THE SPECIAL TREASURY AGENTS. Ex Special Agent W. B. Moore has been making strong efforts to get the President to revoke the order for his dismissal. After further considering the case the President has decided to let it rest in statu quo until the return of Secretary Sherman. If the latter thinks that injustice has been done Mr. Moore, the President will probably consent to restore him to his former position, although there is now no vacancy in the list of Special Agents, the appointment of Mr. George D. #### THE DAKOTA MARSHALSHIP.

The President has expressed the determination to appoint Mr. Cowgill, who was a member of the Florida Returning Board which counted in the Hayes electors, United States Marshal of Dakota Territory. The appointment of this man would not, according to citizens of the Territory now here, be acceptable to the people, and the President has been urged to reconsider his expressed intention and select a citizen of the Territory for the position. To a gentleman who called to see him about the matter the President assigned as a reason for desiring to appoint Mr. Cowgill, that he was ostracised socially by the people in Florida because of his Republicanism, and that the Democrats will not permit him to live quietly in his present home. It is evident that the President has been misled by false statements, and that Mr. Cowgill can live in Florida with as much safety as in any State in the Union. Strong efforts will be made to induce the President not to make this appoint-

Proceedings in Special Session. The Board met in special session yesterday afternoon, at 3 o'clock; present, J. G. Wagner, Chairman, and Commissioners . B. Grainger, D. S. Sanders and Duncan

Col. B. R. Moore appeared before the Board and presented the following, which was received and adopted:

It appearing to the Board by a decree of the Supreme Court in the case of the State of North Carolina upon the relation of Thomas S. Kenan vs. James Heaton, that there is a vacancy in the office of Clerk of the Superior Court and Judge of Probate of the county of New Hanover, and that said vacancy has been filled by appointment of His Honor, A. A. McKoy, Judge of the 4th Judicial District, of Col. John D. Taylor, to fill said office;

And Col. John D. Taylor appearing before the Board, and exhibiting his official bond, with David G. Worth, Donald Mc-Rae, George Harriss and James Sprunt as sureties;

It is ordered by the Board that the official bond of John D. Taylor, as Clerk of the Superior Court, be accepted, and that he be hereby allowed to qualify as Clerk of the Superior Court and Judge of Probate of the county of New Hanover.

It is further ordered that a copy of this minute be delivered to Col. Taylor, and a copy to be also delivered by the Sheriff to James Heaton, late Clerk of said Court.

Col. Moore also presented a bond for the above named position, with John D. Taylor as principal, and Messrs. Donald Mac-Rae, D. G. Worth, George Harriss and James Sprunt as sureties, who appeared and justified, whereupon Col. Taylor qualified as required by law.

The Board then proceeded to draw the regular venire of jurors for the August term of the Criminal Court, to-wit: Tobias B. Carney, Henry P. West, T. B. MASON AND SLIDELL.

WHOLE NO. 3,102

Reminiscence of Fort Warren in '62. A correspondent in this city, "V.," gives us a reminiscence of the "late unpleasantness," as follows:

"I was an inmate of Fort Warren when the late Mason and Slidell were incarcerated, and, in common with my fellow prisoners, noticed them particularly. Two more opposite men in appearance and manners it would be difficult to find. Mr. Mason was open, genial and sociable; Mr. Slidell self-poised, cold and forbidding. Their appearance, while entering the Fort, brought out in marked contrast the characters of the two gentlemen. Mr. Mason in his manner showing some little nervousness, but more of a natural curiosity, as he looked around. Mr. Slidell, with his gray shawl muffled closely around his neck. walked with the same quiet indifference with which he would alight from his own carriage and enter his own house. Escorted to their quarters, Mr. Mason was soon busy directing the details attending the proper disposition of his baggage; Mr. Slidell promenading-as if in want of exercise-up and down the long passage way of the building. I was standing at the end of the passage when he was approached by a gentleman, who desired instructions as to the unpacking of his trunks. Raising his head quickly and fixing his cold, glittering eyes upon the speaker, he answered in an incisive, rapid manner, "It is hardly necessary to unpack anything; we shall remain here only a sufficient length of time for Mr. Seward to hear from England." and Mr. Slidell was right!

#### Accidentally Shot.

Dr. Robbins, of Brunswick county, met with quite a severe accident yesterday morning. He was handling a pistol in a store on Market street, not knowing it was loaded, when it was suddenly discharged and the ball passed into his left hand, ploughing its way through the flesh for some distance and lodging in the part of the hand near the wrist, from which position it had not been extracted at last accounts. Only one barrel of the pistol was loaded, and it was discharged so quickly after Dr. R. had taken it in his hand that no one had time to warn him of his danger. A competent surgeon has charge of the case, and it is hoped that the wound, though an ugly one, may not prove serious.

Open Air Concerts. We are glad to learn that a sufficient amount has been raised, by voluntary contributions by our citizens, to erect a stand for the Cornet Concert Club, in which to give open air concerts for the benefit of our music-loving people during the summer season, and that the stand will be put up on Fifth, between Market and Dock streets, to-day. These concerts have been a source of rare enjoyment to our citizens in years past, and the fact that we are again to be served with such musical treats will be hailed with general satisfaction.

We are advised by the Superintendent of Health that he has information to the effect that vessels from infected ports are allowed to come up to the city of Savannah, after having discharged their ballast, in all cases where it has been found that they have a clean bill of health, &c.

THE AMERICAN PROPLE.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour-Stomach, Heartburn, Water-brash, Sick Headache, Costiveness, Liver Complaint, yet since the introduction of Green's August Flower we believe there is no case of Dyspepsia that cannot be immediately relieved. Two doses will relieve you. Regular size 75 cents.

SCHENCK'S SEA WEED TONIC .- In the at mosphere experienced here during the summer months, the lethargy produced by the heat takes away the desire for wholesome food, and frequent perspirations reduce bodily energy, particularly those suffering from the effects of debilitating diseases. In order to keep a natural healthful activity of the system we must resort to artificial means. For this purpose Schenck's Sea Weed Tonic is very effectual. A few doses will create an appetite and give fresh vigor to the enervated body. For dyspepsis it is invaluable. Many eminent physicians have doubted whether dyspepsis can be permanently cured by the drugs which are generally employed for that purpose. The Sea Weed Tonic in its nature is totally different from such drugs. It contains no corrosive minerals or acids; in fact it assists the regular operations of nature, and supplies her deficiencies. The tonic in its nature so much resembles the gastric juice that it is almost identical with that fluid. The gastric juice is the natural solvent which, in a healthy condition of the body causes the food to be digested, and when this juice is not excreted in sufficient quantities, indigestion, with all its distressing symptoms follow. The Sea Weed Tonic performs the duty of the gastric juice when the latter is deficient. Schenck's Sea Weed Tonic sold by all Druggists.
