions. Dr. Schenck is professionally at his principal office, corner Sixth and Arch Streets, Philadelphia, every Monday where all letters for advice must be addressed.
