Latest By Mail. Three Men Killed in Greenville Coun-

ty During a Revenue Raid. Special Dispatch to Charleston Journal of Commerce.

SPARTANBURG, Aug. 21 Another revenue tragedy occurred at the foot of the mountains in Greenville county, eight miles from Landrum's Station. From the best information to be obtained, it appears that William Durham, a revenue officer, attempted to arrest one Harrison, for illicit distilling. Harrison resisted and was shot by Durham. A man named Howard and one named Gosling, were the only ones present with Harrison. After Harrison had been shot, they fired upon and killed Durham, when Durham's brother came up and shot Howard. Durham was instantly killed, W. Harrison and Howard died yesterday. Harrison and Durham are related. No further particulars are to be obtained as yet.

Revenue Collector Doolittle Fired Upon.by Bushwhackers. [Special telegram to the Dispatch.] HINTON, W. V., August 21.

Deputy Revenue Collector L. Doolittle, with a squad of four men, while in the mountains, about six miles from here, ferreting out illicit distilabout 2 o'clock P. M., vesterday. Mr. Doolittle was shot twice-once in the left arm at the elbow, and once in the right leg just below the knee. He was brought here to-day on a stretcher, and will go to Charleston | the ground of irrelevancy, viz: on the night train. The other four men escaped uninjured.

Tremendous Gathering of Colored People. [Charlotte Observer.]

The conductors of the North Card lina Railroad have had their hands full during the last two days in pulling colored people to the campmeeting at Hillsboro. Capt. Waitt, who arrived yesterday, emptied out thirteen car loads at that place, and they were wedged so closely together that it was almost impossible to collect the tickets. He thinks that at least five thousand persons are already on the ground. Several hundred left Raleigh on one train.

There was pretty much the same state of affairs up the Carolina Central Railroad Sunday. There was a big darkey camp-meeting near Brevard's Station and another near Lincolnton, and from the river to Lincolnton great crowds of colored people could be seen all along the railroad, making their way to these gatherings, not to speak of the crowds who besieged the stations and got on the train.

Judge Moore Indicted.

[Raleigh News.] We understand a little flare-up occurred at Carteret Superior Court between Judge Moore and the Sheriff in regard to the subject of colored jurors. It seems there were none of the colored brethren on either the grand or petty juries. The Judge wanted to know why this was so. The Sheriff told him it was because The Sheriff told him it was because to Fayetteville jail yesterday, — Busi-there were only twelve negroes in ness is beginning to brighten up a little. the county who had paid their taxes, and that the names of six of these had been thrown out, with the names of two hundred whites, as unfit for | week, conducted by the pastor, Rev. M. P. jurors. The Judge had the County Commissioners before him, who corples of very fine mica by Prof. Smith, the roboroted the Sheriff's statement.

He then ordered the Sheriff to summon colored jurors from those present. The Sheriff looked round and told the Judge he saw none present fit to serve as jurors. The Judge then pointed out certain negroes in the court house and ordered the Sheriff to summon them.

This affair gave umbrage to the the Judge for malfeasance in office.

The Southern Underwriters' Associa-

The trial of Shaw versus the above has been going on in Raleigh before Justice Magnin. Armistead Jones, the first President, testified, as reported in the Raleigh Observer, that the Association was organized in Ra leigh in February, 1877:

That but one of the incorporators named in the act of incorporation (chap. 92, laws 1874-75,) was present at the organization, to-wit: Col. Geo. Little. That he, Geo. Little, had the proxies and resignations of all the original incorporators except foel D. Whitaker. That the meeting was organized by electing Geo. succeeded as President by R. W. Best, he, Jones, declining to be re-elected, and Engene Gray succeeded Mr. Best as Secretary, and Dr. Blacknall continued as Treasurer. A short time afterwards Mr. Gray resigned as Secretary and was succeeded by J. R. H. Carmer; that the witness, A. Jones, as President of the Company, was assured by Dr. Blacknall, the Treasurer, that the entire stock had been paid up in money. That on the 5th Secretary of State, a statement was made up showing the assets and liabilities of the Company; that the statement was made by the witness and sworn to by him. That in making up the statement the Secretary of State was present, and also the Treasurer, who brought with him the securities and other assets of the company. That the securities of the company were examined by the witness and Secretary of State, and consisted of sixty United States bonds of \$1,000 each; \$20,000 worth of North Carolina Railroad bonds, and some not recollect. "A map of the busy world" such is the Morning Star, published at the low rate of \$7 for one year, which is less than 58 cents a month, or 131 cents a

week, or a fraction over two cents a day. Surely, what a great comfort a live, newsy," trustful, conscientious daily paper is! How much our grandfathers missed Governor Tryon could not tell what happened in the next county the day succeeding the event, much less what transpired in the world at large. Governor Vance keeps much better posted, for he reads daily the STAR. Sensible Governor!

- Raleigh News: Orders were issucd from the Adjutant General's office yesterday, assigning the Mecklenburg Rifles, designated as Company H, and the Polk Rifles, designated as Company I, to the second battalion. N. C. S. G.; and the Hamilton Guards, designated as Company H, to the first battalion. Allen Carter, sentenced at the spring term, 1877, of Richmond county Superior Court, to be hung on Friday the 31st of the present month, for the murder of Bushrod W. The Excursion To-Night. The grand moonlight excursion of the season, under the auspices of the Cornet Concert Club, which takes place on the excursion barge Modoc, this evening, bids fair to be a great success. Everybody is fond of moonlight and music, under the most ordinary circumstances, but when taken in connection with a ride upon the waters of our beautiful river, with all the pleasant accompaniments and surroundings, which the committee of arrangements will provide, it will be too tempting for the average seeker after pleasure and comfort to resist. There will be nothing lacking to make this excursion all that can be desired, and we bespeak for our musical friends a pleasant and profitable trip. The boat has been chartered for the night, and the excursionists will probably extend their voyage to Smithville.

Our old friend K. K. Councill, Esq., the noted Nimrod of Bladen county, honored us with a visit yesterday. We listened with great interest to a description of his experiences with bears, catamounts, &c.; and then we tried to convince him of the superiority of breech-loading shot-guns over muzzle loaders. He kept very quiet during our enthusiastic recital of the advantages of the former; but we saw from the twinkle of his eye that he was putting up a firstclass job on us. When we finished our remarks he said some people might prefer the new-fangled guns, but as for him he "wanted his powder and shot to come out where it was put in." THE AMERICAN PEOPLE.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour-Stomach, Heartburn, Water-brash, Sick Headache, Costiveness, Liver Complaint, yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. Two doses will relieve you. Regular size 75 cents.

MANY WHO ARE SUFFERING from the effects of the warm weather and are debilitated, are advised by physicians to take moderate amounts of whiskey two or three times during the day. In a little while those who adopt this advice frequently increase the number of "drinks," and in time become confirmed inebriates. A heverage which will not create thirst for intoxicating liquors, and which is intended especially for the benefit of debilitated persons, whether at home or abroad, is Dr. Schenck's Sea Weed Tonic. Centaining the juices of many medicinal herbs, this preparation does not create an appetite for the intoxicating cup. The nourishing and the life supporting properties of many valuable natural productions contained in it and well known to medical men have a most strengthening influence. A single bettle of the Tonic will demonstrate its valuable qualities. For debility arising from sickness, over exertion, or from any cause whatever, a wineglassful of Sea Weed Tonic taken after meals will strengthen the stomach and create an appetite ne food. To all who are about leaving their homes, we desire to say that the excellent effects of Dr. Schenck's seasonable remedies, Sea Weed Tonic, and Mandrake Pills, are particularly evident when taken by those who are injuriously affected by a change of water and diet. No person should leave home without taking a supply of these safeguards along. For sale by all druggists.

AMERICAN BRANCH LIVERPOOL AND LONDON AND GLOBE INSURANCE COMPANY, 45 WILLIAM STREET, NEW YORE, Aug. 6, 1877. New York, Aug. 6, 1877.

The recent desastrons fire at St.
John, N. B., has furnished another illustration of
the strength of this Company and of the ample security it affords. The fire occurred on the 20-21 of
June, and all the claims—128 in number, amounting
to \$465,151.23—were all adjusted and paid in fall on
or before the 30th of July.

This large sum was paid, in addition to all the ordinary losses and expenses, out of the surplus premisms of the first half of the present year.

The Company's Assets, as reported on the 1st of
January last, so far from being reduced, have been
increased by our whole interest income, and by the
surplus premiums remaining after the payment of
all ordinary and extraordinary losses and expenses;
thus affording striking evidence of the important
advantage enjoyed by a company whose operations
are not restricted to one country, but extend all
over the world—disaster and loss in one branch or
district being more than met and compensated by
success and gain in others.

I am greatly pleased on being able to congratulate
you on our contribution to this highly satisfactory
result, the Fire Premiums of this Branch for the
first half of the present year having yielded a net
surplus over all losses and expenses of \$316,135.62.
